Os Puritanos e a Lei Moral

Se há uma acusação que frequentemente cai sobre os reformados confessionais é a de legalismo. Há uma tendência de, sempre que enfatizamos a obediência à Palavra de Deus e, de uma forma, normatizada, aos nossos padrões doutrinários, sermos rotulados como legalistas farisaicos e até mesmo neonomistas. Inegavelmente, o legalismo é um pecado a respeito do qual nós precisamos estar atentos. É verdade que no nosso coração há combustível suficiente para nos colocarmos em oposição à graça de Deus em Jesus Cristo, e confiarmos em nossa própria justiça, em nossas boas obras tanto para sermos aceitos por Deus e perdoados dos nossos pecados, como também para podermos continuar desfrutando do seu amor. Exatamente por essa razão é relativamente fácil encontrarmos publicações a respeito do perigo do legalismo, enquanto não encontramos quase nada sobre o antinomianismo. Alguns livros foram publicados recentemente em inglês, mas não temos nada em português, com exceção de um livro publicado recentemente, de autoria do Pr. Sinclair Ferguson. Mas algo que tem chamado a atenção é de quem, normalmente vêm essas acusações. Quem é que faz esse tipo de acusação? Normalmente elas partem de pessoas que acreditam firmemente que, em virtude da obra redentiva de Jesus, os cristãos não possuem mais qualquer obrigação em relação à lei moral. Normalmente a acusação de legalismo flui de lábios e corações antinomianos. Também é interessante que tais queixas são feitas sempre no contexto da discussão e da afirmação da perpetuidade do dever de guardarmos o dia do Senhor como o nosso sábado cristão, como um santo repouso.

Beyond Good and Evil

Beyond good and evil was the thinking in prehistoric times, when actions were judged by their effect. Morality came only when actions were judged by their intention. Nietzsche's demand was to return to the perspective of pre-moral times. He sought a morality beyond existing norms and values, not bound by historical tradition influenced by religion. His counter design is a new kind of philosophy of "immorality"

Commentary on the Whole Bible Volume I (Genesis to Deuteronomy)

Roger Scruton's *How to be a Conservative* presents the case for modern conservatism not in the terms of an elegy but rather as a practical example of how to live as a conservative despite the pressures to live otherwise. As he writes, the book 'is not about what we have lost, but about what we have retained, and how to hold on to it'. In this witty and frank account, Scruton draws on his years of experience as a counter-cultural presence in public life. He examines the truths in Nationalism, Socialism, Capitalism, Liberalism, Multiculturalism, Environmentalism, Internationalism and finally Conservatism. The book concludes on a personal note, with 'a valediction forbidding mourning but admitting loss'.

A Letter Concerning Toleration. By John Locke, Esq

Sérgio Buarque de Holanda's *Roots of Brazil* is one of the iconic books on Brazilian history, society, and culture. Originally published in 1936, it appears here for the first time in an English language translation with a foreword, "Why Read *Roots of Brazil* Today?" by Pedro Meira Monteiro, one of the world's leading experts on Buarque de Holanda. *Roots of Brazil* focuses on the multiple cultural influences that forged twentieth-century Brazil, especially those of the Portuguese, the Spanish, other European colonists, Native Americans, and Africans. Buarque de Holanda argues that all of these originary influences were transformed into a unique Brazilian culture and society—a "transition zone." The book presents an understanding of why and how European culture flourished in a large, tropical environment that was totally foreign to its traditions, and the manner and consequences of this development. Buarque de Holanda uses Max Weber's typological criteria to establish pairs of "ideal types" as a means of stressing particular characteristics of Brazilians, while also trying to understand and explain the local historical process. Along with other early twentieth-century works such as *The Masters and the Slaves* by Gilberto Freyre and *The Colonial Background of Modern Brazil* by Caio Prado Júnior, *Roots of Brazil* set the parameters of Brazilian historiography for a generation and continues to offer keys to understanding the complex history of Brazil. *Roots of Brazil* has been published in Italian, Spanish, Japanese, Chinese, German, and French. This long-awaited English translation will interest students and scholars of Portuguese, Brazilian, and Latin American history, culture, literature, and postcolonial studies.

How to be a conservative

The revolutions of 1848 which broke out across the world are among the landmark events of the nineteenth century. The experiences of this tumultuous period helped to crystallise and sharpen the ideas of Marx and Engels. Written in the midst of events, in a profound and detailed application of historical materialism, Marx reveals that the political and social changes taking place in revolutionary and counter-revolutionary France have their root in the economic changes affecting European capitalism. Included is Engels' uncensored introduction to the 1895 edition. Here, Engels provides historical context and shows how this period relates to subsequent events in France – including the Paris Commune – as well as explaining the development of Marx and Engels' own conception of scientific socialism.

Roots of Brazil

Written between 1944 and 1947, *Minima Moralia* is a collection of rich, lucid aphorisms and essays about life in modern capitalist society. Adorno casts his penetrating eye across society in mid-century America and finds a life deformed by capitalism. This is Adorno's theoretical and literary masterpiece and a classic of twentieth-century thought.

The Class Struggles in France: 1848-1850

The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: "GOD is love," says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God."

