2018 and 2019's No. 1 Best-selling Amigurumi Book in the U.S.! Explore Amigurumi, the Japanese art of crochet design, with 30 unique and darling patterns. Whether a novice or an experienced crocheter, anyone can pick up a needle and complete these cuddly creations. Author and amigurumi guru Lauren Espy inspires crocheters with her easy-to-follow patterns, pictures, and helpful instructions. Lauren always takes the patterns one step at a time to ensure that your finished product is as cute as the creation on the page! In Whimsical Stitches: A Modern Makers Book of Amigurumi Crochet Patterns, amigurumi is explored through 30 simple, fanciful patterns in a variety of themes, including: • In the Garden • At the Aquarium • Down on the Farm • At the Bakery Brighten a room with flowers that won't wilt, bring cheer to your table with colorful fruits that won't attract flies, and add cuddly friends to a baby's collection of favorite toys.

Whimsical Stitches

For 10 seasons, the classic sitcom FRIENDS™ followed the lives of six friends living in Manhattan in the 1990s and early 2000s. Now, fans both old and new can celebrate their love for the show and their own friendships with this one-of-a-kind, spiral-bound recipe journal. This recipe journal provides pages to collect all of the tastiest creations from the kitchens of your friends and includes a journaling component on each recipe page to record things like how you met your friend, a particular time you spent together, and what is special about the recipe you collected. This recipe journal is full of bonus features to make it a special keepsake of your favorite recipes and friendships. Divided into six easy-to-use sections—Breakfast & Breads, Soups & Salads, Appetizers, Starters, Mains, and Dessert & Drinks—each tabbed divider page offers a bonus, starter recipe from the officially licensed Friends™: The Official Cookbook, plus a pocket to store additional recipe clippings, notes, photos, or mementos of your experiences with your friends. Within each section is space to record 19 different recipes, so that you can collect more than 100 recipes from your friends. It features a recipe quick-guide reference page at the start of each section to record and reference the recipes you've collected. Plus, scattered

throughout each section are quotes from the Friends™ television series, celebrating some of the most classic and hysterical exchanges between Rachel, Monica, Ross, Joey, Chandler, and Phoebe. Finally, a useful kitchen measurement guide is also included for your most common measurement conversion needs. More than just a place to store recipes, this journal is a treasured keepsake of friendship. It makes a wonderful birthday, bridal shower, or holiday gift for an engaging activity of sharing recipes and memories among friends. Includes: 6 sections—Breakfast & Breads, Soups & Salads, Appetizers, Starters, Mains, and Dessert & Drinks 6 tabbed divider pages with storage pocket 6 recipes from Friends™: The Official Cookbook 114 recipe pages Useful kitchen measurement guide

Family Cook Book

So, pick up a hook and have fun playing with your food!

Friends: The Official Recipe Journal

A cynical doctor. A nurse with a secret. How far would you go for the person you loved? James Cristo loves his role as a doctor working with the Royal Flying Doctor Service. Based in the isolated outback town of Alice Springs, his job is demanding, every call is another fight to save the life of a stranger. Betrayed by his ex-fiancé, he is cynical of relationships, vowing to never risk his heart again. Meghan Richards is a compassionate and talented nurse working on the children's ward. Trapped by her past mistakes, she harbours a secret which has condemned her to a lifetime of singledom. James and Meghan begin a casual romance, ultimately leading them to question everything they thought they wanted. When James's old flame appears, and Meghan's devastating secret is revealed, he makes the ultimate declaration to win back the woman he loves.

Crochet Cafe

Do you love plants? Do you love crafting? Would you like to dye your own fabric, yarn or clothing? Learn the relaxing art of botanical dyeing with natural dyer, Rebecca Desnos. Connect with nature and open your eyes to the colour potential of plants. Discover how to: produce a wide palette of colours, including pink from avocados, yellow from pomegranates and coral from eucalyptus leaves; extract dye from just about any plant from the kitchen, garden or wild; use the ancient method of soya milk mordanting to achieve rich and long-lasting colour on plant fibres, such as cotton and linen; produce reliable colours that withstand washing and exposure to light.

Fling With The Flying Doctor

Five years ago, Kyle let Holly walk out of their home, and out of his life. Now she's back, with a son in tow! Can Kyle prove to Holly that he is worthy of a second chance, and give them all the Christmas they deserve? This sweet Christmas novella from bestselling author Kathleen Ryder reminds us that love is in the everyday small things, if we only open our hearts to the possibility, as we celebrate the magic and romance of Christmas.

Botanical Colour at Your Fingertips

My Book Kit

This new Edition of Electronic Commerce is a complete update of the leading graduate level/advanced undergraduate level textbook on the subject. Electronic commerce (EC) describes the manner in which transactions take place over electronic networks, mostly the Internet. It is the process of electronically buying and selling goods, services, and information. Certain EC applications, such as buying and selling stocks and airline tickets online, are reaching maturity, some even exceeding non-Internet trades. However, EC is not just about buying and selling; it also is about electronically communicating, collaborating, and discovering information. It is about e-learning, e-government, social networks, and much more. EC is having an impact on a significant portion of the world, affecting businesses, professions, trade, and of course, people. The most important developments in EC since 2014 are the continuous phenomenal growth of social networks, especially Facebook, LinkedIn and Instagram, and the trend toward conducting EC with mobile devices. Other major developments are the expansion of EC globally, especially in China where you can find the world's largest EC company. Much attention is lately being given to smart commerce and the use of AI-based analytics and big data to enhance the field. Finally, some emerging EC business models are changing industries (e.g., the shared economy models of Uber and Airbnb). The 2018 (9th) edition, brings forth the latest trends in e-commerce, including smart commerce, social commerce, social collaboration, shared economy, innovations, and mobility.

