The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. This collection reveals the history of English common law and Empire law in a vastly changing world of British expansion. Dominating the legal field is the Commentaries of the Law of England by Sir William Blackstone, which first appeared

in 1765. Reference works such as almanacs and catalogues continue to educate us by revealing the day-to-day workings of society. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. Reports of Cases Deceid in the High Court of Chancery, During the Time Sir Heneage Finch, Afterwards Earl of Nottingham, was Lord Chancellor

Excerpt from Reports of Cases Argued and Determined in the High Court of Chancery, Principally Between the Years 1660 and 1706, but Including Some Earlier Decrees of That Court, and a Few Cases Decided on the Equity Side of the Court of Exchequer A few cases decided in the Court of Chancery, and on the Equity side of the Court of Exchequer, having, by some odd arrangement, been inserted in the middle of the common law reports, in the first edition, it has been thought right to collect them in an Appendix to the present volume, in order that it may comprise the whole of Freeman's Reports in Equity. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work.
