Recorder from the Beginning: Pupil's Book 1

Recorder From The Beginning: Pupil's Book 1 (2004 Edition) is the full-colour revised edition of John Pitts' best-selling recorder course. The eight extra pages in Book 1 have allowed for some new tunes and rounds, whilst retaining the well-known favourites that have helped to make the scheme such an enduring success. This is the book we all learned from as children and is still, successfully, teaching today's youth how to play the Recorder.

Really Easy Recorder Tunes

Lots of fun and easy recorder tunes for young students. A great supplement or follow-up book to The Recorder Fun Book.

Recorder Monster Student Book

This delightfully illustrated and very approachable book provides a perfect introduction to playing the recorder. It starts with the absolute basics such as how to put your recorder together and how to play your first notes, then it teaches you a series of different tunes, gradually adding new notes along the way as you gain in confidence. * A mixture of charming animal illustrations and more detailed technical drawings help to make this a friendly and accessible guide that also contains all the key information you need to know. Gently introduces new information such as how to read music while teaching you new tunes, making the learning experience a satisfying and fun one. Contains 13 tunes to learn.

Recorder for Beginners

The Cello Fun Book for Young Students by Larry E. Newman includes many innovative teaching techniques for elementary age students including: * Extra-large sized notation * Letter names inside the note heads * Limited material per page * Fun, child-centered graphics * Online Scorch Play-a-long files * Online videos For school discounts up to 50%, please visit www.musicfunbooks.com

The Cello Fun Book

Lazlo Lemur is nervous about his first day at a new school, especially when he goes to music class. His teacher expects him to learn a new instrument, but there are so many things to remember...will he EVER get it right? Play--and learn--along with Lazlo in this interactive musical tale!

Lazlo Learns Recorder

A fun way to learn to play the recorder and read music. Contains 48 favorite melodies with lyrics and chord symbols, plus a piano/guitar chord chart. Also contains theory games, duets and a trio!

Yamaha Recorder Student

The Piano Fun Book for Young Students is a great new piano book for both group lessons and private instruction by Larry Newman (author of the best-selling Recorder Fun Book and Violin Fun Book). The Piano Fun Book includes many innovative teaching techniques for elementary age students including: xtra-large sized notation, letter names inside the note heads, limited material per page, fun, child-centered graphics. This beginning book focuses on the right hand for the initial lessons before moving on to the left hand. Just published in 2020, we think you'll appreciate the exciting teaching strategies employed by this nationally recognized music educator and author.

The Piano Fun Book

The Complete Children's Recorder Method is the perfect book for young students. The imaginative online audio turns even the simplest one-note exercise into a fun experience, with lyrics accompanying each song. Large notes are used throughout and each melody is attractively illustrated. Clear and concise instructions introduce technique and notation concepts gradually. The book uses many Icelandic and folk songs, some of which may even date from the time of Leif Eriksson! This gives the method a unique flavor and allows the introduction of many unusual melodic and rhythmic elements. The book starts with the six easiest notes on the recorder and the accompaniment will help the student happily gain a solid rhythmic feeling. F-sharp and B-flat fingerings are introduced later, along with duets. Above all, every student will have fun while learning. Includes access to online audio

Complete Children's Recorder Method

(Schott). Although the recorder is often the instrument with which children will make their first musical discoveries, it is also an instrument of the highest artistic merit. This series links these two extremes, providing a carefully planned pathway between first contact with the instrument and professional recorder playing. The three tutor books are suitable for use both with small groups and for individual tuition. Progress is made in small steps, placing great value on consistent work with breathing, sound production and the development of rhythmic security. Books feature carefully planned, precisely formulated exercises. The Tutor Books are complemented by the Tune Books. These provide additional practice pieces and exercises, sometimes with accompaniment.

Fun and Games with the Recorder

A great first violin book for the very young student featuring extra large notation, letters inside the note heads, fingerings, plus coloring and activity pages. For multiple school orders, please contact us for a discount code good for up to 40% off the cover price at www.violinfunbook.com

My First Violin Fun Book

With more than 3 million fans, TheDadLab has quickly become an online sensation by creating a solution for parents when they hear the dreaded 'I'm bored' complaint, and now, for the first time, Sergei Urban has transferred his most popular experiments to print in this beautifully illustrated and mind-blowing book! Using everyday ingredients that you can find in your kitchen cupboard, Sergei shows experiments that are not only fun for children, but fun for adults too! With 40 wonderful activities, including 15-never-before-posted, TheDadLab includes additional information not found on his online posts: each activity will feature a detailed explanation simplifying the information that stems from the fields of Science, Technology, engineering, and Mathematics (STEM) for a parent to help explain their curious child and answer the questions 'how' and 'why.'

