

just medicine a cure for racial inequality in american health care

[#racial inequality healthcare](#) [#american health disparities](#) [#equitable access medicine](#) [#healthcare justice](#) [#systemic racism health](#)

Achieving 'just medicine' is crucial for eradicating racial inequality within the American healthcare system. This means actively addressing systemic health disparities, ensuring equitable access to quality care, and fostering a medical environment where every individual receives treatment free from bias and prejudice, ultimately serving as a true cure for long-standing injustices.
