Excerpt from The Battle of Verdun (1914-1918) Both in respect of its geographical position and history, Verdun is a typical fortified town. From time immemorial it has played an important part in resisting invasion, as witness its fortified camp and citadel. Since 1870 it has been the centre of an essential position formed by a rough hemi-cycle of hills and slopes bristling with defensive works and batteries. Since the year 450, when Attila left it like a field ravaged by wild beasts, it has been besieged at least ten times. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. La bataille de Verdun, 1914-1918

Découvrez enfin tout ce qu'il faut savoir sur la bataille de Verdun en moins d'une heure ! Le 21 février 1916, il est 7 h 15 lorsqu'Erich von Falkenhayn lance l'assaut à Verdun. Son objectif est simple : saigner à blanc l'armée française et en finir avec la guerre de position. Pendant près de dix mois, Allemands et Français se livrent l'un des combats les plus inhumains que l'histoire ait connus dans l'enfer lunaire de Verdun. Ce livre vous permettra d'en savoir plus sur : • Le contexte politique et social de l'époque • Les acteurs majeurs du conflit • Le déroulement de la bataille de Verdun et sa chronologie (carte à l'appui) • Les raisons de la victoire française • Les répercussions de la bataille Le mot de l'éditeur : « Dans ce numéro de la collection « 50MINUTES|Grandes Batailles », Romain Parmentier nous plonge au cœur d'un des plus grands massacres de la Première Guerre mondiale. Si les Allemands sont convaincus de pouvoir mettre à mal l'armée française, la nation française, elle, est bien décidée à se battre. C'est au combat de toute une nation que nous invite à prendre part l'auteur du livre. » Stéphanie Dagrain À PROPOS DE LA SÉRIE 50MINUTES | Grandes Batailles La série « Grandes Batailles » de la collection « 50MINUTES » aborde plus de cinquante conflits qui ont bouleversé notre histoire. Chaque livre a été pensé pour les lecteurs curieux qui veulent tout savoir sur une bataille, tout en allant à l'essentiel, et

ce en moins d'une heure. Nos auteurs combinent les faits, les analyses et les nouvelles perspectives pour rendre accessibles des siècles d'histoire.

La Bataille De Verdun (1914-1918).

Alongside Waterloo and Gettysburg, the Battle of Verdun during the First World War stands as one of history's greatest clashes. Perfect for military history buffs, this compelling account of one of World War I's most important battles explains why it is also the most complex and misunderstood. Although British historians have always seen Verdun as a one-year battle designed by the German chief of staff to bleed France white, historian John Mosier's careful analysis of the German plans reveals a much more abstract and theoretical approach. From the very beginning of the war until the armistice in 1918, no fewer than eight distinct battles were waged there. These conflicts are largely unknown, even in France, owing to the obsessive secrecy of the French high command. Our understanding of Verdun has long been mired in myths, false assumptions, propaganda, and distortions. Now, using numerous accounts of military analysts, serving officers, and eyewitnesses, including French sources that have never been translated, Mosier offers a compelling reassessment of the Great War's most important battle.

La Bataille de Verdun (1914-1918).

This book on French soldiers during WWI is "a first-class narrative with an abundance of personal testimony from the officers and men of the regiment" (The Great War Magazine, Editor's Choice). Although the French fielded the largest number of Allied troops on the Western Front in the First World War, the story of their soldiers is little known to English readers. The immense size of the French armies, the number of battles they fought, and the enormous losses they incurred, make it difficult for us to comprehend their experience. But we can gain a genuine insight by focusing on one of the defining battles of that war, at Verdun in 1916, and by looking at it through the eyes of a small group of soldiers who served there. That is what Johnathan Bracken does in this meticulously researched, detailed and vivid account. The French 151st Infantry Regiment spent fifty days under fire at Verdun in 1916 and another thirty-five in 1917 and lost 3,200 soldiers killed or wounded. Yet their ordeal was no different from that of hundreds of other infantry units that fought and endured in this meat-grinder of a battle. Their diaries and memoirs tell their story in the most compelling way, and through their words the larger human story of the French soldier during the war comes to life. "The book recounts the horror of intense artillery bombardments and men mown down in great waves. None of this is particularly pretty and the accounts do much to scatter notions of war as a glorious, thrilling experience. It was vicious and brutal utterly cruel."—War History Online

La Bataille de Verdun (1914-1918)

The History of World War I series recounts the battles and campaigns of the 'Great War'. From the Falkland Islands to the lakes of Africa, across the Eastern and Western Fronts, to the former German colonies in the Pacific, the World War I series provides a six-volume history of the battles and campaigns that raged on land, at sea and in the air.

