

Girl Guide Association Of Trinidad And Tobago

[#Girl Guides Trinidad and Tobago](#) [#Youth development Trinidad](#) [#Girls leadership programs](#) [#Community service Trinidad Tobago](#) [#Empowering girls Caribbean](#)

The Girl Guide Association of Trinidad and Tobago is dedicated to empowering girls and young women across the twin-island nation. Through dynamic programs focused on leadership development, community service, and personal growth, they foster confidence, resilience, and a sense of civic responsibility, preparing the next generation of female leaders for Trinidad and Tobago and beyond.

Diamond Jubilee, 1914-1974, of the Girl Guides Association of Trinidad and Tobago

This volume examines scouting—the largest voluntary movement for girls—in its first century of existence, seeking to understand how the organization has lasted and how it has changed. Scouting for Girls: A Century of Girl Guides and Girl Scouts is the first global history of Girl Scouting and Guiding that addresses the successes and pitfalls of the 100-year-old organization from its beginning in Great Britain through its international expansion. Since 1910, millions of girls worldwide have been exposed to Scouting. While much has changed since 1910, the core values of Scouting/Guiding are still recognizable in today's programs, namely the empowerment of girls through adventure, character-building, home skills, outdoor pursuits, and active learning. But has Scouting's very willingness to change with the times undermined its original ideologies and fundamentally changed the movement? As Girl Scouts and Guides move into their second century, their challenge will be to remain true to their founding values while remaking themselves on a regular basis. Given the changing nature of today's societies and the serious problems girls face on a daily basis, Girl Guides and Girl Scouts will need to be true to their motto, "Be Prepared," in order to march forward successfully into the future.

Handbook of Trinidad and Tobago

Age was a critical factor in shaping imperial experience, yet it has not received any sustained scholarly attention. This pioneering interdisciplinary collection is the first to investigate the lives of children and young people and the construction of modes of childhood and youth within the British world.

Trefoil Round the World

This volume describes the English and English Creole of Trinidad and Tobago. Sources from the early 19th through late 20th centuries are gathered from a wide range of materials: novels, editorials, advertisements, cartoons, proverbs, newspaper articles, plays, lyrics of traditional songs and calypsos, and oral interviews. Many of the older texts are now made easily accessible for the first time. The introduction includes descriptions of the historical background, the sound system, grammar and

vocabulary, speech styles, social and linguistic interaction of Creole and English, and implications for education and spelling. The older sources demonstrate much closer links to other Caribbean English Creoles than previously recognized. The texts and recordings of oral interviews are invaluable resources for researchers and teachers in linguistics, Creole Studies, Caribbean studies, literature, anthropology and history.

Scouting for Girls

Fashion is often thought of as a matter of personal taste, completely unconnected with the public domain of political life and citizenship. This book reveals that fashion has played a significant role in political participation and protest.

Reports and Documents

Beginning with 1894 consists mainly of the Proceedings [etc.] of the American philatelic association.

Colony of Trinidad and Tobago

Containing information obtained from official records and reliable sources.

Children, Childhood and Youth in the British World

Guide for women (incl. Rural women) on womens organizations, community resources, etc. In the Caribbean - includes country profiles; covers agricultural production, choice of technology, education and training, health, income generating activities and small business; lists regional organizations and aid financing sources. Bibliography, diagrams and illustrations.

Annual Report of Trinidad and Tobago for the Year

An examination of how, from 1900 through the 1960s, West Indians employed their British identity both to establish a place for themselves in the British imperial world, and to negotiate the cultural challenges of decolonization as Caribbean peoples.

Story of the Girl Guides

Directs the reader to 6000 organizations throughout the world concerning women and women's issues. Coverage includes groups focusing on such topics as breast cancer, divorce, reproductive rights and right-to-life, rape, domestic violence, and family, parent and infant issues.

