Company Law

A set of twenty problems in company law. The loose-leaf case study pages are licensed for bona fide lecturers to photocopy for assignment and seminar use. Full lecturers notes are provided showing how the cases can be fully updated in practical, activity-based study.

Cases and Materials in Company Law

Cases and Materials in Company Law is well-established as the best casebook on company law available. It covers all vital cases and combines sophisticated commentary with well-chosen notes and questions. This edition retains the original successful structure and style, whilst being fully updated to reflect changes following the Companies Act 2006.

Cases and Materials on Company Law

Cases and Materials on Company Law guides students through the complexities of company law with a broad selection of source materials that are placed in context through clear commentary. It covers all the principal areas of company law including the issue of securities and insolvency. The book concentrates on how the law facilitates and regulates the operation of companies, both large and small, reflecting the realities of current practice. To help students understand the significance of the material presented, each section is preceded by a concise introduction. Similarly, each case is preceded by a statement of its legal significance and a summary of the main facts. The book has been fully revised to incorporate the groundbreaking changes to domestic company law as a result of the Companies Act 2006. The new edition has been made easier to navigate as a result of a new two colour text design that clearly differentiates extracted material from the authors' commentary.

Sealy & Worthington's Cases and Materials in Company Law

Sealy & Worthington's Cases & Materials is well-established as one of the foremost casebooks on company law. The authors' expertise in the subject area ensures that vital case extracts are supplemented by sophisticated commentary and well-chosen notes and questions, taking into account the most recent developments in this crucial area.

Sealy's Cases and Materials in Company Law

Sealy's Cases and Materials in Company Law is well-established as one of the foremost casebooks on company law available. The authors' expertise in the subject area ensures that vital case extracts are supplemented by sophisticated commentary and well-chosen notes and questions, taking into account the most recent developments in this crucial area.

Sealy and Worthington's Text, Cases, and Materials in Company Law

Sealy & Worthington's Text, Cases, & Materials in Company Law is well-established as one of the foremost texts in its field. Vital extracts are supplemented by sophisticated commentary and well-chosen notes and questions, taking into account the most recent developments in the field.

Unlocking Company Law

Unlocking Company Law will help you grasp the main concepts of Company Law with ease. Containing accessible explanations in clear and precise terms that are easy to understand, it provides an excellent foundation for learning and revising. The information is clearly presented in a logical structure and the following features support learning helping you to advance with confidence: Clear learning outcomes at the beginning of each chapter set out the skills and knowledge you will need to get to grips with the subject Key Facts boxes throughout each chapter allow you to progressively build and consolidate your understanding End-of-chapter summaries provide a useful check-list for each topic Cases and judgments are highlighted to help you find them and add them to your notes quickly Frequent activities and self-test questions are included so you can put your knowledge into practice Sample essay questions with annotated answers prepare you for assessment Glossary of legal terms clarifies important definitions This edition has been updated to include key recent changes and developments in company law, both case law and statutory. Two recent Supreme Court decisions on piercing the corporate veil, VTB Capital plc v Nutritek International Corp and others and Prest v Petrodel Resources Limited & Others, are examined, as is Popplewell J's detailed judgment on directors' duties in Madoff Securities International Limited (In Liquidation) v Raven and others. Important new provisions for binding votes and detailed disclosure of directors' remuneration, changes to the company charges registration and narrative reporting regimes and new rules facilitating private company share reductions/buy-backs are outlined as are imminent developments included in the 2014 Deregulation Bill (stemming from the Government Red Tape Challenge). Commitment of the EU and UK Government to improving corporate governance of small and medium-sized enterprises (SMEs) makes core company law, the focus of this book, more relevant than ever. The books in the Unlocking the Law Series get straight to the point and offer clear and concise coverage of the law, broken-down into bite-size sections with regular recaps to boost your confidence. They provide complete coverage of both core and popular optional law modules, presented in an innovative, visual format and are supported by a website which offers students a host of additional practice opportunities.

Cases and Materials in Company Law

Specifically written for students studying law, this series is an essential revision tool to be used on its own or with the partner 'Key Facts' title in order to ensure a thorough knowledge of core cases for any given law topic.

Key Cases: Company Law

'Sealy & Worthington's Text, Cases, & Materials in Company Law' is well-established as one of the foremost texts in its field. Vital extracts are supplemented by sophisticated commentary and well-chosen notes and questions, taking into account the most recent developments in the field.

