## Staying Sane

How often do we hear ourselves say, I can't cope, I'm going mad, I'm losing my mind? Despite the wall-to-wall advice on offer to us today, how often do we struggle to maintain a healthy mental attitude in the face of seemingly endless pressure? No

## Mind-reading and Beyond

What do you do when an ill-mannered grump stands in the way of your best friend's happiness? Straight-laced Emmie has the perfect solution: Distraction, play dumb and a lot of fake support calls. Easy-peasy. There's only one downside: Emmie has to put herself directly in the line of the fire, making Jake turn his attention to the shy termagant ruining his day. But what happens when Jake sees through her shenanigans and decides it's payback time? Particularly when he turns his revenge into a sexual battle, leaving Emmie so hot and bothered that she can't see straight. Still, losing is never an option. Even if Emmie must step out of her comfort zone and use every dirty trick she can think of. But in the end, will she be able to tame the beast – or will he tame her? ————— “Taming the Grump - Book 4” is a steamy hot Enemies to Lovers Erotic Romance. Explicit sex scenes, no cheating. NOTE 1: This book is the fourth book in a series. It ends with a cliffhanger. No happily ever after (yet). NOTE 2: Explicit content. For adults only. Themes: Protector, Enemies to lovers, Happily ever after, Opposites attract, Wallflower, Grumpy, Alpha male, Fling, Love triangle, Unrequited love, Relationship coach, Last to know, Disguise, Revenge Note: This is an extended and edited version of a previously published story, “Seduction”. ————— Excerpt: While Emmie sat in Jake's car a few hours later, she thought about her new discovery. She gave him a sidelong glance as he concentrated on driving out of the parking lot. “You're awfully quiet today. Is something wrong?” Jake asked. He was too astute. “No, nothing,” Emmie said quickly. “Just a little tired, that's all.” He gave her a quick glance. “Anything you want to share?” “No, I was just thinking.” “About us?” He was a mind reader. How could he stay one step ahead of her all the time? “No, it's just a task that I have,” she lied easily. The wound was still fresh and open. She didn't want to add to the pain. It was better to let the matter rest and try to enjoy her time with him. It would probably not last long, so why waste time figuring out what he felt or not. It wasn't his fault that she probably felt stronger about him than he did about her. What could she do if he couldn't return her feelings? Absolutely nothing. She didn't want him to lie and tell her he loved her if he didn't feel that way. Maybe it was better not to know when the truth could hurt her so much. —————

## Taming the Grump - Book 4

Aeon is a world of concentrated magic. Some have tried to claim it. Their debts are coming due. Step through the gates to a new world of magic. In Aeon, powers are perilous. Wisdom is scarce. Fear is ever present. And love still wins. \*\*\*This second collection includes the final three novels in the Aeon Society fantasy romance series: Beyond the Walls, Forged Alchemy, and Tested Virtues. \*\*\* Follow Rush and Samuel Beyond the Walls... She's more worried about the ticking time bombs hidden in her tower room upstairs. What she can't handle is Samuel's prying. He thinks because they're both from Bedrock he knows her. But he can't guess the first thing about her, and she never invited the nosy, insufferable man-child to meddle. Rush has a secret. Samuel has spent the last several months trying to ferret out what she's hiding. He doesn't want her to get hurt living up to her nickname. He'd offer help if she'd let him get a word in edgewise. If she'd answer a question or two about what brought her to Aeon. But Rush doesn't want his help. And she's not interested in playing by Aeon Society rules. When he finds her outside the walls, and with the Adepts after her no less, he's done asking permission. Whatever she's up to, he's honor bound to protect her. Assuming he can catch up to her first.

#### The Mind Reader

A mysterious invention causes mayhem in a coastal English village—from “my very favourite of the four Queens of Crime” (J. K. Rowling). The ancient hamlet of Saltey, once the haunt of smugglers, now hides a secret rich and mysterious enough to trap all who enter . . . and someone in town is willing to terrorize, murder, and raise the very devil to keep that secret to themselves. When a transistor thought to be the key to telepathic communication is found, Albert Campion is called to sort fact from fiction. But the device at the center of the mystery is in the possession of two schoolboys, and whether they stole it or invented it, there are others who will kill to get hold of it. “Allingham has a strong, well controlled sense of humour, a power of suggesting character with a few touches and an excellent English style. She has a sense of the fantastic, and is never dull” —Times Literary Supplement

From the INTRODUCTION. I doubt whether I shall ever forget the first time I saw Robert Heller, charming entertainer. It was sometime in the early sixties, at the Chinese Assembly Rooms, New York, his first appearance, an invitation to the press. He was almost unheard of. His advance agent, John Hall Wilton, who brought Anderson, the Wizard of the North, to this country, believing that Heller would make a more favorable impression as a Frenchman, persuaded him, clever mimic that he was, to affect a foreign accent. This he did for a while, but soon gave it up on the plea that he had been long enough in the country to learn the language. His opening tricks were nothing surprising, but when he reached his Second Sight, which was then new, at least to our people, his reputation was made. His audience was made up, in great part, of bright newspaper men, who set their wits to work to solve the secret of that clever trick....

A Roadmap for Couple Therapy offers a comprehensive, flexible, and user-friendly template for conducting couple therapy. Grounded in an in-depth review of the clinical and research literature, and drawing on the author's 40-plus years of experience, it describes the three main approaches to conceptualizing couple distress and treatment—systemic, psychodynamic, and behavioral—and shows how they can be integrated into a model that draws on the best of each. Unlike multi-authored texts in which each chapter presents a distinct brand of couple therapy, this book simultaneously engages multiple viewpoints and synthesizes them into a coherent model. Covering fundamentals and advanced techniques, it speaks to both beginning therapists and experienced clinicians. Therapists will find A Roadmap for Couple Therapy an invaluable resource as they help distressed couples repair and revitalize their relationships.
