Piotrkow Trybunalski contained one of the oldest Jewish communities in Poland. In this large compilation of essays, the city is described during various periods of its history, with a special emphasis on the last 150 years. With contributions from many authors, most of them survivors, the volume gives a multifaceted picture of life as it was lived in a typical Jewish community before the Holocaust.

If Thomas Attwood or George Frederick Muntz could now revisit the town they once represented in Parliament they would probably stare with amazement at the changes that have taken place in Birmingham, and would require a guide to show them their way about the town - now a city - they once knew so well. The material history of Birmingham was for a series of years a story of steady progress and prosperity, but of late years the city has in a political, social, and municipal sense advanced by leaps and bounds. It is no longer "Brummagem" or the "Hardware Village," it is now recognised as the centre of activity and influence in Mid-England; it is the Mecca of surrounding populous districts, that attracts an increasing number of pilgrims who love life, pleasure, and shopping.

A Tale of One City

Contemporary life is caught in prisons of identity. Public, academic, and political discourses do not seem to be possible without circling around the topos of identity, thereby creating an illusion of uniqueness, separation, difference, and conflict. By studying the relationship between the Moroccan city of Tangiers and the British overseas territory of Gibraltar, Dieter Haller shows how cross-boundary experiences, practices, and identifications create a sense of neighborhood beyond official discourses. Across the Straits of Gibraltar, local and regional relationships in different fields such as kinship, economy, and culture provide resources for post-Brexit common action and a future beyond the prison of identity.

Tangier/Gibraltar - A Tale of One City

A Tale of Two Cities (1859) is the second historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. It depicts the plight of the French proletariat under the brutal oppression of the French aristocracy in the years leading up to the revolution, and the corresponding savage brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the revolution. It follows the lives of several protagonists through these events, most notably Charles Darnay, a French once-aristocrat who falls victim to the indiscriminate wrath of the revolution despite his virtuous nature, and Sydney Carton, a dissipated English barrister who endeavours to redeem his ill-spent life out of love for Darnay's wife, Lucie Manette.

A Tale of Time City

Jay, the restless wanderer, rocks the lives of two strangers by introducing them to the strange world he has stumbled across-the streets of Melbourne. Rick, the bookworm, is torn away from his mundane academic life. Johnny, the paranoid poet, is released from his small-town worries. When they hit the streets together, twisted tales rise from the gutters. The bathing man. The cardboard preacher. The mute who isn't a mute. The trio cast aside everything they know, embarking on a journey to meet the city's neglected souls. There's a Tale to This City is an offbeat portrait of Melbourne that combines poetry,

narrative prose and toilet paper diary entries, recollecting the strange experiences of three writers, who came together to learn the art of listening.

A Tale of Two Cities Illustrated by (Hablott Knight Browne (Phiz))

Istanbul has always been a place where stories and histories collide and crackle, where the idea is as potent as the historical fact. From the Qu'ran to Shakespeare, this city with three names - Byzantium, Constantinople, Istanbul - resonates as an idea and a place, and overflows its boundaries - real and imagined. Standing as the gateway between the East and West, it has served as the capital of the Roman, Byzantine, Latin and Ottoman Empires. For much of its history it was known simply as The City, but, as Bettany Hughes reveals, Istanbul is not just a city, but a story. In this epic new biography, Hughes takes us on a dazzling historical journey through the many incarnations of one of the world's greatest cities. As the longest-lived political entity in Europe, over the last 6,000 years Istanbul has absorbed a mosaic of micro-cities and cultures all gathering around the core. At the latest count archaeologists have measured forty-two human habitation layers. Phoenicians, Genoese, Venetians, Jews, Vikings, Azeris all called a patch of this earth their home. Based on meticulous research and new archaeological evidence, this captivating portrait of the momentous life of Istanbul is visceral, immediate and scholarly narrative history at its finest.

There's A Tale To This City

But nothing comes without a cost. Humanity is tired, its vigour all but gone. Society is breaking down into smaller communities, dispersing into the countryside and abandoning the great cities of the world. As the human race dwindles and declines, which of its great creations will inherit the Earth? And which will claim the stars?

Meet the Moffat family Michael and Carl up and coming new boys who have worked all their young lives to take over the criminal underworld that exists in every city, this one just happens to be Liverpool. They aim to take down the main man called TJ Murphy, a middle aged gangster who although it's the 1990's is stuck in the 1980's when he could wear his Miami vice style clothes, and got rich from the heroin that flooded in and nearly destroyed a whole generation. He's so hated that even one of the other contenders for the prize Mad Maisie is prepared to help the Moffats to take him down. He knows he hasn't got much time left so he employs Stephen Bentley, a middle class boy who loves violence more than any person or thing, and who only works for him so he can eventually kill him and take it all. He is the worst type of sex tourist and goes often to the Far East to practice his knife skills on beautiful young girls. The Moffats are different, you've heard of a tart with a heart well these are gangsters who are brutal when needed but care about the people they've grown up around. This was due to their sister Sara forced on the game by their mother, became a heroin addict but who loved her two little brothers fiercely and would do anything to protect them. She was brutally murdered in the late 1980's, but left them a legacy of love. Their mother is the vile Shelagh Moffat who's idea of a good night out is to get off her head as much as possible, have sex and steal whatever she can from her victims, whether they be rich city boys from luxury apartments by the Pier head or old aged pensioners off the Estate. Maisie owns a successful night club, with her partner Linda, and although she loves Linda she has many affairs with young women, gets bored and goes back to her, expecting to be forgiven, but everyone has a limit, and Linda is near to reaching hers. Phil is Maisies right hand man, and will do anything for her

