The Lost Fleet: Dauntless

The first novel in the New York Times bestselling Lost Fleet series! The Alliance has been fighting the Syndics for a century—and losing badly. Now its fleet is crippled and stranded in enemy territory. Their only hope is a man who's emerged from a century-long hibernation to find he has been heroically idealized beyond belief.... Captain John “Black Jack” Geary’s exploits are known to every schoolchild. Revered for his heroic “last stand” in the early days of the war, he was presumed dead. But a century later, Geary miraculously returns and reluctantly takes command of the Alliance Fleet as it faces annihilation by the Syndics. Appalled by the hero-worship around him, Geary is nevertheless a man who will do his duty. And he knows that bringing the stolen Syndic hypernet key safely home is the Alliance’s one chance to win the war. But to do that, Geary will have to live up to the impossibly heroic “Black Jack” legend....

The Lost Fleet: Dauntless

The first novel in the New York Times bestselling Lost Fleet series! The Alliance has been fighting the Syndics for a century—and losing badly. Now its fleet is crippled and stranded in enemy territory. Their only hope is a man who's emerged from a century-long hibernation to find he has been heroically idealized beyond belief.... Captain John “Black Jack” Geary’s exploits are known to every schoolchild. Revered for his heroic “last stand” in the early days of the war, he was presumed dead. But a century later, Geary miraculously returns and reluctantly takes command of the Alliance Fleet as it faces annihilation by the Syndics. Appalled by the hero-worship around him, Geary is nevertheless a man who will do his duty. And he knows that bringing the stolen Syndic hypernet key safely home is the Alliance’s one chance to win the war. But to do that, Geary will have to live up to the impossibly heroic “Black Jack” legend....

The Lost Fleet: Corsair #1

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} Jack Campbell, the author behind the Lost Fleet novels, is now bringing his best-selling sci-fi series to comics. The Lost Fleet: Corsair features all the engaging character elements that have helped make the Lost Fleet novels such an incredible success – but this time, the series’ epic space battles are brought to stunning life thanks to incredible visuals from Andrew Siregar (Sevara), complimented by color work by Sebastian Cheng (Orphan Black, The X-Files). Imprisoned by the Syndics, Michael Geary’s one chance lies in Destina Aragon – determined commander of a regiment of hardened soldiers now caught up in a wide scale rebellion within Syndic space. Seeking to escape both their prison and Syndic space, will Geary and Aragon join forces to get home – or will the hatreds stirred by a decades-old war kill them both?

The Lost Fleet: Fearless

Captain John “Black Jack” Geary tries a desperate gamble to lead the Alliance Fleet home through enemy-occupied space in this novel in the thrilling Lost Fleet series. Geary is convinced that the Syndics are planning to ambush the fleet and finish it off once and for all. Realizing the fleet’s best (and only) chance is to do the unexpected, Geary takes the offensive and orders the fleet to the Sancere system. There, a multitude of possible routes home give the Alliance fleet a better chance of avoiding their pursuers—and an attack on the Sancere shipbuilding facilities could decimate the Syndic war effort. Weary from endless combat, the officers and crew of the Alliance fleet can’t see the sense in charging deeper into enemy territory—prompting a mutiny that divides them, and leaving Geary with the odds higher against him than ever before...

The Lost Fleet : Beyond the Frontier - Guardian

EMPIRE IN REVOLT Admiral Geary's First Fleet of the Alliance has survived the journey deep into unexplored interstellar space, a voyage that led to the discovery of a new enemy and a possible ally. Now Geary's mission is to ensure the safety of the Midway Star System, which has revolted against the Syndicate Worlds empire-an empire on the brink of collapse. As Geary endeavours to escort the fleet home unharmed, the Syndics' attempts to spread dissent and political unrest may have already sown the seeds of the Alliance's destruction... Praise for Jack Campbell's The Lost Fleet series: "Absorbing... Neither series addicts nor newcomers will be disappointed."—Kirkus Reviews "Fascinating stuff... this is military SF where the military and SF parts are both done right."— SFX Magazine

Steadfast

DEFENDING THE ALLIANCE. The search for two missing lieutenants leads Admiral Geary and the crew of Dauntless on a far-flung chase, ultimately ending at the one spot in space from which all humans have been banned: the moon Europa. Any ship that lands there must stay or be destroyed—leaving Geary to face the most profound moral dilemma of his life. As strains on the Alliance grow, Geary is ordered to take a small force to the border of Syndic space. But what he finds there is a danger much greater than anyone expected: a shrewd and powerful enemy that could finally force the Alliance to its knees. Praise for Jack Campbell's The Lost Fleet series: "Once again, the visceral action comes fast and furious... Well up to the high standards established by this intriguing series." Kirkus Reviews "One of the best military science fiction series on the market." Monsters and Critics

