Dirk Gently's Holistic Detective Agency

From Douglas Adams, the legendary author of one of the most beloved science fiction novels of all time, *The Hitchhiker's Guide to the Galaxy*, comes a wildly inventive novel—in trade paperback for the first time—of ghosts, time travel, and one detective's mission to save humanity from extinction. Quirky and bumbling private investigator Dirk Gently stumbles upon a ghost, millions of years old, wandering the earth and disturbing its people. Dirk soon discovers this phantom yearns for more than a good haunting: it is desperately trying to go back in time to prevent its own death. But this ghost was no ordinary person, and helping it save itself just might change the modern world as we know it. And not in a good way... Endlessly entertaining, *Dirk Gently's Holistic Detective Agency* proves that, indeed, "few writers have had such an infectious prose style as Adams" (*The Observer*). As Dirk Gently tries to solve the mysteries of the universe and the human soul, readers will have their own mystery to solve: Where did the time go?

The Long Dark Tea-Time of the Soul

The second Dirk Gently book by Douglas Adams, *The Long Dark Tea-Time of the Soul* is a witty detective story perfect for fans of his phenomenally successful *The Hitchhiker's Guide to the Galaxy*. When a passenger check-in desk at Terminal Two, Heathrow Airport, shot up through the roof engulfed in a ball of orange flame, the usual people tried to claim responsibility. First the IRA, then the PLO and the Gas Board. Even British Nuclear Fuels rushed out a statement to the effect that the situation was completely under control, that it was a one in a million chance, that there was hardly any radioactive leakage at all and that the site of the explosion would make a nice location for a day out with the kids and a picnic, before finally having to admit that it wasn't actually anything to do with them at all. No rational cause could be found for the explosion – it was simply designated an act of God. But, thinks Dirk Gently, which God? And why? What God would be hanging around Terminal Two of Heathrow Airport trying to catch the 15:37 to Oslo? 'A thumping good detective-ghost-horror-who dunnit-time travel-romantic-musical-comedy-epic' - Douglas Adams, on *Dirk Gently's Holistic Detective Agency*. Continue this surreal series with the unfinished *The Salmon of Doubt*.

The Dirk Gently Omnibus

Dirk Gently is a detective - well, a sort of detective. There is a long and honourable tradition of great detectives and Dirk Gently does not belong to it. Sherlock Holmes observed that once you have eliminated the impossible, then whatever remains, however

Dirk Gently's Holistic Detective Agency

From Douglas Adams, the legendary author of one of the most beloved science fiction novels of all time, *The Hitchhiker's Guide to the Galaxy*, comes a wildly inventive novel of ghosts, time travel, and one detective's mission to save humanity from extinction. **DIRK GENTLY'S HOLISTIC DETECTIVE AGENCY** We solve the whole crime We find the whole person Phone today for the whole solution to your problem (Missing cats and messy divorces a specialty) Douglas Adams, the "master of wacky words and even wackier tales" (*Entertainment Weekly*) once again boggles the mind with a completely unbelievable story of ghosts, time travel, eccentric computer geniuses, Samuel Taylor Coleridge, the end of the world, and—of course—missing cats.

The Dance of the Voodoo Handbag

Originally published: London: Doubleday, 1998.

Dirk Gently's Holistic Detective Agency: The Salmon of Doubt, Vol. 2

Featuring favorite characters from the original Dirk Gently books by Douglas Adams (*The Hitchhiker's Guide to the Galaxy*) and from the hit TV series from BBC America! Plagued by nightmares of a life he never had, Dirk Gently discovers that a holistic detective can have more than one past, and they're about to catch up with him!

The Salmon of Doubt

The Salmon of Doubt is Douglas Adams's indispensable guide to life, the universe and everything. It includes short stories and eleven chapters of a Dirk Gently novel that Douglas Adams was working on at the time of his death, and features an introduction by Stephen Fry. This sublime collection dips into the wit and wisdom of the man behind *The Hitchhiker's Guide to the Galaxy*, uncovering his unique comic musings on everything from his school-trousers to malt whisky and from the letter Y through to his own nose, via atheism, hangovers and fried eggs. These hilarious collected writings reveal the warmth, enthusiasm and ferocious intelligence behind this most English of comic writers; a man who was virtually an unofficial member of the Monty Python team. Douglas Adams on his passion for P. G. Wodehouse, The Beatles and the perfect cup of tea alone make this a must-have collection and a remarkable sign-off from one of the best loved writers of all time. Start from the beginning of the surreal Dirk Gently series with *Dirk Gently's Holistic Detective Agency*.

Dirk Gently's Holistic Detective Agency: The Salmon of Doubt, Vol. 1

Plagued by nightmares about a childhood he never had, Dirk returns to Cambridge University to seek the advice of his former tutor, the time-traveling Professor Reg Chronotis. There he discovers that a holistic detective can have more than one past, and his adventures have only just begun. Featuring fan-favorite characters from the original books as well as the cast from the TV series, including Samuel Barnett and Elijah Wood.

Dirk Gently's Big Holistic Graphic Novel

Douglas Adams' holistic detective Dirk Gently has his first two comic book adventures collected here. Containing two stand-alone series, enjoy *A Spoon Too Short* and *The Interconnectedness of All Kings*. But that's not all! Also includes bonus material showing a behind-the-scenes look at the making of the **DIRK GENTLY** TV show. In *A Spoon Too Short*, Dirk finds himself investigating a bizarre case of poaching, dumbstruck tourists, and the inner membranes of a rhinoceros' nose. In *The Interconnectedness of All Kings*, Dirk has been forced to leave his beloved England behind, coming to the too-sunny, too-cheery, and altogether too-bizarre-even-for-Dirk city of San Diego, California, where he gets embroiled in three separate (or are they?) cases involving reincarnated Egyptians, golden cell phones, and copycat killers. All this in a new town seemingly incapable of making even a single proper cup of tea.