Minima Moralia

The life of Elijah has gripped the thought and imagination of preachers and writers in all ages. His sudden appearance out of complete obscurity, his dramatic interventions in the national history of

Israel, his miracles, his departure from earth in a chariot of fire all serve to that end. 'He comes in like a tempest who went out like a whirlwind,' says Bishop Hall; 'the first that we hear from him is an oath and a threat'. Judgment and mercy were mingled throughout Elijah's astonishing career. It is fitting that the lessons which may be drawn from Elijah's ministry should be presented afresh to our generation. History repeats itself. The wickedness and idolatry rampant in Ahab's reign live on in our gross 20th century's profanities and corruptions. False prophets occupy large spheres of influence and truths dear to our evangelical forefathers have been downtrodden as the mire of the streets. A. W. Pink clearly felt called to the task of smiting the ungodliness of the age with the rod of God's anger while at the same time encouraging the faithful remnant. With these objects he undertakes the exposition of Elijah's ministry and applies it to the contemporary situation.

The Four Loves

Why do some people still choose psychoanalysis-Freud's so-called talking cure-when numerous medications are available that treat the symptoms of psychic distress so much faster? Elisabeth Roudinesco tackles this difficult question, exploring what she sees as a "depressive society": an epidemic of distress addressed only by an increasing reliance on prescription drugs. Far from contesting the efficacy of new medications like Prozac, Zoloft, and Viagra in alleviating the symptoms of any number of mental or nervous conditions, Roudinesco argues that the use of such drugs fails to solve patients' real problems. In the man who takes Viagra without ever wondering why he is suffering from impotence and the woman who is given antidepressants to deal with the loss of a loved one, Roudinesco sees a society obsessed with efficiency and desperate for the quick fix. She argues that "the talking cure" and pharmacology represent not just different approaches to psychiatry, but different worldviews. The rush to treat symptoms is itself symptomatic of an antiseptic and depressive culture in which thought is reduced to the firing of neurons and desire is just a chemical secretion. In contrast, psychoanalysis testifies to human freedom and the power of language.

The Life of Elijah

"It was not love, although her rich beauty was a madness to him; nor horror, even while he fancied her spirit to be imbued with the same baneful essence that seemed to pervade her physical frame; but a wild offspring of both love and horror that had each parent in it, and burned like one and shivered like the other. Giovanni knew not what to dread; still less did he know what to hope; yet hope and dread kept a continual warfare in his breast, alternately vanquishing one another and starting up afresh to renew the content. Blessed are all simple emotions, be they dark or bright! It is the lurid intermixture of the two that produces the illuminating blaze of the infernal regions." These four spellbinding stories are variations on the struggle between good and evil; prefigurations, one might say, of *The Scarlet Letter*. Nathaniel Hawthorne was born in the historically rich and guilt-ridden city of Salem; one of his ancestors did indeed persecute the Salem witches. After a first novel in 1828, he devoted himself to increasingly successful short stories. In 1850, *The Scarlet Letter* brought him fame at last.

Why Psychoanalysis?

O fenômeno religioso é uma constante nas culturas, quer as consideremos do ponto de vista antropológico, quer histórico. É elemento muito significativo, senão dominante, na grande maioria delas. Polariza uma daquelas dicotomias a que nos acostumamos para conceber a realidade: ideia-matéria, corpo-alma, sagrado-profano, leigo-eclesiástico. Mas, o que é o sagrado? Esta pergunta tem sido respondida teologicamente, filosoficamente, cientificamente. Teólogos o tratam como sua área por excelência. Filósofos tenderam a opor-lhe uma ratio, um logos, o que levou a resultados díspares, como a condenação de Sócrates e a crítica cáustica de Voltaire. Cientistas procuraram dar-lhe uma dimensão psicológica, como Freud ou Jung, sociológica, como Durkheim, ou antropológica, como Frasier, para lembrarmos apenas as interpretações matriciais dessas ciências. É preciso considerar nos estudos das religiões a sua diversa inserção em cada uma das culturas, bem como as transformações de ambas — religião e cultura — no tempo, para aferir seu efetivo significado na vida dos integrantes daquele mundo estranho a nós. Conhecedores do tema, bons escritores, o professor Antonio Carlos do Amaral Azevedo e Paulo Geiger, com este dicionário histórico, dão contribuição valiosa para o conhecimento de um assunto difícil e cheio de percalços e obstáculos, muitos deles gerados por preconceitos de uma religião em relação às outras, ou de ideologias face às religiões. Assim, este Dicionário é um guia seguro para todos aqueles que desejam iniciar-se num dos temas permanentes de inquietação do espírito humano.

Lady Eleanore's Mantle

One of Karl Marx's most profound and most brilliant monographs, this title may be considered the best work extant on the philosophy of history. For all serious students, the "Brumaire" is the book for those who wish to deepen their knowledge on Marxian political conceptions.

Dicionário histórico de religiões

An introduction to a complex theological issue that impacts our daily lives as believers in Christ: What is the relevance of the Old Testament Law to our understanding of the Gospel and how it should be lived? This book explores five major approaches to this important biblical topic as they've developed in Protestant circles: Non-Theonomic Reformed View – the law is the perfection of righteousness in Jesus Christ. Theonomic Reformed View – the goodness of the law is dependent on how it's used and does not offer a way to salvation. Heavily focused on Paul's discussion of the Law. Law as "Gracious Guidance" View – emphasizes the contrasts between the Mosaic law and the Gospel of grace, while still asserting the Law's value. Dispensational View – approaches the Law from a historical perspective to help us understand its presentation, treatment, and recipients. Modified Lutheran View – the Law of Christ as the fulfillment of the Law of Moses. This book allows each contributor to not only present the case for his view, but also to critique and respond to the critiques of the other contributors, allowing you to compare their beliefs in an open forum setting to see where they overlap and where they differ. The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair-minded and respectful of the biblical text. Each volume is a one-stop reference that allows readers to evaluate the different positions on a specific issue and form their own, educated opinion.