Boundless

Admiral John "Black Jack" Geary may have saved the Alliance only to destroy it, in this thrilling and eagerly awaited continuation of the New York Times bestselling series. Geary believed in the Alliance. Even when he uncovered overwhelming evidence that the highest echelons of the government and fleet command were involved in secret programs and prison camps, he believed it was worth saving. And that his duty was to see that justice was served even though some factions feared that revealing the truth would cause the Alliance to crumble. But after narrowly surviving two assassination attempts when he brings evidence of the misdeeds to the capital star system, Geary realizes that some have decided the easiest way to make the Alliance's problems go away is to get rid of him. He finds himself ordered to undertake a perilous new mission outside the reaches of human-occupied space while the Senate clashes over the evidence. Geary's warships must escort a diplomatic and scientific mission across the dangerous, disintegrating remnants of the Syndicate Worlds empire. But even if he can make it to Midway Star System, the gateway to alien-controlled space, Geary will face former Syndicate officials who have rebelled and regard the Alliance with deep suspicion. And that will be the easy part. . . .

The Lost Fleet: Courageous

The Lost Fleet continues its perilous journey home. Badly damaged and low on supplies, the Alliance Fleet is raiding Syndic mines for raw materials--and Captain "Black Jack" Geary hopes they can continue to remain one step ahead of their enemies. But the Syndics are the least of Geary's worries when he learns of the existence of aliens with the power to annihilate the human race.

Dauntless

The Alliance has been fighting the Syndic for a century, and losing badly. Now its fleet is crippled and stranded in enemy territory. Their only hope is Captain John "Black Jack" Geary - a man who has emerged from a century-long hibernation to find himself heroically idealized beyond belief. Now, he must live up to his own legend.

Invincible

The war-weary Alliance First Fleet, commanded by Admiral John "Black Jack" Geary, is scores of lightyears from human-controlled space. After narrowly escaping the deadly enigma race they were sent to evaluate, the fleet is facing a second, even more hostile, alien species in an unknown star system. Geary is determined to make it home before danger can strike humanity again. To fight his way out of the alien trap, all he has to do is hold the fleet together, despite everything that threatens to break it apart.

Lost Fleet

The Alliance woke Captain John "Black Jack" Geary from cryogenic sleep to take command of the fleet in the century-long conflict against the Syndicate Worlds. Now Admiral Geary's victory has earned him the adoration of the people--and the enmity of politicians convinced that a living hero can be a very inconvenient thing. The war may be over, but Geary and his newly christened First Fleet have been ordered back into action to investigate the aliens occupying the far side of Syndic space and to determine how much of a threat they represent to the Alliance. And while the Syndic Worlds are no longer united, individually they may be more dangerous than ever before. Geary knows that members of the military high command and the government question his loyalty to the Alliance and fear his staging a coup--so he can't help but wonder if the fleet is being deliberately sent on a suicide mission."

Vanguard

Jack Campbell returns to the world of the New York Times bestselling Lost Fleet novels with an action-packed military science fiction series that explores the founding of the Alliance...and the men and women who fought to create it. Earth is no longer the center of the universe. After the invention of the faster-than-light jump drive, humanity is rapidly establishing new colonies. But the vast distances of space mean that the old order of protection and interstellar law offered by Earth has ceased to exist. When a nearby world attacks, the new colony of Glenlyon turns to Robert Geary, a young former junior fleet officer, and Mele Darcy, a onetime enlisted Marine. With nothing but improvised weapons and a few volunteers, Geary and Darcy must face down warships and armored soldiers—or die trying. As battles rage and pirates take an increasing toll throughout the colonies, the only hope for lasting peace lies with Carmen Ochoa, a "Red" from the anarchic world of Mars, and Lochan Nakamura, a failed

politician. They have a plan: to lay the groundwork for mutual defense that could someday grow into an alliance. But if their efforts don't succeed, the growing power of aggressor worlds could turn regions of space founded on freedom into battlefields between the first interstellar empires....

