All the Parables of the Bible

A study and analysis of the more than 250 parables in Scripture.

The Parables of the Old Testament

Excerpt from The Parables of the Old Testament Of the matter contained in these pages, a small portion has already been published in a series of articles in the Quiver; the greater part is new. It will be seen at once that the work has no claim to originality or independent research; or to that wealth of imagination and learning which has made Trench's "Notes on the Parables of the New Testament" one of the most valuable books of our generation. It addresses itself to simple readers; and is merely a help to Bible reading. Its object is to group together in right connexion and gradation all the phases of parabolic "teaching by comparison" which present themselves in the Old Testament; to suggest the study of certain striking passages, which are usually too apt to be overlooked; and to bring out - what in these days it is especially necessary to dwell upon - the preparatory character (in this respect as in others) of the teaching of the older Scriptures, leading up to the perfect Revelation of our Lord Jesus Christ. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Parables of Jesus in the Light of the Old Testament

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Parables of the Old Testament (Classic Reprint)

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Parables of the Old Testament

Excerpt from The Parables of the Old Testament, Explained The Sacred Scriptures are the Word of God, written in a Divine way, and for a Divine purpose. The Divine Word contains messages from God, as a Spiritual Being, to men as spiritual beings. But, in order to _bring down the truth to the apprehension of natural-minded men, spiritual truths must be presented in corresponding natural ideas, in natural imagery. I, Jehovah, thy God, have also spoken by the prophets, and have multiplied visions, and used similitudes, by the ministry of the prophets. (hosea xii. 9, m.) Hence the Bible has a spirit and a body, between which there is the relation of correspondence, as inward and outward counterparts. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as

a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Parables of the Old Testament

The Parables of the New Testament is a classic Christian text written by William Bacon Stevens and presented a beautiful biblical interpretation of the parables of Jesus. The book presents biblical commentary and author's notes on each parable. There are more than 20 parables of Jesus: The Sower, The Ten Virgins, The Rich Fool, The Prodigal Son, The Rich Man and Lazarus, The Good Samaritan, The Pearl of Great Price, The Mustard Seed, The Pharisee and the Publican, and more ..

The Parables of the Old Testament

The third volume in the Biblical Explorations series from bestselling New Testament writer Paula Gooder explores a major exponent of the Gospels: the parables of Jesus. It considers why Jesus spoke in pictures and opens up the world behind the parables to reveal just how striking, memorable and challenging they were for their original hearers.

The Parables of the Old Testament, Explained (Classic Reprint)

An exposition of forty-eight narratives of the Old Testament, which are in the form of parable, fable or vision. "Mr. Mitchell's admirable book on The Parables of the Old Testament.... is a book dealing with Bible subjects in a way calculated to be of considerable service, not only to the preacher (who is, of course, always willing to be helped), but also, and perhaps more especially, to the teacher, whether in the class, the school or the home. And to say this, is to indicate it as a book for which there is a place, and a crying need, at the present moment. The explanations given are so arranged and presented as to render them easy of apprehension.... First, the narrative itself is given from the Word, and immediately followed by a brief paragraph, little more than a sentence, summing up the general spiritual lesson, and striking a clear key-note, to which all the rest is attuned. This is, of itself, an invaluable lesson, in preparation. . . . After the key-note... we are presented with a short historical survey or summary of literal facts connected with the narrative, giving it the necessary time and place setting in our minds. From this section, which has its own heading, we pass to the historical representative meaning, and thence to the spiritual significance, of the various characters, incidents, or figures entering into the narrative. By means of these we are brought into the general lesson in a more amplified form, with illustrations and applications to daily life; and the whole is brought to a fitting conclusion by some final assurance or appeal. This, with variations according to the nature of the subject, is the order followed, throughout these studies; and it is in the order of their presentation that their usefulness becomes so easily apparent. No one with any degree of interest in Bible-teaching could fail to read the book with pleasure, or to find in it a store-house of material that is full of suggestiveness." --Morning-Light (London, England).