The Eighteenth Brumaire of Louis Bonaparte

'Interesting and provocative... It gives you a sense of how briefly we've been on this Earth' Barack Obama What makes us brilliant? What makes us deadly? What makes us Sapiens? One of the world's preeminent historians and thinkers, Yuval Noah Harari challenges everything we know about being human. Earth is 4.5 billion years old. In just a fraction of that time, one species among countless others has conquered it: us. In this bold and provocative book, Yuval Noah Harari explores who we are, how we got here and where we're going. ****ONE OF THE GUARDIAN'S 100 BEST BOOKS OF THE 21st CENTURY**** PRAISE FOR SAPIENS: 'Jaw-dropping from the first word to the last... It may be the best book I've ever read' Chris Evans 'Startling... It changes the way you look at the world' Simon Mayo 'I would recommend Sapiens to anyone who's interested in the history and future of our species' Bill Gates

Five Views on Law and Gospel

The philosopher's dramatically egotistical autobiography employs masterful language to convey ever-relevant ideas: the importance of questioning traditional morality, establishing autonomy, and making a commitment to creativity. Essential reading.

Sapiens

A historical tour de force that demolishes the myths and taboos that have surrounded Jewish and Israeli history, *The Invention of the Jewish People* offers a new account of both that demands to be read and reckoned with. Was there really a forced exile in the first century, at the hands of the Romans? Should we regard the Jewish people, throughout two millennia, as both a distinct ethnic group and a putative nation—returned at last to its Biblical homeland? Shlomo Sand argues that most Jews actually descend from converts, whose native lands were scattered far across the Middle East and Eastern Europe. The formation of a Jewish people and then a Jewish nation out of these disparate groups could only take place under the sway of a new historiography, developing in response to the rise of nationalism throughout Europe. Beneath the biblical back fill of the nineteenth-century historians, and the twentieth-century intellectuals who replaced rabbis as the architects of Jewish identity, *The Invention of the Jewish People* uncovers a new narrative of Israel's formation, and proposes a bold analysis of nationalism that accounts for the old myths. After a long stay on Israel's bestseller list, and winning the coveted Aujourd'hui Award in France, *The Invention of the Jewish People* is finally available in English. The central importance of the conflict in the Middle East ensures that Sand's arguments will reverberate well beyond the historians and politicians that he takes to task. Without an adequate understanding of Israel's past, capable of superseding today's opposing views, diplomatic solutions

are likely to remain elusive. In this iconoclastic work of history, Shlomo Sand provides the intellectual foundations for a new vision of Israel's future.

Ecce Homo

Dispensationalism continues to provoke heated debate within the Christian world. Highly acclaimed theologian, Dr. Charles C. Ryrie, addresses this crucial issue from the perspective of classic dispensationalism. He confronts the views of covenant theology, historical premillennialism, ultradispensationalism, and, in this revised edition, the increasingly popular progressive dispensationalism. In his best-selling book, *Dispensationalism Today*, written more than thirty years ago, Dr. Ryrie made this complex subject more understandable for thousands worldwide. This revised and expanded version of that book will prove to be an invaluable reference tool for your library.

The Invention of the Jewish People

The Civilizing Process stands out as Norbert Elias' greatest work, tracing the "civilizing" of manners and personality in Western Europe since the late Middle Ages by demonstrating how the formation of states and the monopolization of power within them changed Western society forever.

Dispensationalism

Levy, this history of the privilege shows that it played a limited role in protecting criminal defendants before the nineteenth century.

The Civilizing Process

A detailed scholarly biography of the Narnia creator and his life-long struggle with his religious faith.

The Privilege Against Self-Incrimination

Peace and War by Raymond Aron is one of the greatest books ever written on international relations. Aron's starting point is the state of nature that exists between nations, a condition that differs essentially from the civil state that holds within political communities. Ever keeping this brute fact about the life of nations in mind and ranging widely over political history and many disciplines, Aron develops the essential analytical tools to enable us to think clearly about the stakes and possibilities of international relations. In his first section, "Theory," Aron shows that, while international relations can be mapped, and probabilities discerned, no closed, global "science" of international relations is anything more than a mirage. In the second part, "Sociology," Aron studies the many ways various subpolitical forces influence foreign policy. He emphasizes that no rigorous determinism is at work: politics—and thus the need for prudent statesmanship—are inescapable in international relations. In part three, "History," Aron offers a magisterial survey of the twentieth century. He looks at key developments that have had an impact on foreign policy and the emergence of what he calls "universal history," which brings far-flung peoples into regular contact for the first time. In a final section, "Praxeology," Aron articulates a normative theory of international relations that rejects both the bleak vision of the Machiavellians, who hold that any means are legitimate, and the naivete of the idealists, who think foreign policy can be overcome. This new edition of *Peace and War* includes an informative introduction by Daniel J. Mahoney and Brian C. Anderson, situating Aron's thought in a new post-Cold War context, and evaluating his contribution to the study of politics and international relations.