Sealy and Worthington's Text, Cases, and Materials in Company Law

Essay from the year 2007 in the subject Law - Civil / Private / Trade / Anti Trust Law / Business Law, grade: B+, Oxford Brookes University (Nilai College), course: Business Law, language: English, abstract: Andrew in order to make the preparations for the new company has gone to make a loan of \$100.000 from the bank. Moreover, the money was only transferred to the account of the company when it has been formed and it was acknowledged by Brandon for the benefit of the prospective Always True Ltd. After the liquidation the bank would like to recover the \$100.000. The issue is whether or not the bank has the right to recover the loan. However, it is stated in the story that the money should be transferred into the account of the Always true when formed thus it means that the name of the principal is stated in the contract. Principal in legal terms means a person, fictitious or otherwise, who authorizes an agent to act to create one or more legal relationships with a third party (Wikipedia, 2007). According to Guest (1979), when agent contracts for named principal or whose name is disclosed then it may be laid down as a general rule where the agent drops out of the transaction as soon as the contract is made and acquires neither rights nor liabilities under it. In addition, Craig (N/D) stated that the principal must be named or at least be capable of being identified for the ratification to be valid. In the case of *Schmaltz v Avery*, where the plaintiff entered into a contract of charter-party with the defendant, the plaintiffs described themselves as agents of the freighters and it was provided in the contract that, since they were contracting 'on behalf of another party' all personal liability on their part should cease when the cargo shipped (Guest, 1979). Therefore I conclude that the company should be held liable as from the case study given, the contract signed have fulfilled the term above, where Andrew have disclosed the name of the company and the money was sent into the account of the company.

Cases and Materials in Company Law

'Sealy & Worthington's Text, Cases, & Materials in Company Law' is well-established as one of the foremost texts its field. Vital extracts are supplemented by sophisticated commentary and well-chosen notes and questions, taking into account the most recent developments in the field.

Company Liquidation. A Case Study

The Briefcase series is designed specifically with the time-pressed student in mind. It provides concise case summaries within each subject area of an undergraduate law degree, accompanied by relevant legislation. A handy reference tool, the book assists the reader to commit the content of each subject to memory. This title covers the four main areas of company law: the constitution, formation and personality of a company; corporate governance; corporate finance; and insolvency and company charges. The second edition has been updated to include recent important cases, including the House of Lords decision in *Johnson v Gore Wood* - (minority shareholder action) *Phillips v Brewin Dolphin Bell Lawrie Ltd* - (transactions at an undervalue) *O'Neill v Phillips* - (unfair prejudicial conduct) *Williams v Natural Life Health Foods Ltd* - (liability in negligence) the Privy Council decision in *Agnew v Commissioner of Inland Revenue* - (company charges).

Sealy & Worthington's Text, Cases and Materials in Company Law

"This popular and very readable text is a complete guide to the legal framework in which companies operate. It is essential reading whether you are studying company law as part of a law, business or accounting degree, or at CPE level."--BOOK JACKET.

Briefcase on Company Law

This volume fills a gap in company law literature by identifying whether conceptual differences between countries exist. It covers 10 legal systems including countries in the EU as well as the US and Japan.

Company Law

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Comparative Company Law

British Company Cases

Cases on Company Law

"The second edition of this popular book on company law combines theoretical and jurisprudential issues with an up-to-date account of legal developments across the field of company law. The author demonstrates that the needs of shareholders in companies which have dispersed ownership of shares cannot be properly understood without an analysis of the law relating to securities regulation and capital markets." "Company Law is essential reading for LL.B. courses in universities and also covers the requirements of the University of London (External) LL.B. The book offers excellent foundation reading for postgraduate LL.M.s in company and capital markets law and is an excellent critical survey of a dynamic field of law for students qualifying professionally in the fields of accounting, finance and company secretaryship."--BOOK JACKET.

Sealy and Worthington's Cases and Materials in Company Law

Dr Talbot traces the history of the fundamental principles of English company law, including the doctrine of separate corporate personality, director's duties, minority protection and the doctrine of ultra vires from both a black letter and contextual perspective. Relevant aspects of the Companies Act 2006 are thoroughly examined. Drawing on the influence of American law and scholarship, the book considers the ideas which have informed corporate governance in England. It includes a case study of mutual building societies' march to the market and corporate identity. The hybrid approach adopted in the text provides a contextual and critical framework in which to understand company law as well as a broad picture in black letter law terms. The aim is to invigorate what many students and academics consider a dry subject by uncovering the social factors which continue to inform this area of law - and the political nature of the law itself. Dr Talbot maintains that modern company law is shaped by three main factors - economics, ideology and existing law. The state of the law at any one time is determined by the constantly shifting relationship between these factors.

