Thomas Jefferson and the Tripoli Pirates

"Another blockbuster! Thomas Jefferson and the Tripoli Pirates reads like an edge-of-your-seat, page-turning thriller. You will love this book and also wonder why so few people know this story. No one captures the danger, intrigue, and drama of the American Revolution and its aftermath like Brian Kilmeade and Don Yaeger." —Brad Thor This is the little-known story of how a newly independent nation was challenged by four Muslim powers and what happened when America's third president decided to stand up to intimidation. When Thomas Jefferson became president in 1801, America faced a crisis. The new nation was deeply in debt and needed its economy to grow quickly, but its merchant ships were under attack. Pirates from North Africa's Barbary coast routinely captured American sailors and held them as slaves, demanding ransom and tribute payments far beyond what the new country could afford. Over the previous fifteen years, as a diplomat and then as secretary of state, Jefferson had tried to work with the Barbary states (Tripoli, Tunis, Algiers, and Morocco). Unfortunately, he found it impossible to negotiate with people who believed their religion justified the plunder and enslavement of non-Muslims. These rogue states would show no mercy—at least not while easy money could be made by extorting the Western powers. So President Jefferson decided to move beyond diplomacy. He sent the U.S. Navy's new warships and a detachment of Marines to blockade Tripoli—launching the Barbary Wars and beginning America's journey toward future superpower status. As they did in their previous bestseller, George Washington's Secret Six, Kilmeade and Yaeger have transformed a nearly forgotten slice of history into a dramatic story that will keep you turning the pages to find out what happens next. Among the many suspenseful episodes: ·Lieutenant Andrew Sterett's ferocious cannon battle on the high seas against the treacherous pirate ship Tripoli. ·Lieutenant Stephen Decatur's daring night raid of an enemy harbor, with the aim of destroying an American ship that had fallen into the pirates' hands. ·General William Eaton's unprecedented five-hundred-mile land march from Egypt to the port of Derne, where the Marines launched a surprise attack and an American flag was raised in victory on foreign soil for the first time. Few today remember these men and other heroes who inspired the Marine Corps hymn: "From the Halls of Montezuma to the Shores of Tripoli, we fight our country's battles in the a

ir, on land and sea.” Thomas Jefferson and the Tripoli Pirates recaptures this forgot-ten war that changed American history with a real-life drama of intrigue, bravery, and battle on the high

Thomas Jefferson and the Tripoli Pirates

THOMAS JEFFERSON AND THE TRIPOLI PIRATES - SUMMARY AND HIGHLIGHTS THOMAS JEFFERSON AND THE TRIPOLI PIRATES is the story of American growth as a new world power. Jefferson has many long discussions that disagree with his friend and future president John Adams about how to handle the pirates taking over American ships in the Atlantic. As it goes, many in Washington agree with Adams and tribute begins to be paid to these rulers of these pirate-based countries. Jefferson understands this will not last and the leaders will only ask for more money. A Navy is the only rational answer. As Jefferson takes his seat in Washington as the President he begins to set his plans in motion hoping to establish an adequate Navy with the U.S. government's lack of resources. His success earns peace on the Barbary Coast, but also establishes the Navy that will one day rule the seas as the most powerful military force in the world. PLEASE NOTE: this is NOT the original book rather this is an unauthorized summary of the recent work by Brian Kilmeade and Don Yaeger.

Summary and Analysis of Thomas Jefferson and the Tripoli Pirates: The Forgotten War That Changed American History

So much to read, so little time? This brief overview of Thomas Jefferson and the Tripoli Pirates tells you what you need to know—before or after you read Brian Kilmeade and Don Yaeger’s book. Crafted and edited with care, Worth Books set the standard for quality and give you the tools you need to be a well-informed reader. This short summary and analysis of Thomas Jefferson and the Tripoli Pirates by Brian Kilmeade and Don Yaeger includes: Historical context Chapter-by-chapter summaries Important quotes Fascinating trivia Glossary of terms Supporting material to enhance your understanding of the original work About Thomas Jefferson and the Tripoli Pirates by Brian Kilmeade and Don Yaeger: In 1785, US merchant ships that sailed the Mediterranean Sea began to face an unexpected threat: pirates from the North African coast. American sailors were subjected to pillage and enslavement while their government tried to negotiate tributes and ransom prices with the Islamic rulers of the Barbary nations. As the Barbary conflict intensified, Thomas Jefferson saw that negotiations could only proceed if the United States showed its military strength through a naval presence and the use of force in the Mediterranean. Jefferson committed himself to this cause as he rose to the position of secretary of state and later, president of the United States. In Thomas Jefferson and the Tripoli Pirates: The Forgotten War that Changed American History, authors Brian Kilmeade and Don Yaeger trace the exciting tale of how these kidnappings led to the First Barbary War, what transpired between the warring nations, and how Thomas Jefferson’s decisions helped shape US policy today. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

