Intro

When you're one step away from changing the trajectory of your life

The difference of stacking one more day to completely change yourself

If you can survive the temporary, there's growth at the end of every phase

Separate yourself from the outcome and just be present in the moment

"You only understand the power of one day when you're threatened with never having another one."

What's your 'one more' that you're working on right now?

"Just don't quit for one more day and see how it goes."

Why should you start doing one more thing to achieve what you think you truly deserve?

Make it a habit to always ask yourself, "What matters to me now?"

Don't discount your own greatness because we all are born to do something great