A Guide to the Social Services in Trinidad & Tobago for Children and Young People

Discover these fascinating twin islands with the most incisive and entertaining guidebook on the market. My Season on the Kenai

Follow along with award-winning sportswriter Lew Freedman as he journals an unforgettable season of fly fishing along the Kenai River. Just as you never know what kind of fish and what size fish might be tugging on your line when the rod bends, you never know what kind of excitement awaits during a season on the Kenai River. Located in Southcentral Alaska, the Kenai River is a world-class salmon river attracting fishermen from all over the world. Each summer thousands of anglers fish the magical Kenai River. Discover what makes the eighty-five-mile-long river a dream destination for the devout fisherman inside My Season on the Kenai. Freedman's amusing stories and first-hand experience are sure to entertain and inspire the avid angler, with valuable information and insights sprinkled in each chapter.

Kenai Trails

Describes 29 trails (including 4 near Seward not listed on the table of contents) detailing location, trail length, access, history, elevation gain, recommended season, and difficulty.

Kodiak National Wildlife Refuge

"Andrew Berg was miner, hunter, trapper, fisherman, warden, and Alaska's first licensed hunting guide. More than a biography, this is a well-documented history of the early American settlement of the Kenai Peninsula."

Kodiak National Wildlife Refuge (N.W.R.) Comprehensive Conservation Plan

From the Arctic to Bristol Bay, this book covers all the fabulous fishing opportunities throughout Alaska. With this resource, anglers can fly into Anchorage, rent a camper, and be catching trophy salmon and trout within hours of arrival. Includes 109 detailed river and lake maps--a big book for a big state.

Chugach National Forest Land and Resource Management Plan

From breathtaking mountains to untamed coastlines, Insider's Guide to Anchorage and Southcentral Alaska features Prince William Sound, the Kenai Peninsula, Anchorage, and Denali National Park.

Soil Survey

Alaska's No. 1 Guide

Guide to visiting one of Alaska's most accessible glaciers with map and trail descriptions for the Harding Icefield trail and Exit Glacier valley floor trails. Topographic map, trail descriptions, and color photos.

Public Land Management Policy: H.R. 5740, Barrow Gas Field Transfer Act of 1984

John's life story shows the reader that his life's experiences always revolved around fishing and the great outdoors. In his youth his family moved to many states with the military. With a fishing rod in his hand he would make friends with total strangers who sometimes became his mentors. As a young man in Alaska he made some wild reckless social decisions and still made time to fish. His priority's in life were always fishing, friendships, fishing, laughter, fishing, chase your dreams, fishing, and live a simple life—fishing. *I Fished My Way Through Life* shows the reader all of that. If you were fortunate enough to fish with John Lesterson you learned how to enjoy fishing and loved the stories he would tell.

Public land management policy

The Kenai Peninsula is south of Anchorage, surrounded by the Cook Inlet to the west and Prince William Sound to the east. It is one of the most visited tourist regions in Alaska, especially popular with anglers lured by its excellent salmon and halibut fishing. Wink Travel Guides introduce you to the best world travel destinations, in a clear and concise way, illustrated by photos.

Stirring the Senses

The first guide to the Last Frontier that is entirely evaluative, *Alaska Best Places* is written by real Alaskans who describe the very best of Alaska's great outdoors, milepost stops, and places to eat and stay. Maps.

Flyfisher's Guide to Alaska

The author has worked to answer all your questions about travel and recreation in a state so remote. This guide attempts to target your interests and save you time, money, and effort so that nothing is wasted during your trip. Because Alaska is so big and your options so varied, the guide is organized so you can zero in on the activity or activities that appeal to you most. Thirteen chapters focus solely on adventure travel, each devoted to a single activity. The five regional chapters that follow focus primarily on the basics in a given area of the state: getting around, shopping, lodging, dining, and entertainment. Once you've chosen the adventure of your dreams, you can go to the appropriate regional chapter to get the scoop on the best places in the vicinity to stay, eat, buy gear, rent a car, and learn about local culture and history. Outdoor travelers also are likely independent travelers. A multitude of companies offer exciting-sounding jaunts to scenic places all over the state, but many of these outfits work only with tour providers, such as cruise-ship operators, to obtain large numbers of clients per trip--thus excluding people who wish to travel on their own. In this guide, all our listings are available to independent travelers as well as those in tour groups. The objective is not to provide the most information about destinations or attractions, but, rather, the most useful information. The guide is opinionated, and for good reason. Any destination or outfitter listed here has made the cut by proving itself a wonderful place to visit or a reliable company with which to do business. If, for example, you want to learn more about sea kayaking in Alaska, you will not be supplied with every operation in the business--and believe us, there are many of them competing for your dollars. What you will get is a select assortment of those we consider best, and why. After all, isn't the point of a guidebook to help you make the most informed choices?