Thomas Jefferson and the Tripoli Pirates

The United States of America fought hard to become an independent nation in the latter half of the eighteenth century. A select few of these battles are remembered more than others, and they overshadow one of the most decisive victories this budding nation acquired. Brian Kilmeade and Don Yaeger's Thomas Jefferson and the Tripoli Pirates: The Forgotten War That Changed American History explores this war, fought against the Barbary nations in Northern Africa. The Barbary pirates were incessantly attacking US cargo ships, thus impairing international trade, as well as taking the crews of these ships as prisoners. Despite the US's desire for simple negotiations, the Barbary leaders forced high tariffs (some referred to these tariffs as "purchased peace") on the US ships passing through their waters. For a considerable amount of time, US congress held the belief that appeasing the Barbary's demands (paying such excessively high sums of money) was the best way to approach this situation. The consensus essentially being that it is easier to pay them off than to fight them off. One player in the US government (Thomas Jefferson) held a different belief. The only way to fight off the pirates, regain access to trade in the area, and free the US citizens who had been taken prisoner, was to go to war. This is a summary and analysis of the book and NOT the original book

American History by Brian Kilmeade and Don Yaeger is an historical account of one of the earliest wars the United States fought as a newly independent nation, against the Barbary nations of North Africa. Though lesser known than other wars the US has fought over the years, it was an important conflict that set the stage for the US to earn a reputation as a respected nation that could demonstrate power on foreign lands as well as its homeland... Thomas Jefferson and the Tripoli Pirates

You Need To Read This Book because this will help you dive deeper into the world of Brian Kilmeade and Don Yaeger. Fox and Friends host Brian Kilmeade partners with former Sports Illustrated Editor Don Yaeger to deliver an exciting tale of true history. This is an entertaining and informative book that details a little known event in American history: the United States' fight against the bullying Barbary Corsairs. Though every attempt for peaceful negotiations were made, military force would prove the only choice, and would shape the growth of the new US Navy and Marines. This summary offers everything you need to enjoy this book! You'll find: Author Background Chapter Summaries Biographies that bring to light the lives of important historical figures And a commentary that: Elaborates on the effect the First Barbary War would have on the United States' growth And places the events of the book in a wider historical context Disclaimer: This book serves as an accompaniment to the bestseller Thomas Jefferson and the Tripoli Pirates: The Forgotten War That Changed American History by Brian Kilmeade and Don Yaeger. It is meant to broaden the reader's understanding of the book and to offer some insights which can easily be overlooked. You should order a copy of the actual book before reading this.

Thomas Jefferson and the Tripoli Pirates

Warning: This is an independent addition to Thomas Jefferson and the Tripoli Pirates, meant to enhance your experience of the original book. If you have not yet bought the original copy, make sure to purchase it before buying this unofficial summary from aBookaDay. OVERVIEW This review of the book Thomas Jefferson and the Tripoli Pirates by Brian Kilmeade and Don Yaeger includes a detailed summary of each chapter, followed by an analysis. The book presents a fairly straightforward, chronological account based on original sources, focusing on the challenge presented to the newly established United States by Mediterranean pirates, supported by and based mainly in four North African states. Wealthier European countries paid protection money to keep their shipping unmolested; the United States could afford neither the exorbitant fees set by the Barbary states, nor the depredations by the pirates on U.S. merchant shipping in the Mediterranean, and the impact on the developing country's economy. Sources used by the authors to develop the story included personal documents, such as journals and correspondence, and official documents, such as ships' logs and other naval documents, and official records of the U.S. Congress. The authors studied the accounts of those involved in the business of dealing with the Barbary pirates, thus achieving as close a perspective as is possible,