Clive Staples Lewis

In this book Peter Burke adopts a socio-cultural approach to examine the changes in the organization of knowledge in Europe from the invention of printing to the publication of the French *Encyclopédie*. The book opens with an assessment of different sociologies of knowledge from Mannheim to Foucault and beyond, and goes on to discuss intellectuals as a social group and the social institutions (especially universities and academies) which encouraged or discouraged intellectual innovation. Then, in a series of separate chapters, Burke explores the geography, anthropology, politics and economics of knowledge, focusing on the role of cities, academies, states and markets in the process of gathering, classifying, spreading and sometimes concealing information. The final chapters deal with knowledge from the point of view of the individual reader, listener, viewer or consumer, including the problem of the reliability of knowledge discussed so vigorously in the seventeenth century. One of the most original features of this book is its discussion of knowledges in the plural. It centres on printed knowledge, especially

academic knowledge, but it treats the history of the knowledge 'explosion' which followed the invention of printing and the discovery of the world beyond Europe as a process of exchange or negotiation between different knowledges, such as male and female, theoretical and practical, high-status and low-status, and European and non-European. Although written primarily as a contribution to social or socio-cultural history, this book will also be of interest to historians of science, sociologists, anthropologists, geographers and others in another age of information explosion.

Peace and War

"...one of the most eloquent and even moving evocations of the conservative tradition in Western politics, philosophy and culture I have ever read...the ideal primer for those who are new to conservative ideas..." —Richard Aldous, Wall Street Journal A brief magisterial introduction to the conservative tradition by one of Britain's leading intellectuals. In *Conservatism*, Roger Scruton offers the reader an invitation into the world of political philosophy by explaining the history and evolution of the conservative movement over the centuries. With the clarity and authority of a gifted teacher, he discusses the ideology's perspective on civil society, the rule of law, freedom, morality, property, rights, and the role of the state. In a time when many claim that conservatives lack a unified intellectual belief system, this book makes a very strong case to the contrary, one that politically-minded readers will find compelling and refreshing. Scruton analyzes the origins and development of conservatism through the philosophies and thoughts of John Locke, Thomas Hobbes, Adam Smith and Milton Friedman, among others. He shows how conservative ideas have influenced the political sector through the careers of a diverse cast of politicians, such as Thomas Jefferson, Benjamin Disraeli, Ronald Reagan and Margaret Thatcher. He also takes a close look at the changing relationship between conservative politics, capitalism, and free markets in both the UK and the US. This clear, incisive guide is essential reading for anyone wishing to understand Western politics and policies, now and over the last three centuries.

Social History of Knowledge

The Puritans of seventeenth century England have been blamed for everything from the English civil war to the rise of capitalism. But who were the Puritans of Stuart England? Were they apostles of liberty, who fled from persecution to the New World? Or were they intolerant fanatics, intent on bringing godliness to Stuart England? This study provides a clear narrative of the rise and fall of the Puritans across the troubled seventeenth century. Their story is placed in context by analytical chapters, which describe what the Puritans believed and how they organised their religious and social life. Quoting many contemporary sources, including diaries, plays and sermons, this is a vivid and comprehensible account, drawing on the most recent scholarship. Readers will find this book an indispensable guide, not only to the religious history of seventeenth century England, but also to its political and social history.

Dicionário enciclopédico ou novo dicionário da língua portuguesa

John Locke's theory of property is perhaps the most distinctive and the most influential aspect of his political theory. In this book James Tully uses an hermeneutical and analytical approach to offer a revolutionary revision of early modern theories of property, focusing particularly on that of Locke. Setting his analysis within the intellectual context of the seventeenth century, Professor Tully overturns the standard interpretations of Locke's theory, showing that it is not a justification of private property. Instead he shows it to be a theory of individual use rights within a framework of inclusive claim rights. He links Locke's conception of rights not merely to his ethical theory, but to the central arguments of his epistemology, and illuminates the way in which Locke's theory is tied to his metaphysical views of God and man, his theory of revolution and his account of a legitimate polity.

The Practice of Piety

Philosopher David Hume presents a collection of essays that delve into the intricacies of philosophy and political science. Renowned for his profound insights, Hume challenges readers to question their beliefs and understanding of the world. Engage with thought-provoking discussions that have stood the test of time and continue to influence modern philosophical thought.

Readers' Choice Awards Honorable Mention Preaching's Preacher's Guide to the Best Bible Reference From John H. Walton, author of the bestselling *Lost World of Genesis One*, and D. Brent Sandy, author of *Plowshares and Pruning Hooks*, comes a detailed look at the origins of scriptural authority in ancient oral cultures and how they inform our understanding of the Old and New Testaments today. Stemming from questions about scriptural inerrancy, inspiration and oral transmission of ideas, *The Lost World of Scripture* examines the process by which the Bible has come to be what it is today. From the reasons why specific words were used to convey certain ideas to how oral tradition impacted the transmission of biblical texts, the authors seek to uncover how these issues might affect our current doctrine on the authority of Scripture. "In this book we are exploring ways God chose to reveal his word in light of discoveries about ancient literary culture," write Walton and Sandy. "Our specific objective is to understand better how both the Old and New Testaments were spoken, written and passed on, especially with an eye to possible implications for the Bible's inspiration and authority." The books in the *Lost World Series* follow the pattern set by Bible scholar John H. Walton, bringing a fresh, close reading of the Hebrew text and knowledge of ancient Near Eastern literature to an accessible discussion of the biblical topic at hand using a series of logic-based propositions.

Conservatism

This helpful United Methodist denominational book of liturgy, prayer, services and service music is indispensable for pastors, musicians, and laypersons that plan and lead worship. Arranged according to the Christian year, this resource enables worship leaders to locate prayers, services, and information quickly. Updated information and new formats insure ease of use, making this a great resource when planning worship.. It features: A vast collection of worship material: services, liturgies, litanies, prayers, blessings, music, and other acts of worship and praise. Thousands of references to The United Methodist Hymnal, including suggested hymns for a host of worship occasions. Resources for special Sundays and other days of churchwide emphasis. New Christian Years Services Services for various occasions including: Presentation of Bibles to Children An Order of Farewell to Pastor Orders of Installation or Recognition Orders of Daily Praise and Prayer Updates include: Membership vows, baptismal covenant, diaconal changes, and other updates made as a result of General Conference action. Calendar for dating Easter and related holy days—extend beyond 2020. Chart of lectionary years on page 227--update and extend. Current version of ordinal. eBook Edition allows you download a digital file of full text of The Book of Worship to your eReader for personal use.

