In nineties small-town Surrey, watching Top of the Pops was Malcolm's only escape from boredom and the bullies at school ... until a phone call from a pop star changed his life forever. Before long, he was getting compliments from BeyonceA(c), hanging out at award ceremonies with Posh Spice's mum and sneaking onto All Saints' tour bus. Freak Like Me is the true story of one teenage pop fan who, with a group of like-minded outcasts, witnesses the disposable music industry of the late nineties and early noughties first-hand. Tracking down A-listers itineraries, he gets to meet the real personalities behind the Smash Hits posters adorning his bedroom walls. This hilarious memoir is packed with scandalous gossip and poignant memories from the era of Nokia 3310s and dial-up Internet, when chart positions meant everything and, if you wanted to know what your idols were up to off-screen, you had to track them down yourself!

Despite rhythm and blues culture's undeniable role in molding, reflecting, and reshaping black cultural production, consciousness, and politics, it has yet to receive the serious scholarly examination it deserves. Destructive Desires corrects this omission by analyzing how post-Civil Rights era rhythm and blues culture articulates competing and conflicting political, social, familial, and economic desires within and for African American communities. As an important form of black cultural production, rhythm and blues music helps us to understand black political and cultural desires and longings in light of

neo-liberalism's increased codification in America's racial politics and policies since the 1970s. Robert J. Patterson provides a thorough analysis of four artists—Kenneth “Babyface” Edmonds, Adina Howard, Whitney Houston, and Toni Braxton—to examine black cultural longings by demonstrating how our reading of specific moments in their lives, careers, and performances serve as metacommentaries for broader issues in black culture and politics.

Which Blondie Top Five was originally a flop for a West Coast power pop band? Who wrote Alice Cooper's 1973 hit 'Hello Hurray', and which folk singer first recorded it? Who launched their career with a tear and a cover of a little known Prince song? Where was Joe Cocker sitting when he came up with the idea of covering 'With a Little Help from my Friends?'. Everybody likes a good song and a good story. The 100 Greatest Cover Versions traces the histories of some of the great songs you may know only as second-hand recordings and explores some unusual and creative takes on a few of pop's well-known tracks. Based on the Independent's popular long-running Story of the Song column, this collection features previously unpublished pieces alongside fully expanded, updated stories. Robert Webb details the background to each song how it was written, who first recorded it and how it came to be covered and explains how, in some cases, the cover version has become more popular than the original. Artists range from Patti Smith to the Happy Mondays, David Bowie to Florence + the Machine, and Stevie Wonder to Robert Wyatt. The book also includes additional further listening suggestions and a bonus track. Whether you download, rip from CD or stream your music, the Ultimate Playlist series provides the perfect accompaniment to your personal compilation. The series aims to guide listeners through large and often bewildering back catalogues of the major artists as well as key genres and styles in popular music. If you love music and you enjoy knowing more about the history behind some of pop's greatest songs, then you will love this book.

A Times Book of the Year A Telegraph Book of the Year A Guardian Book of the Year A Rock 'n' Roll Book Club Book of the Year A Guardian 50 Best Holiday Reads An Independent Book of the Year A Mojo Music Book of the Year A Resident Book of the Year A Classic Pop Book of the Year 'This really is a wonderful book for pop kids everywhere' - RICHARD OSMAN Using the arrival of the Spice Girls as a jumping-off point, this fascinating new narrative will explore, celebrate and contextualise the thus-far-uncharted period of British pop that flourished between 1996 and 2006. A double-denim-loving time before the glare of social media and the accession of streaming. The bastions of '00s pop - armed with buoyant, immaculately crafted, carefree anthems - provided entertainment, escapism and fun for millions. It was a heady, chorus-heavy decade - populated by the likes of Steps, S Club 7, Blue, 5ive, Mis-Teeq, Hear'Say, Busted, Girls Aloud, McFly, Craig David and Atomic Kitten, among countless others - yet the music was often dismissed as inauthentic, juvenile, not 'worthy' enough: ultimately, a 'guilty pleasure'. Now, music writer Michael Cragg aims to redress that balance. Using the oral-history format, Cragg goes beneath the surface of the bubblegum exterior, speaking to hundred's of the key players about the reality of their experiences. Compiled from interviews with popstars, songwriters, producers, choreographers, magazine editors, record-company executives, TV moguls and more, this is a complete behind-the-scenes history of the last great movement in British pop - a technicolour turning-point ripe for re-evaluation, documented here in astonishing, honest and eye-opening detail.

"Shadows in the Sunset" consists of three novellas, the first being the story that gives the book its title, a story of a Summer lost and never forgotten. It follows a group of youths adventuring through the terrain of Big Sur. Moments are made and the truth of everything is felt through each person's expression. The second novella is "Underland (The Lost Children)," which follows the simple story of James and Summer, two "fools" just visiting the country fair. Lastly, "A House with No Progression," which is about an artist named Ray and his girlfriend, Annabel Lee. They live together in isolation and have formed their own world within those walls. We begin to see signs of malice and realize that distinguishing reality from fiction is a difficult process for the artist.

Daniel P. Mannix's father and grandfather were distinguished navel officers who expected Daniel to keep up the family tradition. Daniel tried, he really did, but when all those attempting to mold him into a respectable cadet eventually gave up, well, what else can a navel academy flunkie do — TA DA! Join a carnival, of course. Inspired by the perseverance, bold imagination, and showmanship of the performers, Daniel was soon eating flaming torches, swallowing swords and neon lights, walking on knives, assisting as a mentalist, and writing stories about all he experienced. From the pen of a man who lived the life and loved and respected carnival folk, Step Right Up! will take the reader on a comprehensive and highly entertaining excursion into the vanishing world of sideshow performers. Fire-eating and sword swallowing are not tricks, ladies and gentlemen. Allow the talented Daniel P Mannix to explain!