Dirk Gently's Holistic Detective Agency #1

An all-new comic series based on Douglas Adams' beloved holistic detective! Dirk arrives in San Diego to face a new country, new cases and new threats: reincarnation, for starters!Š!

Dirk Gently's Holistic Detective Agency: Dirk Gently 1

Douglas Adams' 'thumping good detective-ghost-horror-who dunnit-time travel-romantic-musical-comedy-epic' and beloved cult classic.

Ash

For the beautiful young woman Ash, life has always been arquebuses and artillery, swords and armour and the true horrors of hand-to-hand combat. War is her job. She has fought her way to the command of a mercenary company, and on her unlikely shoulders lies the destiny of a Europe threatened by the depredations of an Infidel army more terrible than any nightmare. Winner of the BSFA Award for best novel, 2000

A Gentle Tyranny

In Nedé--a safe haven for women--seventeen-year-old Reina draws strength from a forbidden friendship when torn between her formidable grandmother and her mother as she faces a decision that could change their world.

Gently Where the Roads Go

Book 10 in the Chief Inspector George Gently case files finds Gently dodging bullets when he investigates the murder of a trucker who died in a hail of gunfire. Murdered in a lonely lay-by in the heart of the countryside, the trucker is identified as a Polish immigrant. Was this a revenge killing, a quarrel over money, an underworld execution or something even more sinister?

The Quiet Music of Gently Falling Snow

This is a new, compact A5 edition of Jackie Morris's collection of short stories, The Quiet Music of Gently Falling Snow. A collection of twelve illustrated folk tales, or lullabies for grown-ups, set in a distant world of music, snow and magic. The stories are based around a series of musically-themed illustrations first created by Jackie for Help Musicians UK.

The Gentle Potty Training Book

'A practical guide to helping your child through one of the most important developmental stages of early childhood' - Green Parent Book of the Month Gurgle's Honest Read for December How to make potty training stress free for you and your child The Gentle Potty Training Book is a practical guide to helping your child through one of the most important developmental stages of early childhood. Avoiding strict timelines, rewards and plans that are based solely on a child's gender, Sarah Ockwell-Smith advocates an approach that is based on your child's unique developmental stage - because the gentlest, easiest and most effective potty training happens when you work with your child as a team. Sarah's advice includes: * Recognising the physical and emotional signs that your child is ready * How to talk to your child about potty training and prepare them emotionally * What you need to get started - the practicalities * How to respond to accidents and setbacks * Potty training your child when you're in full-time work or co-parenting * The when and how of night-time potty training * What to do after previous false starts Comprehensive, practical and realistic, Sarah's advice will give you the necessary understanding and confidence to make potty training a smooth process for you and your child.

Gentle and Lowly

Christians know that God loves them, but can easily feel that he is perpetually disappointed and frustrated, maybe even close to giving up on them. As a result, they focus a lot—and rightly so—on what Jesus has done to appease God's wrath for sin. But how does Jesus Christ actually feel about his people amid all their sins and failures? This book draws us to Matthew 11, where Jesus describes himself as "gentle and lowly in heart," longing for his people to find rest in him. The gospel flows from God's deepest heart for his people, a heart of tender love for the sinful and suffering. These chapters take readers into the depths of Christ's very heart for sinners, diving deep into Bible passages that

speak of who Christ is and encouraging readers with the affections of Christ for his people. His longing heart for sinners comforts and sustains readers in their up-and-down lives.

The Original Inspector George Gently Collection

This first volume of the Inspector George Gently Collection comprises the original two novels that established Gently as one of Scotland Yard's fictional finest. These are the stories on which the hit BBC TV series was based, written with a charm that conveys Alan Hunter's love of the East Anglian setting and demonstrating his expert use of dialogue to keep the plot moving along at a cracking pace. The first of Gently's cases, *Gently Does It*, has him enduring the holiday from hell when he is caught up in a mysterious murder and locks horns with the local police over their handling of the affair. In the second book, *Gently By The Shore*, other people's holidays are disturbed when Gently is called in to investigate the discovery of a body on a pleasure beach.

Going Gently

Kate Thomas was beautiful, intelligent, witty, passionate and sexy. Now, at the ripe old age of ninety-nine, she is trapped in a hospital ward of sad, mad and bad old women. She escapes by playing to herself the video of her life. What a life it has been. Her six marriages have ended in suicide, a husband's adultery, another husband's deportation as a dangerous alien, a union dispute, a murder, and a natural death. But Kate's journey through the twentieth century is also a search for the truth - about life, death, and which of her three sons murdered her fifth husband. This is a novel rich in memorable characters, from Kate's narrow but loving Welsh family to the wild members of an artists' colony in Cornwall; from Midland piston manufacturers to an investigative journalist whose own life cannot bear investigation.

Missing Data

While most books on missing data focus on applying sophisticated statistical techniques to deal with the problem after it has occurred, this volume provides a methodology for the control and prevention of missing data. In clear, nontechnical language, the authors help the reader understand the different types of missing data and their implications for the reliability, validity, and generalizability of a study's conclusions. They provide practical recommendations for designing studies that decrease the likelihood of missing data, and for addressing this important issue when reporting study results. When statistical remedies are needed--such as deletion procedures, augmentation methods, and single imputation and multiple imputation procedures--the book also explains how to make sound decisions about their use. Patrick E. McKnight's website offers a periodically updated annotated bibliography on missing data and links to other Web resources that address missing data.