British Company Cases

Buy a new version of this textbook and receive access to the Connected eBook with Study Center on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities; practice questions from your favorite study aids; an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. This book offers a current, and engaging approach to the study of business and business law by combining recent and classic cases, cutting edge topics, and problems-based learning. Reflecting ongoing changes in the structure and regulation of modern business practice, *Business Organizations: Cases, Problems, and Context* offers a unique combination of doctrine, problems, and case studies. This book utterly avoids frustrating questions that students can't answer and professors don't want to spend class time answering. Recent, high-interest cases are balanced against classic teaching chestnuts. Brief, innovative problems are used throughout. Recent Delaware Supreme Court decisions and a collaborative community of users support a clear and sustained examination of the role and purview of the law in business transactions. New to the Fifth Edition: New introductory chapter discussing the implications of emerging technologies, environmental and sustainability trends, and stakeholderism on business law New textual coverage of corporate board diversity, increased virtual shareholder meetings in the Covid-19 pandemic, and resurgence of Caremark claims Additions of new cases, including *Marchand v. Barnhill*, *AmerisourceBergen Corp. v. Lebanon County Employees' Retirement Fund*, and *In Re Williams Companies Stockholder Litigation* Shorter cases, and the case studies from prior editions pulled into a separate volume Professors and students will benefit from: an engaging introductory chapter that introduces how emerging technologies (blockchain, smart contracts, and artificial intelligence) and sustainability goals are transforming the organization and governance of business entities a discriminating selection of fresh cases and classics in-depth coverage of how the law applies to modern business structures (such as joint ventures, venture capital arrangements, franchises, and new limited liability business forms) as well as growth industries short problems after selected topics give students practice applying the legal principles covered in that section hybrid entities treated in detail, including a separate chapter on limited liability companies a companion volume of case studies styled on the B-school model that provide opportunities for in-depth analysis of the law in business transactions

Company Law

'Hicks & Goo's Cases and Materials on Company Law' navigates the complexities of company law with a broad range of materials with clear commentary. It offers detailed coverage of corporate governance issues and includes materials from governmental and non-governmental sources as well as traditional cases and materials.

Critical Company Law

Legal research comes in many forms and legal researchers have a myriad of faces. Recognising these two obvious facts, this book has been designed to be a flexible tool, of use to researchers of various levels of sophistication. If you are new to legal research, start with Chapter 2 and work your way through the book.

British Company Cases

Key Facts Key Cases Company Law will ensure you grasp the main concepts of your Company Law module with ease. This book explains the facts and associated case law for: Shares, Capital Maintenance, Failure and Liquidation, Directors, Borrowing.

Business Organizations

Renowned for its richness, depth, and authorship, Cases and Materials on Corporations offers broad coverage of both public and closely held corporations. A powerful introductory chapter sets out the defining characteristics of a corporation. A thematic framework frames corporate law in terms of the corporation's responsibilities to its employees, its investors, and society. New to the Ninth Edition: The introductory Chapter recognizes that issues of race and systemic discrimination have dominated recent headlines and political discourse. This has re-focused attention on the long-standing debate between proponents of the dominant shareholders primacy model of corporate governance and proponents of a more stakeholder-oriented model. Without taking sides on this issue, this Chapter notes that this debate has continued throughout American legal history, and it focuses on recent efforts by some states and Nasdaq to require greater diversity (both in terms of race and gender) on corporate boards. Current data is provided. In addition, this Chapter adds a new section to introduce the "public benefit corporation," a new corporate form that is a hybrid of a profit-making corporation and a not-for-profit entity now recognized by a majority of the states. New material on the emerging line of good faith cases in the context of director oversight where a corporation is subject to "mission critical" regulation. This new line of cases opens up potential avenues to assign monetary liability to directors for failure to manage corporate risks. New Supreme Court decisions (including *Lorenzo* and *Omnicare*) are assessed, and the continuing struggle to define insider trading is reviewed. The chapter on shareholder voting and proxy gives special attention to recent efforts by activist hedge funds to influence and constrain corporate management. The revised chapter on takeovers takes up the legal rules governing friendly and unfriendly acquisitions. The chapter tracks the unique experience of Delaware law over this period: an ongoing and openly—but respectful—disagreement between the Delaware Chancery Court and the Delaware Supreme Court about the allocation of authority between the board of directors and shareholders. The chapter also examines the new texture of the takeover market where activists play a central role. Professors and students will benefit from: Richness and depth: A range of thoroughly developed topics allows instructors to delve into topics with as much depth as they wish. The text is strong in material on both public and closely held corporations. Traditional casebook pedagogy: Text notes, statutory material, excerpted commentary, problems, questions, and edited cases. Strong introductory chapter: Sets out the defining characteristics of a corporation: limited liability, perpetual existence, free transferability, and centralized management. Thematic framework: Examines corporate law in the context of the corporation's responsibilities to its own constituents and investors, as well as to society.