An unabridged, unaltered edition of the Disputation on the Power & Efficacy of Indulgences Commonly Known as The 95 Theses

The Doctrine of the Law and Grace Unfolded

In these addresses given at the Puritan Studies and Westminster Conferences between 1959 and 1978, Dr. Lloyd-Jones ranges widely over the history of Reformed Christianity from the Reformation to the nineteenth century. Written in an absorbing and stimulating style, these studies continue to speak with great insight and relevance to the church of the twenty-first century.

English Puritanism

The classic account of the social, economic, and political dynamics of the first socialist revolution as told by one of its central leaders. Trotsky describes how, under Lenin's leadership, the Bolshevik Party led the working class, peasantry, and oppressed nationalities to overturn the monarchist regime of the landlords and capitalists and bring to power a government of the workers and peasants—one that set an example for toilers the world over. Nowhere are those world-shattering events explained with more clarity and insight than in this powerful account. Unabridged edition, 3 vols. in one. "Trotsky's History is a monumental work"—*Studies in East European Thought* Chronology, glossary, lists of principal persons, parties, and political groups, index.

Embracing Grace

Many Christians wake up in the morning with a sense that something just isn't quite right - a feeling that they haven't quite done enough, prayed enough, or confessed enough to make themselves worthy of God's love. In this biblically rich, but highly accessible new book from Daniel Brown, believers will be given the tools to overcome their "low grade guilt" and rediscover - or discover for the first time - the liberating, all-in grace that Christ promised us through His death and resurrection. Brown provides a clear overview of Law and Grace, and how God has provided both - not to point out what we are doing wrong, but to help us more fully live in the love He has given to us. Through *Embracing Grace*, guilt-weary readers will be able to: clearly understand the relationship between Grace and the Law; equip themselves with the tools to overcome the lies of the adversary; and appropriate their position in Christ on a daily basis. Easy-to-read, short chapters break down the often confusing subjects of Grace, Law, Old Covenant, New Covenant, and more.

Embrace Grace

Learn to let go of your guilt, fear, and regret by turning to God in this book by the bestselling author of *Bad Girls of the Bible*. The forgiven life. The grace-filled life. It begins with an embrace. Wherever you are spiritually, whatever you have been through emotionally, you are already enfolded in the arms of One who believes in you, supports you, treasures you. He is waiting for you to embrace him in return. To accept the gift he's offering you. To listen for the whispered words you've longed a lifetime to hear: You are loved. All is forgiven.

Breaking the Punishment Mentality

By embracing a lifestyle of grace, Christians can live free of the fear of God's wrath and punishment. What if Christians could honestly deal with sins and failures while maintaining faith that God still loves unconditionally? Although Christians worship a forgiving God, we often seem to lack the power to be free of guilt and condemnation. Sadly, this incorrect mindset has hindered our ability to reach the world because we unintentionally portray God as a harsh judge. *Breaking the Punishment Mentality* shows how many Christians have fallen into a punishment zone - a zone filled with accusations, shame, and blame. In addition to exposing the lies of a punishment mentality, this book examines what God expresses in the Bible regarding loving everyone - even those in sin. Encouraging readers to embrace grace, *Breaking the Punishment Mentality* will help Christians gain freedom from personal shame to bring the love of God to those who feel lost and alone.

Not Guilty

Dive into Romans and watch God's love set you free. Shame. Failure. Sin. They leave mankind with a verdict: guilty. Have you been trusting in your works or feeling continually crushed by sin? Your story does not end there. Christ paid the price, and a new verdict has been rendered: not guilty! It's time to relinquish every heavy burden of sin and guilt to God. As you examine the powerful, freeing book of Romans through this devotional commentary and study guide, you will rediscover the joy of your salvation, surrender all self-righteousness, stop striving to please God or earn his love, return to the simplicity of the gospel of grace, silence the accusing voice of shame, and experience acceptance by God. Understand the true grace of the gospel that releases God's power and peace into your life.

Living in Grace

Introducing "*Living in Grace: Understanding God's Unconditional Love*" - a powerful guide to help you discover the transformative power of grace in your life. Have you ever felt like you're not good enough, like you don't measure up to the standards of the world around you? Have you struggled with feelings of guilt or shame, or wondered if you'll ever truly be able to experience the love and acceptance that you long for? If so, you're not alone. But there is hope. In "*Living in Grace*"

God is Not Mad at You

God's love is a gift that is freely available to His children. Yet many Christians struggle to receive this gift because of self-doubt or the fear of disapproval. It is important to understand that our actions don't determine whether or not God loves us--we are loved because it is His desire (Ephesians 1:5). In **PERFECT LOVE**, #1 "New York Times" bestselling author Joyce Meyer helps readers rid themselves of negative self-perceptions and embrace God's unconditional love and acceptance. She explores the beauty of His genuine character and encourages us to be reassured. Anyone can experience the life-changing power of God's love by pursuing the truth of His Word. Combining biblical and personal insights, Joyce explains how to restore peace and confidence, so that we may become the joyful individuals God created us to be. "Be happy in God's love and acceptance, enjoy His mercy and forgiveness, grow in His grace and be delighted in His favor. . . God loves you perfectly and unconditionally "right now" " --Joyce Meyer