TheDadLab: 40 Quick, Fun and Easy Activities to do at Home

Finally, a recorder book with appeal to kids that focuses on fundamentals taught through songs that young people love to play. Author Larry E. Newman (The Recorder Fun Book) created this book to be used as a first year beginning method or as a second year review and continuing book for the progressing intermediate student. The book is crammed with tons of musical examples, scales, arpeggios, songs, solos, duets and trios plus dozens of fun, kid-centered illustrations. There are play-a-long mp3s available to help motivate students and make playing fun. This book makes a great follow-up to The Recorder Fun Book since the first part of the book provides lots of review and the remainder of the book introduces new notes and concepts. With more than one-hundred pages, this book has it all.

Best Beginning Recorder Book for Kids

This is the piano accompaniment book to The Beginning Band Fun Book method. The method is written specifically for elementary students by elementary band teachers, this popular band method features extra-large sized notation, letter names inside the note heads, limited material per page, fun, child centered graphics, online video tutorials and much more. This exceptional method is one of the few on the market that targets the elementary age band student. The focus on playing recognizable tunes and while having fun makes this the perfect book for the young musician.

The Beginning Band Fun Book (Piano Accompaniment)

Levels 1 and 2 for beginning recorder. Includes beginning music theory and more than 120 folk, pop, and original songs and exercises.

Recorder Express (Soprano Recorder Method for Classroom Or Individual Use)

From the author of The Recorder Fun Book (also available on amazon), this book for beginning recorder classes features over-sized notation with two versions of each song - one with the letters inside the note heads and one without. With more than seventy songs included, The Big Song Book uses just six basic notes (G, A, B, C, D and E). A great book to get your recorder students up and playing lots of music quickly.

The Recorder Fun Book's Big Song Book

(Essential Elements Recorder). The new Essential Elements Classroom Method for Recorder is designed for today's classroom, including easy-to-use technology features that enhance the learning experience for any teaching situation. Essential Elements for Recorder is an effective tool for introducing or reinforcing general music concepts, as an introduction to ensemble performance (band, orchestra, and choir), or for individual or small group instruction. Includes over 130 songs, instrument basics, music reading, duets and rounds, music history, and a fingering chart.

Essential Elements for Recorder Classroom Method - Student Book 1

If you're struggling to get started playing the recorder and would like to learn an effective way to memorize, play and combine notes to make music that tug at the heartstrings, then this guide is for you.

Recorder For Beginners

The 1975 publication of Robin Tolmach Lakoff's *Language and Woman's Place*, is widely recognized as having inaugurated feminist research on the relationship between language and gender, touching off a remarkable response among language scholars, feminists, and general readers. For the past thirty years, scholars of language and gender have been debating and developing Lakoff's initial observations. Arguing that language is fundamental to gender inequality, Lakoff pointed to two areas in which inequalities can be found: Language used about women, such as the asymmetries between seemingly parallel terms like master and mistress, and language used by women, which places women in a double bind between being appropriately feminine and being fully human. Lakoff's central argument that "women's language" expresses powerlessness triggered a controversy that continues to this day. The revised and expanded edition presents the full text of the original first edition, along with an introduction and annotations by Lakoff in which she reflects on the text a quarter century later and expands on some of the most widely discussed issues it raises. The volume also brings together commentaries from twenty-six leading scholars of language, gender, and sexuality, within linguistics, anthropology, modern languages, education, information sciences, and other disciplines. The commentaries discuss the book's contribution to feminist research on language and explore its ongoing relevance for scholarship in the field. This new edition of *Language and Woman's Place* not only makes available once again the pioneering text of feminist linguistics; just as important, it places the text in the context of contemporary feminist and gender theory for a new generation of readers.

Language and Woman's Place

(Recorder). This fun package features a songbook and a top-quality recorder so kids can learn to make music with some of their favorite songs even if they've never played before! The book includes simple

instructions to get you started, great coloring pages, and easy-to-play arrangements of 7 songs from Jonah, the popular "tale of fresh fish and mixed vegetables" movie from the beloved VeggieTales. Includes: Billy Joe McGuffrey * In the Belly of the Whale * It Cannot Be * Jonah Was a Prophet * Message from the Lord * The Pirates Who Don't Do Anything * Second Chances.

Big Idea's Jonah

Easy Recorder Tunes 30 Fun and Easy Recorder Tunes for Beginners! Following on from his best-selling 'My First Recorder' book, Ben Parker brings together 30 fun and easy recorder tunes to play. Building on the notes already learned in the first book, and adding new notes to stretch your recorder skills further, this book is perfect for improving recorder players of all ages. Ben Parker is an established professional musician, songwriter and producer with over 10 years of musical teaching experience. His best-selling series of music tuition books for adults and children include Banjo, Ukulele, Guitar, Piano and Keyboard. He also tutors actors for film and television - his credits include The John Lennon biopic 'Nowhere Boy', Robert Pattinson drama 'Bel Ami' and hit television show 'Skins'. He also fronts his own band Chains, and develops young artists for major record labels. His best-selling series of music tuition books for adults and children include Guitar, Ukulele, Banjo, Piano, Recorder and Keyboard.

