

The Puritan In Holland England And America

[#Puritan history](#) [#Puritan migration](#) [#Puritans Holland England](#) [#Puritan America settlement](#) [#colonial American Puritans](#)

Explore the significant historical journey of the Puritans, chronicling their presence and influence in Holland, their origins in England, and their eventual foundational role in the settlement and development of America. This migration profoundly shaped religious practices, societal norms, and the early colonial landscape, leaving a lasting legacy on both continents.

The Puritan in Holland, England, and America

Through a richly detailed account of the genesis, flowering, and decline of the Puritan ideal of a church of the elect in England and America, Professor Morgan offers an important reinterpretation of a pivotal era in New England history. Historians have generally supposed that the main outlines of the Puritan church were determined in England and Holland and transplanted to the new world. The author convincingly suggests, instead, that the distinguishing characteristic of the New England churches--the ideal of a church composed exclusively of true and tested saints--developed fully only in

the 1630's and 1640's, some time after the first settlers arrived in New England. He also examines the influence of the Separatist colony at Plymouth on the later settlers of the Massachusetts Bay Colony, and follows the difficulties created by a definition of the religious community so selective that the New England churches nearly expired for lack of saints to fill them.

The Puritan in Holland, England, and America, Vol. 2 of 2

"Shedding critical new light on the diverse forms of Puritan belief and practice in England, Scotland, and New England, Hall provides a multifaceted account of a cultural movement that judged the Protestant reforms of Elizabeth's reign to be unfinished"--Provided by publisher.

The Puritan in Holland, England, and America

This exhaustive treatment of the Puritan movement covers its doctrines, its people, its effects on politics and culture, and its enduring legacy in modern Britain and America. Puritanism began in the 1530s as a reform movement within the Church of England. It endured into the 18th century. In between, it powerfully influenced the course of political events both in Britain and in the United States. Puritanism shaped the American colonies, particularly New England. It was a key ingredient in literature, from authors as diverse as John Milton and Nathaniel Hawthorne. Although Puritanism as a formal movement has been gone for more than 300 years, its influence continues on the mores and norms of America and Britain. This ambitious work contains nearly 700 entries covering people, events, ideas, and doctrines--the whole of Puritanism. Exhaustive and authoritative, it draws on the work of more than 80 leading scholars in the field. Impeccable scholarship combines with eminent readability to make this a valuable work for all readers and researchers from secondary school up. Nearly 700 entries cover the entire spectrum of Puritanism: people, places, events, doctrines, culture, and politics More than 80 leading scholars provide authoritative information in readable, accessible form Primary source documents, from essays by influential Puritan leaders to excerpts from diaries of everyday people, illuminate the concerns of Puritans in their own words Numerous illustrations include portraits of Puritan figures, photographs of historic sites, and images of historical events A glossary gives quick reference for such unfamiliar terms as antinomianism, conventicles, familist, and Socinian