Stop Taking Sides

Love and wrath. Sovereignty and responsibility. Victory and suffering. Some of the truths we read in the Bible seem to be in opposition to each other. We naturally tend to gravitate towards a side, but when we lose sight of one truth in order to protect the other, we are in danger of becoming proud, creating division, and diminishing our faith. In this compelling, inspiring, and at times provocative book, Adam Mabry urges us to stop taking sides and refuse to participate in tribalism by mapping out a way to hold in tension truths that we so often divide over. You'll discover how our joy and our witness rest on us learning to hold to all that the Scriptures teach and growing in virtue as we do. You'll learn how to wrestle with all that the Scriptures say, to embrace mystery, to listen closely, and to speak with clarity.

The Art of Rest

Discover the secret to real, realistic, non-rules-based rest For some of us, resting seems like a waste of time-it means we're missing out on other things. For others, rest seems like a luxury-there's simply too much to do. And for almost all of us, we crave rest, but don't always know how to. This warm, realistic, humorous book shows us the huge spiritual, emotional and physical rewards of rest. It shows us how rest gives us time to spend with God and remember his grace. Discover how rest fuels our joy and confidence in God's sovereignty as we learn to depend on him, and not our own efforts, and are refreshed by the power of the Holy Spirit. Adam Mabry shows us how rest helps us make space for relationships, shared experiences and moments to remember; how it liberates us from the pressure of self-reliance; how it gives us a chance to think and reflect; and how it stops us from burning out. Finally, this book casts a realistic vision for rest that is less rule and more rhythm-less onerous restriction and more liberating art form. Adam Mabry helps us to learn the 'art of rest' with some practical suggestions. The world never stops. But we need to. And as Christians we can by having faith to hit pause and experience the rich rewards of God-given rest.

Five Practices of Fruitful Living

The Five Practices approach, now centered on a person's individual faith journey

The Sense of an Ending

A monumental novel capturing how one man comes to terms with the mutable past. 'A masterpiece... I would urge you to read - and re-read ' Daily Telegraph **Winner of the Man Booker Prize for Fiction** Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove.

Passion and Purity

In her classic book, Elisabeth Elliot candidly shares her love story with Jim Elliot through letters, diary entries, and memories. She is honest about the temptations, difficulties, victories, and sacrifices of two young people whose commitment to Christ took priority over their love for each other. These revealing personal glimpses, combined with relevant biblical teaching, will remind readers that only by putting their human passion and desire through His fire can God purify their love. In a culture obsessed with

dating, sex, and intimacy, the need for Elliot's freeing message is greater than ever. This beautifully repackaged edition will appeal to today's young people.

Finding True Love in a Prickly Pear World

What the heck is a prickly pear? Webster defines it as a spiny pear-shaped edible fruit that grows on the *Opuntia* cacti found in dry arid climates. So, what correlation does a prickly pear have with us? Well, it's been said that the world is our oyster, and we are the pearls it produces. However, in this book we will discover that the world is our cactus and we are the prickly pear people it produces. As prickly pear people, we've learned to love conditionally, where love must be earned and deserved to gain it, and performance is required to maintain and keep it. That is NOT true of God's love! Therefore, this book provides a powerful resource to learn to love beyond what we've been taught. Within its pages, the attributes of true unconditional love are defined in vivid detail to explore what it is and how it acts. There is also the opportunity to reexamine the common beliefs about love and discover the stark contrast between God's love and the way the world loves that has been promoted through the media, music, opinions/influences of our peers, and those in our Christian circles. This is a contemplative, life-changing journey that is sure to inspire us to think, speak, and act differently than the world around us in the way we love one another. If you're ready to find true love in this prickly pear world, your search for a love worth finding begins here!

Church Forward: How to Plant Christ Centered, Spirit Empowered, Socially Responsible Churches in Every Nation

Far from being a how-to manual for a certain model of planting, this book is designed to inform your thinking and working to bring a christ-centered, spirit-empowered, socially-responsible church to your unique context. Taking into account the scriptures unique calling, your unique wiring, and the demands of the host culture, this book will serve as a helpful guide as you develop a biblical, contextual, and authentic philosophy of ministry for the new church.

Discipleship from Jesus's Perspective

In this masterful work George Gray calls the church to live out the most natural expression of her love and obedience to the Master. Grounded in careful exegesis, comprehensive, and sensitive to the complexities of modern life, Gray examines the Gospels as a script that reveals not only how Jesus shaped the first disciples, but how we must carry on making disciples in His name. David B. Capes, Thomas Nelson Research Professor, Houston Baptist University * * * Discipleship is not about teaching someone to pray and read his or her Bible; it is about learning how Jesus wants us to pray and read our Bibles. Discipleship is not about the doctrine of the Church, but the doctrine of Jesus Christ, the head of the Church. It is not about attending a church service, but attending to the Lord Jesus's view of what it means to be the church. In *Discipleship from Jesus's Perspective*, author George Gray presents a guide for becoming a disciple the way Jesus intended, that discipleship means adhering to His expressed will. Gray carefully examines Jesus's pivotal statements regarding discipleship and unearths the key principles that transform the art of making a disciple from a subjective guessing game to an objective and definitive master plan. Including purposeful questions and exercises, *Discipleship from Jesus's Perspective* provides practical steps for following the master plan and applying the commands to everyday life to become a true disciple of Jesus.