The Parables of the New Testament Practically Unfolded

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Parables of the New Testament

The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.

Notes and Illustrations of the Parables of the New Testament

The Parables of Christ is a simple and yet thought-provoking analysis of the teachings of Jesus of Nazareth. It carefully analyzes forty-eight of Jesus's most important parables as the foundation of the New Testament gospel, and it places them within the context of the Old Testament law. The Parables of Christ is especially useful for those persons who are unfamiliar with Jesus's fundamental teachings. But this book is also an innovative Bible-study companion that is very practical and useful for knowledgeable and experienced Christians, lawyers, pastors, and theologians.

Notes on the Parables of the New Testament

Over 2000 years ago Jesus invited his followers to a new life, empowered by the saving grace of God. Jesus in-filled them with spiritual knowledge and asked them to develop certain attitudes and life-styles so that they may possess this new life. Do you want to be blessed by this new life but unsure of how to achieve it? Dr. Timothy Maurice Pianzin's spirit-filled book entitled, *Discovering the Truth of Jesus' Parables in the light of its Historical, Geographical and Socio-cultural Setting* uncovers the hidden meanings contained in Jesus' parables and gives you understanding on how to live life that will qualify you to claim your inheritance in heaven. Don't hesitate, read Dr. Timothy Maurice Pianzin's excellent guidebook to the parables of Jesus now. If you read *Discovering the Truth of Jesus' Parables* with a receptive heart and mind, the life-saving Words of Jesus will come alive and transform your life to live it in the fullness of God's grace. Dr. Timothy Maurice Pianzin has doctorates in Biblical Theology and Sustainable Development. For the last thirty years he has been a devoted Bible scholar and has participated in many Bible courses and seminars. He has also traveled extensively in the lands that Jesus once walked and preached, and has painstakingly researched on the background to Jesus' parables-which became the basis for writing of this book. In addition he has also contributed in the teaching the Bible for over twenty years, covering most books of the Bible and many other biblical topics. In his professional life he has written many reports for the United Nation, Commonwealth Secretariat and other institutions. Since his retirement from consulting works, he has devoted his life to make the Word of God better known.

The Parables

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. Notes and Illustrations of the Parables of the New Testament ... Revised edition

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

The Parables of the Old Testament Explained

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Parables in the Gospels

Hitchcock's compendium of Bible names and their definitions demystifies the meanings of every Bible name from A to Z - thus, it is a superb reference manual for spiritual study. A good supplement to Biblical studies, Hitchcock's book lists the meanings behind the various names. This allows readers to discover the etymological origins of the most famous figures in the Bible, place these names in their proper context, and thus perform readings of the holy scripture from a more informed perspective. Many of the names pertain directly to the qualities of their holders. For example the name Behemoth from the Book of Job simply means 'monstrous', while the name 'Iscaiot' (as in Judas Iscaiot) means 'a man of murder; a hireling'. Other names are however more nuanced - the name 'Baal' means 'master, or lord', contrasting the demonic connotations applied by 17th century Gothic fiction.

The Parables of the Old Testament, Explained - Scholar's Choice Edition

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Parables of the Old Testament - Scholar's Choice Edition

A premier New Testament scholar explores how Jesus' trial and execution are portrayed in the New Testament and how that portrayal has affected biblical studies, Christian theology, and Jewish-Christian relations through history. Tomson has written an accessible, responsible analysis of the biblical accounts of Jesus' death, demonstrating how, through compounded misunderstandings, they contributed to anti-Jewish sentiment in the early church and later history. Tomson's question of how Jesus is to be understood in his first-century Judean context is a critical one not only for biblical scholars, but for anyone concerned about human rights and interreligious dialogue today.