without actually having lived the events themselves. They include a bibliography of "the best of the primary and secondary works" written on this subject, for those readers who wish to explore further. The authors focus mainly on those who were "on site," as it were, serving in the Mediterranean either as diplomats or in a military capacity. Just as in more recent times, their efforts were both aided and hampered by politics back home. Brian Kilmeade is a television broadcaster and radio host for FOX News, as well as a bestselling author with a passion for history and a talent for storytelling. His previous books include *George Washington's Secret Six: The Spy Ring that Saved the American Revolution* (also with Don Yaeger), *The Games Do Count: America's Best and Brightest on the Power of Sports*, and *It's How You Play the Game*. Don Yaeger is an Associate Editor for *Sports Illustrated*, an award-winning motivational speaker, and author of more than twenty books, including seven New York Times best sellers: *Under the Tarnished Dome: How Notre Dame Betrayed Its Ideals for Football Glory*; *Never Die Easy: The Autobiography of Walter Peyton*; *Ya Gotta Believe: My Roller-Coaster Life as a Screwball Pitcher, Part-time Father, and my Hope-Filled Fight against Brain Cancer*; *It's Not about the Truth: The Untold Story of the Duke Lacrosse Case and the Lives It Shattered*; *I Beat the Odds: From Homelessness, to the Blind Side, and Beyond* (with Michael Oher), *Play Like You Mean It: Passion, Laugh, and Leadership in the World's Most Beautiful Game* (with Rex Ryan); and *Nothing to Lose, Everything to Gain: How I Went from Gang Member to Multimillionaire Entrepreneur* (with Ryan Blair). Available on PC, Mac, smart phone, tablet or Kindle device. (c) 2015 All Rights Reserved

Andrew Jackson and the Miracle of New Orleans

A portrait of the seventh American president focuses on his formative military prowess during the War of 1812 and his pivotal contributions to the capturing of New Orleans from the British.

Fort Enterprize

American merchant ships in the Mediterranean Sea are attacked and plundered by Barbary pirates, their crews enslaved and ransomed by Tripoli's vicious ruler, Yusuf. But President Thomas Jefferson has a new navy, which he deploys with orders to confront and crush Tripoli. Disaster strikes, however, when Yusuf improbably captures the mighty 36-gun frigate Philadelphia and her 300-man crew. Running out of options, Jefferson dispatches secret agent William Eaton and Marine Lieutenant Presley O'Bannon on a daring overland mission to topple Yusuf from power and rescue the American hostages. Will Eaton's audacious "enterprise" succeed--or will Yusuf humiliate America again?

A History of the American People

"The creation of the United States of America is the greatest of all human adventures," begins Paul Johnson's remarkable new American history. "No other national story holds such tremendous lessons, for the American people themselves and for the rest of mankind." Johnson's history is a reinterpretation of American history from the first settlements to the Clinton administration. It covers every aspect of U.S. history--politics; business and economics; art, literature and science; society and customs; complex traditions and religious beliefs. The story is told in terms of the men and women who shaped and led the nation and the ordinary people who collectively created its unique character. Wherever possible, letters, diaries, and recorded conversations are used to ensure a sense of actuality. "The book has new and often trenchant things to say about every aspect and period of America's past," says Johnson, "and I do not seek, as some historians do, to conceal my opinions." Johnson's history presents John Winthrop, Roger Williams, Anne Hutchinson, Cotton Mather, Franklin, Tom Paine, Washington, Adams, Jefferson, Hamilton, and Madison from a fresh perspective. It emphasizes the role of religion in American history and how early America was linked to England's history and culture and includes incisive portraits of Andrew Jackson, Chief Justice Marshall, Clay, Lincoln, and Jefferson Davis. Johnson shows how Grover Cleveland and Teddy Roosevelt ushered in the age of big business and industry and how Woodrow Wilson revolutionized the government's role. He offers new views of Harding, Coolidge, and Hoover and of Franklin Roosevelt's New Deal and his role as commander in chief during World War II. An examination of the unforeseen greatness of Harry Truman and reassessments of Eisenhower, Kennedy, Johnson, Nixon, Reagan, and Bush follow. "Compulsively readable," said Foreign Affairs of Johnson's unique narrative skills and sharp profiles of people. This is an in-depth portrait of a great people, from their fragile origins through their struggles for independence and nationhood, their heroic efforts and sacrifices to deal with the 'organic sin' of slavery and the preservation of the Union to its explosive economic growth and emergence as a world power and its sole superpower. Johnson discusses such contemporary topics as the politics of racism, education, Vietnam, the power of the press, political correctness, the growth of litigation, and the rising influence of women. He sees Americans as a problem-solving people and the story of America as "essentially one of difficulties being overcome by intelligence and skill, by faith and strength of purpose, by courage and persistence...Looking back on its past, and forward to its future, the auguries are that it will not disappoint humanity." This challenging narrative and interpretation of American history by the author of many distinguished historical works is sometimes controversial and always provocative. Johnson's views of individuals, events, themes, and issues are original, critical, and admiring, for he is, above all, a strong believer in the history and the destiny of the American people.