Insiders' Guide® to Anchorage and Southcentral Alaska

The definitive guide to the Kenai Peninsula. Enjoy mountain peaks and blue glaciers, rushing rivers and aquamarine lakes, coastal islands, abundant wildlife, and king-size salmon.

U.S. Geological Survey Circular

This 224-page title explores North America's superb natural landscapes, from Alaska to Florida and from Maine to Baja California. Evocative essays describe the wildlife and their habitats, with expert advice on how and where to spot some of the most exotic species. The practical tips section offers carefully selected information on travelling, lodging, touring and camping. The work is lavishly illustrated with more than 250 spectacular photographs and 17 specially commissioned maps.

Geologic Studies in Alaska by the U.S. Geological Survey, 1999

Inside of Canoeing Yaghanen you will find: 28 maps of lakes and portages, Camping Options, Preparation and Safety, Fishing Tips and Tactics, Choosing the Right Watercraft, Dealing with Wildlife, Winter Activities

Geologic Studies in Alaska by the U.S. Geological Survey During 1985

The Conterminous United States Mineral Appraisal Program

Beautiful Crescent

Celebrate 300 years of New Orleans history! Originally written by Joan B. Garvey and Mary Lou Widmer, this book is widely regarded as the definitive text for tourists, locals, teachers, and students. Complete with a new forward by Barbara Robichaux, a professional French Quarter tour guide, this concise history directs the reader through the diverse traditions and cultures of New Orleans. The updates in this tricentennial edition celebrate the 300-year history of New Orleans, with chapters including details of the city's founding, changing European rule, slavery, and much more. With lists of notable figures and events, this reference volume is a must for historians, tour guides, and lovers of the Big Easy.

Beautiful Crescent

A brief history for New Orleans' greatest admirers. This concise history of the Crescent City contains chapters covering the Mississippi River, the city's founding, European rule, and more, updated with expanded jazz and African American sections. It is a must for every library and home, and for those who love New Orleans and its rich history.

Study Guide for the Professional Tour Guide License

The City of New Orleans requires all tour guides giving for-profit tours to pass a test on the history, culture and tour regulations in order to obtain a license. The test is administered by the city on a regular basis. The license comes in the form of a plastic photo ID tag to be worn at all times when giving tours. The tag is valid for a period of two years. Many people want this information so they can give intelligent tours to family and friends. Here is your resource. You don't need a license to tell friends or family about this awesome city. This book, STUDY GUIDE FOR THE PROFESSIONAL TOUR GUIDE TEST NEW ORLEANS is a text designed to prepare persons to take the city test or give tours to friends. It was written by Dr. William C. Norris who taught the Professional Tourguiding Class for years at Delgado Community College. He is the author of DOWN IN NEW ORLEANS: True Stories of a Fabled City. The study guide includes the recent city regulations, recommended readings, important dates and important people pertaining to the city's history and culture. Basic etiquette, safety and group management are explained. Dr. Norris' classic French Quarter walking tour is included as a self-guided tour as a learning tool and to provide a personal experience in touring the city. The French Quarter is a world travel destination and its stories are the core of most any type of tour city-wide. This book introduces exciting people from the past: explorers, founders, self-seeking rogues, pirates, slaves, spies, battle seasoned military officers, pirates, politicians, and voodoo practitioners, plus philanthropists, missionaries and good people trying to do the right thing. People like Madame Pontalba who survived a point blank murder attempt on her life before leaving New Orleans with a legacy in brick and mortar. Dr. Norris' included recommended readings are a gateway for expanding into a knowledge of characters and culture that made the city legendary. Two institutions provide classroom training. They are the Friends of the Cabildo, a nonprofit organization that supports the State of Louisiana's Cabildo Museum, and Delgado Community College. Both administer tests that are approved by the city for licensing. This city's past, people, culture, chefs and cuisine are legendary. Savor them here.

