To Ride Pegasus

The telepathic Talents which they shared set them apart. They met with suspicion, then outright hostility from the un-Talented. Disaster loomed large when freaks, wild Talents, brought dissension to the group and threatened to destroy it. By the author of The Ship Who Sang and Damia.

Extra children existed in a sub-cultured world or were rounded up into slavery. The only hope was the space platform -- the jumping-off point for the colonization of other worlds. But more Talents were needed to build and operate those platforms. Rhyssa Owen was the one responsible, both for finding Talents and training them. And when she felt the first encroachment of a mind reaching out to her, she knew it was exceptional -- a fourteen-year-old boy with incredibly powerful kinetic ability. And in the seamy underworld of near-criminal children was another brilliant mind in danger from a ruthless group of child kidnappers. Rhyssa knew she had to find the two children and train them for the survival of earth.

He was also barely fifteen years old who 'moved' his body through kinesis. When the telepaths of earth suspected a plot to take over Padrugoi, the newly manned space station, they realised they needed his unique gifts to foil the insane plans of Barchenka, the space construction manager, but even they didn't realise how strong were his abilities to 'read' the minds of those about him and move heavy loads over vast distances. As his career progressed, so his talents increased beyond the dreams of those trying to reach out into space. Peter Reidinger was going to be the salvation of man's exploration of the stars. And even as he became the most important man on earth, so his friendship with the tiny orphan girl found in the floods of Bangladesh grew and flourished. For Amariyah too had psychic gifts which no-one, at first, could define. But these 'special' people were constantly at risk - hated and feared by the avaricious, the evil and the ignorant, whose constant ambition was to destroy Peter Reidinger and those like him.

Their gifts were many and varied, ranging from the gently telepathic, to the rare and extremely valued Primes. On the Primes rested the entire economic wealth and communications systems of the civilised worlds. But Primes were scarce - only very rarely was a new one born. And now, on the planet Altair, in a small mining colony on the western mountain range, a new Prime existed, a three-year-old girl - trapped in a giant mud slide that had wiped out the rest of the Rowan mining community. Every Altarian who was even mildly talented could 'hear' the child crying for help, but no one knew where she was buried. Every resource on the planet was centred into finding 'The Rowan' - the new Prime, the first ever to be born on Altair, an exceptionally unique Prime, more talented, more powerful, more agoraphobic, more lonely, than any other Prime yet known in the Nine Star league...

Their huge Sphere ships surged out into space. When an appropriate planet was found, the Hivers destroyed any and every variety of indigenous life, the queens propagated, and when the new world was full, more ships were sent out. The colonization was repeated until no planet, no species, least of all Man and Mrdini, was safe. The furry and courageous Mrdini had fought the Hivers for centuries. Now Mrdini and Man combined to form the Alliance -- and Humankind had their own weapons to offer -- the power and might of the Talents who could not only communicate silently with each other, but could project cargoes, ships and themselves across the deeps of space. The four children of Damia -- Laria, Thian, Rojer and Zara -- were Primes amongst the Talents, and all their skills were desperately needed, for the Hivers' terrible Sphere ships were still thrusting through space, unfathomable, impenetrable, and carrying death in their labyrinthine depths.

Lyon's Pride

There was a sudden stench of a dead sea creature. There was the sudden horror of a huge black shape closing over her. There was nothing... Then there were pieces of memory, isolated fragments that were so horrible her mind refused to accept them. Intense heat and shivering cold; excruciating pain; dismembered pieces of the human body. Sawn bones and searing screams. And when she awoke she found she was in a world that was not earth, and with a face and body that were not her own. She had become a Restoree...

