He's All You Need

Transformation is what Christianity is all about. To follow Jesus is to enter into a journey from an old way of living to a new way of being. As Christians our goal is to become ever more conformed to the image of Christ. Of course we cannot attain this high goal in our lifetime. But we can make progress. We can become more of who we long to be. We can leave behind old ways that have not served us well. We can become more loving to others, more open to God, more in tune with who we are called to be. Such transformation does not happen automatically, even though it is the Holy Spirit working in us to change us. We are asked "to work out your own salvation with fear and trembling; for it is God who is at work in you, enabling you both to will and to work for his good pleasure" (Phil 2:12-13). We work; God works in us. This book is about our part in the work of transformation. Spiritual Transformation examines two main themes. 1) The Dynamics of Spiritual Transformation are explored in six small group sessions: what it is and how it happens. 2) The Goal of Spiritual Transformation is described in six small group Bible studies focusing on Romans 12 & 13, where Paul provides a blueprint for how we are meant to live as followers of Jesus.

He's All You Need

The Bible teaches that the goal of the Christian life is to become like Jesus—for our own personal growth and for the sake of others. Every believer needs to ask three big questions: What do I believe? What should I do? And who am I becoming? In Think, Act, Be Like Jesus, bestselling author and pastor Randy Frazee helps readers grasp the vision of the Christian life and get started on the journey of discipleship. After unfolding the revolutionary dream of Jesus and showing how our lives fit into the big picture of what God is doing in the world, Frazee walks readers through thirty short chapters exploring the ten core beliefs, ten core practices, and ten core virtues that help disciples to think, act, and be more like Jesus Christ. This compelling new book can be used in conjunction with the 30-week all-church Believe campaign or read separately as an individual study. Either way, readers will deepen their understanding of what it means to not just know the Story of God, but to live it.

Spiritual Transformation

True or False: A person is a Christian if he or she believes the right things about Jesus. True or False: A person is a Christian if he or she obeys God's laws. True or False: A person is a Christian if he or she believes the right things about Jesus and obeys God's laws. Would it surprise you to hear the

correct answer to all three questions is False? Too many people misunderstand their faith at the most foundational level. Because of this misunderstanding, they pursue Christian growth and maturity in all the wrong ways. The result is failure, frustration, and the inevitable conclusion that Christianity doesn't "work." Right From the Start is a two-part study exploring the truth that Christianity is not a creed or a lifestyle; it is a God-begotten life growing in you, which is spiritual in nature and therefore must be nourished on spiritual food and drink. Anchored in the teachings of John, part one of this study explores what the Christian's new life is made of and how to nourish it to maturity. Part two goes to the next level, demonstrating how a new way of living flows out of a new kind of being. This is not your typical application stage of Bible study. Too often when Bible studies begin to get practical, they cease to be spiritual. Spiritual truth gets relegated to the realm of "theory" and the "real" day-to-day Christianity is lived out in the strength of the flesh – which essentially means it is not lived out at all. This study does not leave the Holy Spirit behind when it comes time to apply the principles learned. Rooted in the book of Titus, the second part of this study examines the Christian life as a series of portraits of Christ and shows clearly and simply how Christ can be formed in you.

Right From the Start

Are you tired of reading another news story about Christians supposedly acting at their worst? Today there are too many examples of those claiming to follow Christ being caustic, divisive, and irrational, contributing to dismissals of the Christian faith as hypocritical, self-interested, and politically co-opted. What has happened in our society? One short outrageous video, whether it is true or not, can trigger an avalanche of comments on social media. Welcome to the new age of outrage. In this groundbreaking book featuring new survey research of evangelicals and their relationship to the age of outrage, Ed Stetzer offers a constructive way forward. You won't want to miss Ed's insightful analysis of our chaotic age, his commonsensical understanding of the cultural currents, and his compelling challenge to Christians to live in a refreshingly different way.

Transformed for Life

When Jesus talked about the Kingdom of God, he was talking about an utterly different way of relating to human society as we know it. He lays out a blueprint for this new life in his best-known teaching, the Sermon on the Mount. From the Beatitudes onward, the Sermon on the Mount overturns conventional wisdom and traditional power structures, offering a plan for an alternative way of being. Acclaimed spiritual leader and Franciscan priest Richard Rohr explores the implications of this vision in Jesus' Alternative Plan. Rohr goes through the teachings of the sermon, explaining the historical and cultural context of each verse and offering guidance for what it means for Christians today. The result is a clear, yet challenging look at the alternative plan laid out by Jesus for all to see. This updated edition of Jesus' Plan for a New World will inspire Christians desiring a transformative understanding of Jesus' teachings and seeking the true heart of their faith.

