KAPWA The core value of the Filipino according to Filipino Psychology

The self as a product of Modern Society among other constructions Sociologists are concerned about the following questions: - How does the society influence you? - How do you affect the society? - Who are you as a person in the community?

Sociology posits that socially formed norms, beliefs, and values come to exist within the person, thus, developing the person identity.

Key characteristics of modernity Modernization has significantly changed society, and this influences how the individual develops his or her self-identity. - Industrialism - extensive use of material power and machinery Capitalism - competitive product markets and labor power. Institutions of surveillance - massive increase in power and reach by institutions Dynamism - having vigorous activity and progress.

Developing the Self Three Stages of Self-development according to Mead: 1. Language - allows us to express ourselves and to comprehend what other's express. 2. Play - Role-playing and assuming the role of others. 3. Game - taking into account the societal rules.

Grass is Always Greener?.

Who says you can't choose your family? Their shared sweet sixteen party is just around the corner, and half sisters Isabelle Scott and Mirabelle Monroe are ready to cut loose, even if they are the daughters of a prominent public figure. So when Izzie's estranged aunt, Zoe, breezes into town unannounced, it just might be the change that the Monroe family needs -- or not, depending on who you ask... Happy with her cute surfer boyfriend and a group of great girlfriends, Izzie has no interest in getting to know yet another long-lost family member. But Mira, who's on a mission to try new things and meet new people -- a handsome brooding painter in particular -- is drawn to Izzie's artsy aunt, who seems to be the polar opposite of the uptight Monroe family. As the girls try to negotiate the unexpected paths their lives have taken, Zoe's laid-back attitude eventually charms them both. But when Zoe offers Izzie the chance to leave Emerald Cove and start fresh in California, Izzie and Mira are faced with bigger changes than they expected. Is a move to the West Coast what Izzie had in mind for her sweet sixteen? The heartwarming conclusion to Jen Calonita's Belles trilogy.

The Grass Is Always Greener

Presents extended reviews of noteworthy books, short reviews, essays and articles on topics and trends in publishing, literature, culture and the arts. Includes lists of best sellers (hardcover and paperback).

Fifteen-year-old Isabelle Scott loves her life by the boardwalk on the supposed wrong side of the tracks in North Carolina. But when tragedy strikes, a social worker sends her to live with a long-lost uncle and his preppy privileged family. Isabelle is taken away from everything she's ever known, and, unfortunately, inserting her into the glamorous lifestyle of Emerald Cove doesn't go so well. Her cousin Mirabelle Monroe isn't thrilled to share her life with an outsider, and, in addition to dealing with all the rumors and backstabbing that lurk beneath their classmates' Southern charm, a secret is unfolding that will change both girls' lives forever. Don't miss the first book in the Belles trilogy by Jen Calonita.

THE MIND-BENDING CULT CLASSIC ABOUT A HOUSE THAT'S LARGER ON THE INSIDE THAN ON THE OUTSIDE • A masterpiece of horror and an astonishingly immersive, maze-like reading experience that redefines the boundaries of a novel. "Simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —Michiko Kakutani, *The New York Times* "Thrillingly alive, sublimely creepy, distressingly scary, breathtakingly intelligent—it renders most other fiction meaningless." —Bret Easton Ellis, bestselling author of *American Psycho* "This demonically brilliant book is impossible to ignore." —Jonathan Lethem, award-winning author of *Motherless Brooklyn* Years ago, when *House of Leaves* was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth—musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies—the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices, the story remains unchanged. Similarly, the cultural fascination with *House of Leaves* remains as fervent and as imaginative as ever. The novel has gone on to inspire doctorate-level courses and masters theses, cultural phenomena like the online urban legend of "the backrooms," and incredible works of art in entirely unreal mediums from music to video games. Neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of the impossibility of their new home, until the day their two little children wandered off and their voices eerily began to return another story—of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.
