God Beneath the Sea

A classic introduction to the subject of Greek mythology, fascinating for children and adults alike Leon Garfield and Edward Blishen retell some of the most famous Greek myths in this classic of children's literature. This is the epic history of the Greek Gods told from their violent beginnings to the creation of man. The novel begins with newborn Hephaestus cast from Mount Olympus by his mother Hera. He is raised in a grotto by Thetis and Eurynome, and the two goddesses tell him various Greek creation myths. The novel continues with myths of the Olympians and the age of gods and mortals, and concludes with Hephaestus returning to Olympus, having been cast down for a second time after reproaching Zeus.

The Girl Who Fell Beneath the Sea

Across the continents of the ancient world wandered the Storyteller, enchanting all who heard him with his wondrous tales of the gods. He longed for a glimpse of the all-powerful deities of his stories, and listened eagerly to those who had experiences such encounters. And interwoven with his journey is the story of Heracles – a magnificent story with all the intense drama and high tragedy of the Greek Myths.

The Golden Shadow

As news reports of the horrific December 2004 tsunami in Asia reached the rest of the world, commentators were quick to seize upon the disaster as proof of either God's power or God's nonexistence, asking over and over, How could a good and loving God if such exists allow such suffering? In The Doors of the Sea David Bentley Hart speaks at once to those skeptical of Christian faith and to those who use their Christian faith to rationalize senseless human suffering. He calls both to recognize in the worst catastrophes not the providential will of God but rather the ongoing struggle between the rebellious powers that enslave the world and the God who loves it wholly.

Twenty Thousand Leagues Under the Sea

Leah is changed. A marine biologist, she left for a routine expedition months earlier, only this time her submarine sank to the seafloor. When she finally surfaces and returns home, her wife, Miri, knows that something is wrong. Barely eating and lost in her thoughts, Leah rotates between rooms in their apartment, running the taps morning and night. Whatever happened in that vessel, whatever it was they were supposed to be studying before they were stranded, Leah has carried part of it with her, onto dry land and into their home. As Miri searches for answers, desperate to understand what happened below the water, she must face the possibility that the woman she loves is slipping from her grasp.

The Doors of the Sea

A New York Times Bestseller! Axie Oh's The Girl Who Fell Beneath the Sea is an enthralling feminist retelling of the classic Korean folktale "The Tale of Shim Cheong," perfect for fans of Wintersong, Uprooted, and Miyazaki's Spirited Away. Deadly storms have ravaged Mina's homeland for generations. Floods sweep away entire villages, while bloody wars are waged over the few remaining resources. Her people believe the Sea God, once their protector, now curses them with death and despair. In an attempt to appease him, each year a beautiful maiden is thrown into the sea to serve as the Sea God's bride, in the hopes that one day the "true bride" will be chosen and end the suffering. Many believe that Shim Cheong, the most beautiful girl in the village—and the beloved of Mina's older brother Joon—may be the legendary true bride. But on the night Cheong is to be sacrificed, Joon follows Cheong out to sea, even knowing that to interfere is a death sentence. To save her brother, Mina throws herself into the water in Cheong's stead. Swept away to the Spirit Realm, a magical city of lesser gods and mythical beasts, Mina seeks out the Sea God, only to find him caught in an enchanted sleep. A Treasury of Stories for Seven Year Olds

NO MAN MAY TOUCH ZARIA. NOT EVEN HER OWN FATHER. Envy of the other girls, Zaria was born for the sea. Nobody questions her fate as the chosen braenese to marry Keroe, God of the Sea -- least of all her. And even if she did, she has no choice. When Zaria's wedding day finally arrives, she'll become the only islander of her generation permitted to cross into the God Sea. There's nothing more she could possibly want. UNTIL A CURIOUS BOY WASHES UP ON HER PALM-FRINGED PARADISE AND ZARIA DEFIES SACRED LAW TO HIDE THE UNCONSCIOUS STRANGER. There are only two possibilities with his strange (and strangely handsome) face: he's either a village anomaly or the Sea God himself, in disguise. The alluring boy-creature couldn't have come from anywhere else, because there is no other land in all the ocean. BUT WHEN THE SCOUNDREL AWAKENS, HE HAS THE GALL TO AMBUSH ZARIA. As three pageants leading up to her wedding turn unexpectedly deadly, and the enigma of its true purpose looms, Zaria is torn between her long-desired fate as Sea Queen and the infuriating boy who tells her that everything her people know is a lie.

"My clan? What is clan?" The boy's free hand stopped pulling at the neck of my tunic. Instead, he cupped my chin and held my head steady. Those dark green eyes locked on mine, skewering me like a fishing spear. "Who do you fight for? Whose mark do you bear?" His lips were inches from mine. I felt light-headed. Then, cocking his head, he asked, "Why do you say it's forbidden to touch you?" "Mark? I bear no mark, I fight for no one. The guards protect me," I spat. "I am Braeni, royal!" How many times did I have to say it? "We'll see about that." He spoke in a clipped voice and then, suddenly, he lifted himself off of me, with a spring in his step. Whatever misfortune caused him to wash ashore, he looked to be in fine health now. For a moment, I was paralyzed with disbelief at being abruptly released. Then I scooted myself along the rough cave floor, crawling backwards from him, like a scuttering crab. I rubbed my wrists where he held them. "Stand up," he said, widening his stance to block any attempt to run past him. Warning bells tolled in my head. Shakily, I rose. "Why?" I was surprised to find my voice a whisper again. "I want to see your mark," he replied. "Turn around and show me your back." "What?" "Show me your back," he repeated, evenly. Hot anger coursed through my veins, setting a tingle to my arms. This boy, this demon - whatever he was - had touched me, had the audacity to attack me. And now he wanted me to... disrobe? Incredulous, a guttural, boorish, half-snort escaped my mouth. More animal, than human. Certainly not regal. I squared my shoulders and lifted my chin. Mimicking my mother's tone, I replied, "I will do nothing of the sort. And if you want to live, you will stand aside, allow me to pass, and throw yourself on the mercy of The Queen. If you do this immediately, I will see to it that your life is spared, though I cannot save you from a hard sentence in the cane fields, where you'll toil until the day you're fish food!" The boy-demon frowned. "I don't know what kind of clan you've got here, braenese, was it? Like a princess? But I'm going to find out."