The Gentle Sleep Book

The Gentle Sleep Book offers gentle, reassuring and effective solutions to addressing the common sleep problems of newborns to five-year-olds. 'This book should be called The Sleep Bible and needs to be in every parent's bedside drawer' Marneta Viegas, founder of Relax Kids Are you exhausted by your baby's night-time waking or frustrated by your toddler's reluctance to go to bed? Would you prefer a gentler approach than sleep-training techniques such as controlled crying or pick up/put down? The first five years of parenting are filled with worries and preoccupations, but, for the vast majority, none of them is as pressing as the lack of sleep. In this revised and updated edition of her bestselling book, Sarah Ockwell-Smith offers a gentle, effective prescription for addressing the common sleep challenges encountered by parents of newborns to five-year-olds. Treading a carefully balanced line between the needs of sleep-deprived parents and those of the child, Sarah offers reliable, evidence-based advice including: *How long we can expect our children to sleep at each stage of development. *Why much of the popular advice on sleep is inaccurate and counterproductive. *How to approach common issues including frequent waking, night terrors and bedtime refusal. Sarah's practical suggestions for each developmental stage include how to create a consistent bedtime routine and optimal conditions for sleep, the effect of diet, and how to use comfort objects effectively. This revised and updated edition includes new chapters providing specific advice on daytime naps (when and how to drop them) and how to take care of your own needs and emotions during the early years of disrupted sleep, because your feelings and health matter too.

The Monocle Book of Gentle Living

A timely handbook helping readers think about how to slow down, reconnect, and live a gentler life. Monocle has always been a champion of taking it slow. Past issues have encouraged readers to dive into a lake and go for a run. To sleep well. To eat food made with love. Even today, in a tense moment in history, the magazine has done its bit to argue for a new modern etiquette where communities are generous with their time, hospitality, and forgiveness. Now its editors and correspondents have brought all of this together into one volume with *The Monocle Manifesto for a Gentler Life*, a book that urges us all to slow down, reconnect, make good things, and think about the spaces we call home. Some of the highlights of this volume include: An illustrated guide to being nice, respecting your neighbors, and controlling your social media rants; practical tips on how to design a house that's good for you and your family; Q&As with the people who have decided to take a gentler approach to work and living; and a celebration of locally made food—with featured recipes—as well as the chefs that bring people together. The helpful tips and insights in this guide make it the perfect handbook for anyone looking to slow down and enjoy life.

Landed Gently

Having been invited to spend Christmas in the country, fishing for pike, Gently finds himself hunting a completely different predator when a guest at Merely Hall, a nearby stately home, is found dead at the foot of the grand staircase on Christmas morning. At first the tragedy is assumed to be a simple accident, but Gently is not one to jump to conclusions and is soon in no doubt whatsoever that this was murder. Merely produces the finest tapestries in England but the threads that Gently must unravel in his investigation are more complex than any weaver's design, with everyone from the lord of the manor to his most lowly servant falling under suspicion. Praise for Alan Hunter's Gently books: 'It is always a pleasure to look forward to another Gently book by Alan Hunter ...' *Police Review*

Love Me Gently

What happens when Cooper, a newly adopted puppy, takes up residence in Henry's home? The little pooch sure is adorable, but who knew he had so much to learn! *Love Me Gently* is a kid's guide to man's best friend. It captures the everyday challenges of raising a pup through a child's eye. But who is teaching who? Henry may be coaching Cooper, but he is also discovering valuable lessons about responsibility, unconditional love, patience, and kindness along the way!

A Gentle Madness

A Gentle Madness continues to astound and delight readers about the passion and expense a collector is willing to make in pursuit of the book. The book captures that last moment in time when collectors pursued their passions in dusty bookshops and street stalls, high stakes auctions, and the subterfuge worthy of a true bibliomaniac. An adventure among the afflicted, *A Gentle Madness* is vividly anecdotal and thoroughly researched. Nicholas Basbanes brings an investigative reporter's heart to illuminate collectors past and present in their pursuit of bibliomania. *A New York Times* Notable Book of the Year.

Gentle Discipline

As seen in the *New York Times* -- a practical guide that presents an alternative to shouting, shaming, and blaming--to give kids the skills they need to grow and thrive *Discipline* is an essential part of raising happy and successful kids, but as more and more parents are discovering, conventional approaches often don't work, and can even lead to more frustration, resentment, power struggles, and shame. Enter Sarah Ockwell-Smith, a popular parenting expert who believes there's a better way. Citing the latest research in child development, psychology and neuroscience, *Gentle Discipline* debunks common myths about punishments, rewards, the "naughty chair," and more, and presents practical, connection-based techniques that really work--and that bring parents and kids closer together instead of driving them apart. Topics include: Setting--and enforcing--boundaries and limits with compassion and respect Focusing on connection and positivity instead of negative consequences Working with teachers and other caregivers Breaking the cycle of shaming and blaming Filled with ideas to try today, *Gentle Discipline* helps parents of toddlers as well as school-age kids embrace a new, more enlightened way to help kids listen, learn and grow.

Gently Go Man

Speed makes the teenage bikers feel alive, but they soon find that murder is the fastest way to die. A five-mile stretch of arrow-straight road outside Latchford acts like a magnet to beatnik bikers using the road like a drag strip. When one of the bikers is killed in an accident, most people regard it as an inevitable consequence of the kids using drugs and racing bikes for kicks. But the evidence points to the young man's death being something more sinister than a mere accident and George Gently is drawn into a world populated by disaffected teenagers, with a jazz soundtrack and a background of murder. Praise for Alan Hunter's Gently books: 'It is always a pleasure to look forward to another Gently book by Alan Hunter ...' Police Review

Dirk Gently's Holistic Detective Agency: A Spoon Too Short

After the many and conflicting versions of the legendary Hitchhiker's Guide to the Galaxy, Douglas Adams created Dirk Gently: a detective with a belief in the fundamental interconnectedness of all things, a troubled relationship with the laws of probability and quantum physics, and a love of cats and pizza. After the events of Dirk Gently's Holistic Detective Agency and The Long Dark Tea Time, but prior to the detective's relocation to California in The Interconnectedness of All Kings, Dirk finds himself investigating a bizarre case of poaching, dumbstruck tourists, and the inner membranes of a rhinoceros's nose.

And Another Thing ...