La bataille de Verdun (1914-1918).

A definitive account of the iconic World War I battle provides coverage of its leaders, strategies and technologies while offering insight into the experiences of soldiers, analyzing the battle's unique status to consider if it merited its definitive reputation. By the author of Stavinsky.

La bataille de Verdun

À travers ce témoignage, nous retrouvons ou découvrons ici Auguste Vonderheyden, alsacien d'origine, qui a été fait prisonnier lors du siège de la ville de Strasbourg pendant le conflit franco-prussien de 1870. Envoyé au camp de Mayenne, il s'en évade en janvier 1871. En 1916, il a 67 ans et il est professeur d'allemand au lycée de la ville de Troyes. Ancien combattant de 1870, il connaît parfaitement la tactique et la stratégie militaire, s'imprègne des événements liés aux batailles de Verdun et de la Somme.

Verdun

Pourquoi la bataille de Verdun revêt-elle autant d'importance aux yeux des Français ? Cette succession de batailles juxtaposées de février à décembre 1916, amène, par la mise en action d'une puissance

de feu jamais rassemblée jusqu'alors, des souffrances indicibles parmi les combattants des deux camps. L'expérience de Verdun a été partagée par les trois quarts de l'armée française, ce qui en a rendu la transmission mémorielle plus facile. Mais le choc ne fut pas uniquement militaire. Verdun a été précocement inscrit dans une guerre des mots et des perceptions. Sous la direction de François Cochet, les auteurs des communications rassemblées ici ont tenté d'apporter des réponses à trois questions historiques essentielles : comment la bataille de Verdun a-t-elle été vécue par les combattants et leurs chefs ? comment la bataille a-t-elle été reçue et perçue par les opinions publiques des États belligérants, mais aussi par celles de certains États neutres ? Comment l'historien peut-il décrypter les " constructions mémorielles " de la bataille et comment s'élabore la transmission du souvenir de celle-ci ? Ce volume, constitué des actes d'un colloque international organisé par les associations 14-18 Meuse et Mondement 1914 (Marne) et qui s'est tenu à Verdun les 23 et 24 février 2006, pose un certain nombre de questions nouvelles sur une bataille que la mémoire collective française a érigé en symbole même de toute la Grande Guerre.

The Verdun Regiment

Excerpt from La Bataille de Verdun (1914-1918): 24 Octobre 1916-la Bataille de Douaumont-Vaux, 15 Décembre 1916-la Bataille de Louvemont-Bezonvaux Les Huguenots tentèrent de l'enlever par surprise, en 1589; mais les bourgeois résistèrent victorieusement. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Western Front 1914–1916

Les équipes d'archivistes ont numérisé une collection désormais rare de 31 titres en français sur les champs de bataille de la Première Guerre mondiale, publiés par Michelin à partir de 1917. Ce guide publié en 1919 est un guide d'origine converti en e-book et enrichi de 3 photos d'époque fournies par l'ECPAD. Un Guide, Un panorama, une Histoire Chaque guide se présente en 3 parties : - Un aperçu historique de la ville ou de la région depuis l'Antiquité - Une présentation de la grande guerre dans le secteur avec, parfois, le déroulement au jour le jour, ou au moins les grandes phases et les principales batailles. Le rôle des chefs et des différentes unités est précisé, des cartes historiques illustrent les mouvements. - Une partie « touristique » qui emmène le lecteur, avec des itinéraires repérés sur le terrain et beaucoup de photos, sur les différents champs de bataille. Il était très important à l'époque de suivre les consignes et d'éviter les zones interdites car dangereuses. Ce guide n'a pas été conçu pour de simples visites, mais comme un « véritable pèlerinage », un « hommage à la mémoire des héros tombés pour la France ». La richesse des documents ne manquera pas de passionner le visiteur qui parcourt les champs de bataille aujourd'hui. Elle offre un éclairage inédit sur chaque région, et permet de constater l'évolution des paysages, là où l'urbanisme et la nature ont effacé toutes les traces de cette guerre.

