A New Translation of the Proverbs, Ecclesiastes, and the Canticles, With Introductions, and Notes, Chiefly Explanatory

Excerpt from A New Translation of the Proverbs, Ecclesiastes, and the Canticles: With Introductions, and Notes, Chiefly Explanatory The present volume completes a series of translations of the Hebrew poetry which has come down to us, with the exception of the few pieces which are scattered through the historical part of the Scriptures. The author has been gratified by the commendation which the preceding volumes have received from critics of different denominations both in this country and in England. Their circulation, however, has been limited, as was, perhaps, for several reasons, to be expected, especially in the present state of theology. But the time which could be spared from official duties has been cheerfully given to the preparation of this volume, in the hope that this and the other translations by the author, if of any value, may contribute to a better understanding of the Bible, and give some aid toward procuring a better version of it, which may gradually win its way into general use. The Introductions and Notes were designed chiefly for the use of readers unacquainted with the Hebrew language. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Reprint of the original, first published in 1867.

A New Translation of Job, Ecclesiastes and the Canticles

This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1880 Excerpt: ... NOTES ON JOB. I. In the first two chapters is contained a brief account of the excellent character and flourishing condition of Job;--of the afflictions decreed in heaven to be sent upon him, and the design of those afflictions, namely, to prove the disinterestedness and firmness of his integrity and piety--of the actual occurrence of these afflictions, and of Job's conduct under them;--and of the visit of three of his friends to mourn with him and comfort him. The character of this introduction, so far as it relates to the upper world, is thus given by Scott: "This is not history, but a piece of allegorical scenery. The noble instruction which it veileth is, that God governs the world by the instrumentality of second causes, that the evils of human life are under his direction, and that the afflictions of good men are appointed by him for the illustration of their virtue, and for advancing, by that means, the honor of religion." The learned Mr. Poole also observes: You must not think that these things were really done;... but it is only a parabolical representation of that great truth, that God, by his wise and holy providence, doth govern all the actions of men and devils to his own ends." Considered as a part of the whole work, the design of these chapters is to suggest the subject of discussion, and, in part, to illustrate it; and also to dispose the reader to a favorable opinion of Job See introduction, p. 18. Ch. LI.--Job. The most probable meaning of the name is persecuted, harassed. See Ges. ad verb. 3.--three thousand camels. The Arabs used these animals in war, in their caravans, and for food. One of their ancient poets, whose hospitality grew into a proverb, is reported to have killed yearly, in a certain month, ten camels every day, for the ...

A New Translation of Job, Ecclesiastes, and the Canticles, with Introductions, and Notes, Chietly Explanatory

Murphy sees three of the six books (Proverbs, Job, and Ecclesiastes) as being technically 'wisdom literature.' The others are either love poems or historical narrative that fit well within the context of the subject presented here. In this volume previous form-critical work is carefully evaluated, and the result is a thorough-going form-critical treatment of this part of the Old Testament. The work is enhanced by bibliographies for each Old Testament book and a glossary of general terms.

A New Translation of Job, Ecclesiastes and the Canticles

Among the Wisdom literature of the Old Testament, Proverbs, Ecclesiastes, and the Song of Solomon were all thought by the early church fathers to have derived from the hand of Solomon. To their minds the finest wisdom about the deeper issues of life prior to the time of God's taking human form in Jesus Christ was to be found in these books. As in all the Old Testament, they were quick to find types and intimations of Christ and his church that would make the ancient Word relevant to the Christians of their day. Of extant commentaries on Ecclesiastes none are so profound as the eight homilies of Gregory of Nyssa, even though they cover only the first three chapters of the book. Joining Gregory among those most frequently excerpted in this volume are Augustine, Ambrose, Gregory the Great, Origen, John Cassian, John Chrysostom, Athanasius, Bede the Venerable, and Jerome. Gregory of Nazianzus, Basil the Great, and Cyril of Jerusalem lead a cast of other less frequently cited fathers, and then there remains a large cast of supporting players, some of whose work is translated here into English for the first time. This Ancient Christian Commentary on Scripture volume offers a rich trove of wisdom on Wisdom for the enrichment of the church today.

A New Translation of Job, Ecclesiastes and the Canticles

An encyclopedic guide to the interpretation and understanding of biblical literature. Though written by members of the National Association of Baptist Professors of Religion, the 1,450 original entries by some 225 contributors are diverse in viewpoint and devoid of theological prescription. They're