Hicks & Goo's Cases and Materials on Company Law

Cases Materials on the Carriage of Goods by Sea includes a collection of legislative material, standard form contracts and up-to-date coverage of English case law. It covers the major areas of chartering and bills of lading, as well as matters such as exclusion and limitation of liability. This edition has been comprehensively updated and adds the latest cases to its strong coverage of classic authorities. Notable additions in the chapters dealing with bills of lading include *The Starsin*, *The Rafaela S*, *Motis*

Exports and The David Agmashenebeli. On the Carriage of Goods by Sea Act 1992, the important decisions of The Berge Sisar and East West Corp are incorporated, while key recent decisions on chartering, such as The Hill Harmony, The Happy Day and The Stolt Spur are fully treated. This book provides an up-to-date collection of materials relating to the carriage of goods by sea which will be of value to both students of law and legal practitioners.

Legal Research: How to Find and Understand the Law

Practical Company Law provides you with a comprehensive single-volume resource detailing the major aspects of UK company law. It is written in clear and accessible language. Each chapter includes not only an analysis of the law and its application, but also a wealth of worked examples and case studies to create a genuinely practical work. This edition also covers private company and business sales and acquisitions, and demergers and intra-group transfers.

Company Law

"Iconic Cases in Corporate Law" gathers together in one book the most important (iconic) cases in U.S. corporate law. Each chapter features one case, or a pair or trilogy of closely related cases that represents the classic, representative and historically important cases in various areas of corporate law. These are the classic cases with which every student and practitioner of corporate law should be familiar. It seems appropriate that important research and new insights about these cases be brought together. Read from cover-to-cover the book provides a very useful introduction into U.S. corporate law. Each chapter also can be read individually in order to provide new insights, not only about particular cases but also about whole bodies of law including insider trading, shareholder voting, fiduciary duties and the business judgment rule.

Cases and Materials on Corporations

Of notes, excerpted commentary, problems, questions, edited cases, & statutory material to reinforce important concepts in the text What's new in the Fifth Edition? Extensive treatment of limited liability companies & limited liability partnerships. New developments in insider trading. Material on the impact of outside directors on corporate performance. Complete revision of the treatment of indemnification, now including *Mayer v. Executive Telecard* & *Ridder v. Cityfed*. A new section on the Private Securities Litigation Reform Act. This book delivers timely, complete, & authoritative coverage in a flexible format that is easily adapted to your class length & teaching method.

Cases and Materials on the Carriage of Goods By Sea

This book is a succinct guide to company law. The reader is guided through the elements involved in forming a company, and other vital areas are explained in detail, including: the availability of public information on companies and how to find it; directors' obligations; minority shareholders' rights; the memorandum and articles of association; how a company should execute a document; company meetings and charges; and debentures. This third edition has been updated to include consideration of recent important cases, as well as key statutory instruments that have impacted upon company law since the last edition. It also includes a section on dividends and an analysis of the DTIs proposals for reform of company charges.

Practical Company Law and Corporate Transactions

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

The Iconic Cases in Corporate Law

Subscribers receive 12 CD-ROM updates per year and six looseleaf updates, plus six Stop Press updates per year, which is included in the yearly subscription fee.

Cases and Materials on Corporations

This book is a compilation of case study ideas in the areas of production, operation, supply chain and logistics management (POM-SCL), also incorporating operation strategies. This book has been designed conforming to the standards of this common subject for the courses of Master of Business Administration (MBA) and Post Graduate Diploma in Management (PGDM) prescribed by the All India Council of Technical Education (AICTE) and University Grants Commission (UGC). The book consists of sixty five case study ideas covering almost the entire gamut of the subject concerned. All these cases are based on Indian organizations/industries using the characters with names typically Indian and the narrations of these cases reflect Indian work culture, value systems and ethos. All these cases are followed by a set of about half a dozen questions pertaining to the narrations with the corresponding answers suggested for the guidance of the teachers and the students alike. Apart from making the book very convenient and handy for studying the subject, it is also aimed at dispelling fears and apprehensions among the students with non –science/non-technical background that they seem to have about this subject. Getting familiar with the numerical exercises given and solved in this book by practice will make passing this subject a cakewalk for any average student. The cases are so designed as to expose the students to the realities and challenges to the actual professional life while still seating in the class rooms, much before entering a professional career. The book provides a colossal value addition as both a complement and a supplement to the theories in the text books.

Practice Notes on Private Company Law

This book is intended to be of help to students studying company law who feel that they have acquired a body of knowledge, but do not feel confident about using it effectively in exams. This book sets out to demonstrate how to apply the knowledge to the question and how to structure the answer.