Beyond the God Sea

'A disturbing descent into a surreal world, written with a deft hand.' Adrian Tchaikovsky, winner of the Arthur C. Clarke Award 2016 South America, 1990. Ben Ronson, a British police officer, arrives in a mysterious forest to investigate a spate of killings of Duendes. These silent, vaguely humanoid creatures - with long limbs and black button eyes - have a strange psychic effect on people, unleashing the subconscious and exposing their innermost thoughts and fears. Ben becomes fascinated by the Duendes, but the closer he gets, the more he begins to unravel, with terrifying results... Beneath the World, A Sea is a tour de force of modern fiction - a deeply searching and unsettling novel about the human subconscious, and all that lies beneath. 'Beckett is superb at undercutting reader assumptions with a casual line of dialogue or acute psychological observation: the book reads like Conrad's Heart of Darkness reimaged by JG Ballard.' Guardian

Skin of the Sea

By skillfully weaving his own prose with Shakespeare's language, Leon Garfield has refashioned twelve of the Elizabethan playwright's most memorable dramas into stories, capturing all the richness of the characters, plot, mood, and setting. This format will delight both those who know the great dramatist's works and those who are new to them. Michael Foreman's dramatic color illustrations and varied black-and-white line drawings are the perfect complement to this celebration of Shakespeare's genius.

Island Beneath the Sea

'Him what's born on the chime . . . he's the one what'll have communications with the devil.' At the age of fourteen, 'chime-child' Peter Gannet is apprenticed to a locksmith in Covent Garden. But his desperate longing to escape from the insufferable adults around him and go to sea leads him into some dubious undertakings. Before long, the old ship's carpenter's dire prophecy comes true, for in the locksmith's workroom he meets a phantom with an empty sleeve. Tense and atmospheric, this is a gripping thriller about ghosts, a wall of hands, envy, dishonesty and finally murder!

Beneath the World, a Sea

Mr Corbett is a cruel employer and his young apprentice Benjamin can't help but wish he were dead. So when a strange old man offers to make this wish come true, Benjamin finds it impossible to refuse. Sure enough, Mr Corbett meets an untimely death, but the tables turn on the terrified apprentice who finds himself cursed with the ghost of the man he hated most in the world . . . A brilliant collection of three short stories from a master story-teller, who will keep you turning the pages until the very end.

Shakespeare Stories

The ocean dominates the surface of the earth and is in the pages of the Bible too. The Bible offers a view of the sea and the life it supports which affirms its intrinsic value to God as a good, and indeed

essential, part of creation. At the same time, it also speaks perceptively of the sea's vulnerability to damage and change. The Bible's focus on the sea raises questions about economics and the interconnectedness of communities, whilst further references to the sea raise questions about our human-centredness and spirituality, and about our fear of chaos and disaster. In a unique collaborative project, the oceanographer Meric Srokosz and the biblical scholar Rebecca Watson not only offer environmental insights on the sea, but also connect the ocean with other key issues of broader concern—spirituality, economics, chaos, and our place in the world. Each chapter concludes with ideas for discussion and reflection, and for suggested actions in the light of the issues raised. The book will present a fresh new lens through which to view the Bible and as such inform biblical scholars, students, and preachers alike.

Mr Corbett's Ghost

Pacific Rim meets Korean action dramas in this mind-blowing sci-fi novel set in New Seoul in the year 2199.

This Right Soft Lot

Still, to say that it all began when Sophie Mol came to Ayemenem is only one way of looking at it . . . It could be argued that it actually began thousands of years ago. Long before the Marxists came. Before the British took Malabar, before the Dutch Ascendancy, before Vasco da Gama arrived, before the Zamorin's conquest of Calicut. Before Christianity arrived in a boat and seeped into Kerala like tea from a teabag. That it really began in the days when the Love Laws were made. The laws that lay down who should be loved, and how. And how much.

Blue Planet, Blue God

A genre-warping, time-travelling horror novel-slash-feminist manifesto for fans of Clarice Lispector and Jeanette Winterson. Welcome to 1990s Norway. White picket fences run in neat rows and Christian conservatism runs deep. But as the Artist considers her work, things start stirring themselves up. In a corner of Oslo a coven of witches begin cooking up some curses. A time-travelling Edvard Munch arrives in town to join a death metal band, closely pursued by the teenaged subject of his painting Puberty, who has murder on her mind. Meanwhile, out deep in the forest, a group of school girls get very lost and things get very strange. And awful things happen in aspic. Jenny Hval's latest novel is a radical fusion of queer feminist theory and experimental horror, and a unique treatise on magic, writing and art. "Strange and lyrical. Hval's writing is surreal and rich with the grotesque banalities of human existence." —Publishers Weekly "The themes of alienation, queerness, and the unsettling nature of desire align Hval with modern mainstays like Chris Kraus, Ottessa Moshfegh, and Maggie Nelson." —Pitchfork