Death Embraced: New Orleans Tombs and Burial Customs, Behind the Scenes Accounts of Decay, Love and Tradition

Death Embraced is like no other book you have ever read. Fascinating and entertaining, it leads readers to ponder issues that should not be avoided. Some may want to use it as a guide to visiting New Orleans graveyards . . . or as a guide to life. "An amazing book by an even more amazing writer, historian and educator with vast knowledge of the Crescent City's history and an intimate understanding of many of the Big Easy's lesser-known cultural traditions and customs. A must-read for anyone who is serious

about learning the true history of New Orleans. I dare you to try to put it down after reading its first few pages." -Edmund W. Lewis, Editor, The Louisiana Weekly "A gem of a book, full of little things you didn't know you wanted to know. With subtitle wit and serious depth of knowledge, Mary LaCoste shares the down and dirty of one of New Orleans most mysterious institutions." -Liz Scott, New Orleans Magazine

New Orleans Then and Now

This practical travel guide to New Orleans features detailed factual travel tips and points-of-interest structured lists of all iconic must-see sights as well as some off-the-beaten-track treasures. Our itinerary suggestions and expert author picks of things to see and do will make it a perfect companion both, ahead of your trip and on the ground. The Rough Guide to New Orleans (Travel Guide with Free eBook)

Provides information on the duties, salaries, employment prospects, and skills, training, or education necessary for more than sixty-five jobs that focus on nature and the environment.

Career Opportunities in Conservation and the Environment

A guide to camping, fishing, hiking & sightseeing and to the 558 state parks throughout America's South, stretching from the Atlantic Ocean to the Texas Panhandle--14 states in all.

State Parks of the South

Bottleneck (n): a person who advocates for the creation or perpetuation of government regulation, particularly an occupational license, to restrict entry into his or her occupation, thereby accruing an economic advantage without providing a benefit to consumers. The Left, Right, and Center all hate them: powerful special interests that use government power for their own private benefit. In an era when the Left hates "fat cats" and the Right despises "crony capitalists," now there is an artful and

memorable one-word pejorative they can both get behind: bottlenecks. A “bottleneck” is anyone who uses government power to limit competition and thereby reap monopoly profits and other benefits. Bottlenecks work with politicians to constrict competition, entrepreneurial innovation, and opportunity. They thereby limit consumer choice; drive up consumer prices; and they support politicians who willingly overstep the constitutional limits of their powers to create, maintain, and expand these anticompetitive bottlenecks. The Institute for Justice’s new book *Bottlenecks* coins a new word in the American lexicon, and provides a rich history and well-researched examples of bottlenecks in one occupation after another—from alcohol distributors to taxicab cartels—pointing the way to positive reforms.

Bottlenecks

In *Creole Italian*, Justin A. Nystrom explores the influence Sicilian immigrants have had on New Orleans foodways. His culinary journey follows these immigrants from their first impressions on Louisiana food culture in the mid-1830s and along their path until the 1970s. Each chapter touches on events that involved Sicilian immigrants and the relevancy of their lives and impact on New Orleans. Sicilian immigrants cut sugarcane, sold groceries, ran truck farms, operated bars and restaurants, and manufactured pasta. Citing these cultural confluences, Nystrom posits that the significance of Sicilian influence on New Orleans foodways traditionally has been undervalued and instead should be included, along with African, French, and Spanish cuisine, in the broad definition of “creole.” *Creole Italian* chronicles how the business of food, broadly conceived, dictated the reasoning, means, and outcomes for a large portion of the nearly forty thousand Sicilian immigrants who entered America through the port of New Orleans in the nineteenth and early-twentieth centuries and how their actions and those of their descendants helped shape the food town we know today.

Creole Italian

This volume, produced in conjunction with the GSA North-Central Section Meeting held in Dayton, Ohio, April 2012, has a mix of papers ranging from stratigraphy, paleontology, and hydrogeology, to geomorphology, drainage basins, and building stones. The geographic spread of the chapters focuses mainly on an area bounded by those counties adjacent to Montgomery County, but also extends beyond -- from Paulding County in the north to Georgetown, Kentucky, in the south. Topics include the Silurian stratigraphy of southwestern Ohio, drainage basins of the Mad River and Little Miami River, the relationship between geology and groundwater of the Inner Bluegrass Region, Kentucky (and its connection to the distilling and aging of bourbon), and the building stones of Dayton, as well as an introduction to the geology of the Dayton area.

