Indian English Poetry and Fiction

This anthology of essays maps the divergent issues that have become relevant in contemporary Indian English poetry and drama. By providing a clear idea about the new themes, techniques and methods used by the Indian English poets and playwrights to address the issues emerging in the changing socio-cultural scenario, particularly during the post-globalization period, the essays offer insightful observations on canon formation and its reception. It is high time to consider afresh whether the canons of Indian English poetry and drama have widened their scope to include innovative forms of writing or whether they have evolved significantly to generate novel perspectives. These questions, which are linked with the issue of canon formation and its reception are intricately woven into the fabric of these essays. This anthology will respond to the scholarly interests of inquisitive students, research scholars and academics in the field of Indian English literature.

Contemporary Indian English Poetry and Drama

Indian poets who wrote in English—a small middle class minority—were divided from the regional language poets by more than language for long. The English poets had a selected readership, were known unto themselves, in academic circles if they were widely published, but were looked down upon with a kind of derision by regional writers. However, the scenario has changed now. From English being spurned as a colonizer's tongue that was nobody's language, it has now become everybody's language with English medium schools, English movies, ads, soaps and serials. For a generation living in a global village, genuine readership and appreciation of English poetry is no longer an encumbrance. This book, in its second edition, continues to educate the students with diverse and thought-provoking essays that vary from personal to argumentative to objectively discursive English literature and to those who are genuinely interested in Indian English poetry. The Fourteen poets selected in this anthology are Michael Madhusudan Dutt, Toru Dutt, Rabindranath Tagore, Aurobindo Ghosh, Sarojini Naidu, Jibanananda Das, Nissim Ezekiel, Jayanta Mahapatra, A.K. Ramanujan, Arun Kolatkar, Rajagopal Parthasarathy, Kamala Das, and Dilip Chitre. The poets included are all on the syllabi of major universities in India.

Critical Essays on Indian English Writing

Family Quarrels: Towards a Criticism of Indian Writing in English is the first critical work that traces the history of the criticism of Indian writing in English in order to demonstrate the development of this literature as, a response to its criticism, and an imitation of western literary trends. In this effort, Family Quarrels, throws an entirely new light on the development of Indian Literature in English. The critical push towards finding a style that was at once both Indian and fashionably au courant compelled Indian writers to innovate stylistically. Both India's political background and sociolinguistic theories such as the Sapir-Whorf hypothesis led to such a criticism. Evaluations of previous critical perspectives show where they fail and point to the need for a new interpretive community. A -proper- criticism of Indian literature in English should take into consideration the language contact situation and the writers' context of situation."

Family Quarrels

In This Comparative Study Of Five Indian English Poets The Main Thrust Is On Content Analysis Of Their Poems With A View To Identifying The Degree Of The Indian Experience And Sensibility As Expressed In Them. The Choice Of English As The Medium Of Creative Expression Especially Poetry Makes The Indian English Poet's Credentials Suspect Because The Question Of The Indian Sensibility Does Not Become An Issue In The Case Of The Regional Writers In India. As Vrinda Nabar Appropriately Observes, One Does Not Lose One's Indianness Automatically Only Because One Writes In English Which Is An Acquired Language For The Indian Writer. What Needs To Be Emphasised Is Whether The Total Nalive/Deshi Heritage Is Rejected In Favour Of Some Alien Sensibility. The Present Study Tries To Define The Indian Sensibility And Also Briefly Traces Its Development In The History Of Indian English Poetry. In Doing So It Does Not Attempt A Value Judgement On The Poets Under Consideration, Namely, Nissim Ezekiel, A.K. Ramanujan, Arun Kolatkar, Dilip Chitre And R. Parthasarathy, Who Have Now Been Accepted As The Doyens Of Indian English Poetry. The Book Offers Practically A Poem-By-Poem Discussion Of The Works Of These Five Poets In A Fresh Perspective.