Living the Christ Life

This valuable program resource for clergy, worship planners and lay leaders offers practical tools for celebrating the Christian year at church, home or school. Organized around the cycles of Christmas and Easter, it provides activities, craft ideas, prayers, meditations, and ways to encounter scripture. Background information to origins of festivals, colors, symbols and art of the various seasons will help you deepen your understanding and experience of Christian faith. Indexed by scripture reference and theme. Includes a glossary. Permission to photocopy portions of text and prayers for use in worship services.

Face to Face

A Better Way

Now in paper! "There is a distinct weariness with market-driven, showbiz worship. The pendulum has swung to the longing for transcendence, substance, challenge, and biblically driven worship. Michael Horton shows us the way." --Robert Webber, president, Institute for Worship Studies; author of Ancient-Future Faith "Horton's enlivening wisdom is surely a godsend to all evangelicals." --J. I. Packer, Regent College

The Encyclopedia of Christianity

Containing more than 300 articles, covering the alphabetical entries P-Sh, this book also includes articles on significant topics ranging from Paul, political theology and the Qur'an, to religious liberty, salvation history and scholasticism.

Ancestral Grace

".....It's the story of the human race and God's unfailing presence." "This fascinating account of humankind, from our beginnings in Africa seven million years ago to the present, blends history, anthropology, and spirituality to demonstrate that god has been and always will be with us. ...[from back cover]

If God Is Love

If God is love, why are so many Christians fearful, and why do so many church leaders sound hateful? Two controversial pastors address issues the church won't face, calling us to restore grace as the center of the Christian life. In If Grace Is True, Pastors Philip Gulley and James Mulholland revealed their belief that God will save every person. They now explore the implications of this belief, and its power to change every area of our lives. They attempt to answer one question: If we took God's love seriously, what would our world look like? Gulley and Mulholland argue that what we believe is crucial and dramatically affects the way we live and interact in the world. Beliefs have power. The belief in a literal hell where people suffer eternally has often been used by the Church to justify hate and violence, which contradicts what Jesus taught about love and grace. The authors present a new vision for our personal, religious, and corporate lives, exploring what our world would be like if we based our existence on the foundational truth that God loves every person. Gulley and Mulholland boldly address many controversial issues people in the pews have wondered about but churches have been unwilling to tackle. For too long, the Christian tradition has been steeped in negativity, exclusion, and judgment. Gulley and Mulholland usher us into a new age—an age where grace and love are allowed to reign.

EVANGELICAL CHRISTENDOM

Do you long for something more in your relationship with God? The good news is that "something more" does not mean "doing more." God is not waiting for you to get your spiritual life "right." He wants to be with you right where you are. The real question is not "What does God want from you?" but "What does God want for you?" Sharon Jaynes understands what it's like to have a "glory ache"—a longing

to experience God's presence on a daily basis. She also knows how easily working for God can get in the way of intimacy with God. And she's discovered that we tend to make our faith journey much too hard. In *A Sudden Glory*, Sharon uses Scripture and story to help you erase the line between your "spiritual life" and your "daily life" as you enter the sanctuary of God's presence even in the middle of your busy, messy day. Here you will find your eyes opened to moments of sudden glory in which the Creator assures you of His love as you live and move and have your being in Him. Here you will discover true freedom—the freedom of experiencing God in a deeper and more intimate way than ever before. Includes Bible study and discussion guide.

A Sudden Glory

Life at the end of the twentieth century presents us with a disturbing reality. Otherness, the simple fact of being different in some way, has come to be defined as in and of itself evil. Miroslav Volf contends that if the healing word of the gospel is to be heard today, Christian theology must find ways of speaking that address the hatred of the other. Reaching back to the New Testament metaphor of salvation as reconciliation, Volf proposes the idea of embrace as a theological response to the problem of exclusion. Increasingly we see that exclusion has become the primary sin, skewing our perceptions of reality and causing us to react out of fear and anger to all those who are not within our (ever-narrowing) circle. In light of this, Christians must learn that salvation comes, not only as we are reconciled to God, and not only as we "learn to live with one another."

Exclusion & Embrace

"There was a time," writes renowned theologian J. I. Packer in this classic book on biblical holiness, "when all Christians laid great emphasis on God's call to holiness. But how different it is today! To listen to our sermons and to read the books we write, and then to watch the zany, worldly, quarrelsome way we behave, you would never imagine that once the highway of holiness was clearly marked out for Bible-believers." In this revised and updated edition of *Rediscovering Holiness*, the highway is once more clearly marked out for a new generation of readers, pointing to true freedom and joy, both now and in eternity.

Grace Upon Grace

Life and Doctrine is about bridging the gap between the lives we lead and the God we need. Perhaps you're checking out Christianity -this book is designed to help you take a clear look at the Christian story, and invite you to believe it. Maybe you've followed Christ for a long time - then this book will help you narrow the gap that exists between what you believe with your head and do with your life. Come discover the truth and grace of the Christian story. Come discover *Life and Doctrine*.

Adventist Review

What Can You Do When You Feel You're Just Not Good Enough? Do the voices in your head say you're not good enough, smart enough, pretty enough...or just not enough, period? It's time to stop listening to lies that sabotage your confidence and embrace the truth of who God says you are. Popular author and speaker Sharon Jaynes exposes the lies that keep you bogged down in shame, insecurity, and feelings of inadequacy. By recognizing the lies and replacing them with truth, you'll be able to silence the voice inside that whispers you're just not good enough accept God's grace and move past failures that have defined and confined you preload your heart with truth to fight your deepest insecurities Your confidence and faith will grow when you trade self-defeating thoughts for God's truth. Today is the day to embrace your incredible worth as a woman who is uniquely fashioned and spiritually empowered.

