(Season 3 Flip Up Recap) by Tech YES City 27,198 views 1 day ago 34 minutes - Flipping up from \$100 to an RTX 4090 I came into some problems, things I regret doing, and things that were done really well.

This was a crucial mistake on buying this "gaming pc" for \$100.

Older used radeon cards....

Just because something is free doesn't mean it's bad... Also this GTX 970 PC actually did come back with a 'problem'

What I learned about my second time being hosed on a used Radeon Card. And a discount on a 1650 means I can turn a bad situation into a good one.

RTX 2080 Ti vs RTX 3070, similar price but huge perceived difference on the market. When to sell Setups and not.

Changing gears to adapt to a different environment.

USED power supplies and the negative stigma, the secret thunder that charges Tech YES City

Broken Ryzen pins and a unique situation regarding particular B450 Motherboards

Though a bad seller's market means you can upgrade your PC for much cheaper too! The RTX 4090 thought train.

We Don't Really Understand the Significance of that like What Happens in the Story of Adam and Eve Is that that's that Realization Not Coming to the Knowledge of Good and Evil Is Actually Represented as a Shift of Cosmic Significance Right It Puts a It Puts a Permanent Fracture in the Structure of Being and You Know if You Think of Human Beings as Insignificant Ants on a Tiny Dust Mote in the Middle of an Infinite Cosmos Cosmos That Cares Less for Us Then Who Cares Fundamentally if Human Beings Have the Knowledge To Distinguish between Good and Evil but if You Give Consciousness a Central Role in Being and You Can Make a Perfectly Reasonable Case for that because without Consciousness There's no Being As Far as Anyone Can Determine so It May Be Much More Central than We Think and

But It Seems to Me that People Experience Life as Something like a Series of Crucial Ethical Decisions It's Something like that I Mean When I Just Can't Imagine Maybe I'M Being Naive about this but I Can't Imagine that I Can't Imagine another Being That's like Me In in Most Senses That Isn't Constantly Wrestling in some Sense with What the Next Proper Thing To Do Is It's Not like It's Obvious It's Not Bloody Obvious and It Doesn't Mean You'LI Do the Right Thing because You Don't Law Lots of Times and You Know that by Your Own Judgement Right because You'Re Making Mistakes All the Time

That Isn't Constantly Wrestling in some Sense with What the Next Proper Thing To Do Is It's Not like It's Obvious It's Not Bloody Obvious and It Doesn't Mean You'll Do the Right Thing because You Don't Law Lots of Times and You Know that by Your Own Judgement Right because You're Making Mistakes All the Time Sometimes You Don't Know What You're Doing and Maybe It's a Mistake and Maybe It Isn't and Who's To Say that Isn't What I'M Talking and What I'M Talking about When You Know that What You're Doing Is Wrong and You Go Ahead and Do It Anyways

And I Don't Think that's How We Actually Experience Life I Think What We Do Instead Is Put Ourselves through a Series of Excruciating Moral Choices You Know When One of the Things That that's Really Significant about the Biblical Stories and I Think about the the Entire Implicit Philosophy You Know that's Embedded in the Stories Is that that's How Life Is Presented In in the Stories Is all of these Individuals First They're Individuals-Not Groups and Second They're Agonizing over Their Moral Choices All the Time All the Time and They Have a Relationship with God and but It's Not a It's Not a Directive Relationship Exactly Even for the People to Whom God Speaks Directly Which I Suspect Is Not Something You'd Exactly Want To Have Happen

First They're Individuals-Not Groups and Second They're Agonizing over Their Moral Choices All the Time All the Time and They Have a Relationship with God and but It's Not a It's Not a Directive Relationship Exactly Even for the People to Whom God Speaks Directly Which I Suspect Is Not Something You'd Exactly Want To Have Happen Is It's There's Still Even the Fact that They Have a Direct Relationship with God Doesn't Stop Them from Being Tormented Continually by Their Moral Choices and so the World Is Presented as a Moral Landscape Not as a Not as a Place That Justifies Itself by Happiness It's Presented as a Moral Landscape

And that Seems to Me To Be Right and that's Not a That's Not the Same as Happiness by any Stretch of the Imagination It's a Whole Different Category of Being and You Know and Then I Thought that through a Lot and I Think Well We Do Make Choices and What We Do Is Contend with the Future You Know and that the Future Seems To Appear to Us as a Realm of Possibility That's a More Accurate Way of Thinking about It Then Then that the Future Presents Itself to It to Us as a Realm of Determined Things It's It's Presents Itself as a Realm of Possibility

That's a More Accurate Way of Thinking about It Then Then that the Future Presents Itself to It to Us as a Realm of Determined Things It's It's Presents Itself as a Realm of Possibility and There's Good Choices in that Realm and There's Poor Choices or Even Evil Choices in that Realm and We're Negotiating Continually Deciding Which of those Choices We're Going To Bring into Being that Seems to Me To Be Phenomenologically Indisputable and We Certainly Treat each Other as if that's What We're Doing because We Hold each Other Responsible for Our Actions You Know with some Exceptions

But It Also Meant the Discovery that the Future Was Something That You Could Make a Bargain with and that You Could Give Up Something Now Something Impulsive some Pleasure Even a Deep Pleasure in the Moment and You Could Strive and Hypothetically You Could Make a Covenant a Bargain with the Future and if Your Sacrifices Were Acceptable and that Seemed To Mean an Ethically Acceptable You Had To Sacrifice the Right Thing That that Vastly Increased the Probability That Not Only You Would Be Successful Let's Say but that Your Descendants Would Be Too and I Don't Think that that's an Irrational Proposition I Mean You Have To Leave in It a Bit with the Realization that Sometimes You Know You Get Sliced Off at the Knees

If Something Is Offered to Him as a Gift He's Going To Do Everything To Be Reciprocal about It and and So It's Not a Massively Important Part of the Story but It's It's in Keeping with the Same Narrative Flow and So Efron Who's a Hit I'd Offer Zabar You'll Place as a Gift and Abraham Says no You Know You Have To Let Me Pay for It and Efrain Says He Will and that Works Out Very Well and so He Has a Good Burial Place for His Wife and Then Abraham Decides that Isaac Needs a Wife

I Believe that that's the Case and I Do Actually Think that that's a Prerequisite to Proper Psychological Development because if You're Not Willing To Take Your Mortality on Voluntarily like if You're Kicking and Fighting about It Constantly and You Have every Reason To Don't Get Me Wrong Then You Can't Act Forthrightly in the World Right You're Going To Be Afraid and When You're Afraid Then You Can't Voluntarily Take On a Challenge and Then if You Can't Take Voluntarily Take On a Challenge Then You Can't Develop

And so He Has this Little Dialogue That's Presented in the Form of a Prayer I Suppose and He Thinks Well I'M GonNa Go to the Place Where You Water Where People Get Water and Water the Animals and because that's a Place Where Everyone Gathers so that's a Good Place To Find Someone and and It's It's Not a Place of Fun and Lightness and Relaxation and Impulsivity It's a Place of Life-Sustaining Work and and He Thinks Something like Well What Would a Decent Girl Do at a Watering Place and He Thought Well Maybe She Would Offer a Stranger some Water and Also Offer