The book includes many innovative teaching techniques for elementary age students including:• Extra-large sized notation• Letter names inside the note heads• Limited material per page• Fun, child-centered graphicsGet up to 50% discounts for school orders at www.musicfunbooks.com

Recorder Book

(Schott). A comprehensive recorder method ranging from the beginner's first notes and progressing in carefully managed small steps to advanced playing on the alto. Particular value is placed on musical awareness; expressive playing is presented on an equal basis with breathing, finger and tonguing techniques. Singing and playing from memory are essential to musical development and play a major role throughout the series. Since the first volumes of "Fun and Games with the Recorder" for soprano recorder are intended for use with children from about six years of age, this method for alto recorder is therefore aimed at children of around 10 * 12 years. As in the previous books in this series we address the child directly and provide carefully planned and precisely formulated exercises.

The Beginning Guitar Fun Book

For use in group string classes

Fun and Games with the Alto Recorder: Tutor Book 2

Learn how to play the recorder with this colourful step-by-step guide How to Play the Recorder is a highly visual and user-friendly guide for anyone learning to play the recorder on their own, but also a perfect companion to recorder lessons. THE #1 FASTEST SELLING NON-FICTION BOOK IN THE UK Slimming food has never tasted so good; the must-have first cookbook from the UK's most visited food blog. Sharing delicious home-style recipes with a hugely engaged online community, Pinch of Nom has helped millions of people to cook well and lose weight. The Pinch of Nom cookbook can help novice and experienced home cooks enjoy exciting, flavourful and satisfying meals. Accessible to everyone by not including diet points, all of these recipes are compatible with the principles of the UK's most popular diet programmes. There are a hundred incredible recipes in the book, thirty-three of which are vegetarian. Each recipe has been tried and tested by twenty Pinch of Nom community members to ensure it is healthy, full of flavour and incredibly easy to make. Whether it's Cumberland Pie, Mediterranean Chicken Orzo, Mexican Chilli Beef or Chicken Balti, this food is so good you'll never guess the calorie count. This book does not include 'values' from mainstream diet programmes as these are everchanging. Instead the recipes are labelled with helpful icons to guide you towards the ones that suit you best – whether you're looking for something veggie, fancy a fakeaway, want to feed a family of four or have limited time to spare. Kate Allinson and Kay Featherstone owned a restaurant together in The Wirral, where Kate was head chef. Together they created the Pinch of Nom blog with the aim of teaching people how to cook. They began sharing healthy, slimming recipes and today Pinch of Nom is the UK's most visited food blog with an active and engaged online community of over 1.5 million followers. Showing that dieting should never be a barrier to good food, Pinch of Nom is the go-to home cookbook for mouthwatering meals that tick all the boxes.

Storyfun Level 2 Home Fun Booklet

1001 Conversation Starters for Any Occasion Most of us realize that raising questions is a powerful way to get interesting dialogue. But asking good ones can be another matter—they're not always that easy to think up! That's where The Complete Book of Questions comes in. This book is one big compilation of questions—1001 of them you can use to launch great conversations in almost any context. And many of these questions are likely to trigger other questions you may also wish to discuss. Think of this book as a tool to spark interaction—and to know and understand others, and yourself, better. The questions in The Complete Book of Questions have been divided into ten categories for easy reference as shown in the chart below. There are probably as many ways to put this book to use, as there are questions within it! So be creative. Experiment with these 1001 questions in different contexts—and be sure to make the most of the conversations that ensue!

Pinch of Nom

This version has been fully re-checked for accuracy and re-formatted to make it even more user-friendly, following feedback after a full year of classroom use by thousands of teachers across the world. Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) A sentence builder modelling the target constructions; 2) A set of vocabulary building activities; 3) A set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; 4) A set of retrieval-practice translation tasks; 5) A set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

FunRetrospectives is a book with the necessary tools to develop the main element of continuous improvement: an effective, committed team! With several years working with agile teams, Paulo Caroli and Taina Caetano Coimbra know there are two main ingredients to finding the path to success and continuous improvement. First, a team that is aligned and committed to the project. Second, a work environment that fosters collaboration, one in which everyone can openly reflect, debate, and learn. But how can we achieve that? Each person in a team brings a different life experience and perspective, and we know that a group of people doesn't become a team overnight. That's why the main purpose of this work is to offer the necessary activities and tools to make everyone comfortable, aligned, and ready to be part of the best possible experience. The authors have gathered years of experience in this book, offering simple and straightforward activities. There will always be ups and downs, but everything that happens is essential for the team's growth, and a fun, safe environment allows you to get the best out of every situation.