until one day she goes too far even for him. Tiffany is a beautiful young woman who attracts Maisie, and she uses her to try and get to the Moffats intending to bag one of them so she doesn't need to be an escort or prostitute anymore. She thinks she will go to any lengths to achieve this but it goes wrong and she is left hurt, frightened and unsure of whom she is. A complex tale of life in a modern city, exposing the darker side that most of us know is there but most of us don't want to see.

Tales Of The City

Can you imagine a different Scotland, a Scotland where women are commemorated in statues and streets and buildings - even in the hills and valleys? This is a guidebook to that alternative nation, where the cave on Staffa is named after Malvina rather than Fingal, and Arthur's Seat isn't Arthur's, it belongs to St Triduana. Where you arrive into Dundee at Slessor Station and the Victorian monument on Stirling's Abbey Hill interprets national identity not as a male warrior but through the women who ran hospitals during the First World War. The West Highland Way ends at Fort Mary. The Old Lady of Hoy is a prominent Orkney landmark. And the plinths in central Glasgow proudly display statues of suffragettes. In this 'imagined atlas' fictional streets, buildings, statues and monuments are dedicated to real women, telling their often untold or unknown stories. For most of recorded history, women have been sidelined, if not silenced, by men who named the built environment after themselves. Now is the time to look unflinchingly at Scotland's heritage and bring those women who have been ignored to light. Sara Sheridan explores beyond the traditional male-dominated histories to reveal a new picture of Scotland's history and heritage.

With an introduction by novelist Kamila Shamsie When the body of a murdered woman is found in the extraordinary, decaying city of Beszel, somewhere at the edge of Europe, it looks like a routine case for Inspector Tyador Borlú of the Extreme Crime Squad. But as he probes, the evidence begins to point to conspiracies far stranger, and more deadly, than anything he could have imagined. Soon his work puts him and those he cares for in danger. Borlú must travel to the only metropolis on Earth as strange as his own, across a border like no other. With shades of Kafka and Philip K. Dick, Raymond Chandler and George Orwell, the multi-award winning *The City & The City* by China Miéville is a murder mystery taken to dazzling metaphysical and artistic heights.

A Tale of One City

A celebration of the visual contributions of the bestiary--one of the most popular types of illuminated books during the Middle Ages--and an exploration of its lasting legacy. Brimming with lively animals both real and fantastic, the bestiary was one of the great illuminated manuscript traditions of the Middle Ages. Encompassing imaginary creatures such as the unicorn, siren, and griffin; exotic beasts including the tiger, elephant, and ape; as well as animals native to Europe like the beaver, dog, and hedgehog, the bestiary is a vibrant testimony to the medieval understanding of animals and their role in the world. So iconic were the stories and images of the bestiary that its beasts essentially escaped from the pages, appearing in a wide variety of manuscripts and other objects, including tapestries, ivories, metalwork, and sculpture. With over 270 color illustrations and contributions by twenty-five leading scholars, this gorgeous volume explores the bestiary and its widespread influence on medieval art and culture as well as on modern and contemporary artists like Pablo Picasso and Damien Hirst. Published to accompany an exhibition on view at the J. Paul Getty Museum at the Getty Center May 14 to August 18, 2019.

Where are the Women?

The Yorkshire detectives reopen an old murder case and stir a royal scandal in this "dynamic, surprising mystery" (Publishers Weekly). Reginald Hill "raised the classical British mystery to new heights" when he introduced pugnacious Yorkshire Det. Inspector Andrew Dalziel and his partner, the callow Sgt. Peter Pascoe (The New York Times Book Review). Their chafing differences in education, manners, technique, and temperament made them "the most remarkable duo in the annals of crime fiction" (Toronto Star). Adapted into a long-running hit show for the BBC, the Gold Dagger Award-winning series is now available as ebooks. It was a cold-blooded murder committed in one of Yorkshire's country estates. The conspirators: Sir Ralph Mickledore and his lover, American nanny Cissy Kohler. The victim: Mickledore's hapless wife. Mickledore's execution for the open-and-shut case made headlines. Thirty years later, so has Cissy's parole in light of new testimony suggesting her innocence. But when the witness whose long-suppressed evidence is murdered, Dalziel and Pascoe realize the damage done

by the fatal affair isn't over. But whose secrets will prove more revealing? Those buried with Mickledore and his wife a generation ago? Or those Cissy is holding on to for dear life? *Recalled to Life* is the 14th book in the Dalziel and Pascoe Mysteries, but you may enjoy reading the series in any order.

The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.