Freedom's Landing

It was a world of ice and snow - a planet that just supported life and that had been terraformed from frozen uninhabitable rock. The people of Petaybee were hardy, self-reliant, friendly - and also very secretive. Major Yana Maddock, medically discharged from the service, was shipped to Petaybee in

the hope that her burnt-out lungs might just recover in the icy air. And at the last moment, she was given a special commission. Unauthorized life-forms had been seen on the planet and, more seriously, geologic survey teams had vanished into nowhere, the odd survivor being discovered abandoned and insane. It was Yana's task to infiltrate Petaybee society and find out who - or what - was causing the eerie events on the planet. She discovered a primitive ice-bound community of extraordinary people - people who possessed some mysterious quality of surviving - and people who Yana discovered she both liked and revered as she found herself becoming one of them.

After a vicious plague swept through the world of Pern, there are no longer enough dragons to fight off the current onslaught of Thread, the deadly spore that falls like rain from the skies and devours everything organic in its path. Pern's last best chance to rebuild the decimated dragon population lies with a group of young dragonriders and their dragons left stranded on an unexplored island. Leadership of these dragons and riders falls to Xhinna, female rider of a blue dragon, who, as the most experienced dragonrider in the new Weyr, must earn the respect of all who follow her, as not everyone is ready to accept a female wingleader. She must solve the problem of how to get sufficient numbers of dragon eggs, although her newfangled ideas, like letting green dragons mate and lay eggs to hatch new dragons, cause uproar. All the while she must protect her people and baby dragons from the predators and, worse, traitors or all hope for Pern will be lost!

Powers That Be

Amidst the grandeur of the emerald countryside, a magnificent story unfolds. . . . They are the Carradynes, who for more than 200 years have bred and trained horses of the finest caliber on Cornanagh—a land so beautiful it inspires the soul. But all is not idyllic at hearth and home. At the center of the conflict is Catriona, the youngest child, a girl who dreams of riding her family's big jumpers and show horses. Her father, Michael, is keenly aware of her immense talent, and he urges her on—only to lock wills with his insufferably pious and overbearing wife, Isabel, a woman who cannot bear horses, who cannot bear his touch. Her goal is to put stiff dresses, tight shoes, and perfect manners on Catriona. It is a stalemate of pride and passion—until the day Lady Selina Healy enters their lives. Poised, beautiful, and warm, she too knows imprisonment in a loveless marriage, she too admires good horses, she too finds enchantment in Cornanagh. She falls in love . . . with Catriona, who becomes the child she never had; with the splendid lush land; and with Michael, the consummate horseman and gentleman.

Darian left his home at the edge of the Pelagiris Forest when barbarians attacked Errold's Grove and killed Wizard Justyn. Now, under the watchful eye of the Hawkbrothers, Darian is honing his craft and gaining new mage skills, not the least of which is an affinity for mind-speaking with his closest companion, the Hawk Owl Kuari. Keisha, a natural-born healer, is proving indispensable in Errold's Grove, but her destiny seems ordinary when compared with her sister Shandi, who is Chosen to be a Herald. But there is much more in store for Darian and Keisha: they have a task, the outcome of which will affect all of Valdemar - and their guide is to be the legendary hero of the Mage-Storms, Firesong himself.

The Lady

Following on from OWLFLIGHT and OWLSIGHT, Our Hero Darian has just passed the tests to become Master Mage of the Vale. He's been made a Knight of Valdemar and a Clanbrother. But a new Herald-Mage is arriving in k'Valdemar, and he's bringing with him his new protégé: Shandi, the Healer's sister, who has won her Whites in less than three years and is back looking for adventure . . . The OWLFLIGHT saga is set in the same wonderfully imagined fantasy world as Lackey's previous trilogies and is a story of 'local boy and girl make good against all odds'. The books are packed full of magic, talking horses, hawks, gryphons, lizards and other mythical races, with strong characterisation and a plot that really moves along. Like the previous books, this is lavishly illustrated with Larry Dixon's evocative character portraits.

the Rowan's children, Damia is the most brilliant, the most difficult, the loneliest, and the one who has inherited the greatest Talent. It is obvious from childhood that she is going to be a Prime, with all the honours, burdens and strains of that elite class. Her one friend is Afra -- older, wiser, Talented in his own way, but 'belonging' almost exclusively to the Rowan and the workings of Callisto Station. As Damia grows up, her Talent becomes almost too strong to control, and the solution is separation -- from her parents, from Callisto, from her beloved Afra. Sent to the distant planet of Deneb, to her strange and gifted grandmother, Damia begins the training necessary to turn her into a Prime of extraordinary gifts -- a Prime who can contact the minds of approaching aliens through space, some of whom threatening to totally destroy the worlds of the Nine Star League.

