Nightmares and Daydreams

Nightmares and Daydreams is a love story: it is also a life story, proving that life, as a child is not always what we hope it should be. Two kids meet and magic happens--but is it magical enough to soothe their battered souls? What if your thirteen-year old friend had his legs blown off from a discharged bazooka shell? You, an eleven-year-old boy sustained life-threatening injuries as well? What if that disaster happened in the basement of your very own home? Not on the battlefield during World War II, nor in a war at all! In 1947 the tragedy flooded the airways and made the headlines in all of the Los Angeles newspapers. What if your grandmother molested you in her cellar when you were just eight years old? You, a very private little girl kept it a secret. No one else knew: No one else will know until now. The boy and the girl, who experienced those nightmares, explore the frightening incidents and delve deeply into their young, unusual lifestyles. So opposite of one another, so hurt in different ways. Both children on their own emotional roller coasters. Now, in Nightmares and Daydreams, Jeannine explores the secrets of their confused and stressful childhoods. But it was not all sorrow for the two, and she shares some of their favorite side-splitting stories of their screwy teen times, madcap memories, and far-out antics they pulled off during their never dull fifty-seven years of marriage.

Masked

She's a princess, he's a peasant. Sounds like a typical story right? Maybe, but not after the authors wrote commentary throughout the book. Follow Josephina and Lewis, and become captivated as their stories mix when they both make a choice that will change their lives forever. While at the same time follow Jeannine and Emilie as they tear apart the book they wrote in grade 9, in only one month.

Jeanine's Stuff, Volume 1, Simple, But Impressive, Restaurant and Party Favorites

Jack Elkhart (and the whole world) is shocked when aliens suddenly arrive at Earth, saying that they'd like to establish their home there after fleeing their doomed planet. As Jack searches for answers

amongst his family, friends, and faith, his life is further upended with the arrival of an alien emissary named Ursula. While tensions build between the aliens and humans, Jack seeks to reconcile these new realities with his faith. Confronted with a myriad of questions and the enigmatic Ursula, Jack is forced to consider what a person must do when faced with insurmountable uncertainty as the world hurtles closer to war.

God's Other Children

Two books in one, starting from opposite ends of the book.

TODAY DIANNE WILL BE A PRINCES

"In this splendidly entertaining debut, Jeannine Hall Gailey offers us a world both familiar and magical--filled with fairytale and mythology characters that are our own bedfellows--we wake up with Philomel and argue with Ophelia while half-listening to a Snow Queen, amidst Spy Girls, Amazons and Mongolian Cows. The wild and seductive energy in this collection never lets one put the book down. (In fact, any one who opens the collection in the bookstore and reads such poems as *The Conversation* and *Job Requirements: A Supervillain's Advice* will want to buy the book.) For her delivery is heart-breaking and refreshing, so the poems seduce us with the sadness, glory and entertainment of our very own days. Propelled by Jeannine Hall Gailey's alert, sensuous, and musical gifts, the mythology becomes all our own." -Ilya Kaminsky, author of the award-winning *Dancing in Odessa*

Becoming the Villainess

In this major study of the work of Joanna Russ, Jeanne Cortiel gives a clear introduction to the major feminist issues relevant to Russ's work and assesses its development. The book will be especially valuable for students of SF and feminist SF, especially in its concern with the function of woman-based intertextuality. Although Cortiel deals principally with Russ's novels, she also examines her short stories, and the focus on critically neglected texts is a particularly valuable feature of the study. "I recommend this book to any reader interested in Russ's fiction, or in women's science fiction generally."—*Science Fiction Studies*

Demand My Writing

This exciting and comprehensive anthology--the first anthology of German women's fairy tales in English--presents a variety of published and archival fairy tales from 1780 to 1900. These authors of these stories used fairy tales to explain their own lives, to teach children, to examine history, and to critique society and the status quo. Powerful and conflicted females are queens, girls on quests, mothers, daughters, magical wisewomen, and midwives to the fairies; they love, hate, murder, save children, fight tyranny, overcome cannibals, and rescue the working poor. Jeannine Blackwell's introduction places the tales in their historical, social, and critical context, and Shawn C. Jarvis's afterword presents a thematic analysis of the texts and approaches to reading them in conjunction with other European and American tales.

The Queen's Mirror

In the country of Adriane, Eric Sinclair is a precocious orphan who has had a rough childhood. When Princess Diana, heir to the throne, receives threats, he obtains the enviable role of being her personal bodyguard. What starts as a friendly business relationship quickly turns into much more, a forbidden attraction neither can deny. However, Eric's life may be in danger when their affection is discovered. With the help of her friends, Princess Diana must figure out a way to save Eric and their relationship. The Guard of Adriane is a forbidden bodyguard royalty romance intended for mature audiences.

Portrait of a Bonaparte

This is a collection of simple, yet impressive balloon designs, that go together quickly and have a strong impact. There are 14 designs here, including a gecko, a motorcycle, a ballerina wand, a large hobby horse, a rattlesnake, an elephant, and more.

The Guard of Adriane

"[Malmgren] succeeds in formulating a typology of science fiction that will become a standard reference for some years to come." —Choice " . . . the most intelligently organized and effectively argued general study of SF that I have ever read." —Rob Latham, SFRA Review " . . . required reading for its evenhanded overview of so much of the previous critical/theoretical material devoted to science fiction." —American Book Review Worlds Apart provides a comprehensive theoretical model for science fiction by examining the worlds of science fiction and the discourse which inscribes them. Malmgren identifies the basic science fiction types, including alien encounters, alternate societies and worlds, and fantasy, and examines the role of the reader in concretizing and interpreting these science fiction worlds.

