Ready or Knot?

The wedding day is just one day in the life of a couple. But God's design is for marriage to last a lifetime. So how can someone know that the person they're with is the one they can truly build a life with--especially when so few marriages around them work? Pastor Scott Kedersha has worked with more than 5,000 premarital couples to prepare them for the biggest decision of their lives. In Ready or Knot? he offers practical and Christ-centered guidance for couples for all of the days after the wedding day. Through authentic stories from real couples about the decisions they made (or wish they'd made), Scott asks the hard questions so his readers can break free from the watered-down Hollywood version of marriage and build their lives together on the right foundation--the unchanging Word of God.

Making Sense of Generation Y

This handbook makes a great gift for a newly ordained Minister of the Gospel or Seminary Graduate! This handbook has been designed to assist the Pastor or Minister of the Gospel in performing Marriage Ceremonies. The easy "step-by-step" format is simple to follow and has spaces provided to insert the names of the Bride and Groom. The three main ceremonies are included in this handbook: 1. The Traditional Wedding Ceremony which incorporates scripture reading and charges to the bride, the groom, the witnesses in the wedding party and also the audience. The author has been using this system extensively for over 20 years and has never failed to get several compliments on the ceremony. 2. The Civil Ceremony. This is a short, easy and quick wedding ceremony. It is often performed at City Hall, but be used anywhere. The author has even used in a local jail where an inmate and his fiancé were married! It "mentions" God, but not to the extent of the other two types of ceremonies. 3. The "Episcopalian" Ceremony. This is a longer ceremony (very rarely used by the author) and incorporates the taking of communion as well as all the other elements of the Traditional Ceremony. This handbook is a compilation of many different marriage manuals the author has used for over 20 years of performing marriage ceremonies. Taking "the best" sections from various manuals and combining them into one, "easy to use" handbook and written in a "Step-by-Step" format allows the user to immediately take this Handbook and perform marriage ceremonies like they have been doing it for years!

It provides clear, concise, and accurate definitions to help students of the Bible make sense of the specialized language of biblical studies.

Pastors and counselors need practical, biblical help in order to connect their theological training to the reality of modern messy relationships. These how-to training manuals provide relevant, user-friendly equipping for pastors, counselors, lay leaders, educators, and students, enabling them to competently and compassionately relate God's Word to marriage and family life.

The Baker Compact Dictionary of Biblical Studies

This book takes the principles found in Constance Cherry's successful The Worship Architect--in which she provided dynamic blueprints for designing worship services--and applies them to special services in the life of the church. Cherry, a worship professor and practitioner, offers theological reflection, practical guidance, and suggested resources to help worship leaders and ministry students in training to create meaningful special services related to the sacraments, life passages, and other occasions. Cherry sets forth a process concerning worship design for special services and demonstrates how this process is conducive to virtually any style of worship practiced today in a myriad of Christian communities. She includes a model order for each service type, including weddings, funerals, baptisms, child dedications, Holy Communion, and more. The book not only explains what leaders do in order to preside at special services and how to do it, but also why they make certain choices. Each chapter includes discussion questions, practical exercises, and a basic glossary.