Verdun

"Qu'est-ce qu'une « bataille » en 1914-1918 ? En 1914, le mot désigne une rencontre décisive entre deux armées, où se joue le sort de la guerre : c'est Austerlitz ou Sedan. Puis le champ de bataille s'élargit, l'engagement s'étend sur des mois, la guerre industrielle mobilise toute la société. La guerre enchaîne les fronts, les offensives, les campagnes, les batailles, les combats, les engagements. Dans ce vocabulaire proliférant, comment les contemporains et notre mémoire actuelle appréhendent-ils ce que « bataille » veut dire ? À l'occasion du centenaire de Verdun et de la Somme en 2016, la Mission du Centenaire a réuni des chercheurs et des historiens, seniors et jeunes doctorants, pour interroger « les batailles de 1916 » dans le cadre d'un colloque international organisé du 22 au 24 juin à l'université Paris-Sorbonne et au Sénat. Ce temps fort scientifique ne se contente pas d'un bilan ; il propose une étude fouillée de cette notion clé de la guerre, dans une approche résolument comparative et transverse qui a concerné à la fois les états-majors, les soldats et les sociétés, mais également les images et les imaginaires. Conférences en plénière et rapports de lecture présentés par les meilleurs historiens internationaux de la Grande Guerre restituent ici les communications et les riches discussions de ces trois jours." -- [4e de couv.]

De Verdun à la Somme

Previous edition of this translation: 2005.

1916-2006, Verdun sous le regard du monde

Excerpt from Verdun, Argonne-Metz: 1914-1918 Verdun, one of France's most ancient cities, was first a Gallic, then under the name of Virodunum Castrum, a Roman fortress. In 843 the celebrated treaty which divided the Carolingian Empire and annexed Verdun to the Kingdom of Lorraine was signed there. From 870 to 879 Verdun became part of France, but in 923 it was incorporated in the German Empire. As a county, it was governed under the feudal system by the hereditary counts, the last of whom was Godefroy de Bouillon, and later by the episcopal counts and bishops. In the 10th century, Bishop Haimont, of Verdun, persuaded the Count of Verdun to transfer his rights to him. The arrangement was confirmed by Emperor Otho III, but the count's heirs disputed the bishops' title to the town. Later, the burgesses revolted against the authority of the bishops, and after a sanguinary struggle succeeded in throwing off their yoke about the middle of the 13th century. After a long occupation by the Germans, Henri II, King of France, retook Verdun in 1552 and granted it privileges which were confirmed by Francois II in 1559. During the Religious Wars, the town was for the Leaguers, and only agreed to receive Henry IV's envoy, after that prince's conversion to the Roman Faith. The burgesses did not take the oath of allegiance to the King of France until 1601. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. La Bataille de Verdun (1914-1918)

In four and a half years of fighting on the Western Front during the First World War a few battles stand out from the rest. They had a decisive impact on the course of the conflict, and they still define the war for us today. For the French, the Battle of Verdun, fought between February and December 1916, was one of the greatest of these. That is why the selection of contemporary photographs Ian Sumner has brought together for this volume in the Images of War series is so important and revealing. They show the strained, sometimes shocked faces of the soldiers, record the shattered landscape in which they fought, and give us an insight into the sheer intensity of the fighting. At the time, and ever since, the battle has been portrayed as a triumph of French tenacity and heroism that is encapsulated in the famous phrase They shall not pass. These photographs remind us, in the most graphic way, what that slogan meant in terms of the devastating personal experience of the men on the Verdun battlefield.