Discover the sixth book in the ludicrously inaccurately named Hitchhiker's Guide to the Galaxy trilogy, as broadcast on BBC Radio 4 and featuring original cast members including Simon Jones, Geoff McGivern, Mark Wing-Davey and Sandra Dickinson. Arthur Dent led a perfectly ordinary, uneventful life until the Hitchhiker's Guide to the Galaxy hurled him deep into outer space. Now he's convinced a cruelly indifferent universe is out to get him. And who can blame him? His life is about to collide with a pantheon of unemployed gods, a lovestruck green alien, a very irritating computer and at least one very large slab of cheese. If, that is, everyone's favourite renegade Galactic President can get him off planet Earth before it is destroyed . . . again. 'A triumph, fabulous. Colfer has given us a delight' Observer 'I haven't read anything in a long time that made me laugh as much' The Times 'Chock-full of fanciful, inventive one-liners and asides, brimming with a burning sense of the ridiculousness of life' Independent on Sunday 'The best post-mortem impersonation I have ever read' Mark Lawson, Guardian

Go Gently

An inspiring and approachable tip-filled guide to changing your habits, living more sustainably, and taking action, by Greenpeace ambassador Bonnie Wright (Ginny Weasley in the Harry Potter movies) Go Gently is a practical guide for sustainability at home that offers simple, tangible steps towards reducing our environmental impact by looking at what we consume and the waste we create, as well as how to take action for environmental change. The title reflects Bonnie's belief that the best way to change our planet and ourselves is through a gentle approach, rather than a judgmental one. This is a book of do's rather than don'ts. Going through every room in her home, Bonnie helps us assess which products are sustainable, and offers alternatives for those that are not. She shares recipes to avoid food waste, homemade self-care products to avoid packaging, small space friendly gardening ideas and a template for creating your own compost system. Finally, there are exercises and meditation prompts to keep you energised, as well as tips on how to get involved in wider community activism.

Dirk Gently: The Salmon of Doubt #1

Dirk Gently, created by Douglas Adams and shortly to be the star of his own television series from BBC America, returns to comics in The Salmon of Doubt, brought to you by executive producers of the show Arvind Ethan David and Max Landis. Plagued by nightmares about a childhood he never had, Dirk returns to Cambridge University to seek the advice of his former tutor, the time-traveling Professor Reg Chronotis. There he discovers that a holistic detective can have more than one past, and his adventures have only just begun... Featuring favorite characters from the original books as well as the cast from the TV series, including Elijah Wood.

The Galaxy

Mrs. Louise Mallard, afflicted with a heart condition, reflects on the death of her husband from the safety of her locked room. Originally published in Vogue magazine, "The Story of an Hour" was retitled as "The Dream of an Hour," when it was published amid much controversy under its new title a year later in St. Louis Life. "The Story of an Hour" was adapted to film in The Joy That Kills by director Tina Rathbone, which was part of a PBS anthology called American Playhouse. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

The Story Of An Hour

An authoritative guide to natural childbirth and postpartum parenting options from an MD who home-birthed her own four children. Sarah Buckley might be called a third-wave natural birth advocate. A doctor and a mother, she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body. Using current medical and epidemiological research plus women's experiences (including her own), she demonstrates that what she calls "undisturbed birth" is almost always healthier and safer than high-technology approaches to birth. Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship.

Gentle Birth, Gentle Mothering

Complemented by four hundred full-color photographs, a visual feast, celebrating everything that is wonderful about life and the domestic arts, explains how to apply a wide variety of practical skills in a creative way to transform the home, covering everything from needlework and cooking to gardening and homemaking.

The Gentle Art of Domesticity

If a tiger mauled a man to death, would he bother burying the corpse? An escaped tiger that terrorizes a little market town is shot dead by a police marksman, having caused nothing more than a minor panic. A year later, a man is found mauled to death and neatly buried in his own back garden. The only thing Gently can be sure of is that the tiger didn't bury the body, so who did?

Gently Sahib

Sleeping Like a Baby serves as the ultimate bedside companion for parents, packed with all the modern tools you need to build a stronger connection with your children and enable age-appropriate sleep for their optimum growth. The book does the seemingly impossible: blending traditional wisdom and the latest research, it gives us a revolutionary approach to achieve longer naps, better night sleep with fewer wakings, a happier baby and more joy and rest as a family, without resorting to fraught practices like 'sleep training'. With anecdotal insights, deep research and practical tips in an Indian context, this book empowers parents to tune into their instincts and understand a child's cues so that bedtime battles, cranky days and sleepless nights are a thing of the past. Authored by the co-founders running the pioneering Facebook group Gentle Baby Sleep India, Sleeping Like a Baby shares the secret sauce that enables a family-no matter its structure or pressures-to keep the child's evolutionary and biological sleep needs in focus. Endorsed by some of the most eminent child sleep experts and written in a style that is deceptively simple and accessible, Sleeping Like a Baby is the final word on responsive and restful sleep for caregiver and baby. All night long.

Sleeping Like a Baby

Marketing has become a dirty word, a source of mistrust and a nightmare for many entrepreneurs. But what if marketing didn't have to be pushy, soul stealing, and focused on hustle and hype? What if there was a way you could connect with clients authentically and in alignment with your values and still make money? What if purpose and profit could coexist in the business world? Enter the Gentle MARKETING REVOLUTION. Structured around three phases of transformation that revolutionize the traditional Ps of marketing, along with thought-provoking questions to guide the way, Santacroce lays out the necessary steps to replace the old way of marketing with a way that is aligned with your values, your story, and your own unique approach-with profound results. You are in business to share your gifts with the world. The Gentle Marketing Revolution is the compass you need on your journey!