On and Around the Cincinnati Arch and Niagara Escarpment

Basic history of New Orleans most useful for local tour guides. Includes recommended reading list, lists of important people and places in the city as well as a tour guide's sample walking tour of the French Quarter.

Winner of the Top Guidebook Series in the Wanderlust Reader Travel Awards 2017.

DK Eyewitness Travel Guide New Orleans

Between the World Wars, New Orleans transformed its image from that of a corrupt and sullied port of call into that of a national tourist destination. Anthony J. Stanonis tells how boosters and politicians reinvented the city to build a modern mass tourism industry and, along the way, fundamentally changed the city's cultural, economic, racial, and gender structure. Stanonis looks at the importance of urban development, historic preservation, taxation strategies, and convention marketing to New Orleans' makeover and chronicles the city's efforts to domesticate its jazz scene, “democratize” Mardi Gras,

and stereotype local blacks into docile, servile roles. He also looks at depictions of the city in literature and film and gauges the impact on New Orleans of white middle-class America's growing prosperity, mobility, leisure time, and tolerance of women in public spaces once considered off-limits. Visitors go to New Orleans with expectations rooted in the city's "past": to revel with Mardi Gras maskers, soak up the romance of the French Quarter, and indulge in rich cuisine and hot music. Such a past has a basis in history, says Stanonis, but it has been carefully excised from its gritty context and scrubbed clean for mass consumption.

Creating the Big Easy

Celebrated in media and myth, New Orleans's French Quarter (Vieux Carr(r)) was the original settlement of what became the city of New Orleans. In *Madame Vieux Carr(r)*, Scott S. Ellis presents the social and political history of this famous district as it evolved from 1900 through the beginning of the twenty-first century. From the immigrants of the 1910s, to the preservationists of the 1930s, to the nightclub workers and owners of the 1950s and the urban revivalists of the 1990s, *Madame Vieux Carr(r)* examines the many different people who have called the Quarter home, who have defined its character, and who have fought to keep it from being overwhelmed by tourism's neon and kitsch. The old French village took on different roles--bastion of the French Creoles, Italian immigrant slum, honky-tonk enclave, literary incubator, working-class community, and tourist playground. The Quarter has been a place of refuge for various groups before they became mainstream Americans. Although the Vieux Carr(r) has been marketed as a free-wheeling, boozy tourist concept, it exists on many levels for many groups, some with competing agendas. *Madame Vieux Carr(r)* looks, with unromanticized frankness, at these groups, their intentions, and the future of the South's most historic and famous neighborhood. The author, a former Quarter resident, combines five years of research, personal experience, and unique interviews to weave an eminently readable history of one of America's favorite neig

Madame Vieux Carre

The tombs and graves of the St. Louis Cemeteries rise from the ground, creating labyrinthine memorials aptly dubbed "cities of the dead." Most are in even rows with quaint street names. Some are of crumbling brick and broken marble. Others are miniature mansions clad in decorative ironwork with angelic guardians. Grand or humble, each is a relic of the story of New Orleans. Politicians, pirates, Mardi Gras Indian chiefs and one voodoo queen rest below. In an unprecedented inquiry, author Sally Asher reveals the lives within the mysterious and majestic tombs of the St. Louis Cemeteries.

Stories from the St. Louis Cemeteries of New Orleans

This book explores the ontologies, epistemologies, methodologies, and methods that inform tourism qualitative research conducted either by Asian scholars or non-Asian scholars focusing on Asia. In addition to providing a platform for researchers to publish their qualitative journeys, it aims to encourage further Asian qualitative tourism research production. The book not only includes chapters from Asian scholars but also non-Asian tourism researchers with a focus on Asia, as their chapters are crucial to represent the multiplicity of realities constituting 'Asia'. It is of interest to the whole tourism academic community as it provides novel methodological insights from a non-Western perspective, which at the moment are often silenced by dominant (Western) voices.