The Haitian Revolution

Toussaint L'Ouverture was the leader of the Haitian Revolution in the late eighteenth century, in which slaves rebelled against their masters and established the first black republic. In this collection of his writings and speeches, former Haitian politician Jean-Bertrand Aristide demonstrates L'Ouverture's profound contribution to the struggle for equality.

Elvis in Vegas

"Outstanding pop-culture history." —Newsday The "smart and zippy account" (The Wall Street Journal) of how Las Vegas saved Elvis and Elvis saved Las Vegas in the greatest musical comeback of all time. Elvis's 1969 opening night in Vegas was his first time back on a live stage in more than eight years. His career had gone sour—bad movies, mediocre pop songs that no longer made the charts—and he'd been dismissed by most critics as over-the-hill. But in Vegas he played the biggest showroom in the biggest hotel in the city, drawing more people for his four-week engagement than any other show in Vegas history. His performance got rave reviews; "Suspicious Minds," the song he introduced there, gave him his first number-one hit in seven years; and Elvis became Vegas's biggest star. Over

the next seven years, he performed more than 600 shows there, and sold out every one. Las Vegas was changed, too. By the end of the '60s, Vegas' golden age—when the Rat Pack led a glittering array of stars who made it the nation's premier live-entertainment center—was losing its luster. Elvis created a new kind of Vegas show: an over-the-top, rock-concert extravaganza. He set a new bar for Vegas performers, with the biggest salary, the biggest musical production, and the biggest promotion campaign the city had ever seen. He opened the door to a new generation of pop/rock artists and brought a new audience to Vegas—not the traditional well-heeled older gamblers, but a mass audience from Middle America that Vegas depends on for its success to this day. At once “a fascinating history of Vegas as gambling capital, celebrity playground, mob hangout, [and] entertainment Valhalla” (Rolling Stone) and the incredible “tale of how the King got his groove back” (Associated Press), *Elvis in Vegas* is a classic feel-good story for the ages.

Soldiers' Stories

A comprehensive analysis of the changing representations of military women in American and British movies and TV programs from the Second World War to the present.

Primed and Purposeful

Provides the political and historical detail necessary to understand the motivations and probable outcomes of conflicts in the country. The volume explores relate human security issues, including the willingness of several Filipino armed groups to negotiate political settlements to the conflicts, and to contemplate the demobilization and reintegration of combatants into civilian life. Light is also shed on the use of small arms - the weapons of choice for armed groups - whose availability is maintained through leakage from government arsenals, porous borders, a thriving domestic craft industry, and a lax regulatory regime.

