And We Went for It and the Fact that We Went for It Was a Very Important Lesson for Russia Not about Ukraine Ukrainians Didn't Go for that Most of Them but We Went for that Hard and the Europeans Went for It That Was One of Several Employs or Several Ways that Russia Began To Export the Politics of Eternity during 2014 during 2015 during the War in Ukraine another Is What I Call Implausible Deniability Which Is When a Leader Stands Up and Says Something That You Know Is Not True Then He Knows that You Know It's Not True and It's Big and He Says It Anyway
So You Can Have the Most Masterful Propaganda You Can Control All the Television Stations You Can Have Philosophy You Can Have It all You Know the Whole Package but Sometimes Things Will Happen that You Don't Expect like for Example You'Re Invading a Neighboring Country and You Accidentally Shoot Down a Civilian Airliner Which Russia Did What Do You Then Do You Don't Deny It Right because if You Deny It You'Re Accepting the Framework of Discussion That You either Did or Didn't Do It That's a Losing Move and Even in on the Very Day When Russia Shot Down Mh17 They Said Ukraine Was Carrying Out a Ground-to-Air Missile Exercise They Said Ukrainian Fighters Were in the Area They Said Nato Was Carrying Out Exercises They Said that a Ukrainian Jewish Oligarch Controlled Ukrainian Airspace and Did It on Purpose and We Can Prove It because of the Shape of His Nose Which Was an Actual Story on Russian Television They Said a Whole Bunch of

Stuff Right Which Was Not Only Not True but Mutually Contradictory Right the Stories Don't They'Re Not Even Possibly Consistent but the Point Is that at the End of the Day and by the Way I Mean Literally at the End of the Day at the End of the Day People Have Completely Forgotten about the Actual Thing That Happened

So in the End of Rude Unfreedom I Give You the Blow-by-Blow of the Multi-Pronged Attempt by Russia To Change To Choose Really the American President To Change the Outcome of American Presidential Elections but Here What I Want To Do Is Just Give You a Kind of General Overview of How I Think We Should Think about this There Are Basically Two Schools of Thought That I Run into in My Life One of Them Is the School of Thought That Says Yeah Maybe Russia Did Something but America's Got Big Problems So Let's Not Talk about Russia Let's Talk about America's Big Problems Language Is the Beginning It's Almost all Russian Sources Then We Move through Other Languages till We Get to English at the End It's a It's a It's a Book Which Develops an Interpretation on the Basis of Facts the Only Thing Which Is Not Conservative about It Is a History Book as It Is about the Present but It's a History Book and It's a History Book Which Is Trying To Make the Case That We Have To Have History To Have Freedom and To Have Democracy as We've Understood these Things But It's a History Book and It's a History Book Which Is Trying To Make the Case That We Have To Have History To Have Freedom and To Have Democracy as We've Understood these Things so if You if You'Re in the Politics of Inevitability as So Many of Us Have Been and some of Us Still Are You'Re Not Moving Away You'Re Not Moving towards Freedom You'Re Moving Away from It if You Say History Is Over and We Have To Be Free What Is that that's Not Freedom Right That's Imagining It the World Is Working for You that's Not the Same Thing as Freedom

As So Many of Us Have Been and some of Us Still Are You'Re Not Moving Away You'Re Not Moving towards Freedom You'Re Moving Away from It if You Say History Is Over and We Have To Be Free What Is that that's Not Freedom Right That's Imagining It the World Is Working for You that's Not the Same Thing as Freedom if You Say that that There's no Alternative to Freedom That's Not Saying that You'Re Free It's Just Saying Mmm the World Is Such that I Have To Be Free that's the Opposite What a Free Person Would Say if You'Re a Free Person You'Re Always Working a Little Bit against the World if the War if Your Claim Is that Everything Has To Be Such that I'M Free Europe You Have a Problem That's the Problem That We Had if You'Re in the Politics of Eternity And You Think Well the Only Thing That Ever Happens Is the Other People Are GonNa Come Around for Us Over and Over and Over Again You'Re Also Not in History Right You'Re in the Night another Idea of Time so What I'M Saying and What I'M Struggling for that's Not to You Know Ambitious a Word What I'M Struggling for Is a Sense of Forward Time Which Is Not Determined Which Is Not Heading the in Particular Terrain Direction Inevitability Is Not True It's Comfortable It's Not True Eternity Comfortable It's Very Comfortable Always To Be Innocent Right Very Comfortable Ways To Be the Victim No Matter Who You Are

And Then within these Structures You Can Ask What Can I Do and Then this Is Why the Book Lands Where on Tyranny Starts if You See the Structures for What They Are if You See They'Re both the Risks and the Opportunities for What They Are Then You Have To Ask What Can I Do and with that Question Comes a Kindred Question Which Is What Should I Do once You Recognize that in some Measure It's up to You Which It Is because that's What History Says History Doesn't Say It's all Going To Be Fine History Also Doesn't Say It's all GonNa Be Terrible Right History Says Here Are the Opportunities Here Are the Cracks