The Gentle Marketing Revolution

Dirk Gently's Holistic Detective Agency

From Douglas Adams, the legendary author of one of the most beloved science fiction novels of all time, *The Hitchhiker's Guide to the Galaxy*, comes a wildly inventive novel—in trade paperback for the first time—of ghosts, time travel, and one detective's mission to save humanity from extinction. Quirky and bumbling private investigator Dirk Gently stumbles upon a ghost, millions of years old, wandering the earth and disturbing its people. Dirk soon discovers this phantom yearns for more than a good haunting: it is desperately trying to go back in time to prevent its own death. But this ghost was no ordinary person, and helping it save itself just might change the modern world as we know it. And not in a good way... Endlessly entertaining, *Dirk Gently's Holistic Detective Agency* proves that, indeed, “few writers have had such an infectious prose style as Adams” (*The Observer*). As Dirk Gently tries to solve the mysteries of the universe and the human soul, readers will have their own mystery to solve: Where did the time go?

The Long Dark Tea-Time of the Soul

The second Dirk Gently book by Douglas Adams, *The Long Dark Tea-Time of the Soul* is a witty detective story perfect for fans of his phenomenally successful *The Hitchhiker's Guide to the Galaxy*. When a passenger check-in desk at Terminal Two, Heathrow Airport, shot up through the roof engulfed in a ball of orange flame, the usual people tried to claim responsibility. First the IRA, then the PLO and the Gas Board. Even British Nuclear Fuels rushed out a statement to the effect that the situation was completely under control, that it was a one in a million chance, that there was hardly any radioactive leakage at all and that the site of the explosion would make a nice location for a day out with the kids and a picnic, before finally having to admit that it wasn't actually anything to do with them at all. No rational cause could be found for the explosion – it was simply designated an act of God. But, thinks Dirk Gently, which God? And why? What God would be hanging around Terminal Two of Heathrow Airport trying to catch the 15:37 to Oslo? 'A thumping good detective-ghost-horror-who dunnit-time travel-romantic-musical-comedy-epic' - Douglas Adams, on Dirk Gently's Holistic Detective Agency. Continue this surreal series with the unfinished *The Salmon of Doubt*.

The Dirk Gently Omnibus

Dirk Gently is a detective - well, a sort of detective. There is a long and honourable tradition of great detectives and Dirk Gently does not belong to it. Sherlock Holmes observed that once you have eliminated the impossible, then whatever remains, however

Dirk Gently's Holistic Detective Agency

From Douglas Adams, the legendary author of one of the most beloved science fiction novels of all time, *The Hitchhiker's Guide to the Galaxy*, comes a wildly inventive novel of ghosts, time travel, and one detective's mission to save humanity from extinction. **DIRK GENTLY'S HOLISTIC DETECTIVE AGENCY** We solve the whole crime We find the whole person Phone today for the whole solution to your problem (Missing cats and messy divorces a specialty) Douglas Adams, the "master of wacky words and even wackier tales" (*Entertainment Weekly*) once again boggles the mind with a completely unbelievable story of ghosts, time travel, eccentric computer geniuses, Samuel Taylor Coleridge, the end of the world, and—of course—missing cats.

The Dance of the Voodoo Handbag

Originally published: London: Doubleday, 1998.

Dirk Gently's Holistic Detective Agency: The Salmon of Doubt, Vol. 2

Featuring favorite characters from the original Dirk Gently books by Douglas Adams (*The Hitchhiker's Guide to the Galaxy*) and from the hit TV series from BBC America! Plagued by nightmares of a life he never had, Dirk Gently discovers that a holistic detective can have more than one past, and they're about to catch up with him!

The Salmon of Doubt

The Salmon of Doubt is Douglas Adams's indispensable guide to life, the universe and everything. It includes short stories and eleven chapters of a Dirk Gently novel that Douglas Adams was working on at the time of his death, and features an introduction by Stephen Fry. This sublime collection dips into the wit and wisdom of the man behind *The Hitchhiker's Guide to the Galaxy*, uncovering his unique comic musings on everything from his school-trousers to malt whisky and from the letter Y through to his own nose, via atheism, hangovers and fried eggs. These hilarious collected writings reveal the warmth, enthusiasm and ferocious intelligence behind this most English of comic writers; a man who was virtually an unofficial member of the Monty Python team. Douglas Adams on his passion for P. G. Wodehouse, The Beatles and the perfect cup of tea alone make this a must-have collection and a remarkable sign-off from one of the best loved writers of all time. Start from the beginning of the surreal Dirk Gently series with Dirk Gently's Holistic Detective Agency.

Dirk Gently's Holistic Detective Agency: The Salmon of Doubt, Vol. 1

Plagued by nightmares about a childhood he never had, Dirk returns to Cambridge University to seek the advice of his former tutor, the time-traveling Professor Reg Chronotis. There he discovers

that a holistic detective can have more than one past, and his adventures have only just begun. Featuring æfan-favorite characters from the original books as well as the cast from the TV series, including Samuel Barnett and Elijah Wood.

Dirk Gently's Big Holistic Graphic Novel

Douglas Adams' holistic detective Dirk Gently has his first two comic book adventures collected here. Containing two stand-alone series, enjoy *A Spoon Too Short* and *The Interconnectedness of All Kings*. But that's not all! Also includes bonus material showing a behind-the-scenes look at the making of the DIRK GENTLY TV show. In *A Spoon Too Short*, Dirk finds himself investigating a bizarre case of poaching, dumbstruck tourists, and the inner membranes of a rhinoceros' nose. In *The Interconnectedness of All Kings*, Dirk has been forced to leave his beloved England behind, coming to the too-sunny, too-cheery, and altogether too-bizarre-even-for-Dirk city of San Diego, California, where he gets embroiled in three separate (or are they?) cases involving reincarnated Egyptians, golden cell phones, and copycat killers. All this in a new town seemingly incapable of making even a single proper cup of tea.

Dirk Gently's Holistic Detective Agency #1

An all-new comic series based on Douglas Adams' beloved holistic detective! Dirk arrives in San Diego to face a new country, new cases and new threats: reincarnation, for starters!Š!

Dirk Gently's Holistic Detective Agency: Dirk Gently 1

Douglas Adams' 'thumping good detective-ghost-horror-who dunnit-time travel-romantic-musical-comedy-epic' and beloved cult classic.