La bataille de Verdun

This edited collection is a novel book with contributions from eleven expert researchers on the history of tourism in Europe. This book explores the growth of tourism in contemporary postwar Europe, especially during the periods following the First and Second World Wars and the Spanish Civil War. It reveals both the work carried out by social agents and institutions to develop tourism, and the contribution of tourism in boosting the economy and the recovery of morale in the Old Continent. Its origin is the International Congress Postguerres / Aftermaths of War, organized by the Department of History and Archeology of the University of Barcelona, in Barcelona, in June 2019. In this Congress, professors Carmelo Pellejero and Marta Luque coordinated the session Post-war and tourism in contemporary Europe, in which all the authors of the book participated.

Verdun, 1914-1918

A gripping narrative of the most infamous Western Front battle of the war. The British remember the Somme, Russia the Brusilov Offensive, and France and Germany remember Verdun

Les batailles de 1916

Winner of the Norman B. Tomlinson, Jr. Prize "The best large-scale synthesis in any language of what we currently know and understand about this multidimensional, cataclysmic conflict." —Richard J. Evans, Times Literary Supplement In this monumental history of the First World War, Germany's leading historian of the period offers a dramatic account of its origins, course, and consequences. Jörn

Leonhard treats the clash of arms with a sure feel for grand strategy. He captures the slow attrition, the race for ever more destructive technologies, and the grim experiences of frontline soldiers. But the war was more than a military conflict and he also gives us the perspectives of leaders, intellectuals, artists, and ordinary men and women around the world as they grappled with the urgency of the moment and the rise of unprecedented political and social pressures. With an unrivaled combination of depth and global reach, Pandora's Box reveals how profoundly the war shaped the world to come. "[An] epic and magnificent work—unquestionably, for me, the best single-volume history of the war I have ever read...It is the most formidable attempt to make the war to end all wars comprehensible as a whole." —Simon Heffer, *The Spectator* "[A] great book on the Great War...Leonhard succeeds in being comprehensive without falling prey to the temptation of being encyclopedic. He writes fluently and judiciously." —Adam Tooze, *Die Zeit* "Extremely readable, lucidly structured, focused, and dynamic...Leonhard's analysis is enlivened by a sharp eye for concrete situations and an ear for the voices that best convey the meaning of change for the people and societies undergoing it." —Christopher Clark, author of *The Sleepwalkers*

The Great War in History

Auguste Vonderheyden, ancien combattant de la guerre de 1870 côté français, se retrouve en 1914 dans la position du vétéran qui commente le conflit. Son fils aîné, Henri, jeune lieutenant de 29 ans, Saint-Cyrien, meurt lors du premier mois de la guerre. Malgré le drame son père suivra les opérations militaires avec régularité, acuité et parfois même une « vision prophétique » des événements. A travers ses écrits personnels l'auteur se révèle un observateur informé et un père animé par la douleur profonde d'avoir perdu un fils. Un témoignage passionnant et poignant.

Verdun, Argonne-Metz

Almost 90 years since its conclusion, the battle of Verdun is still little understood. *German Strategy and the Path to Verdun* is a detailed examination of this seminal battle based on research conducted in archives long thought lost. Material returned to Germany from the former Soviet Union has allowed for a reinterpretation of Erich von Falkenhayn's overall strategy for the war and of the development of German operational and tactical concepts to fit this new strategy of attrition. By taking a long view of the development of German military ideas from the end of the Franco-German War in 1871, *German Strategy and the Path to Verdun* also gives much-needed context to Falkenhayn's ideas and the course of one of the greatest battles of attrition the world has ever known.

The French Army at Verdun

A free open access ebook is available upon publication. Learn more at www.luminosoa.org. This book is freely available in an open access edition thanks to TOME (Toward an Open Monograph Ecosystem)—a collaboration of the Association of American Universities, the Association of University Presses, and the Association of Research Libraries—and the generous support of the University of Minnesota. Learn more at the TOME website, available at openmonographs.org. How do victims and perpetrators generate conflicting knowledge about genocide? Using a sociology of knowledge approach, Savelsberg answers this question for the Armenian genocide committed in the context of the First World War. Focusing on Armenians and Turks, he examines strategies of silencing, denial, and acknowledgment in everyday interaction, public rituals, law, and politics. Drawing on interviews, ethnographic accounts, documents, and eyewitness testimony, Savelsberg illuminates the social processes that drive dueling versions of history. He reveals counterproductive consequences of denial in an age of human rights hegemony, with implications for populist disinformation campaigns against overwhelming evidence.