The Dolphins Of Pern

Their gifts were many and varied, ranging from the gently telepathic, to the rare and extremely valued Primes. On the Primes rested the entire economic wealth and communications systems of the civilised worlds. But Primes were scarce - only very rarely was a new one born. Damia

As Storm Breaking opens, the western allies, led by Karal, Karsite Sunpriest and delegate to the Valdemaran Court, and the Adepts Firesong and An'desha, have traveled deep into the Dorisha Plains to locate the ancient ruins of the Tower of Urtho, Mage of Silence, creator of the gryphons. Legend has it that below the Tower, deeply buried beneath the plains, is Urtho's Vault, hidden stronghold of some of the most powerful magical weapons ever devised - weapons that Urtho himself felt were too dangerous to use. With the help of the Shin'a'in plainsmen, they have successfully excavated this ancient arsenal, and risked their lives triggering one of these antique but potent tools of death to unleash a monstrous burst of mage-energy. With this explosion of magical power, Karal, Firesong, and their companions have temporarily counteracted the ever-increasing waves of the mage storms. But they know that this desperate action will not save them - they have bought themselves precious time, but are still far from a permanent solution. They know now that the mage storms are an "echo" through time of the prehistoric Cataclysm which destroyed Urtho's Tower, created the vast and barren Dorisha Plains, and permanently warped their world more than two thousand years ago. And they also know that if they don't find a way to banish these magical vibrations they will culminate in another Cataclysm - this time destroying their world for good. But the Vault is not the only thing buried for centuries below the Dorisha Plains, and camped in the ruins of what once was the workplace of the most ingenious mage their world has ever known, the desperate allies soon come to realize that their solution may lie beneath the dust at their feet. The saving of their world just might be accomplished by the work of a man who has been dead for millennia!

The Rowan

The first book in Mercedes Lackey's classic Mage Wars trilogy featuring the gryphons, set in the beloved fantasy world of Valdemar It is an age when Valdemar is yet unfounded, its organization of Heralds yet unformed, and magic is still a wild and uncontrolled force. Skandranon Rashkae is perhaps the finest specimen of his race, with gleaming ebony feathers, majestic wingspan, keen magesight, and sharp intelligence. Courageous, bold, and crafty, Skan is everything a gryphon should be. He is the fulfillment of everything that the Mage of Silence, the human sorcerer called Urtho, intended to achieve when he created these magical beings to be his champions, the defenders of his realm—a verdant plain long coveted by the evil mage Maar. Now Maar is once again advancing on Urtho's Keep, this time with a huge force spearheaded by magical constructs of his own—cruel birds of prey ready to perform any evil their creator may demand of them. And when one of Urtho's Seers wakes from a horrifying vision in

which she sees a devastating magical weapon being placed in the hands of Maar's common soldiers, Skandrannon is sent to spy across enemy lines, cloaked in the protective of Urtho's powerful Spell of Silence.

The Black Gryphon

Alberich had spent most of his youth in the Karsite military schools training to be an officer. As the son of an impoverished mother, he had no other career choice open to him. And Alberich had risen in the ranks with almost unnatural speed. He developed expertise with many weapons and excelled in academic subjects with an ease that was the envy of his classmates. But in fact, the reclusive Alberich studied long and hard, pushing himself ruthlessly. In battle, Alberich had always had a sort of “sixth sense” about things which were about to happen—when and from where the enemy would attack. Instinctively, he has this ability, for the Sunpriests kept careful watch for anyone exhibiting “demon powers” which were the hallmark of Karse’s greatest enemy—the witch-nation of Valdemar. Those they caught were “cleansed” in the fires of Vkandis Sunlord. Both Alberich’s skill and secret served him well in the army of Karse, and when Alberich became one of Karse’s youngest captains, he received a special gift—a powerful white stallion “liberated” from the enemy. But this honor was merely a distraction, for the Sunpriests had laid a trap which even Alberich’s strange foresight could not predict... Saved from burning as a witch when this odd white stallion braved flames and carried him over the border into Valdemar, he was healed by the same enemies he had been taught to hate his entire life. Though he knew he could never again return to his home, Alberich also knew he could never truly become a Valdemaran. How could Alberich remain true to his own people and still retain his honor while helping to train the direst enemy of Karse?