Ash

For the beautiful young woman Ash, life has always been arquebuses and artillery, swords and armour and the true horrors of hand-to-hand combat. War is her job. She has fought her way to the command of a mercenary company, and on her unlikely shoulders lies the destiny of a Europe threatened by the depredations of an Infidel army more terrible than any nightmare. Winner of the BSFA Award for best novel, 2000

A Gentle Tyranny

In Nedé--a safe haven for women--seventeen-year-old Reina draws strength from a forbidden friendship when torn between her formidable grandmother and her mother as she faces a decision that could change their world.

Gently Where the Roads Go

Book 10 in the Chief Inspector George Gently case files finds Gently dodging bullets when he investigates the murder of a trucker who died in a hail of gunfire. Murdered in a lonely lay-by in the heart of the countryside, the trucker is identified as a Polish immigrant. Was this a revenge killing, a quarrel over money, an underworld execution or something even more sinister?

The Quiet Music of Gently Falling Snow

This is a new, compact A5 edition of Jackie Morris's collection of short stories, *The Quiet Music of Gently Falling Snow*. A collection of twelve illustrated folk tales, or lullabies for grown-ups, set in a distant world of music, snow and magic. The stories are based around a series of musically-themed illustrations first created by Jackie for Help Musicians UK.

The Gentle Potty Training Book

'A practical guide to helping your child through one of the most important developmental stages of early childhood' - Green Parent Book of the Month Gurgle's Honest Read for December How to make potty training stress free for you and your child The Gentle Potty Training Book is a practical guide to helping your child through one of the most important developmental stages of early childhood. Avoiding strict timelines, rewards and plans that are based solely on a child's gender, Sarah Ockwell-Smith advocates an approach that is based on your child's unique developmental stage - because the gentlest, easiest

and most effective potty training happens when you work with your child as a team. Sarah's advice includes: * Recognising the physical and emotional signs that your child is ready * How to talk to your child about potty training and prepare them emotionally * What you need to get started - the practicalities * How to respond to accidents and setbacks * Potty training your child when you're in full-time work or co-parenting * The when and how of night-time potty training * What to do after previous false starts Comprehensive, practical and realistic, Sarah's advice will give you the necessary understanding and confidence to make potty training a smooth process for you and your child.

Gentle and Lowly

Christians know that God loves them, but can easily feel that he is perpetually disappointed and frustrated, maybe even close to giving up on them. As a result, they focus a lot—and rightly so—on what Jesus has done to appease God's wrath for sin. But how does Jesus Christ actually feel about his people amid all their sins and failures? This book draws us to Matthew 11, where Jesus describes himself as “gentle and lowly in heart,” longing for his people to find rest in him. The gospel flows from God's deepest heart for his people, a heart of tender love for the sinful and suffering. These chapters take readers into the depths of Christ's very heart for sinners, diving deep into Bible passages that speak of who Christ is and encouraging readers with the affections of Christ for his people. His longing heart for sinners comforts and sustains readers in their up-and-down lives.

The Original Inspector George Gently Collection

This first volume of the Inspector George Gently Collection comprises the original two novels that established Gently as one of Scotland Yard's fictional finest. These are the stories on which the hit BBC TV series was based, written with a charm that conveys Alan Hunter's love of the East Anglian setting and demonstrating his expert use of dialogue to keep the plot moving along at a cracking pace. The first of Gently's cases, *Gently Does It*, has him enduring the holiday from hell when he is caught up in a mysterious murder and locks horns with the local police over their handling of the affair. In the second book, *Gently By The Shore*, other people's holidays are disturbed when Gently is called in to investigate the discovery of a body on a pleasure beach.

Going Gently

Kate Thomas was beautiful, intelligent, witty, passionate and sexy. Now, at the ripe old age of ninety-nine, she is trapped in a hospital ward of sad, mad and bad old women. She escapes by playing to herself the video of her life. What a life it has been. Her six marriages have ended in suicide, a husband's adultery, another husband's deportation as a dangerous alien, a union dispute, a murder, and a natural death. But Kate's journey through the twentieth century is also a search for the truth - about life, death, and which of her three sons murdered her fifth husband. This is a novel rich in memorable characters, from Kate's narrow but loving Welsh family to the wild members of an artists' colony in Cornwall; from Midland piston manufacturers to an investigative journalist whose own life cannot bear investigation.

Missing Data

While most books on missing data focus on applying sophisticated statistical techniques to deal with the problem after it has occurred, this volume provides a methodology for the control and prevention of missing data. In clear, nontechnical language, the authors help the reader understand the different types of missing data and their implications for the reliability, validity, and generalizability of a study's conclusions. They provide practical recommendations for designing studies that decrease the likelihood of missing data, and for addressing this important issue when reporting study results. When statistical remedies are needed--such as deletion procedures, augmentation methods, and single imputation and multiple imputation procedures--the book also explains how to make sound decisions about their use. Patrick E. McKnight's website offers a periodically updated annotated bibliography on missing data and links to other Web resources that address missing data.

The Gentle Sleep Book

The Gentle Sleep Book offers gentle, reassuring and effective solutions to addressing the common sleep problems of newborns to five-year-olds. 'This book should be called The Sleep Bible and needs to be in every parent's bedside drawer' Marneta Viegas, founder of Relax Kids Are you exhausted by your baby's night-time waking or frustrated by your toddler's reluctance to go to bed? Would you prefer

a gentler approach than sleep-training techniques such as controlled crying or pick up/put down? The first five years of parenting are filled with worries and preoccupations, but, for the vast majority, none of them is as pressing as the lack of sleep. In this revised and updated edition of her bestselling book, Sarah Ockwell-Smith offers a gentle, effective prescription for addressing the common sleep challenges encountered by parents of newborns to five-year-olds. Treading a carefully balanced line between the needs of sleep-deprived parents and those of the child, Sarah offers reliable, evidence-based advice including: *How long we can expect our children to sleep at each stage of development. *Why much of the popular advice on sleep is inaccurate and counterproductive. *How to approach common issues including frequent waking, night terrors and bedtime refusal. Sarah's practical suggestions for each developmental stage include how to create a consistent bedtime routine and optimal conditions for sleep, the effect of diet, and how to use comfort objects effectively. This revised and updated edition includes new chapters providing specific advice on daytime naps (when and how to drop them) and how to take care of your own needs and emotions during the early years of disrupted sleep, because your feelings and health matter too.