Jesus' Alternative Plan

Issues of gender and sexuality are intrinsic to people's experience: their sense of identity, their lives and the loving relationships that shape and sustain them. The life and mission of the Church of England – and of the worldwide Anglican Communion – are affected by the deep, and sometimes painful, disagreements about these matters, divisions brought into sharper focus because of society's changing perspectives and practices, especially in relation to LGTBI+ people. *Living in Love and Faith* sets out to inspire people to think more deeply both about what it means to be human, and to live in love and faith with one another. It tackles the tough questions and the divisions among Christians about what it means to be holy in a society in which understandings and practices of gender, sexuality and marriage continue to change. Commissioned and led by the Bishops of the Church of England, the *Living in Love and Faith* project has involved many people across the Church and beyond, bringing together a great diversity and depth of expertise, conviction and experience to explore these matters by studying what the Bible, theology, history and the social and biological sciences have to say. After a Foreword from the Archbishops of Canterbury and York, the book opens with an invitation from the Bishops of the Church of England to embark on a learning journey in five parts: Part One sets current questions about human identity, sexuality, relationships and marriage in the context of God's gift of life. Part Two takes a careful and dispassionate look at what is happening in the world with regard to identity, sexuality, relationships and marriage. Part Three explores current Christian thinking and discussions about human identity, sexuality, and marriage. In the light of the good news of Jesus Christ, how do Christians understand and respond to the trends observed in Part Two? Part Four considers what it means for us as individuals and as a church to be Christ-like when it comes to matters of identity, sexuality, relationships and marriage. Part Five invites the reader into a conversation between some of the people who have been involved in writing this book who, having engaged with and written Parts One to Four, nevertheless come to different conclusions. Amid the biblical, theological, historical and scientific exploration, each part includes Encounters with real, contemporary disciples of Christ whose stories raise questions which ask us to discern where God is active in human lives. The book ends with an appeal from the Bishops to join them in a period of discernment and decision-making following the publication of *Living in Love and Faith*. The *Living in Love and Faith* book is accompanied by a range of free digital resources including films, podcasts and an online library, together with *Living in Love and Faith: The Course*, a 5-session course which is designed to help local groups engage with the resources, also published by Church House Publishing.

New Way New Life

What if Christianity were less about doing and more about being? In *Transformed*, author Caesar Kalinowski shows you that when you became a Christian everything about you changed in an instant. You received a new identity based on who Jesus is, not on who you were. As a believer, you literally become part of God's family of missionary servants. This is who you are—not what you do. Drawing on stories from Caesar's own journey and life in community, *Transformed* looks realistically at the identity you have been given in Christ and how it reshapes everything about you. Set free from performance-driven spirituality and guilt, you will draw closer to God, allowing him to radically change the well-worn rhythms and patterns of your every day life and transform your relationships from the inside out. *Transformed* is for those who yearn for a deeper, more authentic faith, one that empowers you to live out of the truth of who God now says you are. "Caesar Kalinowski is such a wise teacher. Finally, a book on the Christian experience that actually leads its readers towards a new way of living. *Transformed* is a book that every skeptic, seeker, and Christian should read." —Jen Hatmaker, Author

of 7: An Experimental Mutiny Against Excess "If there was ever a legitimate time to offer a new pathway for being a Christ-follower it is now. Thank you Caesar for blowing the dust off of the relics of religious life and opening up the window to a God-breathed life." —Hugh Halter, Author of FLESH, The Tangible Kingdom, & Sacrilege

Living in Love and Faith

You exercise. You eat right. You make good choices—the stairs instead of the elevator. You are pursuing wellness. Is it possible, though, that in your pursuit to achieve wellness you are ignoring the one area of your life that needs the most daily exercise? Just like physical wellness requires commitment, a training regimen, good choices, and constant pursuit, spiritual wellness does too. In *A New Way of Living*, you'll discover a practical spiritual training program that can be successfully embraced and followed. Using nine simple verses, author, preacher, runner, and cyclist Gene Wilkes paints the picture of how to pursue spiritual wellness. Using carefully interpreted messages from the Beatitudes, you'll have an understanding of the people, the characteristics, and the promises that Jesus addressed. With that understanding, Wilkes then helps you develop your simple Beatitude exercise regimen. Each chapter in *A New Way of Living* includes reflection questions as part of a takeaway section as well as a small-group discussion guide and three-week devotional for digital online use. The book also contains photos characteristic of metaphors used in the book as well as other ancillary items.