Continuities in Indian English Poetry

"West Indian Literature, as a body of work, is a fairly recent phenomenon; and literary criticism has not always acknowledged the diversity of approaches to writing effectively. In Making West Indian Literature poet and critic Mervyn Morris explores examples of West Indian creativity shaping a range

of responses to experience, which often includes colonial traces. Appreciating various kinds of making and a number of West Indian makers, these engaging essays and interviews display a recurrent interest in the processes of composition. Some of the pieces highlight writer-performers who have not often been examined. This very readable book, often personal in tone, makes a distinctive contribution to the knowledge and understanding of West Indian Literature. "

In this study, ten independent critical essays and a coda explore the English-language poetry of South Asians in terms of time, place, themes and poetic methodologies. The transnational perspective taken establishes connections between colonial and postcolonial South Asian poetry in English as well as the poetry of the old and new diaspora and the Subcontinent. The poetry analysis covers the relevance of historical allusions as well as underlying concerns of gender, ethnicity and class. Comparisons are offered between poets of different places and time periods, yielding numerous sociopolitical paradigms that surface in the poetry.

He Was Responsible For Spearheading The Modernist Revolution In Indian Poetry In English. All But Divorcing His Wife, Denying His Family Time And Commitment, Creating And Fighting Enemies, Ezekiel Has Served The Muse Indefatigably And Evangelically, And At Great Personal Cost, For He Is As Much Activist For Poetry As Poet. He Has Published The Work Of Others, Edited Journals, Held Offices In Literary Organizations, Selected Poetry For Magazines, Advised Publishing Houses And

Helped And Guided Generations Of Poets. Besides, Ezekiel Has Made Significant Contributions As Playwright, Prose Writer, Critic, Translator And Teacher. The Book Carries Out A Thorough Thematic And Stylistic Analysis Of The Corpus Of Ezekiel, Seeking To Effect A Comprehensive Assessment Of The Same. Efforts Are Made To Foreground The Corpus Against The Tradition Of Indian Poetry In English And To Establish The Work Of Ezekiel As The Main Link Between Pre-Independence Indian Poetry In English And Its Post-Independence Counterpart. Ever Willing To Battle It Out, Raghu Takes On Some Of The Biggest Names In The Contemporary Literary World Of India To Craft A Book Which Is Provocatively Brilliant. The Poetry Of Nissim Ezekiel Will Remain The Book On Ezekiel S Verse For A Very Long Time To Come.

English and the Indian Short Story

The essays in this volume seek to explore the genre of the short story in India and its relationship with English language and literature. Various aspects of the question are taken up the impact of colonialism; the way English has shaped (or not) short story writing; why, how and in what contexts English words are used, feminist perspectives in the writings of women; the Indian diaspora; the teaching of the short story to Indian students and so on.

Indian Novelists in English

Shashi Deshpande is one of the most fascinating writers in the genre of Indian English writing to have addressed problems and issues related to women and society, breaking the traditional image of a woman as a daughter, wife or mother, exploring the inner psychological conflicts of a woman and making her women characters emerge as self-dependent individuals with a space of one's own. Through her bunch of wonderful novels Shashi Deshpande aims to highlight that everyone in this society should be treated as equals, as human beings; there should not be any compartmentalization on the basis of gender. Women should be given equal opportunity and weightage at par with men. This is possible only when women are independent in truest sense and they hold self-reliance and self-esteem. As a writer of human beings in general and women in particular, Shashi Deshpande has wonderfully considered all these aspects in her writings with her ingenious narrative skill and creative spirit. This book has attempted to explore the journey of Deshpande's protagonists in quest of an exclusive identity, which has the essence of individuality and self-confidence and which make them stand apart from the stereotypical tags given by traditional patriarchal society. Amidst hindrances and oppressions of various kinds how Deshpande's women characters come out of their shell to carve a niche for themselves by utilizing their potential and willpower has formed the crux of the book. Comprehensive and analytical in nature, the present book would prove an asset to students of English literature.

Feminist Perspectives Towards Shashi Deshpande's Novels

This book maps the journey of the Indian poetic imagination—in Hindi, Panjabi and Indian English—from its original quasi-spiritual longings to its activist interventions in the public domain. As Indian poetry of the post-1990s gravitates towards a non-Orientalised postcolonial nationalism, it seeks to rewrite and disseminate the shifting coordinates of nationalist imagination in terms of the dissent of the subaltern discontents of the nation. The book is interdisciplinary: it studies Indian poetry from the new emerging imperatives of postcolonialism, new historiography (subaltern, dalit and diasporas), nationalism, and cultural studies. Covering the two major north Indian languages—Hindi and Punjabi—along with poetry in Indian English, the book is a close textual study of about 150 poetry collections in these languages. It is path-breaking in its study of secular poetry written in the so-called vernaculars, with critical attention to its participation in the political as well as cultural processes of nation-making. This cutting-edge book should be of interest to scholars of Indian writings in English, Hindi and Panjabi, gender studies, dalit and diaspora studies, postcolonial poetry and to students reading South Asian literature and culture.

