The red-cross knights. A play. Founded on The robbers of Schiller

Sorely used by Fate, the Redcross Knight and his Lady Una must quest against evil wizards, dark sorceress', pagan knights, and monstrous beasts. Fighting to be reunited, only the grace of God can hope to save her kingdom and regain his honor. Stand witness to their trials in Book One of this prose adaptation of Edmund Spenser's epic poem the Faeire Queene.

The Legend of the Knight of the Red Cross

The retelling, in novella form, of the epic poem by Edmund Spenser. Queen Gloriana ruled over a magnificent land, a rich and beautiful country. In her court she had 12 chief knights. Each of her 12 chief knights was known as the Champion of some virtue. Thus Sir Guyon was the representative of Temperance, Sir Artegall of Justice, Sir Calidore of Courtesy, and others took up the cause of Friendship, Constancy, and so on. During a great feast, which lasted 12 days, a stranger in poor clothes came to the court, and, falling before the Queen, begged a favour of her. It was always the custom at these feasts that the Queen should refuse nothing that was asked, so she bade the stranger say what it was he wished. Then he besought that, if any cause arose which called for knightly aid, the adventure might be entrusted to him. When the Queen had given her promise he stood quietly on one side. Soon after this there rode into the city a fair lady on a white ass. Behind her came her servant, a dwarf, leading a warlike horse that bore the armour of a knight. The face of the lady was lovely, but it was very sorrowful. Making her way to the palace, she fell before Queen Gloriana, and implored her help. She said that her name was Una; she was the daughter of a king and queen who formerly ruled over a mighty country; but, many years ago, a huge dragon came and wasted all the land, and shut the king and queen up in a brazen castle, from which they might never come out. The Lady Una therefore besought Queen Gloriana to grant her one of her knights to fight and kill this terrible dragon. Then the stranger sprang forward, and reminded the Queen of the promise she had given. At first she was unwilling to consent, for the Knight was young. However, the Queen kept her word and consented. He was given an old suit of armour upon which was a red cross, and was quickly named the Red Cross Knight. So the stranger and Una rode forth into the world together, while a little way behind followed their faithful attendant, Prudence. And now you shall hear some of the adventures that befell the Red Cross Knight and his two companions.

The Knights of the Red Cross

Look into a world of knights, magicians, ladies and witches. This retelling of St. George and the dragon retains its roots in the archaic past, but is written to be accessible to contemporary audiences. Follow the Red Cross Knight as he journeys to Una's home world, across barren landscapes, through magnificent palaces, and rank dungeons. The world outside of castle walls is full of duplicity and danger. Can the three friends survive on their adventure?

The Tale of the Red Cross Knight

An Equal Burden is the first scholarly study of the Army Medical Services in the First World War to focus on the roles and experiences of the men of the Royal Army Medical Corps (RAMC). Though they were not professional medical caregivers, they were called upon to provide urgent medical care and, as non-combatants, were forbidden from carrying weapons. Their role in the war effort was quite unique and warranting of further study. Structured both chronologically and thematically, An Equal Burden examines the work that RAMC rankers undertook and its importance to the running of the chain of medical evacuation. It additionally explores the gendered status of these men within the medical, military, and cultural hierarchies of a society engaged in total war. Through close readings of official documents, personal papers, and cultural representations, Meyer argues that the ranks of the RAMC formed a space in which non-commissioned servicemen, through their many roles, defined and redefined medical caregiving as men's work in wartime.

Under the Red Cross Flag at Home and Abroad

Philip d'Aubigny is a young knight in the kingdom of Outremer and can't wait to prove himself. His chance comes when he rides into battle to defend his home from attack by Saracen leader, Saladin and his army. But after a disastrous campaign, Philip is taken prisoner by the Turks and must work as a servant-and all the while he is plotting his escape. At last his opportunity arrives and Philip flees, joining Richard the Lionheart in his victorious Third Crusade before finally travelling to Britain to claim his family's estate. Only when he arrives, he finds he must once again go into battle . . . This exciting tale has captured the hearts and imaginations of young readers for many years and was the winner of the prestigious Carnegie Medal. This edition features the original black and white illustrations throughout which perfectly evoke the atmosphere of the story.

The Story of the Red Cross

Excerpt from Statutes of the Imperial, Ecclesiastical, Military and Masonic Order: Of the Knights of the Red Cross of Constantine and Appendant Orders of the Grand Council of the State of Pennsylvania The Order of the Red Cross is one of those numerous branches of Chivalry which had their origin in the holy Wars, and the distinction worn by its Knights was the original badge of the Crusaders in general. As this Order never was endowed with particular revenues, its members were for the most part persons of independent condition, or associated with one of the great Sovereign Orders of the Temple, or St. John of Jerusalem. Stories from the Faerie Queene

This is a biography of Vera Deakin, daughter of the Prime Minister Alfred Deakin, focussing on her work with the Australian Red Cross. At the outbreak of war she gave up her musical studies to initiate the Wounded and Missing Inquiry Bureau of the Red Cross in Cairo and later in London. After the War she championed the needs of limbless veterans. During the Second World War Vera undertook similar work in Melbourne for the Red Cross. She was also involved in other Melbourne charities and welfare bodies, including the Children's hospital and Yooralla.

This is an official ritual book of the Red Cross of Constantine, also known as the Masonic and Military Order of the Red Cross of Constantine and the Appendant Orders of the Holy Sepulchre and of St. John the Evangelist. This book contains the rite of the College of Priests-Mason.

The Red Cross Knights

Reprint of the original, first published in 1874.

Brief on Historical Use of the Symbol and Words red Cross.

A comprehensive encyclopedia of characters, places, objects, and themes found in the legends of King Arthur and the Knights of the Round table. Draws from all significant source between Gildas' De Excidio Britanniae written about 540 AD and Tennyson's 19th-century Idylls of the King, including versions from throughout Europe. The entries range from a short identifying sentence to nearly ten pages for the king himself. Each is referenced to a source, which are presented in a endtable showing author and tit date, form, and lingua description; keywords from the entries; and recent editions, a vital bit of information such references usually neglect. The cross-referencing is fairly good, often done as a full entry identifying a name as a variant of another, so the lack of an index is not a problem. Distributed in the US by Taylor and Francis.