Praise for *We Make the Road by Walking*: 'innovative and refreshing' - Christianity magazine In his 2014 book *We Make the Road by Walking* Brian McLaren gave a basic orientation on what it means to be 'a new kind of Christian' through 52 sermons, working within the framework of the church year and providing a Genesis-Revelation overview of the Bible. It was designed to be used in church services and small groups, and was praised by New Testament scholar Paula Gooder and enthusiastically adopted by many. *Seeking Aliveness* is a repurposing of this material for use by individuals, breaking up the text into daily devotions, along with the original suggested Bible readings and with a prayer, thought or action point for each day. Brian's original writing is transformed beautifully into a daily read, for admirers of the original book as well as a new audience. 'An ideal resource' - Church Times

Apologetics for a New Generation

Distinguishing between religion and spirituality, Burke offers what he calls a new way of looking at God, one centered on the idea of grace. He emphasizes a God who is looking to save the world, not a God who seems more intent on condemning certain practices . . . For Burke, God is to be questioned,

not simply obeyed. His challenging thesis will appeal to many people today who have given up on organized religion but still seek some connection to spirituality.

Seeking Aliveness

Most people spend more time each day preparing to go to bed than they do preparing for the final act of their lives which is death. We spend more time figuring out the answers to questions that will be posed by a teacher or boss than we do to the Supreme Judge who will ask for an account of our lives. We spend more time worrying and planning for the "what ifs" in life than we do over the assured events that will happen upon our departure from this life. What would happen if we were to spend half the time used preparing for this temporal life to prepare for eternal life? This book invites you to prepare for the greatest adventure of all.

Understanding Christianity ?What It Means to Become a Christian

At the heart of Jesus' call to us is the call to love others. But this can be so difficult. For one thing, others are not always very lovable; for another, loving others sometimes gets in the way of our own self-interests. But if we want to follow Jesus, love needs to be our lifestyle, and the way we treat others really does matter. It's not all sacrifice and pain, though. To be in loving relationship with others is to be truly alive--and it's the source of our greatest joy. This study will help you love others the way Jesus desires. You'll learn how to study the Bible as you examine and discuss topics such as Loving Others, Loving Our Families, Fellowship with Others, Getting Along with Others, Opposition from Others, Sharing Our Faith with Others, Serving Others. Each chapter has three main sections: Group Study (materials for a sixty- to ninety-minute small-group Bible study); Study Resources (notes and comments for use in both group and personal study); Personal Study (a series of reflection questions for use by group members on their own during the week). Extra help is available at the end of the book in the sections The Art of Leadership (tips on how to lead a small group) and Small Group Leader's Guide (notes on each session). The goal of PILGRIMAGE GUIDES is to understand what it means for us to meet and know Jesus. Through an examination of the spiritual disciplines of Bible study, prayer, and worship, we experience what it means to be a spiritual pilgrim--walking in a new way with God. And we look at how this new way changes the way we view others and live our lives in Christ. PILGRIMAGE GUIDES: Learning to Love God Learning to Love Ourselves Learning to Love Others

A Heretic's Guide to Eternity

Groundbreaking author Brian McLaren, voice of the Christian emergent movement and author of the 'New Kind of Christian' series, poses ten controversial questions that could lead to a radical redefinition of the Christian faith. What is the overarching storyline of the Bible? What is the Gospel? Why is sexuality such a divisive issue among Christians? How should followers of Jesus relate to people of other religions? McLaren gives his own responses to these questions, inviting the reader to a new and generous way of thinking about Christianity.

Live Prepared!