Dreadnaught

Captain John "Black Jack" Geary woke from a century of survival hibernation to take command of the Alliance fleet in the final throes of its long and bitter conflict against the Syndicate Worlds. Now Fleet Admiral Geary's victory has earned him the adoration of the people and enmity of politicians convinced that a living hero can be a very dangerous thing. Geary is charged with command of the newly christened First Fleet. Its first mission: to probe deep into the territory of the mysterious alien race. Geary knows that members of the military high command and the government fear his staging a coup, so he can't help but wonder if the fleet is being deliberately sent to the far side of space on a suicide mission.

The Lost Fleet: Relentless

Captain John "Black Jack" Geary races to save a group of Alliance POWs from certain death in this gripping novel in New York Times bestselling author Jack Campbell's Lost Fleet series. Alliance prisoners of war are being held at a labor camp in the Heradao star system, which also happens to be the location of the majority of the surviving Syndic warships. Determined not to leave any of his people behind, "Black Jack" Geary orders the fleet to strike hard and fast to rescue the POWs with minimal Alliance losses. The raid is successful, but victory is short-lived. Geary discovers that the Syndics plan to ambush the fleet with their powerful reserve flotilla in an attempt to annihilate it once and for all—but he doesn't know where the enemy is located. And as Geary has the fleet jump from one star system to the next, hoping to avoid the inevitable confrontation, saboteurs contribute to the chaos...

The Lost Fleet: Valiant

Legendary war hero Captain "Black Jack" Geary fights to stay ahead of his enemies in the fourth novel in Jack Campbell's New York Times bestselling military science fiction series. Deep within Syndicate World space, the Alliance fleet continues its dangerous journey home under the command of Captain John "Black Jack" Geary—revived after a century spent in suspended animation. Geary's victories over the enemy have earned both the respect—and the envy—of his fellow officers... Geary has made many risky decisions as commander of the Alliance fleet, but ordering them back to the Lakota Star System where the Syndics nearly destroyed them has his officers questioning his sanity. It's a desperate gamble that may buy the fleet just enough time to prepare for the Syndics' inevitable return. Even as he struggles to give the fleet a fighting chance at survival, Geary faces dissent from within. An unknown number of officers want a change of command, but Geary knows that the Alliance fleet must stand together, or else the Syndic forces will tear them apart...

Resolute

A Nominee for the 2022 Dragon Award for Best Military Science Fiction or Fantasy Admiral John "Black Jack" Geary must battle dangers both within and without the Alliance, in this exciting continuation of the New York Times bestselling series. Geary knows that some political factions in the Alliance were just trying to get rid of him when he was assigned to escort a diplomatic and scientific mission to the far reaches of humanity's expansion into the galaxy . . . and beyond. But he views his mission as both a duty and an opportunity to make things better wherever he can. And when a crippled Rift Federation ship

tumbles out of jump space, Geary leaps into action. But the survivors' story isn't completely adding up. As Geary investigates, he soon finds himself fending off spies and assassins while leading the fleet as it fights its way across space controlled by the mysterious and hostile aliens whom humans call enigmas. Challenges arrive at every turn, including an unknown alien species that invites the fleet to visit one of their star systems. With little information to go on, Geary must weigh the benefits of potential new allies against the possibility of a trap. The fate of the fleet—and perhaps even the future of humanity—will depend on him making the right decision. If he can stay alive long enough to do that.

The Lost Stars: Imperfect Sword

" The wait is over. New York Times bestselling author Jack Campbell continues his action-packed spin-off to The Lost Fleet series as the Syndicate's civil war threatens to spread even farther into the final frontier ... President Gwen Icení and General Artur Drakon have successfully liberated the Midway Star System-but the former rulers of the Syndicate Worlds won't surrender the region without a fight. The dictatorial regime has ordered the ex-Syndicate CEOs terminated with extreme prejudice and the system's citizens punished for their defiance. Outnumbered and led by junior officers hastily promoted in the wake of the uprising, Midway's warships are no match for the fleet massing and preparing to strike. But the Syndicate isn't the only threat facing Icení and Drakon. Another former CEO has taken control of the Ulindi Star System, the first calculated move toward establishing his own little empire. With Drakon's ground forces dispatched to Ulindi, Midway erupts in violence as Syndicate agents and other, unknown enemies stoke a renewed revolt against Icení's power-leaving both her and Drakon vulnerable to trusted officers just waiting for an opportune moment to betray them ..."--

No Quarter (Unification War Trilogy, Book 2)

Humanity is fractured and on the brink of war...The United Terran Federation and the Eastern Star Alliance have been fighting in minor skirmishes along the border region for the last few years, but now it threatens to break out into a full-on war with the victor assuming control of all human space.The Alliance has fired the opening shots with a horrific strike on a civilian target, killing millions and shocking the Federation's parliament into action. Now mighty fleets of starships are moving against each other, ready for the final battle that will settle the conflict once and for all. The venerable Admiral Jackson Wolfe prepares himself for one last fight as his nemesis, Admiral Vadim Kohl, looks to make a name for himself by defeating the infamous Federation officer in battle. Jackson knows events are now in motion that can't be stopped and only one thing is certain: win or lose, nothing will ever be the same again.