Poetry, Politics and Culture

In an ocean where myriads of rivers converge, can one sole river lend the ocean its distinct flavour? For someone who is at home with several languages, literary traditions and disciplines, is it possible for one form to criss-cross the landscape of another? In a poet's world of mirrors, where stream and earth are sky, one may 'sometimes count every orange on a tree', but can one count 'all the trees in a single orange'? In this volume, Guillermo Rodríguez explores these possibilities by analysing the works of one of India's finest poets, translators, essayists and scholars of the twentieth century, A.K. Ramanujan (1929–1993).

Indian Book Chronicle

The Anthology Makes An Evaluation Of Major Indian Critics/Theorists In English And Focuses On Vital Issues Relating To Contemporary Indian Literary Criticism. There Is Today An Analytic Focus On The Figures Or Personnel Of History—Not Just The Actors—Within (So To Speak) History, But The Experts And Institutions Who Organize And Authorize The Narratives, The Exclusions, And The Blind-Spots Of The Discipline. Re-Figuring Is Thus Not An Originary Gesture, Not A Re-Founding Or A Return To True Origins, But A Call For Transforming The Contemporary Moment And Forging The Conceptual And Political Instruments Adequate To This Task.

Postcoloniality and Indian English Poetry

South Asian writing in English is thriving and worth reading and studying, either as a whole or separately as Indian, Pakistani, Sri Lankan or Bangladeshi literature. Discusses the fate of the English language after the British left South Asia and the exile's return to a country that has changed and the search for roots.

Indian English Literature, 1980-2000

How was the post-modernist project contested, subverted and assimilated in India? This book offers a personal account and an intellectual history of its reception and response. Tracing independent India's engagement with Western critical theory, Paranjape outlines both its past and 'post'. The book explores the discursive trajectories of post-modernism, post-colonialism, post-Marxism, post-nationalism, post-feminism, post-secularism — the relations that mediate them — as well as interprets, in the light of these discussions, core tenets of Indian philosophical thought. Paranjape argues that India's response to the modernist project is neither submission, willing or reluctant, nor repudiation, intentional or forced; rather India's 'modernity' is 'unauthorized', different, subversive, alter-native and alter-modern. The book makes the case for a new integrative hermeneutics, the idea of the indigenous 'critical vernacular', and presents a radical shift in the understanding of *svaraj* (beyond decolonisation and nationalism) to express transformations at both personal and political levels. A key intervention in Indian critical theory, this volume will interest researchers and scholars of literature, philosophy, political theory, culture studies and postcolonial studies.

The Journal of Indian Writing in English

There exist a few histories of Indian Writing in English (IWE) from Derozio to the present day. But their defining nature and scope have been more or less, a linear narration of authors' work and their times. Quite often the determinants of literary excellence in India are non-literary. Members of the affluent classes as literateurs here, owe more to their position in society, than to their talent, for their visibility. The fact of the matter is that in the prevailing IWE scenario, literary criticism is incomplete as a tool.

Kunapipi

A stimulating original assessment of the Indian woman today. Where does the contemporary Indian woman stand today? In what manner does she reflect the influences, insidious and overt, of cultural and historical conditioning? Is there such a thing as a 'typical' Indian woman? If so, what are her centers of conflict and harmony? What is the present-day reality in terms of progress, the break-up of the joint family, the role of the woman as a wage-earner? Does she find herself leading a life of contradictions? The issues dealt with in this illuminating book are those that connect female awareness and its struggle

against patriarchy with specific Indian situations and problems. Indian religious texts and shastras are used to reinforce the argument that gender in many ways has become a curious equalizer with respect to Indian women even though the conventional caste-structure continues to dominate social operations.
