Magic of Healing

We all live inside a miracle machine -- our body is truly a wonder of creation. Its exceptional ability to heal itself from disease is simply amazing. It is the body that maintains our sense of harmony, but all too often it is hindered in its task by questionable modern medical treatments. Healing is a way of transferring natural energies and is an ability we all have within us. We only need to practise the techniques described in this book to bring about remarkable results. Spiritual healing taps into the life force we all possess. Whenever you lay your hands on another person, with good intent you are performing a kind of healing. In this book, Richard Lawrence, widely regarded as one of the world's foremost experts on healing and spiritual development, presents a comprehensive guide to how anyone can tap into their innate powers to bring about natural and spiritual healing. He presents a healing technique devised by his personal teacher, the late master of yoga Dr George King, that is simple to learn, safe to use and has no side-effects.

Magic of Healing

The natural, supernatural, physical, and paranormal aspects of life are all interconnected. Explaining how to make the most of these connections, Richard Lawrence, the world's leading psychic and paranormal expert, presents a comprehensive guide to how you can tap into your psychic powers to bring about your own natural and supernatural healing.

Healing Magic

BACK COVER OF BOOK Learn to heal yourself and others. Are You a Healer? Everyone has the ability to heal but most people do not pay attention to this wondrous skill. To heal with energy is to believe the spiritual truism that energy comes first and all else stems from it. Most people believe in the world that they see with their eyes but not the internal world that they feel with their hearts and spirit. It is your energy that creates who you are and what happens to you. Who can be a healer? Everyone is a healer. All of us are Light Beings. Each one of us holds the magical key of reaching the healer within, the part of you that is whole and always in touch with the oneness of the universe, which is what we call your Higher Self. Healing is the art of bringing a person's energy back to a true balance. We all have the ability to heal ourselves, and others. Energetic Healing introduces you to the skills of being able to diagnose to heal; to understand the nature of Karma and Free Will; to heal without taking on the other person's pain, energy or problem; and to heal from a place of neutral cosmic love. Healing is a very powerful skill. It is the type of skill you will get to practice more than any other skill since people seem always to be encountering one healing problem or another in life! You do not have to become a professional Healer or a full time healer to practice the art of healing. There is always some type of healing to be done. Sometimes it is a healing of a physical problem but it can also be a healing of an emotional, mental or spiritual nature too. What the Healer learns from Healing: Healing is the ability to change or shift energy. If you can shift your own energy or someone else's to heal yourself of a physical problem you can also shift your energy to "heal" yourself of an emotional, mental, financial or spiritual problem too. Many people study Energetic Medicine, and go on in life to use these skills to improve their financial situation, to create better relationships with spouses and family members, to change outmoded, rigid or stuck ways of thinking, to clear old emotional patterns and feelings and to release physical pain and trauma in their bodies. Energetic Medicine is the art of moving energy. Once you understand that "energy" comes first and is the cause of all of your experiences you can use your skills to move the energy and learn to create your own reality. The author, Levanah Shell Bdolak, has taught this form of energy healing for thirty years, In this book she gives you step by step instructions to practice energetic healing as if you are attending a class in person.

Be Your Own Shaman

You might not realise it, but just about everyone is a natural-born healer! In fact, you probably already have some of the paranormal abilities related to this gift. This book takes you on a journey into the esoteric world of healing.

Be Your Own Shaman

This fascinating book takes you on a one-of-a-kind journey into the esoteric world of healing. You might not realize it, but just about everyone is a natural-born healer! In fact, you probably already have some of the paranormal abilities related to this gift. For example, you may know who's calling before you answer the phone, or be able to sense what others are thinking or feeling. But you can further develop your inner talents and become your own shaman, capable of healing whatever ails you and effecting change in someone else's energy field and body. In Master Healer Deborah King's uniquely informative work, you will learn both Eastern and Western concepts and techniques from the earliest recorded healing practices some 5,000 years ago all the way up to modern times with John of God in Brazil and King's own powerful cutting-edge approach. You'll find out how to protect yourself from psychic attack, and how to get beyond any limiting beliefs you may hold. Self-knowledge leading to self-mastery is the ultimate quest, the pivotal adventure of a lifetime. Become the person you always knew you could be by taking this magical tour into the heart of healing!