Holy Bible (NIV)

Excerpt from Notes on the Parables of the New Testament Perhaps it may be said, without encroaching on the feelings of the reader, that most of the ideas imbibed by people, in general, in divinity; are received from the pulpit. And while one congregation is attending to explanations of the Parables in one

way, another is entertained with different ideas on the same passages. When those ideas are received, they form quite a difference in the opinions of Christians this dissimilarity of sentiment engenders twice as much disturbance in the heart, where nothing contrary to charity ought to be found this disturbance is like a hot bed to the seeds of contention, and roots of bitterness. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Outlines of sermons on the miracles and parables of the Old Testament, by a London minister [W. Harris].

A fresh look at the meaning of Jesus' parables for Christian living today. The parables recorded in the Gospels are central for an understanding of Jesus and his ministry. Yet the parables are more than simple stories; they present a number of obstacles to contemporary readers hoping to fully grasp their meaning. In this volume, thirteen New Testament scholars provide the background necessary to understand the original context and meaning of Jesus' parables as well as their modern applications, all in a manner easily accessible to general readers. Contributors: Stephen C. Barton Craig A. Evans Richard T. France Donald A. Hagner Morna D. Hooker Sylvia C. Keesmaat Michael P. Knowles Walter L. Liefeld Richard N. Longenecker Allan W. Martens Klyne R. Snodgrass Robert H. Stein Stephen I. Wright

The Parables of Christ

Who do we meet in the stories Jesus told? In *The Parables of Jesus the Galilean: Stories of a Social Prophet*, a selection of the parables of Jesus is read using a social-scientific approach. The interest of the author is not the parables in their literary contexts, but rather the parables as Jesus told them in a first-century Jewish Galilean sociopolitical, religious, and economic setting. Therefore, this volume is part of the material turn in parable research and offers a reading of the parables that pays special attention to Mediterranean anthropology by stressing key first-century Mediterranean values. Where applicable, available papyri that may be relevant in understanding the parables of Jesus from a fresh perspective are used to assemble solid ancient comparanda for the practices and social realities that the parables presuppose. The picture of Jesus that emerges from these readings is that of a social prophet. The parables of Jesus, as symbols of social transformation, envisioned a transformed and alternative world. This world, for Jesus, was the kingdom of God.

Parables of Jesus

This book is a study of the parables unique to the Third Gospel, aiming in particular to establish a link between Luke's choice of these parables and his overall purpose in writing. In comparison to the synoptic kingdom parables, one distinguishing feature of the Lukan parables is their more personal portrait of the character and the nature of God himself. Luke's desire is to demonstrate to his readers, whoever they are, that in Christianity the realization of the Jewish hope has occurred. The parables promote this idea by offering both continuity (OT) and contrast (contemporary Judaism) in their portrait of God. Thus, as well as operating in a parenetic sense, the parables also help to legitimize Luke's argument regarding fulfillment.

A Catechism on the Parables of the New Testament

From the very beginning, human beings have loved to listen to stories. And Jesus loved to tell them. The parables are vivid, rich, arresting stories that make us think and teach us lessons about our relationship with God and others. From talents to mustard seeds, from shepherds to Samaritans, Jesus used common reference points to teach important truths. But the parables are filled with ambiguity and room for interpretation. With historical and cultural background, and careful scholarly detail, this book helps readers explore their beauty, richness, and joy. Includes discussion questions and activities. Chapters are organized by parable types such as seeking and growth.

PARABLES OF THE OT

William Barclay brings to these "best-known stories in the world" new force and significance for the modern reader. Each chapter analyzes an individual parable--identifies its theme, explains it in the light of the language and customs of the ancient world, and clearly interprets its meaning for us today. The William Barclay Library is a collection of books addressing the great issues of the Christian faith. As one of the world's most widely read interpreters of the Bible and its meaning, William Barclay devoted his life to helping people become more faithful disciples of Jesus Christ.

The Gospel According to Matthew

Parables are some of the most familiar stories in the Bible, yet their interpretations and applications are anything but uniform. Scandalous Stories is a "sort" of commentary on these familiar stories that are steeped in God's offensive grace and loving mercy for sinners and saints alike.
