The Kieso, Weygandt, Warfield, Young, Wiecek, McConomy: Intermediate Accounting text has an outstanding reputation as "THE" text for intermediate accounting and is viewed as a reliable resource by accounting students, faculty, and professionals. After listening carefully to instructors and students alike, and after having built on what we have learned over ten successful editions and more than

30 years of being the market leader, we are confident that the eleventh edition will continue to meet the needs of instructors and students. With the merging of CMA/CA/CGA into the CPA, instructors want materials that link to the competencies that are outlined by the CPA. Kieso has done this and has adapted many questions to prepare students for the CPA designation. This, along with the integration of the International Accounting Standards and their comparison with Accounting Standards for Private Enterprises enhances the main goal of the book, "to help students understand, prepare and use financial information by linking education with the 'real-world' accounting environment". Our industry-experienced and leading-edge author expertise in the field of IFRS, combined with an update of the text's technical content ensures that accounting faculty and students can continue to rely on Intermediate Accounting.

2014 FASB Update Intermediate Accounting 15e, Volume 2

Essential knowledge of International Financial Reporting Standards for students of global accounting This important work provides the tools global accounting students need to understand international financial reporting standards (IFRS) and how they are applied in practice. This text emphasizes fair value, proper accounting for financial instruments, and new developments in international accounting. By presenting IFRS in light of current accounting practice, this book helps students gain practical knowledge of the topic that they can apply as they advance into their global accounting careers. With this revised and updated Fourth Edition, students will develop a firm conceptual understanding of IFRS, as well as the ability to integrate their learning through practical exercises. Throughout this text, Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, discussing the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting IFRS includes proven pedagogical tools designed to help students learn more effectively. Comprehensively covers the latest International Financial Reporting Standards and how they are applied in practice Takes a comparative approach to help students understand the differences between IFRS, U.S. GAAP, and other important standards Emphasizes practical application of knowledge with end-of-chapter Review and Practice sections Provides authoritative references and citations to ensure content reliability and provide opportunities for further study Includes access to video walkthroughs, interactive content, and digital resources to support student engagement and ensure positive learning outcomes As IFRS gains broad acceptance around the world, students of global accounting will need to be intimately familiar with these standards, and prepared to keep up with the rapid changes in the international environment. Intermediate Accounting IFRS answers to these pressing needs, making it the clear choice for accounting courses at the intermediate level.

Problem Solving Survival Guide to accompany Intermediate Accounting, Volume 2

Intermediate Accounting, 13th Canadian Edition has always been, and continues to be, the gold standard that helps connect students to the what, the why, and the how of accounting information. Through new edition updates, you will be able to spark efficient and effective learning and inspire and prepare students to be the accounting professionals of tomorrow. To help develop a deeper understanding of course concepts and move beyond basic understanding, students work through a high-quality assessment at varying levels, helping them learn more efficiently and create connections between topics and real-world application. This course also presents an emphasis on decision-making through Integrated Cases and Research and Analysis questions that allow students to analyze business transactions, apply both IFRS and ASPE, and explore how different accounting standards impact real companies. Throughout the course, students also work through a variety of hands-on activities including Data Analytics Problems, Analytics in Action features, Excel templates, and a new emphasis on sustainability, all within the chapter context. These applications help students develop an accounting decision-making mindset and improve the professional judgement and communication skills needed to be successful in the evolving accounting world.