Inter and Post-war Tourism in Western Europe, 1916–1960

Longue, douloureuse, meurtrière, la Grande Guerre vit s'entre-tuer des millions d'hommes qui, la veille encore, juraient guerre à la guerre. Il furent les frères d'armes de ceux qu'ils accusaient d'être de

Verdun 1916

Historian Jacques Pauwels applies a critical, revisionist lens to the First World War, offering readers a fresh interpretation that challenges mainstream thinking. As Pauwels sees it, war offered benefits to everyone, across class and national borders. For European statesmen, a large-scale war could give their countries new colonial territories, important to growing capitalist economies. For the wealthy and ruling classes, war served as an antidote to social revolution, encouraging workers to exchange

socialism's focus on international solidarity for nationalism's intense militarism. And for the working classes themselves, war provided an outlet for years of systemic militarization -- quite simply, they were hardwired to pick up arms, and to do so eagerly. To Pauwels, the assassination of Archduke Franz Ferdinand in June 1914 -- traditionally upheld by historians as the spark that lit the powder keg -- was not a sufficient cause for war but rather a pretext seized upon by European powers to unleash the kind of war they had desired. But what Europe's elite did not expect or predict was some of the war's outcomes: social revolution and Communist Party rule in Russia, plus a wave of political and social democratic reforms in Western Europe that would have far-reaching consequences. Reflecting his broad research in the voluminous recent literature about the First World War by historians in the leading countries involved in the conflict, Jacques Pauwels has produced an account that challenges readers to rethink their understanding of this key event of twentieth century world history.

Pandora's Box

Who were the senior generals who took France through the First World War, and why do we know so little about them? They commanded the largest force on the Western Front through both humiliating defeats and forgotten victories; they won international respect and adoration, but also led their army to infamous mutiny. Nevertheless, the French and their allies, under a French General in Chief, would eventually achieve final victory over Imperial Germany. It is extraordinary that this remarkable group of men has been so neglected in histories on the war. Previous studies are outdated and haven't tapped the wealth of primary source material in France's military archives. It is this gap in the literature and in the understanding of the conflict that this thought-provoking and original volume is designed to address. It takes a collective biographical approach to the leading French soldiers who ran the war on the Western Front.

Cahiers de guerre (1914-1918)

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

German Strategy and the Path to Verdun

1916, 1917, 1918, ce second volume achève la grande fresque de Raymond et Jean-Pierre Cartier. Lourd d'événements dramatiques, il conduit le lecteur sur tous les fronts : sanglante empoignade de Verdun, bataille de la Somme, hécatombe du Chemin des Dames, foudroyante offensive de Ludendorff, et contre-offensive victorieuse de Foch, tragédie de Caporetto sur le front italien, révolution d'Octobre, combats en Roumanie, à Salonique, en Mésopotamie... ; grandiose affrontement, au Jutland, des monstres cuirassés, sinistre guerre sous-marine, début de l'aviation de combat, drame des mutineries et des procès de l'année 1917... Sous nos yeux, d'antiques dynasties s'écroulent, une nouvelle carte de l'Europe voit le jour, les États-Unis s'emparent de la maîtrise du monde, la Russie devient le foyer révolutionnaire que l'on sait, les grands problèmes de la fin du XXe siècle surgissent du cataclysme — tandis que les puissants de l'époque ne comprennent pas que cette guerre est, pour l'Europe, un suicide et que les combattants sont les victimes du plus grand gaspillage en vies humaines de l'histoire. Il fallait raconter aujourd'hui la guerre de 1914-1918 dans sa globalité, balayer les tabous qui ont, si longtemps, paralysé les historiens, voir la vérité, enfin, sur une guerre qui, en dépit de tout, restera toujours la Grande Guerre.

