Undeniable Hunger [Montana Double Riders 6] (Siren Publishing Menage Everlasting)

"MISHA I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com

Hal Wallis (1898-1986) might not be as well known as David O. Selznick or Samuel Goldwyn, but the films he produced—*Casablanca*, *Jezebel*, *Now, Voyager*, *The Life of Emile Zola*, *Becket*, *True Grit*, and many other classics (as well as scores of Elvis movies)—have certainly endured. As producer of numerous films, Wallis made an indelible mark on the course of America's film industry, but his contributions are often overlooked. Bernard Dick offers the first comprehensive assessment of the producer's incredible career. A former office boy and salesman, Wallis first engaged with the film business as the manager of a Los Angeles movie theater in 1922. He attracted the notice of the Warner brothers, who hired him as a publicity assistant. Within three months he was director of the department, and appointments to studio manager and production executive quickly followed. Wallis went on to oversee dozens of productions and formed his own production company in 1944. Dick draws on numerous sources such as Wallis's personal production files and exclusive interviews with many of his contemporaries to finally tell the full story of his illustrious career. Dick combines his knowledge of behind-the-scenes Hollywood with fascinating anecdotes to create a portrait of one of Hollywood's early power players.

At the age of ten, when Martin Amis spent a year in Princeton, New Jersey, he was excited and frightened by America. As an adult he has approached that confusing country from many arresting angles, and interviewed its literati, filmmakers, thinkers, opinion makers, leaders and crackpots with characteristic discernment and wit. Included in a gallery of Great American Novelists are Norman Mailer, Gore Vidal, Truman Capote, Joseph Heller, William Burroughs, Kurt Vonnegut, John Updike, Paul Theroux, Philip Roth and Saul Bellow. Amis also takes us to Dallas, where presidential candidate Ronald Reagan is attempting to liaise with born-again Christians. We glimpse the beau monde of Palm Beach, where each couple tries to out-Gatsby the other, and examine the case of Claus von Bulow. Steven Spielberg gets a visit, as does Brian de Palma, whom Amis asks why his films make no sense, and Hugh Hefner's sybaritic fortress and sanitised image are penetrated. There can be little that escapes the eye of Martin Amis when his curiosity leads him to a subject, and America has found in him a superlative chronicler.

The Moronic Inferno

Poet, critic, and hybrid-genre artist Johnson tracks the use of trouble in word, concept, and practice in this debut of brief, elliptical, lyric essays. He moves through a wide swath of 20th- and 21st-century music, always alert to a sense of melancholy shared among songwriters, their songs, and their listeners in the ever-growing web of popular music. "When we say 'trouble,' we refer to the history of trouble whether or not we have it in mind. When we sing trouble, we sing (with) history," Johnson writes. "A Trouble Song is a complaint, a grievance, an aside, a come-on, a confession, an admission, a resignation, a plea. It's an invitation-to sorrow." The effect of all this trouble is dizzying. Highly annotated-often to personal, humorous, and hidden effects-the book weaves among genres, chronologies, and various forms of trouble to ask "Where are we in song? Who are we in song?" Johnson suggests that an answer lies somewhere in the locus of singer, song, and listener-the "essential relations in the Trouble Song." Detouring into philosophy, cultural theory, and verse, Johnson works multilaterally to explore what trouble in popular music does to connect listeners, embolden them, and open a space from which trouble can be addressed across time.

The challenging and exciting life of James Henry Breasted spanned the most important years of the early western exploration of ancient Egypt. He was at the center of turbulent and world-changing events, including World War I and the discovery of the tomb of Tutankhamun by Howard Carter. An immensely talented scholar, he explored the Nile Valley and its antiquities in the late 19th and early 20th centuries, recording inscriptions and participating in digs with men like Petrie. At his side was his wife, as well as his son Charles, who wrote this admiring work about the life and times of his father. James Breasted was consulted with by such men as General Allenby during WWI. When Howard Carter discovered Tut's tomb in 1922, one of the first men he and his patron, Lord Carnarvon, contacted was Breasted. He not only saw the tomb shortly after its discovery, his effort to mediate between Carter and the Egyptian government when Carter was later locked out of the tomb is detailed here. You cannot understand ancient Egypt or modern Egyptology without knowing about Breasted's remarkable life. He was the founder of the Oriental Institute at the University of Chicago. Pioneer to the Past (Abridged, Annotated)

Charles Bernstein has described conceptual "poetry pregnant with thought." Against Expression, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts, information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language. --Book Jacket.