Asian Qualitative Research in Tourism

Most of the narratives packaged for New Orleans's many tourists cultivate a desire for black culture—jazz, cuisine, dance—while simultaneously targeting black people and their communities as sources and sites of political, social, and natural disaster. In this timely book, the Americanist and New Orleans native Lynnell L. Thomas delves into the relationship between tourism, cultural production, and racial politics. She carefully interprets the racial narratives embedded in tourism websites, travel guides, business periodicals, and newspapers; the thoughts of tour guides and owners; and the stories told on bus and walking tours as they were conducted both before and after Katrina. She describes how, with varying degrees of success, African American tour guides, tour owners, and tourism industry officials have used their own black heritage tours and tourism-focused businesses to challenge exclusionary tourist representations. Taking readers from the Lower Ninth Ward to the White House, Thomas highlights the ways that popular culture and public policy converge to create a mythology of racial harmony that masks a long history of racial inequality and structural inequity.

Desire and Disaster in New Orleans

DK Eyewitness New Orleans

New Orleans on Parade tells the story of the Big Easy in the twentieth century. In this urban biography, J. Mark Souther explores the Crescent City's architecture, music, food and alcohol, folklore and spiritualism, Mardi Gras festivities, and illicit sex commerce in revealing how New Orleans became a city that parades itself to visitors and residents alike. Stagnant between the Civil War and World War II -- a period of great expansion nationally -- New Orleans unintentionally preserved its distinctive physical appearance and culture. Though business, civic, and government leaders tried to pursue conventional modernization in the 1940s, competition from other Sunbelt cities as well as a national economic shift from production to consumption gradually led them to seize on tourism as the growth engine for future prosperity, giving rise to a veritable gumbo of sensory attractions. A trend in historic preservation and the influence of outsiders helped fan this newfound identity, and the city's residents learned to embrace rather than disdain their past. A growing reliance on the tourist trade fundamentally affected social relations in New Orleans. African Americans were cast as actors who shaped the culture that made tourism possible while at the same time they were exploited by the local power structure. As black leaders' influence increased, the white elite attempted to keep its traditions -- including racial inequality -- intact, and race and class issues often lay at the heart of controversies over progress. Once the most tolerant diverse city in the South and the nation, New Orleans came to lag behind the rest of the country in pursuing racial equity. Souther traces the ascendancy of tourism in New Orleans through the final decades of the twentieth century and beyond, examining the 1984 World's Fair, the collapse of Louisiana's oil industry in the eighties, and the devastating blow dealt by Hurricane Katrina in 2005. Narrated in a lively style and resting on a bedrock of research, New Orleans on Parade is a landmark book that allows readers to fully understand the image-making of the Big Easy.

New Orleans, What to See and how to See It

This book constitutes the refereed proceedings of the 8th ERCIM Workshop on User Interfaces for All focusing on User-Centered Interaction Paradigms for Universal Access in the Information Society, held in Vienna, Austria in June 2004. The 42 revised full papers presented were carefully evaluated and selected during two rounds of reviewing and improvement. The papers are organized in topical sections on implementing user diversity; adaptation and personalization; accessibility and usability of interactive applications and e-services; universal access and design for all - guidelines, standards, and practices; and novel interaction techniques, devices and metaphors.

User-Centered Interaction Paradigms for Universal Access in the Information Society

The Mobil Travel Guide star ratings are a 45-year-old consumer advocacy concept originally developed following the introduction of the interstate highway system. The goal of the Guide is not to identify and rate every property in the country, but to recommend only the best in each category, ones that we would send our customers to. We look at the stars from a consumer's point of view, rating lodgings and restaurants across North America from the perspective of the average traveler. The Guides feature new enhanced descriptions for 2004. Listings include lodgings, restaurants, attractions, and events in established travel destinations, as well as cities and towns on the way to established travel destinations. Our new easy-to-use format makes the Guides even more indispensable to travelers. Each regional guide is organized alphabetically by state, with introductory information about the state followed by city listings in alphabetical order. For each city, the guide lists sites and attractions, lodgings, and then restaurants. One of the features that sets the Mobil Travel Guide apart from its competitors is its proprietary Mobil star rating system. Forty-five plus years of publishing experience and the oldest non-biased rating system in North America make the Mobil Travel Guide series a must-have for travelers wanting up-to-date ratings of hotels and restaurants.

