Studyguide for Organizational Behavior by Robbins, Stephen P., ISBN 9780136007173

Master organizational behavior concepts with this self-study book and become a leader of better management practices. After reading this book, you will be able to answer the following questions: What is organizational behavior? What are best practices for managing topics such as office politics, diversity, learning and development, and stress in the workforce? How do organizations develop and retain talent? How can an organization develop high performance work systems that maximize outcomes at all levels? What are the skills of an effective leader who creates a high-performance work culture? Like people, organizations have different personalities that are impacted by more than just the brand identity. **Organizational Behavior Essentials You Always Wanted To Know** covers dimensions of the relationships between an organization at the individual, group and overall organizational levels and their impact on one another. If you have ever questioned how organizations adapt to the changing demands of the twenty-first century, then **Organizational Behavior Essentials You Always Wanted To Know** is the resource you need. Theories in organizational behavior can help leadership determine how their organization should respond to the many conditions impacting the twenty-first century workforce, including new technologies, market conditions, natural disasters, labor shortages, among others. The book's structure moves seamlessly through every level of an organization as it explores the best practices for developing and retaining talent. Starting with the individual worker, the book explores the group dynamics of the workplace, how best to utilize human resources departments, and ultimately, how to be an effective leader in a high-performance workplace. This easy-to-read guide will help you put theory into practice. With chapter quizzes to reinforce concepts and a glossary of key terms, **Organizational Behavior Essentials You Always Wanted To Know** is a must have introductory guide for newcomers and a resource for seasoned professionals. About the Series The Self-Learning Management series is designed to help students, new managers, career switchers and entrepreneurs learn essential management lessons. This series is designed to address every aspect of business from HR to Finance to Marketing to Operations, be it any industry. Each book includes basic fundamentals, important concepts, standard and well-known principles as well as practical ways of application of the subject matter. The distinctiveness of the series lies in that all the relevant information is bundled in a compact form that is very easy to interpret.

Organizational Behavior with MyManagementLab, Global Edition

Psychologists have been fascinated by the world of work, and the changing relationship between people, technology and the workplace, since the onset of the industrial revolution. And in providing a complete and contemporary overview of this evolving and fascinating field, the new edition of Work and Organizational Psychology is the perfect textbook, outlining not only the key theoretical ideas, but also how they relate to the role of psychologists advising today's organizations. The only textbook to integrate the fields of HRM and organizational behaviour, the new edition is thoroughly revised to cover new technological advances such as virtual workplaces and virtual employees. In an era of rapid socio-economic change, there is also expanded coverage of the role of workplace diversity, employee commitment and globalization, as well as updated chapters on key concepts such as motivation, leadership, group behaviour and well-being at work. Also including a chapter on career development, the book is supported by a range of pedagogical features, spotlighting issues of theoretical, ethical or contemporary interest, whilst also enabling students to engage in active learning. Lucid and comprehensive, the second edition of Work and Organizational Psychology will be the cornerstone for any student of this dynamic field.

Essentials of Organizational Behavior, Student Value Edition

Situational Judgment Tests advances the science and practice of SJTs by promoting a theoretical framework, providing an understanding of best practices, and establishing a research agenda for years to come. Currently, there is no other source that provides such a comprehensive treatment of situational judgment testing. Key features of this book include: chapters rich with theoretical insights and future research possibilities; numerous implications for improving the practical applications of SJTs, which include not only SJT development and scoring, but also operational issues affecting test administration and interpretation; comprehensive summaries of published and unpublished SJT research; and chapters that address topics that are timely and current, such as issues involving the international application of SJTs and technological considerations. This text is relevant for academics, practitioners, and students of human resource management, organizational behavior, management, and industrial/organizational psychology. This book is new in SIOP's Organizational Frontiers Series, publications of the Society of Industrial and Organizational Psychology.