As Christians find themselves trapped in the rhetoric of platform, influence, retweets, and fame, they need a ladder out of the fray. Many of us live in a prison of self-absorption. Shackled with pride and despair, we compare ourselves to others constantly in our frantic, unending pursuit of perfection. Seated with Christ gets to the root of this behavior and charts a path to freedom. Scripture says that God's beloved are seated with Christ in the heavens (Eph. 2:6), treasured by Him and given a place at His table. Heather Holleman unveils what this means for us. It means we walk out on the fight for acceptance. We quit measuring ourselves to others. We leap free from cycles of shame. Securely-seated people can ask themselves hard questions about their lives; they can deal with sin, grieve their losses, and move forward in hope. From a position of security and self-forgetfulness they can joyfully do the good works prepared for them uniquely. They can even celebrate the successes of others. Seated with Christ is a deeply personal, liberating look at a glorious truth: that we have a place at God's eternal table.

A New Kind of Christianity

Twenty-five doctoral students from around the world recently set out to forge a new path toward a theology of mission. As they blazed a new trail, they discovered the footprints of God--evidence that God was their trial guide. Charles Van Engen led this group of mission practitioners, pastors, teachers, and mission executives as they set out to discover answers to important questions, such as "What is theology of mission?" and "What is missiology?" The team used a new approach to answer these questions, employing narrative to integrate personal story, community stories, cultural stories, and biblical stories. Each writer brings his or her own unique context to bear on these important questions through personal story and by highlighting the work of a major missiologist who has impacted their life and work. By drawing from personal stories, the authors show how human factors affect missiology. All of the chapters are set within a unique theological framework created by Charles Van Engen that focuses on mission of the way, mission in the way, and mission on the way. This framework reveals that mission must be "of the way" (Christ-centered), "in the way" (happening among the peoples and cultures of the world), and "on the way" (moving forward over time through God's people as they anticipate Christ's present and coming kingdom). If you are concerned about connecting the Bible, theology, and ministry with the complexity and variety of contexts facing Christians today, then you will want to join this journey to discover the footprints of God. As Van Engen says, you will be encouraged to "think theologically about mission, and missiologically about theology."

Seated with Christ

Many have experienced Christianity as a confusing list of restrictive rules designed to wring all of the joy out of life. Others seek to live as Christians without a clear understanding of what the focus of a Christian life should be, leaving them to wonder if Jesus had more in mind than regular Sunday morning worship attendance. What does a healthy Christian life look like? Larry Duggins has molded three anchor scriptures into a simple model of balanced Christian life using the Celtic cross as an illustration. Duggins believes that the Greatest Commandment, the Hymn of Kenosis, and the Prayer of Unity combine to guide a life of worship, sharing, service, and community that leads to a closer relationship with God. This simple, engaging book includes questions for reflection and discussion, and is appropriate for both the curious and the committed. This second edition includes a new introduction and two new chapters addressing the question of balance and the nature of the "other."

Read the Bible for Life

Renowned poet and novelist Jay Parini's *The Way of Jesus* is a book for progressive Christians and spiritual seekers who struggle, as Parini does, with some of the basic questions about human existence: its limits and sadnesses, and its possibilities for awareness and understanding. Part guide to Christian living, part spiritual autobiography, *The Way of Jesus* is Jay Parini's exploration of what Jesus really meant, his effort to put love first in our daily lives. Called "one of those writers who can do anything" by Stacy Schiff in the *New York Times Book Review*, Parini—a lifelong Christian who has at times wavered and questioned his beliefs—recounts his own efforts to follow Jesus's example, examines the contours of Christian thinking, and describes the solace and structure one can find in the rhythms of the church calendar. Parini's refreshingly undogmatic approach to Christian thinking incorporates teachings from other religions, as well as from poets and other writers who have helped Parini along his path to understanding.

The Way of Jesus

There is no shortage of books these days on new ways of "doing church." New church models have been both warmly embraced and roundly criticized. What are church leaders and others concerned about the state of the church to make of all this? Does the Bible prescribe a standard model for doing church? Or is there freedom within certain guidelines? In *A New Kind of Church*, respected church consultant Aubrey Malphurs addresses these important questions and suggests that there is room for new ways of doing ministry while being true to Scripture. In the process, he offers a theological and interpretive framework for evaluating any church model, new or old. He also offers suggestions for implementing change in the local church.

Living the Christian Year

This major study breaks new ground, going beyond the issue most discussed in charismatic circles (the working of the Holy Spirit) to tackle questions relating to the person of the Holy Spirit and his relationship to the Father and the Son, as well as his relationship to people. Tom Smail's theological horizons are impressively broad, embracing historical orthodoxy and including the Roman and Eastern Orthodox traditions, as well as contemporary theology. He combines full theological literacy with personal insight into renewal, thus illuminating a contemporary experience of the Holy Spirit with the sovereignty of God in salvation. In *The Giving Gift* he offers a positive understanding of Christian tradition in its relation to Scripture and a new approach to prayer as a gift that God makes by his Spirit. He also provides an attempt to understand the work of the Spirit in the church throughout the ages and in different traditions, emphasising in particular the role and contribution of the Eastern Orthodox churches.

