El gran don

Este Vía Crucis está creado y adaptado para celebrarlo con niños y adolescentes. Se puede utilizar durante la Cuaresma, en Semana Santa o en alguna jornada de convivencia.

Vía Crucis para niños y adolescentes

De entre las devociones populares tradicionales, tal vez sean el Viacrucis y el Rosario las que mayor arraigo y permanencia han alcanzado a lo largo del tiempo. Individual o comunitariamente, en casa o en la iglesia, cientos de miles de personas practican estos "ejercicios de piedad". Se trata de devociones sencillas, enraizadas en la fe del pueblo y que, como tantos otros elementos de la religiosidad popular, corren el riesgo de caer en la rutina, el envejecimiento y hasta el sinsentido, o simplemente -como ha ocurrido en muchas ocasiones- de desaparecer cuando el pueblo sufre el embate de una nueva sensibilidad religiosa o una renovación teológica como las propiciadas por el Concilio Vaticano II. Contemplar la Pasión de Jesús y sus frutos -el misterio pascual, punto central de nuestra fe- o recorrer el gozo, el dolor y la gloria de su vida en compañía de su Madre no son meros vestigios de una teología, una sensibilidad religiosa y una tradición ya "pasadas". Ambas devociones siguen teniendo vigencia, si se las sabe renovar y poner al día, recuperando todo su vigor y profundidad desde las nuevas

perspectivas. Esto es lo que nos ofrece Alain Gorius en este librito, destinado a aquellas personas, grupos comunitarios o parroquias que deseen profundizar en su fe y actualizarla, sin abandonar por ello elementos de la tradición tan valiosos como son el Viacrucis y el Rosario.

Via crucis de la misericordia

Este Vía Crucis se aleja del formato del Vía Crucis tradicional. El contenido y la concepción catequética aquí recogidos son válidos para todo momento del año y en cualquiera de las convivencias y retiros con jóvenes. El Camino de la Cruz deja de ser algo ajeno a nosotros para convertirse en nuestro propio caminar alentado por la presencia vivificadora de Jesús. Ser cristianos implica optar por la Vida asumiendo sus compromisos y sabiendo que, aunque tengamos que cargar distintas cruces, caminamos a la Resurrección.

Orar ante la cruz (Viacrucis)

Este libro explora diversos paisajes de la ciudad de Ávila, desde la perspectiva de la antropología social y cultural. A través del recorrido en tiempo y espacio de diferentes aspectos culturales, e inesperados ángulos, se iluminan temas urbanos fundamentales: las relaciones del campo y la ciudad, la estratificación urbana, la representación de la ciudad interna y externamente, y su recreación simbólica. Aunque algunos de estos ángulos -las procesiones de Semana Santa, el culto de la Virgen de Sonsoles o la Virgen de las Vacas- aparentemente aluden a la "corte celestial"

Acompañados en el camino

Este libro de investigación, sobre los más significativos aportes jurisprudenciales y legales a la teoría jurídica del sujeto, está escrito en un lenguaje sencillo y asequible a cualquier lector, especialmente a estudiantes de derecho y litigantes. El componente humano que subyace en cada uno de los fallos de la Corte Constitucional y en el esfuerzo por reglamentar el ejercicio de los derechos derivados de la personalidad jurídica hacen pensar que esta obra podría contribuir con el debate más allá de lo jurídico, con componentes donde la filosofía, la medicina, la sociología y tantas otras ciencias humanas encontrarán un lugar común, un escenario plural para abordar distintas problemáticas y ofrecer soluciones a la sociedad contemporánea.

Via crucis para la vida cristiana

A lo largo de su vida, Henri Nouwen insistió en la conexión entre intimidad con Cristo y solidaridad con el mundo herido. Desde su temprano apoyo al movimiento por los derechos civiles, pasando por su compromiso por la paz, hasta su vida con los discapacitados de la comunidad de El Arca, Nouwen vivió siempre a fondo tanto la dimensión social como la espiritual del evangelio. John Dear ha reunido los principales escritos de Nouwen sobre la paz y la justicia para darnos una idea de lo que significa seguir hoy a Jesús en un mundo roto por la violencia, desangrado por la pobreza y necesitado de activistas que se sumerjan en él y curen sus llagas desde la oración, la alegría y el amor. A todos los que han leído a Nouwen y se han acercado a su vida, El camino hacia la paz les hará conocer más de cerca al testigo de Dios que amó intensamente a sus semejantes oprimidos, en un final de siglo convulso e intenso. Pero el libro es algo más: es un reto que estimula a los cristianos contemporáneos a ensayar el futuro con esperanza. HENRI J.M. NOUWEN, sacerdote de origen holandés, fue ayudante de la Comunidad Daybreak de El Arce, en Canadá, y uno de los más conocidos escritores de espiritualidad de nuestro tiempo. Entre sus muchos libros se incluyen El regreso del hijo pródigo, El sanador herido, Compasión, Con el corazón en ascuas y Caminar con Jesús, los tres últimos publicados por Sal Terrae. A todos los que han leído a Nouwen y se han acercado a su vida, El camino hacia la paz les hará conocer más de cerca al testigo de Dios que amó intensamente a sus semejantes oprimidos, en un final de siglo convulso e intenso.