The Monocle Book of Gentle Living

A timely handbook helping readers think about how to slow down, reconnect, and live a gentler life. Monocle has always been a champion of taking it slow. Past issues have encouraged readers to dive into a lake and go for a run. To sleep well. To eat food made with love. Even today, in a tense moment in history, the magazine has done its bit to argue for a new modern etiquette where communities are generous with their time, hospitality, and forgiveness. Now its editors and correspondents have brought all of this together into one volume with The Monocle Manifesto for a Gentler Life, a book that urges us all to slow down, reconnect, make good things, and think about the spaces we call home. Some of the highlights of this volume include: An illustrated guide to being nice, respecting your neighbors, and controlling your social media rants; practical tips on how to design a house that's good for you and your family; Q&As with the people who have decided to take a gentler approach to work and living; and a celebration of locally made food—with featured recipes—as well as the chefs that bring people together. The helpful tips and insights in this guide make it the perfect handbook for anyone looking to slow down and enjoy life.

Landed Gently

Having been invited to spend Christmas in the country, fishing for pike, Gently finds himself hunting a completely different predator when a guest at Merely Hall, a nearby stately home, is found dead at the foot of the grand staircase on Christmas morning. At first the tragedy is assumed to be a simple accident, but Gently is not one to jump to conclusions and is soon in no doubt whatsoever that this was murder. Merely produces the finest tapestries in England but the threads that Gently must unravel in his investigation are more complex than any weaver's design, with everyone from the lord of the manor to his most lowly servant falling under suspicion. Praise for Alan Hunter's Gently books: 'It is always a pleasure to look forward to another Gently book by Alan Hunter ...' Police Review

Love Me Gently

What happens when Cooper, a newly adopted puppy, takes up residence in Henry's home? The little pooch sure is adorable, but who knew he had so much to learn! Love Me Gently is a kid's guide to man's best friend. It captures the everyday challenges of raising a pup through a child's eye. But who is teaching who? Henry may be coaching Cooper, but he is also discovering valuable lessons about responsibility, unconditional love, patience, and kindness along the way!

A Gentle Madness

A Gentle Madness continues to astound and delight readers about the passion and expense a collector is willing to make in pursuit of the book. The book captures that last moment in time when collectors pursued their passions in dusty bookshops and street stalls, high stakes auctions, and the subterfuge worthy of a true bibliomaniac. An adventure among the afflicted, A Gentle Madness is vividly anecdotal and thoroughly researched. Nicholas Basbanes brings an investigative reporter's heart to illuminate collectors past and present in their pursuit of bibliomania. A New York Times Notable Book of the Year.

Gentle Discipline

As seen in the New York Times -- a practical guide that presents an alternative to shouting, shaming, and blaming--to give kids the skills they need to grow and thrive Discipline is an essential part of raising happy and successful kids, but as more and more parents are discovering, conventional approaches often don't work, and can even lead to more frustration, resentment, power struggles, and shame. Enter Sarah Ockwell-Smith, a popular parenting expert who believes there's a better way. Citing the latest research in child development, psychology and neuroscience, Gentle Discipline debunks common myths about punishments, rewards, the "naughty chair," and more, and presents practical, connection-based techniques that really work--and that bring parents and kids closer together instead of driving them apart. Topics include: Setting--and enforcing--boundaries and limits with compassion and respect Focusing on connection and positivity instead of negative consequences Working with teachers and other caregivers Breaking the cycle of shaming and blaming Filled with ideas to try today, Gentle Discipline helps parents of toddlers as well as school-age kids embrace a new, more enlightened way to help kids listen, learn and grow.

Gently Go Man

Speed makes the teenage bikers feel alive, but they soon find that murder is the fastest way to die A five-mile stretch of arrow-straight road outside Latchford acts like a magnet to beatnik bikers using the road like a drag strip. When one of the bikers is killed in an accident, most people regard it as an inevitable consequence of the kids using drugs and racing bikes for kicks. But the evidence points to the young man's death being something more sinister than a mere accident and George Gently is drawn into a world populated by disaffected teenagers, with a jazz soundtrack and a background of murder. Praise for Alan Hunter's Gently books: 'It is always a pleasure to look forward to another Gently book by Alan Hunter ...' Police Review

Dirk Gently's Holistic Detective Agency: A Spoon Too Short

After the many and conflicting versions of the legendary Hitchhiker's Guide to the Galaxy, Douglas Adams created Dirk Gently: a detective with a belief in the fundamental interconnectedness of all things, a troubled relationship with the laws of probability and quantum physics, and a love of cats and pizza. After the events of Dirk Gently's Holistic Detective Agency and The Long Dark Tea Time, but prior to the detective's relocation to California in The Interconnectedness of All Kings, Dirk finds himself investigating a bizarre case of poaching, dumbstruck tourists, and the inner membranes of a rhinoceros's nose.

And Another Thing ...