Mobil Travel Guide South 2005

The first comprehensive account of the entire campaign for the Mississippi River, beginning with the conquests of Memphis and New Orleans and concluding with Grant's strategies for the siege of Vicksburg. Included are driving tours of the battlefields and important sites.

National reports. Inspection trips

Produced in 1938, under the direction of novelist and historian Lyle Saxon, The Federal Writers' Project of the Works Progress Administration, this portrait of New Orleans contains recipes, photographs and folklore. It also includes many sites and attractions the WPA chronicled in 1938.

Dictionary Catalog of the History of the Americas

"This is a study of six beach resort communities on the U.S. South's Atlantic and Gulf coasts: Galveston, Biloxi, Panama City, St. Augustine, Myrtle Beach, and Virginia Beach. As these cities became leisure destinations in the late nineteenth and early twentieth centuries, Anthony Stanonis argues, they were forced to balance the competing demands of modernizing consumer culture and Southern traditionalism. They also participated in an especially delicate dance regarding race--one involving everything from cultural anxieties around tanning to a practical desire to tamp down the sort of racial conflict that might discourage tourism. Stanonis suggests that these negotiations were not always successful. Residents of the beach towns who did not profit from tourism and resented catering to outsiders' values, for example, sometimes struck back through acts of violence. Stanonis traces the rise of the infrastructure of tourism, the tensions of preserving the environment, and the development of a profitable industry in a clear and objective fashion. More importantly, he explores the complexities of race, ethnicity, sexuality, and the tensions between a resort's illegal underground and its 'family entertainment.' The text contains a breadth of archival sources--including the author's own personal collection. The sources blend the perspectives of boosters and developers with those of residents and tourists. Stanonis skillfully weaves the stories of actual people throughout the historical narrative he constructs, which makes the manuscript both more enjoyable and more relevant"--

Distributive Education from AIM, 1967-1971

A historical reprint of a 1904 guide to "The Crescent City." Includes century-old perspectives of NOLA's greatest features. Handier than the free PDFs on the web, this you can hold, bookmark, highlight and shelf. An inexpensive imperative for any writer, travel- or history-buff.

A River Unvexed

The literary tradition of New Orleans spans centuries and touches every genre; its living heritage winds through storied neighborhoods and is celebrated at numerous festivals across the city. For booklovers, a visit to the Big Easy isn't complete without whiling away the hours in an antiquarian bookstore in the French Quarter or stepping out on a literary walking tour. Perhaps only among the oak-lined avenues, Creole town houses, and famed hotels of New Orleans can the lust of *A Streetcar Named Desire*, the zaniness of *A Confederacy of Dunces*, the chill of *Interview with the Vampire*, and the heartbreak of Walker Percy's *Moviegoer* begin to resonate. Susan Larson's revised and updated edition of *The Booklover's Guide to New Orleans* not only explores the legacy of Tennessee Williams and William Faulkner, but also visits the haunts of celebrated writers of today, including Anne Rice and James Lee Burke. This definitive guide provides a key to the books, authors, festivals, stores, and famed addresses that make the Crescent City a literary destination.

Distributive Education; Instructional Materials

"This bilingual encyclopedia attempts to unravel the mystique of the New Orleans psyche ... by explaining in both English and Spanish the cultural underpinnings of the many words and phrases that are endemic to New Orleans by clarifying some of the local traditions and celebrations and providing an insight into some of the practices of the denizens of New Orleans."--Preface.

New Orleans City Guide

Excerpt from New Orleans City Guide We are likewise indebted to the libraries, museums, and newspaper offices of the city and to the Association of Commerce for their consistent co-operation. Other acknowledgments are made in the text and in the bibliography. We are indebted for certain of the photographs to the New Orleans Association of Commerce, the Times-Picayune, and the Historic American Buildings Survey. Most of the photographs, however, and all of the drawings are the work of staff artists and photographers. Although few cross-references have been used in the text, the detailed index should make it simple for the reader to find whatever he is looking for.
