Alice Or the Mysteries, Book Iii and Iv

A deliciously dark, gorgeously written YA mystery that'll prickle your skin . . . and leave a permanent mark. There are no secrets in Saintstone. From the second you're born, every achievement, every failing, every significant moment are all immortalized on your skin. There are honorable marks that let people know you're trustworthy. And shameful tattoos that announce you as a traitor. After her father dies, Leora finds solace in the fact that his skin tells a wonderful story. That is, until she glimpses a mark on the back of his neck . . . the symbol of the worst crime a person can commit in Saintstone. Leora knows it has to be a mistake, but before she can do anything about it, the horrifying secret gets out, jeopardizing her father's legacy . . . and Leora's life. In her startlingly prescient debut, Alice Broadway shines a light on the dangerous lengths we go to make our world feel orderly—even when the truth refuses to stay within the lines. This rich, lyrical fantasy with echoes of Orwell is unlike anything you've ever read, a tale guaranteed to get under your skin . . .

Alice's Girls

BEFORE a large table, covered with parliamentary papers, sat Lumley Lord Vargrave. His complexion, though still healthy, had faded from the freshness of hue which distinguished him in youth. His features, always sharp, had grown yet more angular: his brows seemed to project more broodingly over his eyes, which, though of undiminished brightness, were sunk deep in their sockets, and had lost much of their quick restlessness. The character of his mind had begun to stamp itself on the physiognomy, especially on the mouth when in repose. It was, a face striking for acute intelligence, for concentrated energy; but there was a something written in it which said, "BEWARE!" It would have inspired any one who had mixed much amongst men with a vague suspicion and distrust.

In four new novellas, Christina Henry returns to the world of Alice and Red Queen, where magic runs as freely as secrets and blood. *Lovely Creature* In the New City lives a girl with a secret: Elizabeth can do magic. But someone knows her secret--someone who has a secret of his own. That secret is a butterfly that lives in a jar, a butterfly that was supposed to be gone forever, a butterfly that used to be called the Jabberwock... *Girl in Amber* Alice and Hatcher are just looking for a place to rest. Alice has been dreaming of a cottage by a lake and a field of wildflowers, but while walking blind in a snowstorm she stumbles into a house that only seems empty and abandoned... *When I First Came to Town* Hatcher wasn't always Hatcher. Once, he was a boy called Nicholas, and Nicholas fancied himself the best fighter in the Old City. No matter who fought him he always won. Then his boss tells him he's going to battle the fearsome Grinder, a man who never leaves his opponents alive... *The Mercy Seat* There is a place hidden in the mountains, where all the people hate and fear magic and Magicians. It is the Village of the Pure, and though Alice and Hatcher would do anything to avoid it, it lies directly in their path...

Alice, Or the Mysteries

From the 2013 Orange Prize–winning author of *May We Be Forgiven*. Only a work of such searing, meticulously controlled brilliance could provoke such a wide range of visceral responses. Here is the incredible story of an imprisoned pedophile who is drawn into an erotically charged correspondence with a nineteen-year-old suburban coed. As the two reveal—and revel in—their obsessive desires, Homes creates in *The End of Alice* a novel that is part romance, part horror story, at once unnerving and seductive.

Looking Glass

Alice in Wonderland (also known as *Alice's Adventures in Wonderland*), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influenced generations of fiction writing.

The End Of Alice

This is an eclectic retelling of the classic *Alice in Wonderland*. When Alice steps into the grandfather clock she is transported in time from 1860 to 1998, to an automated age inhabited by strange man/animal characters.

Still Alice

Newly discovered letters by Lewis Carroll, an expanded selection of diary excerpts, and a wealth of new biographical materials are some of the features of this revised Norton Critical Edition. This perennially popular Norton Critical Edition again reprints the 1897 editions of *Alice's Adventures in Wonderland* and *Through the Looking-Glass* along with the 1876 edition of *The Hunting of the Snark*. Each text is fully annotated and the original illustrations are included. An unusually rich "Backgrounds" section is arranged to correspond with three clearly defined periods in Lewis Carroll's life. Letters and diary entries interwoven within each period emphasize the biographical dimension of Carroll's writing. Readers gain an understanding of the author's family and education, the evolution of the Alice books, and Carroll's later years through his own words and through important scholarly work on his faith life and his relationships with women and with Alice Hargreaves and her family. Reflecting the wealth of new scholarship on Alice in Wonderland and Lewis Carroll published since the last edition, Donald Gray has chosen eleven new critical works while retaining five seminal works from the previous edition. Two early pieces—an essay by Charles Dickens and poem by Christina Rossetti—take a satirical look at children's literature. The nine new recent essays are by James R. Kincaid, Marah Gubar, Robert M. Poles, Jean-Jacques Lecercle, Gilles Deleuze, Roger Taylor, Carol Mavor, Jean Gattégno, and Helena M. Pycior. The Selected Bibliography has been updated and expanded.

Alice Alone

BEAUTY, thou art twice blessed; thou blessest the gazer and the possessor; often at once the effect and the cause of goodness! A sweet disposition, a lovely soul, an affectionate nature, will speak in the eyes, the lips, the brow, and become the cause of beauty. On the other hand, they who have a gift that commands love, a key that opens all hearts, are ordinarily inclined to look with happy eyes upon the world, -to be cheerful and serene, to hope and to confide. There is more wisdom than the vulgar dream of in our admiration of a fair face. Evelyn Cameron was beautiful, -a beauty that came from the heart, and went to the heart; a beauty, the very spirit of which was love! Love smiled on her dimpled lips, it reposed on her open brow, it played in the profuse and careless ringlets of darkest yet sunniest auburn, which a breeze could lift from her delicate and virgin cheek; Love, in all its tenderness, in all its kindness, its unsuspecting truth, -Love coloured every thought, murmured in her low melodious voice, in all its symmetry and glorious womanhood. Love swelled the swan-like neck, and moulded the rounded limb.

ALICE III a Sweet, Little Orphan Girl

Winner of the International Dublin Literary Award 'Remarkable . . . a novel about people that never loses its sense of humanity.' Sunday Times 'Zeniter's extraordinary achievement is to transform a complicated conflict into a compelling family chronicle' Wall Street Journal Naïma has always known that her family came from Algeria – but up until now, that meant very little to her. Born and raised in France, her knowledge of that foreign country is limited to what she's learned from her grandparents' tiny flat in a crumbling French sink estate: the food cooked for her, the few precious things they brought with them when they fled. On the past, her family is silent. Why was her grandfather Ali forced to leave? Was he a harki – an Algerian who worked for and supported the French during the Algerian War of Independence? Once a wealthy landowner, how did he become an immigrant scratching a living in France? Naïma's father, Hamid, says he remembers nothing. A child when the family left, in France he re-made himself: education was his ticket out of the family home, the key to acceptance into French society. But now, for the first time since they left, one of Ali's family is going back. Naïma will see Algeria for herself, will ask the questions about her family's history that, till now, have had no answers. Spanning three generations across seventy years, Alice Zeniter's *The Art of Losing* tells the story of how people

carry on in the face of loss: the loss of a country, an identity, a way to speak to your children. It's a story of colonization and immigration, and how in some ways, we are a product of the things we've left behind. Translated from the French by Frank Wynne