Energy Healing for Christians

Energy healing has been around since the time of the Buddha but became increasingly popular during the 1980s when it got the attention of scientists, physiologists, and sociologists. There's a divide between all three professions on whether energy healing is truly beneficial. However, according to a 2004 survey, 72 percent of Americans believe that energy healing via divine intervention can cure any disease, even if it is non-curable, which simply put means that if you truly believe in God, you can be cured of any lethal disease or permanent disability. When the world closes all doors in your life, and you have nowhere to go but to turn to God to make sense of your situation, and life generally, it doesn't just strengthen your spiritual belief but allows you to understand things on a deeper level. Spiritual healing is not just a part of Christian religious practices, but it's a journey that allows man to explore himself spiritually, to heal himself of his worries and shortcomings, and to find out how our energies are interlinked with nature, the universe and the cosmos. When you see that you can use this energy to heal yourself; to visualize where the negative energy is coming from and whether it is caused because of physical reasons, spiritual or emotional, you will be amazed. The use of energy healing encourages people to put full faith and trust in themselves and their bodies. This way, they are required to assume some redemptive postures which are believed to initiate God's healing since all healing is from God, according to The New Testament. Every healing, even medical healing, is considered to come from God because God created it and willed it to heal is. As it is said in James 1:17, 'Every good thing is given, and every perfect gift is from above, coming down from the Father of lights, with whom there is no variation or shifting shadow.' God is considered to be the bearer of all gifts. But that doesn't make energy healing a godly activity but simply a pathway to connect with God and cause healing. This book will talk about Energy healing or, more specifically, faith healing in a detailed manner. What you'll learn in this book: -The basics of Energy healing -The energy in the Bible-Jesus as a model of healing -The sacred 5 of the Christian Tradition and energy healing-Positive energy power: Prayer-Why should Christians use EFT?-Techniques for energy healing-Saying a Mantra or Protection PrayerThe positive stories rendered by energy healing continue to grow, and thus more and more people are intrigued to learn about it. With the help of this eBook, you can become aware of all the do's, don'ts, and types of energy healing too. So what are you waiting for? Read on! Happy Reading!

Shaman, Healer, Sage

Alberto Villoldo, a classically trained medical anthropologist, has studied shamanic healing techniques among the descendants of the ancient Inkas for more than twenty years. In *Shaman, Healer, Sage*, he draws on his vast body of knowledge to create a practical and revolutionary program based on the traditional healing methods used by these shamans -- methods that, until now, have been inaccessible to most of the world. Villoldo explains that central to shamanic healing is the concept of the Luminous Energy Field that is believed to surround our material bodies. His book teaches us to see and influence the imprints that disease leaves on this field and thereby to heal ourselves and others, as well as prevent illness. Villoldo weaves wonderful teaching stories throughout about the healing power of the energy medicine of the Americas. In one story, Villoldo comes down with pneumonia while in

Peru. When antibiotics fail to control the infection, his mentor, the shaman Don Antonio, uses the process of Illumination to remove the toxins that had invaded Villoldo's body. These same shamanic techniques later allowed Villoldo to remove stagnant energy from a young woman whose marriage was suffering due to her past experience with abandonment. With the aid of shamanic work, the woman regained her trust in others, and her marriage was revitalized. This book is rich with ancient wisdom and contemporary techniques we can use to help ourselves and others, as well as with the more advanced methods of master shamans, which are being brought to a wide audience for the first time.

Magical Healing

"Magical Healing" is a plain, simple, practical presentation of a mental system of healing you can use to heal yourself and others by the power of your directed will, without the use of any substance or agent and even at great distances. Magical healing is based on natural laws. It is the effect of the manipulation of subtle forces, which are a natural part of our environment. This energy can be magnified and manipulated to heal the chakra system as well as organs and systems of the physical body. The reader who applies the information in this book should be able to do things that appear miraculous to some. Furthermore, learning magical healing will ultimately increase your ability to perform other types of magic.

Heal Yourself--Heal the World

Deborah King, spiritual leader and New York Times bestselling author of *Be Your Own Shaman*, inspires and teaches her proven method of LifeForce Energy Healing in this definitive and accessible book that will forever change the way you connect to your energy. What's standing between you and the life you were meant to lead? The answer lies in your energy field and how you manage it. When our energy pathways are blocked by suppressed feelings, pain, and trauma, we weaken both our personal and universal energy fields, hindering our ability to live our best lives. LifeForce Energy has its origins in the living force that Hindus call prana, the Chinese call chi, and the Japanese call qi. This primal force is connected to your spirit as well as to your physical, emotional, and mental self. It is, in fact, the substance of spirit, what Master energy healer Deborah King calls "LifeForce energy." Now, using the simple techniques and powerful teachings in *Heal Yourself—Heal the World*, you can finally clear past trauma from your energy field, connect with authentic emotions, and clear, charge, and re-balance your chakras. Within *Heal Yourself—Heal the World* you will be able to explore the origins and benefits of energy healing as well as learn self-healing practices and techniques, moving you from basic concepts to hands-on learning to, ultimately, whole world healing.

Well, you might have to reconsider everything you’ve read up until now about conventional healing. The new frequencies of healing described by Dr. Pearl transcend technique entirely and bring you to levels beyond those previously accessible to anyone, anywhere. This book takes you on Eric Pearl’s journey from the discovery of his ability to heal, to his well-deserved reputation as the instrument through which this process is being introduced to the world. But most important, The Reconnection reveals methods you can use to personally master these new healing energies.