Spanish Sentence Builders - A Lexicogrammar approach

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does,

and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

Starter For Ten

In her #1 NYT bestsellers, Brené Brown taught us what it means to dare greatly, rise strong and brave the wilderness. Now, based on new research conducted with leaders, change makers and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Leadership is not about titles, status and power over people. Leaders are people who hold themselves accountable for recognising the potential in people and ideas, and developing that potential. This is a book for everyone who is ready to choose courage over comfort, make a difference and lead. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it and work to align authority and accountability. We don't avoid difficult conversations and situations; we lean into the vulnerability that's necessary to do good work. But daring leadership in a culture that's defined by scarcity, fear and uncertainty requires building courage skills, which are uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the same time we're scrambling to figure out what we have to offer that machines can't do better and faster. What can we do better? Empathy, connection and courage to start. Brené Brown spent the past two decades researching the emotions that give meaning to our lives. Over the past seven years, she found that leaders in organisations ranging from small entrepreneurial start-ups and family-owned businesses to non-profits, civic organisations and Fortune 50 companies, are asking the same questions: How do you cultivate braver, more daring leaders? And, how do you embed the value of courage in your culture? Dare to Lead answers these questions and gives us actionable strategies and real examples from her new research-based, courage-building programme. Brené writes, 'One of the most important findings of my career is that courage can be taught, developed and measured. Courage is a collection of four skill sets supported by twenty-eight behaviours. All it requires is a commitment to doing bold work, having tough conversations and showing up with our whole hearts. Easy? No. Choosing courage over comfort is not easy. Worth it? Always. We want to be brave with our lives and work. It's why we're here.'

FunRetrospectives: Activities and Ideas for Making Agile Retrospectives More Engaging

This is the overprinted edition for teachers which features 10 complete Preliminary English Test (PET) practice tests with a full-colour speaking section.

The Love Hypothesis

Eight units of ten lessons provide core material which is then followed by ten pages of Cambridge English Qualification external exam material. Three 'Big Projects' per level enable students to develop collaboration and critical thinking skills. Each level has two pages of festival material which helps student's activate new language through real-world concepts. Three extended texts per level provide ample reading opportunities for students to develop reading skills and put vocabulary into practice. Cambridge English Qualifications exam-style tasks ensure students are fully-prepared for exams.

Dare to Lead

A fun course to get young children ready to learn in English. Themed units - from 'homes' to 'play time' - teach children letters, colours, numbers and more. Each book covers one term and includes three units. Every unit includes a story, from traditional tales such as Goldilocks, to stories in familiar settings like the classroom. Activities (including songs, stickers, games and matching) help children develop speaking, listening and motor skills alongside early comprehension, reading and writing skills. Each unit encourages learners to build vocabulary by relating content to their experiences - the first steps of critical thinking and active learning. Opportunities for differentiation allow learners to progress at their own pace.

Succeed in Cambridge English

The Get Ready for ... series covers all the grammar, vocabulary and task types for the new 2012 syllabus with free online practice at a href="http://www.oxfordenglishtesting.com"www.oxfordenglishtesting.com/a Helps prepare pupils by focusing on all four language skills and familiarizing them with all the task types, enabling them to sit the tests confidently and successfully.

Bright Ideas: Level 6: Class Book

Write your own stories with the help of these creative story starters! With 101 fun and unique writing prompts, you'll have no trouble kicking your imagination into high gear. Get Ready for: Starters: Teacher's Book

Join in the fantastic fun as one grumpy panda sets off a frenzy of wild partying. There's grunting and growling and prancing and prowling, skipping and scowling and squealing and yowling, squeaking and squawking, snarling and snorting, hysterical howling and chaotic cavorting--all because of one grumpy panda.

101 Story Starters for Kids

In line with Rob Plevin's hugely popular "Needs-Focused Classroom Management System" for teachers, this book offers a huge range of ready-to-use activities, resources and ideas to start your lessons with a BANG and end them on a HIGH. Adaptable for any subject area, the ideas and suggestions in this book will enable you to capture students' interest and attention from the outset, increase engagement and encourage participation among even the most reluctant learners. You'll learn how to... - hook ALL your students from the moment your lesson begins, - set up exciting reviews to cement learning in a fun, memorable way, - minimise classroom management issues related to boredom and low engagement and turn your lessons into an enjoyable, positive learning experience for all concerned. Once you learn

the Needs-Focused Classroom Management System, your classroom, your teaching and your students will be TRANSFORMED. Includes downloadable BONUS material and printable resources.

Practice Tests for Pre A1 Starters (Cambridge English Qualifications)