Filled with the Spirit

"A Message to the Overcomer" is a collection of messages originally written for a weekly e-mail ministry. The intent of each message is to encourage Christians to experience a deeper life in Christ. Each message offers a practical approach to overcoming life's issues. The book has six categories and they include principles to live by, Christian living, old and new, salvation and exhortation. The first category is the introduction and it gives the reader a scriptural reference for the overcoming message. The purpose of the book is to share with the body of Christ the practical application of God's word. As they apply the word in their lives they will begin experiencing the overcoming life. My desire is to see God's people grow in grace and in the knowledge of the Lord Jesus Christ. I pray God will open up the eyes of your understanding as you enter into the world of the overcomer. Rosita Dozier's life changed August 7, 1981 when she gave her life to Christ. That event set her life on a path of studying and learning all that she could about God and his son the Lord Jesus Christ. The first six years were set aside for intensive spiritual training, which included learning how to pray, how to study the scripture, outreach, teaching and full time ministry. The overall focus of the training was to overcome the world, the flesh and the devil. Thus living the overcoming life is more than a concept to Rosita, it is a way of life. Teaching women is her top priority, and she has conducted bible studies for over twenty years. She's written articles for church newsletters, helped pastors put oral messages into print and edited several books. She writes often and looks forward to writing many more books to the glory of God.

A New Kind of Church

What the "Emergent Church Movement" is all about-and why it matters to the future of Christianity Following on the questions raised by Brian McLaren in *A New Kind of Christian*, Tony Jones has written an engaging exploration of what this new kind of Christianity looks like. Writing "dispatches" about the thinking and practices of adventurous Emergent Christians across the country, he offers an in-depth view of this new "third way" of faith-its origins, its theology, and its views of truth, scripture and interpretation, and the Emergent movement's hopeful and life-giving sense of community. With the depth of theological expertise and broad perspective he has gained as a pastor, writer, and leader of

the movement, Jones initiates readers into the Emergent conversation and offers a new way forward for Christians in a post-Christian world. With journalistic narrative as well as authoritative reflection, he draws upon on-site research to provide fascinating examples and firsthand stories of who is doing what, where, and why it matters.

The Giving Gift

In the adventure of pursuing intimate friendship with the only One who can totally fulfill us, the author makes it clear that the price is high but that the privileges and rewards are higher.

A Message to the Overcomer

According to researcher George Barna, most born-again Christians live indistinctly from non-believers because they do not think any differently--which is a result of not understanding the basic truths of the Christian faith. In this book, Barna identifies seven core questions that Christians must be able to answer biblically in order to live a transformed life.

The New Christians

For many years, best-selling author Michael Phillips assumed he clearly understood the life of Jesus. Though Jesus was in truth his Savior, and even his Lord, Phillips felt challenged to understand more of the remarkable life lived two thousand years ago in Palestine. Then came a crisis in his spiritual pilgrimage when circumstances forced him to open the book of his life in a new way, and delve more deeply into the fundamental why of Jesus' life. Challenged to discover the New Testament imperative for his life, Phillips takes a fresh look at the Bible to find out what is the essence, the foundation, of spirituality. Boiled down. The raw reality of the gospel. No frills. No excess baggage. No trite little phrases learned in Sunday school or youth group. He discovers a key that gives validity to an entire life's purpose and perspective as a Christian for right now. Not in some grandiose, far-reaching way . . . but the link between belief and practice, between eternity and now, between Christianity as a world religion, and Christianity as a practical guidebook for going about the business of life in the trenches. For if ever a man walked in harmony between ultimate purpose and the next five minutes, that man was Jesus Christ. And that key to Jesus' life was obedience.