Ascendant

A young fleet officer and a Marine stand together to defend their colony in the continuation of the powerful and action-packed Genesis Fleet saga from New York Times bestselling author Jack Campbell. In the three years since former fleet officer Rob Geary and former Marine Mele Darcy led improvised forces to repel attacks on the newly settled world of Glenlyon, tensions have only gotten worse. When one of Glenlyon's warships is blown apart trying to break the blockade that has isolated the world from the rest of human-colonized space, only the destroyer Saber remains to defend it from another attack. Geary's decision to take Saber to the nearby star Kosatka to safeguard a diplomatic mission is a risky interpretation of his orders, to say the least. Kosatka has been fighting a growing threat from so-called rebels--who are actually soldiers from aggressive colonies. When a "peacekeeping force" carrying thousands of enemy soldiers arrives in Kosatka's star system, the people of that world, including Lochan Nakamura and former "Red" Carmen Ochoa, face an apparently hopeless battle to retain their freedom. It's said that the best defense is a good offense. But even if a bold and risky move succeeds, Geary and Darcy may not survive it...

The Lost Fleet: Fearless

When aliens threaten his country, one grumpy old vet will take the fight to the stars. Albert Jenkins would like nothing more than to putter around his junkyard, selling parts and working on old cars. When an alien spacecraft is shot down by US Air Defense and crash lands on his newly rebuilt home, he's dragged back into the fight of his life. Lightyears away, a war for the control of Earth looms and humanity's freedom hangs in the balance. Previously kicked off Earth, the Korgul are back and they are willing to destroy any who stand in their way. To join the action, AJ lacks just one thing, a spaceship. With only a junkyard full of old parts, he'll need help to get his plan off the ground. Fortunately, he's got a plucky, pop culture loving, nano-sized symbiote who's managed to roll back the damages of eighty years of hard living. With dogged determination he'll repurpose an old, reclaimed shuttle and build a spaceship so he can join the fight one more time. Buy Junkyard Spaceship today and send AJ to the stars to kick some alien butt!

The cast includes Kate Siegel, Henry Thomas, Zach Gilford, and Hamish Linklater. *Midnight Mass: The Art of Horror* is a large hardback illustrated book featuring visual and written materials covering all elements of Intrepid Pictures' *Midnight Mass* limited series - debuting on Netflix in Fall 2021. This book is the perfect gift for any horror fan and will contain a slew of behind-the-scenes and background material, such as production art and set photos throughout. Readers will gain an insightful understanding of how the show was made with interviews of the cast, crew, executive producer Trevor Macy and Mike Flanagan himself. Mike Flanagan and Trevor Macy are the minds behind *The Haunting of Hill House*, a successful horror TV series on Netflix. Their most recent film, *Doctor Sleep*, was the critically-acclaimed sequel to Stephen King's *The Shining*.

Midnight Mass: The Art of Horror

From the author of *Planetside*, a Best Book of 2018 (Library Journal) A military legend is caught in the web between alien intrigue and human subterfuge... Following his mission on Cappa, Colonel Carl Butler returns to a mixed reception. To some he is a do-or-die war hero. To the other half of the galaxy he's a pariah. Forced into retirement, he has resettled on Talca Four where he's now Deputy VP of Corporate Security, protecting a high-tech military company on the corporate battlefield—at least, that's what the job description says. Really, he's just there to impress clients and investors. It's all relatively low risk—until he's entrusted with new orders. A breach of a competitor's computer network has Butler's superiors feeling every bit as vulnerable. They need Butler to find who did it, how, and why no one's taken credit for the ingenious attack. As accustomed as Butler is to the reality of wargames—virtual and otherwise—this one screams something louder than a simple hack. Because no sooner does he start digging when his first contact is murdered, the death somehow kept secret from the media. As a prime suspect, he can't shake the sensation he's being watched...or finally succumbing to the stress of his past. Paranoid delusion or dangerous reality, Butler might be onto something much deeper than anyone imagined. But that's where Butler thrives. If he hasn't signed his own death warrant.