Knowing about Genocide

The contrast between battlefield and home front, soldier and civilian was the basis for memory and collective gratitude. Postwar commemoration, however, also grew directly out of the long and agonized search for the remains of hundreds of thousands of missing soldiers, and the sometimes contentious debates over where to bury them. For this reason, the local monument, with its inscribed list of names and its functional resemblance to tombstones, emerged as the focal point of commemorative practice. Sherman traces every step in the process of monument building as he analyzes commemoration's competing goals--to pay tribute to the dead, to console the bereaved, and to incorporate mourners' individual memories into a larger political discourse."--Pub. description.

La Grande guerre, 1914-1918

Antoine Prost's contributions to French history have enabled us to understand the failure of fascism in France and why the Republic survived the humiliation of occupation and collaboration in the Second World War. He is the pre-eminent historian of civil society in France. For the first time his seminal articles have been translated into English and collected in this single volume. Beginning with his classic account of war memorials, through his pioneering study of the people of a popular quarter of Paris in 1936, and of the troubled history of commemorating the Algerian war, this book expertly takes us through republican representations of war and peace, urban spaces and social identity, and discourse and social conflict in republican France. Amongst this range of topics, Prost considers the notion of social class and deference, the multiple uses of myth, the secularization of religious imagery, the centrality of primary schools in French political culture, and insults as staples of French political rhetoric. Included here are his famous essays 'Verdun' and 'War Memorials of the Great War', which have been hailed as indispensable additions to the study of European cultural history. Also notable is his fascinating investigation of rites de passage in OrliÃ©ans, which artfully reveals how complex and semiologically rich rites de passage can be. This book is essential reading for anyone wishing to gain a firm understanding of the history of nineteenth and twentieth century France and of the work of one of the most influential cultural historians of our day.

The Great Class War 1914-1918

Verdun est, depuis le XVIIe si cle, une place forte strat gique du syst me d fensif fran ais. Juste avant l'embrasement de la Premi re Guerre mondiale, son fort est consolid , mais les Allemands le contournent en violant la neutralit  de la Belgique. En 1915, dans la guerre de positions qui s'ensuit, l'ennemi se fixe alors comme objectif, pour terminer la guerre au plus vite, de prendre Verdun. Sa chute doit porter un coup fatal au " moral " de la France. Apr s une intense pr paration d'artillerie, durant laquelle dix obus par seconde ravagent terres et hommes, les Allemands attaquent le fort le 21 f vrier 1916. Mais c'est sans compter sur la r sistance acharn e des poilus, qui tiennent bon. Verdun devient alors le symbole de l'obstination des bellig rants, r solus   conqu rir et   d fendre ce petit morceau de terrain. Au m pris, pourtant, de centaines de milliers de vies humaines, sacrifi es dans l'enfer de cette bataille. Apr s un an et demi de conflit, la victoire fran aise marque un tournant dans la guerre, malheureusement loin d' tre finie... Richement illustr , clair et passionnant, cet ouvrage vous fera d couvrir toute l'histoire de la bataille la plus embl matique de la " der des der ".

French Generals of the Great War

A century ago General Joffre, as Chief of the French General Staff, led the armies that blocked the German invasion at the First Battle of the Marne. He saved Paris from occupation and France from probable defeat. His calm demeanour when faced with a disaster, his ruthless dismissal of incompetent subordinates, and his skilled redeployment of his forces contributed to a historic victory. At the time many saw him as the saviour of the nation, but what should we make of him now? For Joffre contributed to the failures of the French army and its strategy before the war and during the first battles of 1914. Also his conduct of the war after the Marne futile offensives that cost thousands of lives and gained no ground, followed by near defeat at Verdun - undermined his position and led to his dismissal. Although he remained immensely popular in France, his reputation has been under a cloud ever since, and he has been overshadowed by the French generals - Ptain and especially Foch - who commanded the French army at the time of the final victory over Germany. Andr  Bourachot, in this lucid and highly readable study of Joffre's career, focuses on his performance during the opening phase of the Great War. He offers a fresh and carefully considered view of the man and the soldier.

La Bataille de Verdun (1914-1918).