Rediscovering Holiness

Monthly current affairs magazine from a Christian perspective with a focus on politics, society, economics and culture.

Life and Doctrine: How the Truth and Grace of the Christian Story Change Everything

Whether our notions of 'god' are personal projections or inherited traditions, author and theologian Brad Jersak proposes a radical reassessment, arguing for *A More Christlike God: a More Beautiful Gospel*. If Christ is "the image of the invisible God, the radiance of God's glory and exact representation of God's likeness," what if we conceived of God as completely Christlike—the perfect Incarnation of

self-giving, radically forgiving, co-suffering love? What if God has always been and forever will be 'cruciform' (cross-shaped) in his character and actions? A More Christlike God suggests that such a God would be very good news indeed—a God who Jesus “unwrathed” from dead religion, a Love that is always toward us, and a Grace that pours into this suffering world through willing, human partners.

Enough

Let's give ourselves an A for effort. We keep our minds so preoccupied with work projects that we act and think on autopilot. We keep our kids so occupied with activities that they need day planners before grade school. We keep our schedules so full with church meetings and housekeeping and even entertaining that down-time sounds like a mortal sin. When we fail to rest we do more than burn ourselves out. We misunderstand the God who calls us to rest—who created us to be people of rest. Let's face it: our rest needs work. Sabbath recalls our creation, and with it God's satisfaction with us as he made us, without our hurried wrangling and harried worrying. It also recalls God's deliverance of the Israelites from Egypt, and with it God's ability to do completely what we cannot complete in ourselves. Sabbath keeping reminds us that we are free to rest each week. Eighteen months in Tel Aviv, Israel, where a weekly sabbath is built into the culture, began Lynne M. Baab's twenty-five-year embrace of a rhythm of rest—as a stay-at-home mom, as a professional writer working out of her home and as a minister of the gospel. With collected insights from sabbath keepers of all ages and backgrounds, Sabbath Keeping offers a practical and hopeful guidebook that encourages all of us to slow down and enjoy our relationship with the God of the universe.

ThirdWay

Step into the extraordinary realm of 'Unveiling Supermom: Balancing Motherhood, Faith, and Self-Care' by Vanessa Jackson, a captivating journey for every mom of faith. Immerse yourself in a narrative that celebrates the convergence of divine strength and maternal prowess. Unveil the sacred art of harmonizing your faith, nurturing your children, and prioritizing self-care, all while discovering the boundless reserves of resilience and love within you. Through heartfelt insights and practical wisdom, this book becomes your guide to embracing the divine calling of motherhood while nourishing your soul and upholding your unwavering beliefs. Let this be your empowering tale, igniting a beacon of faith, love, and self-compassion, elevating you to the status of the superhero mom you truly are.

A More Christlike God

After decades of trying to feel good about ourselves, why do we still hunger for meaning and significance? Glynn Harrison argues that self-esteem ideology has led us down a psychological cul-de-sac that risks causing more harm than good, and today's culture of narcissism and entitlement is the pay-off. Healthy psychological development and fulfilment come from seeing the self as part of something bigger. To achieve the sense of significance that we long for, we need a worldview capable of generating meaning and purpose. The Christian gospel calls us beyond the goal of self-esteem, encouraging us to stop judging ourselves, embrace our identity in God's big story and look outwards to the pursuit of his glory. This is the only sure foundation for biblically based optimism, confidence and personal resilience. 'An important and timely book.' Christopher Ash

Sabbath Keeping

"Sheila speaks to both the heart and habits of the woman who is wife and mother. The lessons in this book are biblical, doable, and affordable!"--Margaret B. Buchanan From advertisements to mommy blogs to Pinterest, scenes of domestic bliss abound, painting a picture of perfection and expectation nearly impossible to live up to. Why can't you work a full-time job, stylishly clothe yourself and your children, plan a party for twelve with handmade decorations, keep your house sparkling clean without chemicals, and bake a gourmet meal in the same day? Everyone else is doing it! For many women, housework has become more than chores that need to be done; it is a symbol of identity. Sheila Wray Gregoire wants to stop that thinking in its tracks and help women back to a life of balance--for their sakes and for their families. She encourages women to shift their focus from housekeeping to relationships and shows them how to foster responsibility and respect in all family members. The second edition retains the helpful, concrete advice on everyday situations such as strategies for tackling chores and budgets and tips on effective communication, while incorporating the wisdom Sheila has gained through her interaction with thousands of readers of her blog and through her speaking ministry over the past

ten years. Through the principles in *To Love, Honor, and Vacuum*, Gregoire promises readers they can grow and thrive in the midst of their hectic lives--even if their circumstances stay the same.

Unveiling Supermom

You are "The God Who Sees Me." Discover a close relationship with God—no matter the pain or suffering in your life. Witness the depths of God's compassion through the eyes of Hagar, a runaway slave who meets the living God in a desert of despair, where she gives Him the name El Roi, "The God Who Sees Me." A largely forgotten Old Testament character, Hagar is actually one of only a few people who have ever spoken directly with the LORD. Through this seven week study, you will find that when you surrender your life into God's hands, your trials and triumphs serve a magnificent purpose: to draw you into the arms of the faithful God who sees you.

The Big Ego Trip

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

To Love, Honor, and Vacuum

At a time when definitions of Calvinism are hotly contested, this book provides a vision of the Reformed faith that is generous, winsome, and imaginative.
