Aristophanes

Flying to Heaven to demand an end to war, building Cloudcuckooland in the sky, descending to Hades to retrieve a dead tragedian - such were the cosmic missions on which Aristophanes, the father of comedy, sent his heroes of the classical Athenian stage. The wit, intellectual bravura, political clout and sheer imaginative power of Aristophanes' quest dramas have profoundly influenced humorous literature and satire, but this volume, which originated at an international conference held at the Archive of Performances of Greek and Roman Drama at Oxford University in 2004, is the first interdisciplinary study of their seminal contribution to the evolution of comic performance. Interdisciplinary essays by specialists in Classics, Theatre, and Modern Literatures trace the international performance history of Aristophanic comedy, and its implication in aesthetic and political controversies, from antiquity to the twenty-first century. The story encompasses Jonson's satire, Cromwell's Ireland, German classicism, British Imperial India, censorship scandals in France, Greece and South Africa, Brechtian experiments in East Berlin, and musical theatre from Gilbert and Sullivan to Stephen Sondheim.

Aristophanes

This simple story about a bird who wants to be a frog delivers a powerful message about making peace with who we are.

The Peace the Birds the Frogs

One autumn day Frog discovers a blackbird lying motionless in the grass. Worried, he asks his friends what can be the matter. Very gently and simply, then animals begin to understand the meaning of death and the beauty of life in this moving story.

"The" Peace

Willie The Frog Learns To Fly is a children's book for all ages. Adults will take pleasure in reading the story as much as the young ones listening. The story is about a small frog that has a life long dream to fly like the birds and insects around him. He spends his short life trying to achieve that goal. He does actually accomplish the goal but one must read the story to find the solution. The story teaches many virtues such as self-discipline, compassion, responsibility, work, courage, and faith. The reader will be able to follow Willie through his life and recognize the many virtues that the tiny frog possesses. This story also teaches children that we can reach life's goals, if we never give up trying. Willie The Frog Learns To Fly contains the translations of tracks, which are really messages, made by the little animals. The "Frog Tracks Translated" are expressions of wisdom, humor, and knowledge that are sent to us by the footprints that the animals leave in the sand. Everyone, children and adults will enjoy the translations of the messages left to us humans by these tiny animals. Other Children's Books by Dean W. Brown Rupert The Cross Eyed Rooster The Confederate Mouse Boyhood Tales of General JEB Stuart Grandma's Stories, Cures and Fixings Seniors Are Much Like Trees

Aristophanes

Carlo Ferdinando Russo's book has been a seminal work on Aristophanes since its publication in Italy in 1962. In his detailed analysis, Russo considers the plays as libretti for actors and singers rather than as mere texts, and never loses sight of the stage. This is the classic book about Aristophanes. Now finally available in English and much-updated, it is essential reading for any student of Athenian comedy.

"The" Peace

Though uplifting rhymes and profound messages of acceptance, respect and understanding, The Birds and the Frogs, author Brian D. McClure educates and entertains children, parents and grandparents by providing and suggesting ways to denounce bullying. I'm smarter than you, because you're just a frog, why in the hierarchy of animals, you're really a clog! I'm sorry, the frogs said in reply, I'm sure I'd be smarter if I could only fly. This conversation was the same in each new day and after a time, all the frogs believed that they didn't belong. It was not until a young group of tadpoles teach the birds and frogs a higher truth, that they are able to change their false beliefs, and learn to honor and respect one another. The Birds and the Frogs like the other seven books in The Brian D. McClure Children's book series offer universal life lessons that empower, teach and educate the whole family.

The Peace

'The perfect story to read curled up by the fire with a friend.' - Jeanne Willis, author of The BogBabyBear and Bird are best friends. They have planned a very special day together, but when Frog arrives at the door unannounced, Bear is so excited that he forgets all about Bird. When Bear and Frog set off to explore the big blue lake and enjoy a delicious picnic, Bird is too angry to join in. But soon Frog is in danger... - will Bird swallow his pride and come to the rescue? Filled with beautiful, heart-warming illustrations, this gentle story teaches young readers the true meaning of friendship.

Aristophanes: The peace. The birds. The frogs

Examining the profusion of ways in which the arts, culture, and thought of Greece and Rome have been transmitted, interpreted, adapted and used, A Companion to Classical Receptions explores the impact of this phenomenon on both ancient and later societies. Provides a comprehensive introduction and overview of classical reception - the interpretation of classical art, culture, and thought in later centuries, and the fastest growing area in classics Brings together 34 essays by an international group of contributors focused on ancient and modern reception concepts and practices Combines close readings of key receptions with wider contextualization and discussion Explores the impact of Greek and Roman culture worldwide, including crucial new areas in Arabic literature, South African drama, the history of photography, and contemporary ethics

Works

"The book should be of particular interest to those working in Greek tragedy and comedy and classical literary theory."--Jacket.
