Silbermond in dunkler Nacht

An anthology of the complex issues of the ego, ambition, power and destructiveness from the perspective of a contemporary mystic. Osho shows the way to liberation from the illusions of the personality through an internal revolution - the psychology of the Buddhas. The ego is just the opposite of your real self. The ego is not you. It never allows you even a glimpse of your real authentic self, and your life is there, in your authenticity. Hence, this ego only produces misery, suffering, fighting, frustration, madness, suicide, murder -- all kinds of crime.

Prisoner for God

In the post-apocalyptic city of New Angeles, killing isn't just a crime - it's entertainment. When the "big one" finally hit the West Coast, Los Angeles was left in ruins. And when the U.S. government decided to cut the city loose, things went from bad to worse. To survive, L.A. did what it does best: It turned survival into entertainment. Now, thirty years later, the city of New Angeles is thriving once more thanks to the blood sport known as SUICIDERS - a TV series that combines the spectacle of hand-to-hand combat with elaborate, high-tech obstacles that test each competitor's ability to survive. But these competitors have an edge: They've been freakishly enhanced by drugs and technology. The results are both marvelous and monstrous, as the man called The Saint begins to rise above his fellow Suiciders.

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to

deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Freedom from Illusion

Le Surréalisme, c'est moi!" in Salvador Dalí presents one of the most significant artists of the 20th century in a contemporary context. The oeuvre of Salvador Dalí and his influence, at work even today, the visionary, often unrecognised aspects of his unusually multi-faceted but also provocative and controversially received creative work equally foreshadow the media marketing strategies of the art market, as well as current Surrealist tendencies in contemporary art. Exhibition: Kunsthalle Wien (22.6-23.10.2011).

Hommage an Salvador Dalí

In an era of heightened globalization, macro-level transformations in the general socioeconomic and cultural makeup of modern societies have been studied in great depth. Yet little attention has been paid to the growing influence of media and mass-mediated popular culture on contemporary religious sensibilities, life, and practice. Religion, Media, and Social Change explores the correlation between the study of religion, media, and popular culture and broader sociological theorizing on religious change. Contributions devote serious attention to broadly-defined media including technologies, institutions, and social and cultural environments, as well as mass-mediated popular culture such as film, music, television, and computer games. This interdisciplinary collection addresses important theoretical and methodological questions by connecting the study of media and popular culture to current perspectives, approaches, and discussions in the broader sociological study of religion.

The Legend of the Christmas Rose

Wilhelm Raabe's novel entitled *Der Hungerpastor* (1864) is a classic example of the so-called "poetic realism" to which many - primarily bourgeois - German writers were devoted between 1850 and 1890. --- Wilhelm Raabe (1831 - 1910) became famous following the publication of his first novel, *Die Chronik der Sperlingsgasse* (The Sparrow Lane Chronicle), in 1856. His late works are known for their social criticism, while earlier novels, such as *The Hunger Pastor*, were intended to be primarily educational. --- With the figure of Hans Unwirsch in *The Hunger Pastor*, Raabe completely lives up to his motto - "Look up to the stars. Pay attention to the streets." The budding pastor, who was born into poverty, "hungers" for knowledge and a respected place in society, but he constantly stumbles over obstacles that his own life, as well as the lives of his family and friends, place before him. --- Raabe's rambling style makes his works difficult reading for many contemporary readers. In this version of *The Hunger Pastor*, several chapters have therefore been summarized by the translator, while the most important ones are published in their original length. --- Despite some anti-Semitic elements, which were commonly found in the works of some 19th century bourgeois writers in Germany, *The Hunger Pastor* is and remains a German literature classic.

Marienlieder - A Vocal Score Op.22 (1860)

In these nine short chapters, Soelle seeks to leverage our incipient desire for social, political, and gender justice into commitment to God's justice. The question of God becomes, then, not an argument or even a summons but a deeper engagement with life itself and its central mysteries.
