[#Trail of Tears](#) [#Native American forced removal](#) [#Cherokee history](#) [#Indian Removal Act](#) [#US history indigenous peoples](#)

The Trail of Tears represents a tragic chapter in American history, documenting the forced removal of several Native American tribes, most notably the Cherokee, from their ancestral lands in the southeastern United States during the 1830s. This devastating journey, mandated by the Indian Removal Act, led to immense suffering, disease, and thousands of deaths, leaving an indelible mark on US history and the indigenous peoples involved.