Against Expression

What did it mean to be a 'rebel woman' in the interwar years? Taking the form of a multiple biography, this book traces the struggles, passions and achievements of a set of 'fearlessly determined' women who stopped at nothing to make their mark in the traditionally masculine environments of mountaineering, politics, engineering and journalism. From the motorist Claudia Parsons to the 'star' reporter Margaret Lane, the mountaineer Dorothy Pilley and the journalist Shiela Grant Duff, the women charted in this book challenged the status quo in all walks of life, alongside writing vivid, eye-witness accounts of their adventures. Recovering their voices across a range of texts including novels, poems, journalism and diaries, *Rebel women between the wars* reveals their inch by inch gains won through courageous and sometimes controversial and dangerous actions.

Rebel women between the wars

The dialectic of light and darkness studied in this collection of essays reveals itself as a primal factor of life as well as the essential element of the specifically human world. From its borderline position between physis and psyche, natural growth and techne, bios and ethos, it functions as the essential factor in all the sectors of life at large. We see its crucial role in all sectors of life while, prompted by man's creative imagination, it enhances and spurs his vital as well as societal and spiritual life. This rare collection contains studies by Thomas Ryba, Krystina Górniak-Kocikowska, Lois Oppenheim, Sydney Feshback, Eldon van Lieve, Sitansu Ray, Theodore Litman, Peter Morgan, Colette Michael,

Christopher Lalonde, L. Findlay, Christopher Eykman, Beverly Schlack Randles, Jorge García-Gómez, William Haney, Sherilyn Abdoo, David Brottman, Alan Pratt, Hans Rudnick, George Scheper, Freema Gottlieb, Marlies Kronegger.

The Elemental Dialectic of Light and Darkness

The Internet revolution has come. Some say it has gone. In *The Future of Ideas*, Lawrence Lessig explains how the revolution has produced a counterrevolution of potentially devastating power and effect. Creativity once flourished because the Net protected a commons on which widest range of innovators could experiment. But now, manipulating the law for their own purposes, corporations have established themselves as virtual gatekeepers of the Net while Congress, in the pockets of media magnates, has rewritten copyright and patent laws to stifle creativity and progress. Lessig weaves the history of technology and its relevant laws to make a lucid and accessible case to protect the sanctity of intellectual freedom. He shows how the door to a future of ideas is being shut just as technology is creating extraordinary possibilities that have implications for all of us. Vital, eloquent, judicious and forthright, *The Future of Ideas* is a call to arms that we can ill afford to ignore.

The Future of Ideas

Tracing the development of the Moog synthesizer from its initial conception to its ascension to stardom in 'Switched-on Bach', this text conveys the consequences of a technology that would provide the soundtrack for a chapter in cultural history.

Lady Grace Ryburn, the daughter of the Duke and Duchess of Ashbrook, has fallen wildly in love with Colin Barry, a dashing young lieutenant serving his country in the Royal Navy. With This Kiss: Part One

"Sergei Eisenstein (1898-1948), creator of such masterpieces as *Battleship Potemkin*, *Alexander Nevsky* and *Ivan the Terrible*, was perhaps the greatest of all film directors. He wrote his autobiography in 1946, two years before his death, and it is a work of major importance in the light it sheds on his personality and mercurial genius. Vivid, eccentric and free-ranging, *Immoral Memories* is written in a style reminiscent of the brilliant visual effects of montage and dynamic progression that characterize its author's film-making technique. He recounts his life in Russia from the time of the Revolution, during which he served in the Bolshevik army as a volunteer, his travels in the West and his encounters with a remarkable medley of individuals during his long career. He gives us unique insights, too, into his triumphs and tribulations. His disappointments and despair were exemplified by the banning of the film *Ivan the Terrible, Part II*, which was not released until fifteen years after his death. And he never expected his autobiography to be published in Russia. Yet in answer to his query "Has there been life" he replied that there had been "life lived acutely, joyously, tormentedly, at times even sparkling, unquestionably colourful, and such a life that, I suppose, I would not exchange for another"---Publisher's description.

Immoral Memories

Anna Akhmatova (1889–1966), one of twentieth-century Russia's greatest poets, was viewed as a dangerous element by post-Revolution authorities. One of the few unrepentant poets to survive the Bolshevik revolution and subsequent Stalinist purges, she set for herself the artistic task of preserving the memory of pre-Revolutionary cultural heritage and of those who had been silenced. This book presents Nancy K. Anderson's superb translations of three of Akhmatova's most important poems: *Requiem*, a commemoration of the victims of Stalin's Terror; *The Way of All the Earth*, a work to which the poet returned repeatedly over the last quarter-century of her life and which combines Old Russian motifs with the modernist search for a lost past; and *Poem Without a Hero*, widely admired as the poet's magnum opus. Each poem is accompanied by extensive commentary. The complex and allusive *Poem Without a Hero* is also provided with an extensive critical commentary that draws on the poet's

manuscripts and private notebooks. Anderson offers relevant facts about the poet's life and an overview of the political and cultural forces that shaped her work. The resulting volume enables English-language readers to gain a deeper level of understanding of Akhmatova's poems and how and why they were created.