Back on Petaybee the twins, in their seal form, escort the Honu to their new home in the middle of the ocean. They also want to warn the otters and seals about the sharks. It is a long journey and Murel falls asleep and gets separated from the rest. She is surrounded by a pod of Orcas who, thinking she is a normal seal, try to eat her. Before they can do so she is caught up in a whirlpool caused by the volcanic activity in the area, as is Ronan, who had swum back to try to rescue her. They are rescued from the whirlpool by the mysterious deep sea otters and taken into their shielded city on the ocean floor. While their leader, Kushtaka, is talking to them her son Jeel sees the sharks and goes to inspect them, Murel races after him but is too late and Jeel is killed. Meanwhile Marmie and her crew are arrested on trumped up charges of kidnapping Ke-ola's family and taken to Gwinnett Incarceration Colony, along with most of the survivors they rescued. When Murel and Ronan return to their family and discover that Marmie has been arrested and the Piaf impounded they realize they need to get off the planet and go to her rescue. While staying with Kushtaka they were told that the deep sea otters were not just otters but beings from outer space who had hidden in the depths of Petaybee's oceans for years. Now that they have been discovered they plan to leave, the twins persuade Kushtaka to take them with her and to help them rescue Marmie.

The prophecy is clear: Wen Jian is the Chosen One, born to defeat the immortal Eternal Khan and save the kingdom. The only problem is that the prophecy is wrong. the best warriors, and celebrated before a single battle has been won. After all, he's the chosen one, selected by prophecy to defeat the immortal god-king and free the kingdom for good. But when the prophecy is proven to be incorrect, Jian still has to find a way to succeed—and maybe even become a hero in his own right. To save the kingdom, an unlikely band of heroes rise: Taishi, an old grandmaster who swore her days of battle were over; Sali, a warrior re-evaluating her allegiances; and Qisami, an assassin with questionable values. Winds of Fate

Old Enough to be Used Young Enough to be Broken Sassinak was twelve when the raiders came. That made her just the right age: old enough to be used, young enough to be broken. Or so the slavers thought. But Sassy turned out to be a little different from your typical slave girl. Maybe it was her unusual physical strength. Maybe it was her friendship with the captured Fleet crewman. Maybe it was her spirit. Whatever it was, it wouldn't let her resign herself to the life of a slave. She bided her time, watched for her moment. Finally it came, and she escaped. But that was only the beginning for Sassinak. Now she's a Fleet Captain with a pirate-chasing ship of her own, and only one regret in her life: not enough pirates. At the publisher's request, this title is sold without DRM (Digital Rights Management).

Sassinak

Fifteen-year-old Menolly allies with magnificent dragons in the first book in the Harper Hall trilogy, set within science fiction legend Anne McCaffrey's beloved and bestselling Dragonriders of Pern series. For centuries, the world of Pern has faced a destructive force known as Thread. But the number of magnificent dragons who have protected this world and the men and women who ride them are dwindling. As fewer dragons ride the winds and destruction falls from the sky, Menolly has only one dream: to sing, play, and weave the music that comes to her so easily—she wishes to become a Harper. But despite her great talents, her father believes that a young girl is unworthy of such a respected position and forbids her to pursue her dreams. So Menolly runs away, taking shelter in a cave by the sea. Miraculously, she happens upon nine fire lizards that could possibly save her world...and change her life forever.
