The Secrets To Unlocking Your Psychic Ability

Given the phenomenal change in attitudes about life after death, public interest in the Other Side is ever-increasing. Born Knowing will show you that even after the loss of a loved one, you're never truly alone. Born Knowing is John Holland's first book. In an open and candid way, he explains how he dealt with his conflict of coming to terms, and finally accepting, his rare ability as a spirit messenger who helps people connect with those who have passed on. Born in the tough suburbs of Boston, John coped with a difficult childhood, where he was ridiculed by his family and society, leaving him feeling isolated because of his psychic abilities. He refused to acknowledge his gift until a near-fatal automobile accident amplified his abilities to the point where he had to learn how to control what was once pushed away. Drawn by the history and knowledge of spiritualism in England, John takes you on his two-year journey throughout Britain. He tells the story of his training to be a top medium in the British spiritualist organizations, which he humorously refers to as A Spirit Boot Camp, and how he gained acceptance and respect within this tightly knit, often-conservative spiritual community. Born Knowing takes out the "psychic babble" by validating and dispelling some of the mystery and myths regarding mediumship. Throughout the book, John presents real-life case studies, where he discusses his readings with clients, the effect on their lives, and the sense of closure people feel, knowing that their loved ones who have passed on are still with them. The book will also help you develop your own psychic and intuitive abilities, recognize signals from the Other Side, and make spiritual connections for yourself.

Born Knowing

Intuition and spiritual growth are inherently linked, according to professional psychic and therapist Sherrie Dillard. This groundbreaking guide offers a personalized approach to spiritual development, introducing four different psychic types and revealing how to develop the unique talents of each. Designed for both beginning intuitives and advanced psychics, this book presents a simple, step-by-step plan: Take the insightful quiz to learn whether you are a physical, mental, emotional, or spiritual intuitive Discover more about each type's nature, personality, strengths, and potential challenges Develop your psychic abilities with the meditations and exercises designed for your specific intuitive style Throughout the book, Dillard shares remarkable stories from her professional practice to illustrate the incredible power of intuition and its connection to the spirit world, inner wisdom, and your higher self.

Discover Your Psychic Type

The author recounts the development of his psychic abilities while challenging misconceptions about the supernatural world and offering guidelines on how to hone intuitive powers in order to contact the dead and improve one's life.

The Psychic in You

Have you ever had the privilege of interacting with some individuals you would only refer to as strange, owing to the superhuman abilities they appear to have? You must have heard of people with special abilities such as those of predicting the future, conversing with spirits, knowing hidden things no one would normally know, and the like. Or perhaps you are one of those people and you either knowingly or unknowingly have special powers that have not fully manifested in you for whatever reason it might be. Whether you believe psychic powers are real or a hoax, there is so much out there that science cannot explain since science is one of the biggest challengers of these supernatural gifts. However, it is important to consider whether science is the best tool to use to measure or even prove the existence of these powers and abilities since none of these powers fall within the boundaries of conventional science. Furthermore, fraudsters who saw an opportunity for financial and other personal gains have been exposed to be the frauds they are, and such revelations have not been of help to the psychic community. However, regardless of how many fake psychics are out there, their numbers do not prove that this age-old knowledge and abilities are nothing but human imaginations. The psychic community claims that every individual out there has more than the conventional common senses, with the other special senses manifesting in people differently and to different degrees. Experienced psychics claim that everyone has a psychic power, and all an individual needs to do is discover it, develop it, and exercise it in the best way he or she can. The objective of writing this book is to shed light on the issue of psychic powers, telepathy, aura reading, and the interpretation of dreams. All these are strange to the mind bound by scientific reasoning, but that does not mean all these are false beliefs. Through reading this book, a beginner will learn to awaken his or her psychic abilities, develop them, and find a sense of self-worth and spirituality. This book covers the following areas in detail: What is psychic power? Reasons people believe in psychic powers What does science say about psychic power? Signs you might have Psychic powers Categories/Types of psychic powers What is telepathy? Types of telepathy Steps to developing telepathy Relationship between telepathy and science Tips to awaken your psychic abilities Top reasons to awaken and develop psychic abilities Symptoms and dangers of Third eye awakening Most common ways to develop psychic abilities Tapping into your psychic abilities Psychic meditation guide Practices that will improve your psychic connection What is an aura and how does someone read it Aura Colors and their meanings Common dreams and their interpretation Dream analysis and how it works Would you like to know everything about psychic development? ESP. Divination. Psychometry. Telekinesis. Astral vision. You've heard of all these talents. The amazing truth is that you can have all of these abilities when you practice the simple, but powerfully effective, exercises in Melita Denning and Osborne Phillips' Practical Guide to Psychic Powers. World-famous experts Denning and Phillips explain exactly what you need to develop your own innate abilities, including advice on diet, rest, and exercise. They advise you to meditate daily, and give instructions how you can bring this wonderful skill into your life. They also reveal how you can make your own tools for psychic development, such as a pendulum, ESP cards, and a Vision Mirror. Practical Guide to Psychic Powers explains that your attitude is important in establishing these abilities in your life. You'll discover how to eliminate boredom and stress, practice mental concentration for long periods, and have foreknowledge of the future. Many of the exercises to help you to develop psychic abilities are in the form of games, making them fun, preventing boredom, and creating faster success. For example, you'll learn a game of guessing dice, one with ESP cards, and another that uses the vision mirror to predict your future. The book teaches you how to become aware of the impressions a material object has gathered, the art of psychometry. You'll learn about contacting spiritual entities the way Spiritualists do. You'll also discover the secrets of dowsing and how to develop and use this ability. Denning and Phillips are known for their clarity of thought and for having effective techniques, as demonstrated in Practical Guide to Psychic Powers.