A History of the American People

"As majestic in its scope as the country it celebrates. [Johnson's] theme is the men and women, prominent and unknown, whose energy, vision, courage and confidence shaped a great nation. It is a compelling antidote to those who regard the future with pessimism."— Henry A. Kissinger Paul Johnson's prize-winning classic, *A History of the American People*, is an in-depth portrait of the American people covering every aspect of U.S. history—from politics to the arts. "The creation of the United States of America is the greatest of all human adventures," begins Paul Johnson's remarkable work. "No other national story holds such tremendous lessons, for the American people themselves and for the rest of mankind." In *A History of the American People*, historian Johnson presents an in-depth portrait of American history from the first colonial settlements to the Clinton administration. This is the story of the men and women who shaped and led the nation and the ordinary people who collectively created its unique character. Littered with letters, diaries, and recorded conversations, it details the origins of their struggles for independence and nationhood, their heroic efforts and sacrifices to deal with the 'organic sin' of slavery and the preservation of the Union to its explosive economic growth and emergence as a world power. Johnson discusses contemporary topics such as the politics of racism, education, the power of the press, political correctness, the growth of litigation, and the influence of women throughout history. Sometimes controversial and always provocative, *A History of the American People* is one author's challenging and unique interpretation of American history. Johnson's views of individuals, events, themes, and issues are original, critical, and in the end admiring, for he is, above all, a strong believer in the history and the destiny of the American people.

Algerine Captive

After the Revolutionary War, American sailors lost the protection of Britain's Royal Navy and were easy prey for the pirates of the North African coast, who captured ships and cargo, enslaved crew, and demanded ransom from the U.S. Motivated by these events, Royall Tyler, the first American-born playwright, poet, and novelist, wrote "The Algerine Captive." Originally published anonymously in 1797, it tells the tale of fictitious Boston native Dr. Updike Underhill, his capture by Barbary pirates, and their efforts to convert him to their Muslim faith. Written in an entertaining and satiric style that predated Mark Twain, Tyler's novel reveals his patriotic pride and anti-slavery beliefs. His comments on the religious and cultural divide between Western and Islamic beliefs of the day still resonate today.

Encyclopedia of Pulp Fiction Writers

Provides an introduction to American pulp fiction during the twentieth century with brief author biographies and lists of their works.

Anagram Solver

Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, Anagram Solver includes plural noun forms, palindromes, idioms, first names and all parts of speech. Anagrams are grouped by the number of letters they contain with the letters set out in alphabetical order so that once the letters of an anagram are arranged alphabetically, finding the solution is as easy as locating the word in a dictionary.

The Storyteller's Thesaurus

Writers, game designers, teachers, and students ~this is the book you've been waiting for! Written by storytellers for storytellers, this volume offers an entirely new approach to word finding. Browse the pages within to see what makes this book different:

About Face

Sinners and saints without greasepaint make for memorable close-ups. Enjoy Dottie's confidential revelations about Judy Garland, Marlene Dietrich, Mae West, Carole Lombard, Clark Gable, Gary Cooper, Joan Blondell, Paulette Goddard, Barbara Stanwyck, and others.

The Encyclopedia of Daytime Television

"Five-decade chronicle of television history [covering] ... all daytime programs that aired for three or more weeks on a commercial network between 1947 and 1996, plus 100 nationally syndicated shows from the same period [Includes] cartoons, children's programs, game shows, news shows, soap operas, sports programs, [and] talk shows Provides the dates each show aired, a synopsis of its plot, its principal cast members, and other pertinent information"--Back cover.

Modern Chivalry

It was only after serving as a chaplain in the American Revolution, playing an important role in the Whiskey Rebellion, and serving (often controversially) on the Pennsylvania Supreme Court, that Hugh Henry Brackenridge composed his great comic epic. Published in installments over the twenty-eight-year period beginning with Washington's presidency ending with that of Madison, this irreverent and ribald novel, relating the misadventures of Captain Farrago and his sidekick, Teague O'Regan, leaves no major ethnic, racial, religious, or political issue of the period unscathed.

Crossword Lists

Psychological operations (PSYOPs) are the preferred method by which shadow men socially engineer the masses' consent on a myriad of important issues. The author provides numerous examples of how social engineers have modified the public's perceptions and attitudes about America's founders, slavery, financial markets, dating and mating customs, self-perception, and a laundry list of other

matters people have no idea were socially engineered. The reader will become expert on the character of the men who work in the shadows whose sole reason for living is to control others in service to accumulating wealth and power, of which, they never, ever, have enough. The reader is provided a step-by-step program that promises to strip away shadow men's brainwashing of them and return the reader to his natural state of freedom and happiness.