It Is because that's What History Says History Doesn't Say It's all Going To Be Fine History Also Doesn't Say It's all GonNa Be Terrible Right History Says Here Are the Opportunities Here Are the Cracks Here Other Ways That You Could Make a Difference once You Ask What Can I Do Then You Have To Ask What Should I Do and I'LI Say the Most Conservative Thing I Can Possibly Think of this Means that History Is about Good and Evil because History if You Take It Seriously if You Recognize Your Place in History if You See What You Can Do and Then You Ask the Question What Should I Do You'Re Asking What's Right What's Good and We Need History for that

History Also Doesn't Say It's all GonNa Be Terrible Right History Says Here Are the Opportunities Here Are the Cracks Here Other Ways That You Could Make a Difference once You Ask What Can I Do Then You Have To Ask What Should I Do and I'LI Say the Most Conservative Thing I Can Possibly Think of this Means that History Is about Good and Evil because History if You Take It Seriously if You Recognize Your Place in History if You See What You Can Do and Then You Ask the Question What Should I Do You'Re Asking What's Right What's Good and We Need History for That Thank You Yuri Bezmenov Explaining 4 Stages to Bring Down a Country - Yuri Bezmenov Explaining 4 Stages to Bring Down a Country by CM Robert 72,448 views 6 years ago 11 minutes, 3 seconds - Over 30 years ago Yuri Bezmenov (Tomas Schuman) gave warning to **America**, of how we were being

Now I'd Guess Just Just To Guess that Many of Us in this Room Share Tim's Abiding View that We're all Passing through a Crucial Historical Period When Things Could Go One Way or the Other Normally Historians Write about the Past but as Tim Has Explained He Tried with the Road to on Freedom To Write a Kind of History of a Moment as It's Unfolding To Convey How Much Agency and Power We Have To Affect the Outcome and To Encourage Us To Embrace What He Calls at the End the Politics of Responsibility a Review and Kirkus Call the Book Quote a Highly Distressing Urgent Alarm To Awaken Americans to the Peril of Authoritarianism

It's like It's a Bit like Being on a Ship Where You Can't Quite Ever Get Your Sea Legs No Matter How Long You Try and the Way That I Characterize this in the Beginning of the Book and Then I Use these

Terms throughout Is this Notion of a Shift from the Politics of Inevitability to the Politics of Eternity the Reason Why I Take the Trouble To Introduce this Idea of Time Is that I Think Time Is Really Important I Think Time Is Not Just a Constant I Think Time as a Variable I Think the Way That We Experience Time Can Change by the Politics of Inevitability

And Then We Can Blame Him or Her Right Our Individual Follow Ability Becomes Our Collective You Know Sense that some It's Somebody Else's Fault and Then We Get To Do It all Again Right Now that's a Very down-to-Earth Description of Democracy but the Beauty of that Is that There There's no End to the Time Horizon Right There's a Succession Principle and the Succession Principle Is these Leaders Get Replaced by the Next Leaders When We all Vote the Next Time Which We Can Take for Granted until It Stops When It Stops When There's no Succession Principal Time Also Stops Right no One Knows What's Going To Happen When Putin Dies

When It Stops When There's no Succession Principal Time Also Stops Right no One Knows What's Going To Happen When Putin Dies and no One in Russia Can Talk about that That Is a Situation Which Is Very Difficult Right What Do You Do in that Situation There's an Answer and the Answer Is the Leader with His Amazing Charm or His Charisma Does Away with the Whole Question by Generating You Know Enthusiasm and by Generating Spectacles That's How the Politics of Eternity Works Attorneys Not About Forever

What You Do Instead Is You Generate Spectacle by Invading Ukraine or by Intervening in Syria or by Causing Trouble in the European Union and the United States I'M GonNa Talk about Europe in the Us in a Minute but from the Point of View of Russian Domestic Politics What all of this Stuff Which Affects Us So Intimately Amounts to Is Spectacle and a Sense that Russia Is the Victim Over and Over and Over Again Now if You Get Down to the Details of all of this When Putin Comes Back to Power in 2011 2012 It Doesn't Look like His Party Does Very Well It Also Doesn't Look like He Gets As Many Votes as He Was Expecting To Get and It

There Are Also Many More Direct Foreshadowings like for Example the Ukrainian Presidential Elections of 2014 Where Russia Hacks the Ukrainian that the Server of the Ukrainian Central Electoral Commission To Get the Result that a Nationalist Who Actually Had Only One Less than 1 % Was the Winner Right Which the Ukrainians Caught at the Last Moment but the Russians Hacking the Server of an Electoral Commission Might Have Been the Kind of Thing Which Drew More Attention than It Did at the Time Oh and by the Way They Also Hacked Ukrainian Utilities in 2015-2016 and the Very Software with Which They Did that Was Planted in American Utilities