Paisajes de antropología urbana

Verónica decide vivir narra la vida de una niña campesina de apenas nueve meses que, junto a su familia, abandona la tierra que la vio nacer, a causa de la guerra civil que vivió El Salvador desde 1980 a 1992. Deciden vivir en el exilio, junto a una comunidad en el refugio de Colomoncagua, Honduras. Un mundo desconocido y confuso, con un permanente acoso militar en una cárcel sin paredes. A pesar del dolor y sufrimiento, se vive con la esperanza de construir una vida mejor de paz y desarrollo. Desde la perspectiva de Verónica, se puede perder todo menos la decisión de vivir.

El sujeto de derechos

Que se debe hacer cuando un niño tiene dificultades en la escuela o en la familia, cuando su comportamiento muestra que está sufriendo? Actualmente, la escuela, el entorno, la cultura incitan a los padres a llevar a su hijo al psicólogo o incluso a tratarlo con medicamentos, lo cual está indicado en muy pocos casos. Se hacen muchas preguntas porque se sienten responsables o incluso culpables de sus dificultades. Con ¿Psicólogo o no psicólogo? Patrick Delaroche, psiquiatra infantil y psicoanalista, responde a sus preguntas: cuándo y por qué se debe consultar al psicólogo o al psiquiatra, cómo presentarle esta visita al niño, qué terapia está justificada, por qué, en algunos casos, una sola consulta basta para que todo vuelva a la normalidad, por qué la ortofonía no sustituye a la psicoterapia, cómo se lleva a cabo un tratamiento psicológico. ¿Psicólogo o no psicólogo? ofrece a los padres los medios necesarios para reflexionar sobre el problema de su hijo y les ayuda a dar los pasos necesarios para consultar con un especialista cuando es necesario.

El Camino hacia la paz

Each booklet below is tailored to a specific audience and can be used year after year. These economical booklets are appropriate for group and/or individual use.

Verónica decide vivir

El uso de las redes sociales y de las nuevas tecnologías en general nos expone a nuevos estímulos y sistemas de valores. La forma en que percibimos a las empresas, instituciones e individuos ha cambiado tangencialmente. Es por esta razón que resulta fundamental educar a los usuarios en competencias mediáticas dentro de este ecosistema que les permitan actuar como prosumidores inteligentes y eficientes en el consumo y producción de información. Asimismo, los contenidos digitales están indisolublemente vinculados a la comunicación mediática, que tradicionalmente se encargaba de la transmisión social de información y la generación de opinión pública. Esta confluencia entre medios de comunicación, audiencia y prosumidores como nuevos agentes informativos requiere el interés del sector académico e investigaciones en esta línea que promuevan una transmisión de información veraz, contextualizada y argumentada a través de las nuevas vías digitales.

¿Psicólogo o no psicólogo? Cuándo y a quién consultar

Isabelle es la historia de una adolescente que carga con el sambenito de ser la astilla de un mal palo. Hasta los trece años, la joven permaneció encerrada junto a su madre, «la Asesina sin rostro», en la cárcel del Fin del Mundo: «Rompe las reglas e irás a la cárcel. Rompe las reglas de la cárcel y acabarás en Decepción». La acción discurre en un atolón de las Shetland del Sur, a pocos kilómetros de la península Antártica, durante el verano austral del 2035, con las temperaturas más altas jamás registradas en el planeta Tierra. Isabelle entrará a formar parte del personal de la Estación Hektor, un antiguo asentamiento ballenero reconvertido, a golpe de bitcoin, en el campamento base de un selecto grupo de jóvenes superdotados llamados a liderar un nuevo orden mundial. El asesinato de Bobby Franco, el joven con mayor IQ de todo el campamento, junto al repentino fallecimiento de uno de los integrantes del panel de profesores, obligarán al detective Marfori a investigar las misteriosas muertes. El aislamiento al que están sometidas las bases antárticas creará dinámicas propias de los juegos de escapismo, poniendo a prueba el ingenio y habilidad de los involucrados para solucionar enigmas y sobrevivir. Al menos uno de ellos es un asesino, el resto ocultará sus propios secretos y motivaciones. La investigación dará un giro inesperado, manteniendo la intriga hasta la última página, con una revelación final que lo cambiará todo.

Juan Benigno Vela

Este estudio sobre las campanas históricas santiaguinas devela aspectos relacionados con el sonido nacional (tanto en su experiencia colonial como republicana) y con el impacto social de los toques de campana a lo largo de la historia de Chile, vinculando su sonido a conceptos tales como el tiempo, la fe, el poder, la celebración, la ciudad, lo público y lo privado. Además construye una aproximación a las campanas “desde fuera de las torres” que permite su conocimiento como medida temporal, como medio de comunicación masivo, como complemento de fiestas y ceremonias de la muerte, y como instrumento de manipulación espiritual y política.