In a world filled with both prosperity and poverty, how can Christians handle their finances in a way that honors God? In *How Much Is Enough?*, Arthur Simon takes an uncompromising look at America's wealth, reflecting what dominates the hearts and motivations of its people. He diagnoses Western civilization as sick with "affluenza," or runaway materialism, and shows readers how to reject the disease and set new priorities. Churches, social ministry groups, and thoughtful readers will be enlightened by Simon's grasp of Western affluence against the backdrop of a world where 800 million

people are chronically starving. Readers will gain a clearer understanding of how money becomes an object of worship when passion for material things is stronger than compassion for the poor. Simon's life-changing book also reveals how affluenza takes control of people's lives and goals. Without discounting prosperity as a blessing, *How Much Is Enough?* proposes new pathways to living as disciples of Jesus. It suggests a myriad of solutions for taming materialism and sheds light on the profound reality that possessions may capture our hearts, but they are unable to nourish our souls.

What Is the Bible and How Do We Understand It?

A confession and manifesto from a senior leader in the emerging church movement. A *Generous Orthodoxy* calls for a radical, Christ-centered orthodoxy of faith and practice in a missional, generous spirit. Brian McLaren argues for a post-liberal, post-conservative, post-protestant convergence, which will stimulate lively interest and global conversation among thoughtful Christians from all traditions. In a sweeping exploration of belief, author Brian McLaren takes us across the landscape of faith, envisioning an orthodoxy that aims for Jesus, is driven by love, and is defined by missional intent. A *Generous Orthodoxy* rediscovers the mysterious and compelling ways that Jesus can be embraced across the entire Christian horizon. Rather than establishing what is and is not "orthodox," McLaren walks through the many traditions of faith, bringing to the center a way of life that draws us closer to Christ and to each other. Whether you find yourself inside, outside, or somewhere on the fringe of Christianity, A *Generous Orthodoxy* draws you toward a way of living that looks beyond the "us/them" paradigm to the blessed and ancient paradox of "we."

The Essential Goa Cookbook

The spicy, succulent seafood of Goa is as famous as the golden beaches and lush landscape of this premier tourist destination of India. Traditionally, the Goan staple was fish curry and rice, but under Portuguese influence there developed a distinctive cuisine that combined the flavours of Indian and European cooking with local ingredients being used to approximate the authentic Portuguese taste. So fish and meat pies were baked with slit green chillies, assado or roast was cooked with cinnamon and peppercorns, pao or bread was fermented with toddy, and the famous baked bol was made with coconut and semolina. This innovated, largely non-vegetarian cuisine, was offset by the traditional and no less sumptuous vegetarian creations from the Konkan coastland, rich with coconut and spice. This cookbook showcases an entire range of Goan food, with special attention to fish, prawn, pork and chicken.

The Day in Shadow

He loved French cookbooks, invented a new way of making khichdi, was interested in the engineering behind ship-building and the technology that makes ammunition. More than 100 years after his death, do we really know or understand the bewildering, fascinating, complex man Swami Vivekananda was? Vivekananda is one of the most important figures in the modern imagination of India. He is also an utterly modern man, consistently challenging his own views, and embracing diverse, even conflicting arguments. It is his modernity that appeals to us today. He is unlike any monk we have known. He is confined neither by history nor by ritual, and is constantly questioning everything around him, including himself. It is in Vivekananda's contradictions, his doubts, his fears and his failings that he recognise

his profoundly compelling divinity—he teaches us that to try and understand God, first one must truly comprehend one's own self. This book is an argument that it is not just because he is close to God but also because he is so tantalisingly immersed in being human that keeps us returning to Vivekananda and his immortal wisdom.

The Modern Monk

This volume brings together all the novels, except *The Company of Women*, by India's most widely read and celebrated author. Included here are the classic *Train to Pakistan* that describes the tragedy of Partition through the love story of a Sikh dacoit and a Muslim girl; *I Shall Not Hear the Nightingale*, which deals with the conflict in a prosperous Sikh family of Punjab in the 1940s; and the best-selling *Delhi*, a vast, erotic, irreverent magnum opus centred on the Indian capital.

The Collected Novels

A heart-warming tale of courage and conviction from India's biggest-selling woman author Two decades ago, when Sudha Murty approached a group of devadasis for the first time, determined to make a difference to their lives, they threw a chappal at her. Undeterred, she went back, telling herself she must talk to the devadasis about the dangers of AIDS. This time, they threw tomatoes. But she refused to give up. The Infosys Foundation worked hard to make the devadasis self-reliant, to help educate their children, and to rid the label of the social stigma that had become attached to it. Today, there are no temple prostitutes left in the state of Karnataka. This is the powerful, inspirational story of that change initiative that has transformed thousands of lives.