Shadow Men

Animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades, but not until 1937 did a major studio venture into animated features when Walt Disney produced *Snow White and the Seven Dwarfs*. Of the hundreds of animated feature films made since, many have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In *100 Greatest American and British Animated Films*, Thomas S. Hischak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s—from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information production history critical reaction commentary on the film's cinematic quality a discussion of the film's influence voice casts production credits songs sequels, spin-offs, Broadway versions, and television adaptations awards and nominations Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since. Familiar favorites and lesser-known gems are included, making the book a fascinating journey for both the avid animation fan and the everyday moviegoer. With a sweeping look at more than eight decades of movies, *100 Greatest American and British Animated Films* highlights some of the most treasured features of all time.

100 Greatest American and British Animated Films

Pryor Wright's ultra-conservative radio show has millions of devout fans who are sure that the slurs and wild accusations fired at the liberal left prove him a true patriot. But when his venomous rantings catch Maren Garritty's twin brother in the crossfire, the struggling actress pursues her own style of justice and enlists a troupe of fellow unemployed actors to teach Wright just how powerful words can be.

The Rape of the Lock

In his vividly written debut novel, Foley transports readers to a forgotten corner of the American frontier at the height of the Civil War. Set against the backdrop of the majestic and foreboding Montana Rockies, the untamed gold mining towns of Bannack and Virginia City are the settings for a deadly clash of wills.

Wright for America

A classic study of fifteen crucial years in the formation of the modern world *The Birth of the Modern* has established itself as a new kind of historical work - an examination of the way the matrix of the modern world was formed. Paul Johnson, one of today's most popular historians, takes fifteen critical years and subjects them to a fascinatingly detailed analysis: their geopolitics and politics, their cultural and intellectual life, their technology and science. He investigates every area of life, in every corner of the world. And he makes of this huge variety of elements a coherent narrative, told through the lives and actual words of the age's people - outstanding and ordinary - so that the reader feels he was there.

Where Law Ends

Organized crime has played a significant social role in cultures all over the world. This is the first book to establish a timeline of global organized criminal activity, which spans eight millennia. Entries are arranged chronologically and represent many facets of the criminal underground, including the birth of major players in crime as well as law enforcement officials, the discovery or invention of drugs and weapons, the creation of law enforcement agencies, and the passage of statutes relevant to the control of criminal activity. A broadly useful examination of organized crime, this book encompasses all nations, races, religions and political philosophies.

Cuba and His Teddy Bear

As the first volume of a multi-volume set, this short collection of essays, entitled *Edifying Justice: A Wellspring of Healing*, describes the changes by which the Criminal Judicial System might serve the whole scope of justice effectively. With the Criminal Judicial System as its object of change, this collection of essays explores the logic and historical precedents behind the idea of complementing the Criminal Judicial System with a counter-balancing judicial arm. It explains why the current judicial arm, though suitable to the task of investigating crime and dispensing punishment, is hardly suitable to the task of investigating civilness and dispensing reward nor to the task of adjudicating a certain category of offenses. While intended for a general audience, this collection of essays figuratively places readers in the role of jurists and legislators who are tasked to transform the abstract concept of a balanced, two-armed Criminal Judicial System into concrete action. Given how distant is the completion of that epic task, the essays more immediate aim is to persuade readers to value the full scope of justice and to prize the fairer half.

Captivity Tales

In these masterful essays drawn from his New York Times bestsellers *A History of the American People* and *Heroes*, one of the world's most renowned and respected historians explores what is arguably the most important chapter in the annals of America: the Civil War. Enlivened with the author's trademark scholarship, verve, and intelligence, this vivid, concise history revisits the conflict that tore a nation asunder and provides portraits of the people who played essential roles in the bloody drama. Johnson's *Civil War America* examines the factors that led to the devastating rift in the years before the fighting—and recounts the troubled healing a wounded nation underwent in the years after the final shot was fired.

The Birth Of The Modern

A magnet for bullies at school, Jon Finkel grew up heckled and hazed until he discovered the trading-card game *Magic: The Gathering*. As *Magic* exploded from nerdy obsession into the mainstream, the teenage Finkel emerged as its first world champion. The young shark - now known to his friends and rivals as Jonny Magic - moved on to storm poker rooms, from the underground clubs of New York City to high-stakes tables online, until he landed on the largest card counting blackjack team in the country, taking Vegas for millions and becoming one of the biggest players in town. Finally, they took on the biggest game of all - the World Series of Poker...