Discover the sixth book in the ludicrously inaccurately named Hitchhiker's Guide to the Galaxy trilogy, as broadcast on BBC Radio 4 and featuring original cast members including Simon Jones, Geoff McGivern, Mark Wing-Davey and Sandra Dickinson. Arthur Dent led a perfectly ordinary, uneventful life until the Hitchhiker's Guide to the Galaxy hurled him deep into outer space. Now he's convinced a cruelly indifferent universe is out to get him. And who can blame him? His life is about to collide with a pantheon of unemployed gods, a lovestruck green alien, a very irritating computer and at least one very large slab of cheese. If, that is, everyone's favourite renegade Galactic President can get him off planet Earth before it is destroyed . . . again. 'A triumph, fabulous. Colfer has given us a delight' Observer 'I haven't read anything in a long time that made me laugh as much' The Times 'Chock-full of fanciful, inventive one-liners and asides, brimming with a burning sense of the ridiculousness of life' Independent on Sunday 'The best post-mortem impersonation I have ever read' Mark Lawson, Guardian

Go Gently

An inspiring and approachable tip-filled guide to changing your habits, living more sustainably, and taking action, by Greenpeace ambassador Bonnie Wright (Ginny Weasley in the Harry Potter movies) Go Gently is a practical guide for sustainability at home that offers simple, tangible steps towards reducing our environmental impact by looking at what we consume and the waste we create, as well as how to take action for environmental change. The title reflects Bonnie's belief that the best way to change our planet and ourselves is through a gentle approach, rather than a judgmental one. This is a book of do's rather than don'ts. Going through every room in her home, Bonnie helps us assess which products are sustainable, and offers alternatives for those that are not. She shares recipes to avoid food waste, homemade self-care products to avoid packaging, small space friendly gardening ideas and a

template for creating your own compost system. Finally, there are exercises and meditation prompts to keep you energised, as well as tips on how to get involved in wider community activism.

Dirk Gently: The Salmon of Doubt #1

Dirk Gently, created by Douglas Adams and shortly to be the star of his own television series from BBC America, returns to comics in *The Salmon of Doubt*, brought to you by executive producers of the show Arvind Ethan David and Max Landis. Plagued by nightmares about a childhood he never had, Dirk returns to Cambridge University to seek the advice of his former tutor, the time-traveling Professor Reg Chronotis. There he discovers that a holistic detective can have more than one past, and his adventures have only just begun... Featuring favorite characters from the original books as well as the cast from the TV series, including Elijah Wood.

The Galaxy

Mrs. Louise Mallard, afflicted with a heart condition, reflects on the death of her husband from the safety of her locked room. Originally published in *Vogue* magazine, "The Story of an Hour" was retitled as "The Dream of an Hour," when it was published amid much controversy under its new title a year later in *St. Louis Life*. "The Story of an Hour" was adapted to film in *The Joy That Kills* by director Tina Rathbone, which was part of a PBS anthology called *American Playhouse*. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

The Story Of An Hour

An authoritative guide to natural childbirth and postpartum parenting options from an MD who home-birthed her own four children. Sarah Buckley might be called a third-wave natural birth advocate. A doctor and a mother, she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body. Using current medical and epidemiological research plus women's experiences (including her own), she demonstrates that what she calls "undisturbed birth" is almost always healthier and safer than high-technology approaches to birth. Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship.

Gentle Birth, Gentle Mothering

Complemented by four hundred full-color photographs, a visual feast, celebrating everything that is wonderful about life and the domestic arts, explains how to apply a wide variety of practical skills in a creative way to transform the home, covering everything from needlework and cooking to gardening and homemaking.

The Gentle Art of Domesticity

If a tiger mauled a man to death, would he bother burying the corpse? An escaped tiger that terrorizes a little market town is shot dead by a police marksman, having caused nothing more than a minor panic. A year later, a man is found mauled to death and neatly buried in his own back garden. The only thing Gently can be sure of is that the tiger didn't bury the body, so who did?

Gently Sahib

Sleeping Like a Baby serves as the ultimate bedside companion for parents, packed with all the modern tools you need to build a stronger connection with your children and enable age-appropriate sleep for their optimum growth. The book does the seemingly impossible: blending traditional wisdom and the latest research, it gives us a revolutionary approach to achieve longer naps, better night sleep with fewer wakings, a happier baby and more joy and rest as a family, without resorting to fraught practices like 'sleep training'. With anecdotal insights, deep research and practical tips in an Indian context, this book empowers parents to tune into their instincts and understand a child's cues so that bedtime battles, cranky days and sleepless nights are a thing of the past. Authored by the co-founders running the pioneering Facebook group Gentle Baby Sleep India, *Sleeping Like a Baby* shares the secret sauce that enables a family-no matter its structure or pressures-to keep the child's evolutionary and biological sleep needs in focus. Endorsed by some of the most eminent child sleep experts and written in a style

that is deceptively simple and accessible, *Sleeping Like a Baby* is the final word on responsive and restful sleep for caregiver and baby. All night long.

Sleeping Like a Baby

Marketing has become a dirty word, a source of mistrust and a nightmare for many entrepreneurs. But what if marketing didn't have to be pushy, soul stealing, and focused on hustle and hype? What if there was a way you could connect with clients authentically and in alignment with your values and still make money? What if purpose and profit could coexist in the business world? Enter the Gentle MARKETING REVOLUTION. Structured around three phases of transformation that revolutionize the traditional Ps of marketing, along with thought-provoking questions to guide the way, Santacroce lays out the necessary steps to replace the old way of marketing with a way that is aligned with your values, your story, and your own unique approach-with profound results. You are in business to share your gifts with the world. The Gentle Marketing Revolution is the compass you need on your journey!

The Gentle Marketing Revolution

Anne Gentle's "Conversation and Community" has become the go-to reference for social media and technical communication. Her clear-eyed survey of the social media landscape has been adopted by many universities and is widely used by technical communicators. Now, in this second edition, she has updated and expanded her book, adding chapters on building a content strategy, analyzing web techniques, and developing an open source strategy. With more interviews and case studies, this is your guide to the new world of technical communication and social media. Inside the Book Towards the Future of Documentation Defining a Writer's Role with the Social Web Community and Documentation Commenting and Connecting with Users Wikis as Documentation Systems Finding Your Voice Content Strategy for Community Documentation NEW Chapter Analyzing and Measuring Web Techniques NEW Chapter Open Source Documentation NEW Chapter Concepts and Tools of the Social Web Glossary, Expanded Bibliography, and Index
