Excerpt from OEuvres Complètes de Saint Augustin, Évêque d'Hippone, Traduites en Français Et Annotées, Vol. 1: Vie de Saint Augustin, par Possidius; Vie de Saint Aurèle Augustin, Évêque d'Hippone, d'Après Ses Écrits Je n'ai pas l'intention de rappeler ici ce que le bienheureux Augustin raconte de lui-même dans ses Confessions, ce qu'il a été avant de recevoir la grâce, et ce qu'il fut après l'avoir reçue. Il écrivit ce livre afin que, selon la parole de l'apôtre, personne ne le crût ou ne l'estimât au-dessus de ce qu'il savait être lui-même, ou de ce qu'on avait entendu dire de lui, (il Cor., xu, 6) suivant la règle de la sainte humilité, ne voulant tromper personne et cherchant, au contraire dans le bienfait de sa propre délivrance et dans les grâces qu'il avait déjà reçues, la gloire du Seigneur non la sienne, et demandant les prières de ses frères pour les grâces qu'il désirait encore obtenir. Car, selon le témoignage de l'ange, s'il est bon de cacher le secret du roi il est glorieux de dévoiler et de proclamer les œuvres du seigneur (tobie, X. Oeuvres Complètes de Saint Augustin, Vol. 16

Excerpt from OEuvres Complètes de Saint Augustin, Vol. 3: Traduites pour la Première Fois en Français Cette lettre, adressée à Aurèle de Carthage, et dont une copie spéciale fut envoyée à saint Augustin est un témoignage de l'intervention directe des empereurs chrétiens dans les affaires chrétiennes; on y trouve à la fois la soumission au jugement des évêques en matière ecclésiastique et le zèle pour le maintien de l'unité catholique. Œuvres complètes de Saint Augustin

Excerpt from OEuvres Complètes de Saint Augustin, Vol. 8: Sermons, Troisième Série: Sujets Détachés; Quatrième Série: Sermons sur les Psaumes Si on vous servait une nourriture corpo relle, l'un en prendrait une partie, un autre en prendrait une autre; tous cependant au raient la même nourriture mais tous ne l'auraient pas tout entière. Eh bien! Mes paroles vont maintenant a, vos oreilles comme une espèce de nourriture et de breuvage, et chacun de vous reçoit tout ce que je donne. Est-ce que l'un, pendant que je parle, en porte une syllabe, et l'autre une autre syl labe? Est - ce que l'un prend une parole, et l'autre une autre parole? S'il en était ainsi, je devrais prononcer autant de mots que je vous vois ici réunis, afin que chacun de vous en ait au moins un. Il est vrai, je puis aisé ment en prononcer plus que vous n'êtes ici; mais tous vous recevrez tout ce que je dirai. Ainsi donc la parole humaine, pour être en tendue de tous, n'a pas besoind de se fractionner par syllabes; et pour être partout le Verbe de Dieu se diviserait par parties Cependant, mes frères, prétendons - nous comparer tant soit peu ces paroles qui bruissent et passent, au Verbe éternel et immuable? Ai-je voulu faire cette comparaison en disant ce que je viens de dire Non, j'ai eu dessein seulement de faire une induction telle quelle, de vous amener, au moyen de ce que Dieu nous mon tre dans les choses corporelles, à croire ce que vous ne voyez pas encore dans les choses Spirituelles. Mais élevons-nous à quelque chose de mieux, car les paroles disparaissent avec le bruit. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. OEuvres Complètes de Saint Augustin, Vol. 3

In the history of Western thought, men have persistently asked three questions concerning the habitable earth and their relationships to it. Is the earth, which is obviously a fit environment for man and other organic life, a purposefully made creation? Have its climates, its relief, the configuration of its continents influenced the moral and social nature of individuals, and have they had an influence in molding the character and nature of human culture? In his long tenure of the earth, in what manner has man changed it from its hypothetical pristine condition? From the time of the Greeks to our own, answers to these questions have been and are being given so frequently and so continually that we may restate them in the form of general ideas: the idea of a designed earth; the idea of environmental influence; and the idea of man as a geographic agent. These ideas have come from the general thought and experience of men, but the first owes much to mythology, theology, and philosophy; the second, to pharmaceutical lore, medicine, and weather observation; the third, to the plans, activities, and skills of everyday life such as cultivation, carpentry, and weaving. The first two ideas were expressed frequently in antiquity, the third less so, although it was implicit in many discussions which recognized the obvious fact that men through their arts, sciences, and techniques had changed the physical environment about them. This magnum opus of Clarence Glacken explores all of these questions from Ancient Times to the End of the Eighteenth Century.

Consolation in Saint Augustine

Over the course of the fifteenth century, the Low Countries transformed Europe's economic, political and cultural life. Innovative and influential cultural practices emerged across the region in flourishing courts, towns, religious houses, guilds and confraternities. Whether in visual culture, music, devotional practice, or communal rituals, the thriving cultures of the Low Countries wrestled with time, both through explicit measurement and reflection, and in the rhythms of social and religious life. This book offers a deeper understanding of how time was structured and experienced by different constituencies through a series of detailed readings of diverse cultural objects and practices, ranging from woodcuts and painted altarpieces, to early print books, and to the use of polyphony in the liturgy. Individual chapters are devoted to life in the university towns of Louvain and Ghent, the liturgical rituals at Cambrai Cathedral, and the rich pageantry that marked the courts of Philip the Good and the new Burgundian rulers. What emerges is a complex temporal landscape in which devotional and secular practices and experiences merged into a new "fullness of time."