Spaceside

A young fleet officer and a Marine must stand together to defend their neighbors and their colony in this return to the powerful and action-packed *Genesis Fleet* saga from New York Times bestselling author Jack Campbell. The recently colonized world of Glenlyon has learned that they're stronger when they stand with other star systems than they are on their own. But after helping their neighbor Kosatka against an invasion, Glenlyon has become a target. The aggressive star systems plan to neutralize Glenlyon before striking again. An attack is launched against Glenlyon's orbital facility with forces too powerful for fleet officer Rob Geary to counter using their sole remaining destroyer, *Saber*. Mele Darcy's Marines must repel repeated assaults while their hacker tries to get into the enemy systems to give *Saber* a fighting chance. To survive, Glenlyon needs more firepower, and the only source for that is their neighbor Kosatka or other star systems that have so far remained neutral. But Kosatka is still battling the remnants of the invasion forces on its own world, and if it sends its only remaining warship to help will be left undefended against another invasion. While Carmen Ochoa fights for the freedom of Kosatka, Lochan Nakamura must survive assassins as he tries to convince other worlds to join a seemingly hopeless struggle. As star systems founded by people seeking freedom and autonomy, will

Kosatka, Glenlyon and others be able to overcome deep suspicions of surrendering any authority to others? Will the free star systems stand together in a new Alliance, or fall alone?

Triumphant

The Lost Fleet continues its perilous journey home. Badly damaged and low on supplies, the Alliance Fleet is raiding Syndic mines for raw materials-and Captain "Black Jack" Geary hopes they can continue to remain one step ahead of their enemies. But the Syndics are the least of Geary's worries when he learns of the existence of aliens with the power to annihilate the human race.

The Lost Fleet: Courageous

They say the Earth is just a myth. Something to tell your children when you put them to sleep, the lost homeworld of humanity. Everyone knows it isn't real, though. It can't be. But when Captain Jace Hughes encounters a nun with a mysterious piece of cargo and a bold secret, he soon discovers that everything he thought he knew about Earth is wrong. So very, very wrong. Climb aboard The Renegade Star and assemble a crew, follow the clues, uncover the truth, and most importantly, try to stay alive. Experience the beginning of a sprawling galactic tale in this first entry to The Renegade Star series. If you're a fan of Firefly, Battlestar Galactica, or Indiana Jones, you'll love this epic, space opera thrill ride. Warning: This book contains action, cussing, and general badassery. Read at your own risk.

You're sure to find stories that you like." -David Sherman, author of the DemonTech series and co-author of the Starfist series "[Breach the Hull] kicks down the doors in a way that allows anyone access to the genre[. . .]it read like a bunch of soldiers sitting around swapping stories of the wars. Fun, fast-paced, and packed with action. I give it a thumbs up." -Jonathan Maberry, Bram Stoker Award-winning author "[Breach the Hull] is worth the purchase. I normally don't partake of anthologies as a general rule . . . but Mike McPhail has done a great job in making me rethink this position." -Peter Hodges, Reviewer "Breach the Hull is full of excellent stories, no two of which are the same. While similar themes crop up throughout, each writer has managed to take the subgenre and make it his own." -John Ottinger III, Grasping for the Wind Reviews "A collection of military science fiction from a well mixed group of authors, both new and established. Found it a good source for some new authors to investigate." -Tony Finan, Philly Geeks

So It Begins

The planet is called Banshee. The air is unbreathable, the water is poisonous. It is home to the most implacable enemies that humanity, in all its interstellar expansion, has ever encountered. Body armor has been devised for the commando forces that are to be dropped on Banshee--the culmination of ten thousand years of the armorers' craft. A trooper in this armor is a one-man, atomic powered battle fortress. But he will have to fight a nearly endless horde of berserk, hard-shelled monsters--the fighting arm of a species which uses biological technology to design perfect, mindless war minions. Felix is a scout in A-team Two. Highly competent, he is the sole survivor of mission after mission. Yet he is a man consumed by fear and hatred. And he is protected, not only by his custom-fitted body armor, but by an odd being which seems to live within him, a cold killing machine he calls "The Engine."