The Complete Works

A thrilling crime novel about Roger Sloane, a young American living on the Cote d'Azur in the late 1920s. Sloane meets an old classmate exploring Europe after inheriting a title in England. Both men and an unusual group of people combat a sinister gang of American smugglers who have left New York and set up a sophisticated crime cartel in the South of France.

The Complete Works of E. Phillips Oppenheim: 109 Novels & 200+ Short Stories (Illustrated Edition)

Jean Matocq left his home in the Pyrenees for Paris at age sixteen. While studying the hotel business at the Paris hotel School, he worked as a busboy, assistant waiter, chef de rang, and sommelier. Jean came to the United States and made his way to San Francisco in 1958. He joined the staff at the legendary San Francisco restaurant Trader Vic's, where for twelve years he worked as a captain and maître d'. Striking out on his own, Jean Matocq owned restaurants and motels in Washington State, at Lake Tahoe and at Clearlake. Along the way he earned an AA degree, worked as a real estate broker, a notary, and a business broker. "We opened the Bon Vivant restaurant in Lake Tahoe and did well, but my thirst for world exploration and a decent offer for the business were compelling factors leading

me to resume my many voyages." Those voyages have taken Jean and his wife Jeannine around the world, including stops in Europe, South Africa, Argentina, and New Zealand. His experiences as a restaurateur, a hotelier, and a global traveler have given Jean Matocq a unique perspective on his adopted country, its ideals and its history.

Drama Criticism

"Unexplained Fevers plucks the familiar fairy tale heroines and drops them into alternate landscapes. Unlocking them from the old stories is a way to rescue the other half of [their] souls. And so Sleeping Beauty arrives at the emergency room, Red Riding Hood reaches the car dealership, and Rapunzel goes wandering in the desert - their journeys, re-imagined in this inventive collection of poems, produce other dangers, betrayals and nightmares, but also bring forth great surprise and wonder." - Rigoberto Gonzalez, author of *Black Blossoms* "Unexplained Fevers begins with that most familiar of phrases, Once upon a time, but the world we find inside these covers is deeply defamiliarized. Trapped by physical ills, cultural expectations, and the constraints of marriage, these heroines interrogate the world and propel themselves through it with cunning and sass. We follow, for example, Jack and Jill through a prose poem where they somehow turned thirty without thunderous applause, after having sworn they would follow each other anywhere, but anywhere turned out to be a lot like Ohio. At the center of these poems - urgent, mysterious, evocative - we find the great topic of all fairy tales, transformation. Read *Unexplained Fevers*, and be transformed." - Beth Ann Fennelly, author of *Unmentionables* Jeannine Hall Gailey is the Poet Laureate of Redmond, Washington, and the author of *Becoming the Villainess* (Steel Toe Books, 2006) and *She Returns to the Floating World* (Kitsune Books, 2011) which was an Eric Hoffer Montaigne Medal finalist in 2012. Her work has been featured on NPR's *The Writer's Almanac*, *Verse Daily*, and in *The Year's Best Fantasy and Horror*. Her poems have appeared in journals such as *The Iowa Review*, *American Poetry Review* and *Prairie Schooner*. She volunteers as an editorial consultant for *Crab Creek Review* and currently teaches part-time at the MFA program at National University.

Murder at Monte Carlo

A truly magical colouring book, brimming with extraordinary illustrations of fantastic fairytale princesses, sparkling slippers, amazing ballgowns, cute carriages and pretty ponies. Girls will simply fall in love with this enchanting collection of beautiful scenes to colour.

My Journey From the Pyrenees to California

Robert Louis Stevenson who understood a thing or two about the selves we refuse to know once said I travel not to go anywhere, but to go. Surely it was the likelihood of an accident, the unparalleled joy of stumbling upon himself now and then, which Stevenson most cherished in the going. A bit like Stevenson, Bart Reitter is a man who revels in the great distance between here and there. His memoir *The Horseman* is a wonderful account of the selves forged and found during his travels across the first half of a lifetime a heartfelt testament to the wisdom of refusing to stand still. --Professor Greg Coln Semenza, University of Connecticut For those who have ever spent time on the road for a living this book will awaken memories some fond, some downright scary. It's the diary of a young man plying his trade as he jets around the world while climbing the corporate ladder. Bart Reitter writes in exacting detail. A delightful read. --Thomas J. Gibbons Jr. Retired Staff Writer, Philadelphia Inquirer *The Horseman* is an excellent story about one man's travels. The book drew me in and I found myself reading longer than I had allowed for. Reitter's enthusiasm for travel has rekindled my own excitement for the many business trips I have planned for this year. --Rich Dibernardo, President, Initech, LLC Reading *The Horseman* brought back fond memories of my travels with Bart. I also have been infected with the travel bug and the cure is to get me on the next flight to anywhere. --John Lin, Senior Territory Sales Manager For author Bart Reitter, the journey is the destination. In this travelogue, he narrates his lifelong journey of discovery through travel. Written with stark clarity and emotional honesty, *The Horseman* begins with a six-year-old boy's first joyful trip to Disney World and concludes with a 26,000-mile circumnavigation of the globe. Compiled from journals kept while traveling the world and interwoven with personal reflection and unique historical perspective, *The Horseman* voyages through the joys and frustration of global travel as well as the introspection aimed at understanding life's meaning. It presents an emotional, scientific, funny, and irreverent window into Reitter's mind as he seeks to understand the insatiable wanderlust that drives him forward. From the eastern United States to Singapore, and from the streets of Paris to the jungles of Thailand, Reitter communicates a unique point of view of life on

the road that pictures rarely tell. From the euphoria of successful business deals to the loneliness of sterile hotel rooms, the story is never boring. In the end, with the help of his daughters, he discovers the best journey of all is the journey home.