This book will help you to understand why? your abilities have been taken away and how to get them back! Explaining why they vanished. My name is John W Green, I am an International Psychic Development and advanced mediumship Teacher. I had the great pleasure of touring the UK,

with two of living televisions Talented Mediums...Mr Colin Fry and Mr Tony Stockwell on the "Best of British Mediumship" tour, As well as teaching advanced mediumship at Colin Fry's College... "The International College of Spiritual Science and Healing" Ramsbergsgardens in Sweden. Plus running my own open and closed psychic development groups in my home town of Hull, UK. I have helped even the biggest sceptics to better understand how psychic development can be achieved and once experienced, these lovely people have helped others to open up and tap into their psychic ability. I am used as a medium to help people better understand when they are experiencing paranormal activity on their premises. I am published in about 40 books written by author and lecturer Mr Mike Covell (Author of the Mike Covell Investigates series) where he takes me to random locations that I have no prior knowledge of, and I give him names dates etc... Mike Covell has already done the history of these places in advance...We drive to them and I pick up names dates etc that Mike ticks off from his list and then I go beyond his list and get vague looks as I pick up things from the past... Later Mike (who also writes for newspapers) goes into the history museum archives and will telephone me corroborating the things I have passed on to him that are not on his list. I am not writing this to big up myself, I am writing this so that you know that what is inside my book is 100% from my personal experiences and not written by someone from a dot com website and passed off as my own. My book is all from inside my head and into my book. This book is a product of years of notes that I have written on various notepads, logbooks and computer word documents etc scattered all around my home. As we were told to stay indoors in 2020 because of the Coronavirus, I decided to collate all of my notes and put them into some sort of semblance for others to read and hopefully benefit from. I always speak and write with a feet on the ground approach, I won't embellish anything with artistic licence and will always keep it real. Unfortunately, I attract certain types that watch too many horror films and tend to confuse reality with Hollywood and can and do scare people with an overuse of the "D" word... I explain the "D" word in my book. In my book, I teach psychic Protection that keep a person mentally safe and in control at all times... I explain the power of the Opening Prayer and the closing prayer, I explain why when some people meditate that nothing happens and then teach you how to experience amazing things during meditation and how to achieve spiritual meditation that is worlds apart from basic meditation. I tell you bits about myself and how I became a Psychic development teacher with anecdotes etc... I have also added some Psychic development exercises that you can do from home to help you better understand how to "FEEL" and not to "THINK" to help power up your inner psychic abilities. My book is full of very useful information to help anyone (without an EGO) better develop and flourish as you at last tap into your abilities.

The Awakened Psychic

We all have it in us to be psychic. Although some are more sensitive than others, we can all learn how to release our potential with the help of the simple techniques and straightforward exercises that Billy Roberts has created, developed and refined in extensive workshops. Many of his methods are based on Eastern and metaphysical traditions, adapted so that they will appeal to those with a secular outlook, as well as to the more spiritual student - for whom the development of psychic abilities creates a greater realisation of the soul and its independence of the body. Psychic powers are, broadly speaking, those abilities for which contemporary science has no explanation. Clairvoyance, healing, precognition, telepathy and mediumship are all examples of psychic abilities. These are skills which helped our prehistoric forebears communicate before the advent of speech. Psychic development is, therefore, not so much a case of receiving knowledge as of remembering what we have long since forgotten.

So You Want to be Psychic?

A step by step beginners guide to psychic and mediumship self development. This book explains what psychic ability and mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free experience. It covers such things as professionalism, discipline, legalities, data protection and insurance. Mediumship can be one of the most rewarding gifts that someone can possess. The look of joy on a bereaved person's face when they have received even the shortest message from their loved one is one of the best sights that you will ever behold. The immense feeling of satisfaction that a Medium gains from helping someone realise that death is not final; the comprehension that our loved ones' live on in our hearts and minds, that their 'energy' or 'life essence' is constantly around us, is one of the most beautiful things a Medium will ever experience. The effort that you, as a Medium, put into discovering how to give these messages to the best of your ability will reflect in your work. This book is intended to help guide you through the learning process. Many times I have been asked "Can anyone become Psychic?" The answer to this is very simple. Everyone is born with Psychic abilities (a sixth sense); think of babies in the crib looking at some 'unseen' being and laughing and gurgling at them. Think of a child with his/her imaginary friend or those many 'weird' co-incidences. One of the main problems we encounter is how we can keep these abilities in a useable and workable state throughout our lives whilst trying to juggle life's commitments. This is an extremely tough, and for some impossible, task. This is why many people develop their abilities later in life. This book explains what psychic ability and mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free journey for all those that embark on it. As well as covering all aspects of spiritual development I also include the legal aspects associated with working as a psychic or medium. The book has been produced with as little emphasis on any particular religion as possible. Any references or terminologies that appear to implicate a particular deity or religion are purely there to substantiate the average person's understanding of this particular type of development.