Armor

Few survive the cage. Fewer still live to face the whipping post. Of those who do, few are in a state to know what is happening to them. One of those who does is ex-Legion Etrangere sergeant Sven Tveskoeg. As this stubborn, insubordinate son-of-a-bitch feels the first lash fall, he hears the desert

tribes attack, and watches as they slaughter his comrades before they can execute him. Rescued from certain death, Sven joins the tribes. Until his ruthless skills come to the attention of the Death's Head, the infamous elite special ops force. They want Sven to sort out a little 'local difficulty'. But it seems all is not as it should be. Sven feels he's a pawn in a deadly game, and pawns have an unfortunate habit of being sacrificed. But Death's Head Second Lieutenant Tveskoeg, Obsidian Cross 3rd Class, is nobody's sacrifice. And even a pawn can checkmate a king...

The Lost Fleet

Someone onboard the USS Michaelson is selling secrets, and to uncover the traitor, legal officer Lieutenant Paul Sinclair must walk the dangerous line between duty and honour.

Death's Head

The Year is 2040. The Marines have landed on Mars to guard the unearthed secrets of an ancient and dangerous alien race: Ourselves. Scientists have discovered something astonishing in the subterranean ruins of a sprawling Martian city: startling evidence of an alternative history that threatens to split humanity into opposing factions and plunge the Earth into chaos and war. The USMC -- a branch of a military considered, until just recently, to be obsolete -- has dispatched the Marine Mars Expeditionary Force, a thirty-man weapons platoon, to the Red Planet to protect American civilians and interest with lethal force if necessary. Because great powers are willing to devastate a world in order to keep an ancient secret buried. Because something that was hidden in the Martian dust for half a million years has just been unearthed . . . something that calls into question every belief that forms the delicate foundation of civilization . . . Something inexplicably human.

JAG in Space - Against All Enemies (Book 4)

A spaceship hurled four billion years into the future faces dangers as it searches for home in this space opera adventure by a New York Times bestseller. Lord Commander Grayson St. Clair has guided the Tellus Ad Astra to a part of the universe no human—and possibly no race known to Man—has ever seen. Far from the worlds they know, the colony ship is on its own, facing . . . something that seems to have no weakness. Something whose sole purpose seems to be devouring civilizations. With both time and space as enemies, St. Clair must figure out a way to explore this new corner of space, maintain military order on a mission that was supposed to be civilian, and—somehow—bring the Tellus Ad Astra back to the Milky Way. Combining the drama and action you've come to expect from military science fiction master Ian Douglas, this follow up to *Altered Starscape* is bound to capture your imagination. Praise for *Darkness Falling* "Douglas' use of description is exceptional; readers vividly see the scenes as they unfold, just as if they were there. While being true to the classic sci-fi genre, *Darkness Falling* also tackles deep issues of ethics and morality. Fans of Douglas will love this series, and the latest installment does not disappoint." —RT Book Reviews

Fearless

The Outstretched Shadow, the first book in The Obsidian Trilogy from Mercedes Lackey and James Mallory Kellen Tavaddon, son of the Arch-Mage Lycaelon, thought he knew the way the world worked. His father, leading the wise and benevolent Council of Mages, protected and guided the citizens of the Golden City of the Bells. Young Mages in training--all men, for women were unfit to practice magic--memorized the intricate details of High Magic and aspired to seats on the council. Then he found the forbidden Books of Wild Magic--or did they find him? The three slim volumes woke Kellen to the wide world outside the City's isolating walls. Their Magic was not dead, strangled by rules and regulations. It felt like a living thing, guided by the hearts and minds of those who practiced it and benefited from it. Questioning everything he has known, Kellen discovers too many of the City's dark secrets. Banished, with the Outlaw Hunt on his heels, Kellen invokes Wild Magic--and finds himself running for his life with a unicorn at his side. Kellen's life changes almost faster than he can understand or accept. Rescued by a unicorn, healed by a female Wild Mage who knows more about Kellen than anyone outside the City should, meeting Elven royalty and Elven warriors, and plunged into a world where the magical beings he has learned about as abstract concepts are flesh and blood creatures--Kellen both revels in and fears his new freedom. Especially once he learns about Demons. He'd always thought they were another abstract concept--a stand-in for ultimate evil. But if centaurs and dryads are real, then Demons surely are as well. And the one thing all the Mages of the City agreed on was that practicing Wild Magic corrupted a Mage. Turned him into a Demon. Would that be Kellen's fate? Deep in Obsidian Mountain, the Demons are waiting. Since their defeat in the last great War, they've been biding their time, sowing the seeds of distrust and discontent between their human and Elven enemies. Very soon now, when the Demons rise to make war, there will be no alliance between High and Wild Magic to stand against them. And all the world will belong to the Endarkened.