Mary's Way of the Cross

Los niños son seres muy vulnerables y necesitan protección. Cuando algo malo les sucede necesitan una ayuda adecuada. Es importante comprender que los traumas anímicos deben ser objeto de cuidado y que no basta con tomar conocimiento de ellos. Peor aun es pasarlos por alto. En efecto, todo niño traumatizado que no reciba los cuidados adecuados puede experimentar múltiples daños tanto de forma inmediata como posteriormente. Hoy sabemos que los traumas sufridos en edad temprana pueden tener repercusiones a lo largo de toda la vida. Gracias al desarrollo actual de la investigación, puede establecerse la relación directa que existe entre muchas patologías de la edad adulta y lesiones traumáticas sufridas en la fase temprana de la vida. Pero los niños son también resistentes. Andreas Krüger describe una suerte de principio del diente de león. Al igual que esta planta, que se abre camino incluso a través del grueso asfalto, también los niños pueden encontrar una y otra vez caminos de salida ante una gran dificultad. A menudo tienen a su disposición, de forma más inmediata que los adultos, las fuerzas que se nos han dado a todos para resistir a las dificultades. Por eso mismo es tan importante para un niño recibir una ayuda temprana y adecuada. Este libro resume de forma comprensible los conocimientos alcanzados en la actualidad por la psicotraumatología, la disciplina que estudia los traumas psíquicos, de tal modo que padres, educadores, docentes y otros agentes que tienen que ver con los niños, dispongan de una guía acerca de lo que pueden y deben hacer si el niño ha sufrido un trauma anímico. Andreas Krüger, nacido en 1964, es psiquiatra de niños y adolescentes, especialista en el tratamiento de traumas infantiles, área de la que fue responsable en el Hospital Universitario de Hamburgo-Eppendorf. Es director del Instituto de Psicotraumatología de la Niñez y la Adolescencia en Hamburgo, (www.ipkj.de), así como director médico de la asociación Ankerland para la ayuda a niños traumatizados (www.ankerland.org). Ha trabajado como profesor en la Universidad Alice Salomon de Berlín y es autor de numerosas publicaciones sobre el tema.

Guía y consejo

Novela distópica que se basa en el fresco de Michelangelo Buonarroti para separar a justos de pecadores. Sir. Alphonse Townsend, corresponsal de guerra, conforma un equipo de genetistas y virólogos para trabajar con patógenos peligrosos que le permitan diseñar vectores virales para conformar una nueva especie. Una novela que rompe con el esquema de justicia al que considera una guerra de desgaste sin resultados. Un entramado que desafía las ideologías dominantes al pretender dar un giro brusco al rumbo de la especie humana. El futuro del Homo sapiens depende de la ofensiva «Azcapotzalco», una hazaña que forjará un nuevo mundo con el involucramiento de los presidentes de las potencias mundiales en una carrera contra el tiempo que se convierte en la última esperanza para seguir habitando el planeta. Un suspenso jamás imaginado por los lectores. Una masacre que políticamente es incorrecta, pero socialmente es correcta y no podrán registrar como crímenes de lesa humanidad. Imperio invita a la reflexión para buscar una forma de convivencia mediante un esquema de nuevo orden mundial alejado del siglo xx. Una lectura que apasionará y los dejará asombrados por la forma de atacar a los enemigos de la humanidad y sus resultados. ¿Cuántos millones de pecadores dejarán de existir?

El signo de los tiempos

Father Joseph Champlin adapts the Stations from the ones used by Pope John Paul II at the Roman Colosseum on Good Friday 1991. There are 15 stations, including the Resurrection. Based on the events in the Gospels, each station is accompanied by specific Gospel readings. Each of the prayer responses is taken from a portion of the psalms. Father Champlin includes new stations, in addition to some of the traditional ones.

Bibliografía colombiana

Estos ensayos sobre la violencia en Colombia no sólo nos enseña todo el recorrido de este flagelo a través de la historia, sino también a donde queremos llegar; igualmente presentan algunas soluciones al problema. Al final trae una pequeña biografía de los autores de cada ensayo.

Prosumidores emergentes: redes sociales, alfabetización y creación de contenidos

A los baby boomers españoles la Transición política les pilló en plena ebullición hormonal, como de refilón, más pendientes de la eficacia contra el acné del Clearasil que de si Carrero Blanco saltaba por los aires o se disparaba la inflación. La gente iba haciéndose a la idea de que Franco, que había pactado con la parca un final por consunción, llevaba bastante adelantada la cuenta atrás. Ante tal aluvión de noticias escabrosas, aquellos chavales de los setenta estaban centrados en la tarea de

crecer, por fuera y por dentro. Tras las tardes sin blanca con la pandilla del barrio, las clases de mecanografía y la cena de rigor a las nueve, vendrían la Fácúl, la mili y los primeros viajes en un Citroën 2CV. Desde la memoria que da la experiencia, la historiadora Montserrat Huguet nos presenta un relato colectivo, fresco y entretenido que, entre historias y anécdotas cotidianas, rinde homenaje a una generación ávida de futuro que se abrió camino tras el sueño de una España moderna y llena de oportunidades, que no se pareciera a la de sus padres “ni por el forro”.