Organizational Behavior, Thirteenth Edition

In today's rapidly changing organizations, anything is possible. With the right personal skills and a strong foundation in research and theory, your students can shape their own future and the future of their organization. Now revised to address the recent changes in the workplace, Schermerhorn, Hunt, and Osborn's Organizational Behavior, Ninth Edition sets the context of the course within a framework of personal and organizational transformation, while retaining its solid base of theory and application. Reflecting the increasing demands of the global economy, advancements in technology, and the fallout from continuing ethics scandals, the new Ninth Edition prepares students to face the future workplace with confidence. Special features focus on Ethics and Social Responsibility, People and Technology, Culture and the Global Workforce, and Leaders on Leadership throughout the book. As in the previous edition, the Ninth Edition includes the integrated OB Skills Workbook with many Cases for Critical Thinking, Experiential Exercises, and Self-Assessments. The unique OB Skills Workbook at the end of the book includes: Cases for Critical Thinking, Experiential Exercises, and Self-Assessments. Features focusing on Ethics and Social Responsibility, People and Technology, Culture and the Global Workforce, and Leaders on Leadership highlight these key issues throughout the text. An Integrated Built-In Study Guide at the end of each chapter includes three components to help students consolidate their learning and prepare for quizzes and exams. Effective Manager boxes, which are integrated throughout the text, help ground OB concepts and theories in practical tips and applications. Annotated margin photos provide additional real-world examples of OB in practice. Chapter self-tests serve as built-in study guides, offering multiple-choice, true-false, short response, and applications essay questions. Organizational Behavior

For undergraduate and graduate courses in organizational behavior. The world's most successful organizational behavior text Revel(R) Organizational Behavior provides the information you want, in the language your students understand. Reflecting the most recent research and events within the field of OB, the 19th Edition continues its hallmark focus on clear writing, cutting-edge content, and intuitive pedagogy. There's a reason why Robbins and Judge's OB textbooks have educated millions of students and have been translated into 20 languages: because of a commitment to provide engaging, cutting-edge material that helps students understand and connect with this important field of study. Hallmark features of this title Career-focused resources help students develop the skills today's employers are looking for An Employability Skills Matrix in each chapter shows the professional relevance of specific pieces of chapter content and text features. Current, real-world examples help readers understand how to apply OB concepts Each chapter opens with a real company example that demonstrates the topics that will be covered. Profiles of real company leaders throughout the text illustrate how course concepts have helped their success. Photos and captions link the chapter content to contemporary real-life worldwide situations. New and updated features of this title Content reflects the most current developments in OB research NEW and UPDATED: The new edition features over 800 new examples and references that emphasize diversity, equity, and inclusion; COVID-19 and crisis management; remote work and telecommuting; and much more. REVISED: Chapters on Diversity, Equity, and Inclusion, Communication, Culture and Change, and Stress and Health present cutting-edge perspectives on these important topics (Chapters 2, 11, 16, and 18). NEW and UPDATED: Point-Counterpoint, An Ethical Choice, and Myth or Science? expand students' learning. NEW: Toward a Better World features highlight social responsibility, justice, and ethics issues facing organizations today. NEW and UPDATED: OB Polls highlight current statistics that challenge common assumptions. Assessments test students' knowledge NEW: Assignable Personal Inventory Assessments allow students to personally reflect on topics related to key chapter concepts. Available only in Revel. NEW and UPDATED: End-of-chapter material, including Experiential Activities, Ethical Dilemmas, Cases, and Questions for Review, has been substantially revised. Features of Revel for the 19th Edition Video and Podcast Assignments include current clips from popular sources (such as TED Talks, PBS, and Bloomberg) and are accompanied by 2 to 3 multiple-choice questions. Case Study Assignments allow students to read a brief, engaging text-based case study and submit a written response to their instructor. Video Case Study Assignments feature a current video clip for students to analyze and an accompanying writing assignment for them to complete. Mini-Simulations emphasize problem solving and critical thinking, allowing students to apply the concepts they have learned in the chapter to actual real-life business situations. Quizzes at the end of each Learning Objective section serve as important concept checks for students.