A Journey in Search of Christmas

Live a bright, fun, rainbow-filled life with Kawaii! The Japanese word Kawaii means lovable or adorable. Welcoming a little kawaii into your life is like opening the window and letting a sparkling sunbeam in. Whenever you feel a little low turn to this squishy, padded-covered book. Find fun ideas to: make a cosy kawaii home; playful, confidence boosting styling and beauty tips; and recipes that will make your smile. Escape into the magical world of kawaii...

Electronic Commerce 2018

This book provides specialists and executives with a clear, yet practical set of recommendations to meet the challenges of digital transformation and ensure long-term success as a leader in a primarily digital business world. The authors describe the fundamental principles of digitization and its economic opportunities and risks, integrating them into a framework of classic and new management methods. The book also explores how increasing digitization – not only of communication, but of complete value chains – has led to a need to establish a digital business leadership. Digitization is changing people and markets: it causes the upheaval of entire industries, creates new digital-centric companies, and forces established companies to cope with the transformation activities associated with these digitization processes. New approaches and methods have to be learned, tried and tested patterns of thinking have to be explored, and last but not least, innovation activities have to be understood as continuous necessities. At the same time, digital business offers considerable opportunities for renewing competitive advantages, improving existing process structures and realigning products, services and business models.

Marigold Garden

Presents step-by-step instructions for crocheting miniature versions of friends and celebrities and includes tips on creating facial features, hairstyles, and removable clothes and accessories.

Digital Business Leadership

"Beautiful designs . . . children will love the whimsical results." —Publishers Weekly Learn to make an adorable collection of knitted animal toys with these new patterns by the author of *My Knitted Doll*, Louise Crowther. Louise brings her unique style of coordinated knitwear with cute colorwork details to this new collection of toy animal knitting patterns. There are a total of twelve knitted animals—each with their own unique personality and style. The animals all have the same basic body, with a few color variations and tail additions, so the clothes can be mixed and matched between them to create endless outfit possibilities. Choose your favorite animals and outfits and have fun making the perfect gift for friends and family.

AmiguruME

This book offers a direct, actionable plan CMOs can use to map out initiatives that are properly sequenced and designed for success—regardless of where their marketing organization is in the process. The authors pose the following critical questions to marketers: (1) How should modern marketers be thinking about artificial intelligence and machine learning? and (2) How should marketers be developing a strategy and plan to implement AI into their marketing toolkit? The opening chapters provide marketing leaders with an overview of what exactly AI is and how is it different than traditional computer science approaches. Venkatesan and Lecinski, then, propose a best-practice, five-stage framework for implementing what they term the "AI Marketing Canvas." Their approach is based on research and interviews they conducted with leading marketers, and offers many tangible examples of what brands are doing at each stage of the AI Marketing Canvas. By way of guidance, Venkatesan and Lecinski provide examples of brands—including Google, Lyft, Ancestry.com, and Coca-Cola—that have successfully woven AI into their marketing strategies. The book concludes with a discussion of important implications for marketing leaders—for your team and culture.

Science Crochet: Building the Retina

"A fabulous book! . . . If you enjoy tiny, detailed projects that allow for lots of creativity and personal handiwork, I cannot recommend this book enough!" —Feeling Stitchy Salley Mavor's book *Felt Wee Folk* inspired tens of thousands to handcraft dolls from simple materials. Now, she invites you to return to the wee world with *Felt Wee Folk—New Adventures*, starring 120 dolls to spark smiles and creativity. As requested by fans, this long-awaited follow-up shares more challenging projects. Explore fresh scenes and an array of new outfits, hairstyles, and accessories, with full-sized patterns. Make bendable dolls that resemble you, your family, or your favorite fairy-tale characters with wool felt, chenille stems, and decorative stitching. Display the figures in a dollhouse, atop a wedding cake, or in a holiday scene to be cherished year after year. From the pages of Mavor's award-winning children's books to your home, the enchanting wee folk dolls appeal to crafters of all ages and skill levels. More dolls, more scenes, and more outfits Use your stash—wool felt, chenille stems, and simple embellishments Delightful, challenging projects, as requested by fans *Felt Wee Folk* was a Foreword Reviews' GOLD WINNER for Crafts & Hobbies "While the original book included projects beyond Wee Folk dolls, the new volume focuses on the dolls themselves. Fairies and families, kings and knights, and even some not-too-scary pirates all grace the pages of the book, beckoning readers to at least admire, if not try to create, Wee Folk of their own." —The Enterprise (Cape Cod)

Knitted Animal Friends

Take time out to be creative and de-stress with these colorful, fun embroidery projects from Hello! Hooray! Ranging from things you could complete in an afternoon to others that you can take your time over, enjoy every step of the making process as you focus on feeling good through being creative. The finished makes will bring color and joy to your home, workspace and wardrobe. The projects in this book allow you to craft your creative time by selecting makes according to timescale. Choose one of the 'crafternoon makes' if you want that sense of joy at finishing something, a 'medium makes' project for the days where you have a little more time for crafting, or for something to really take your time over you could stitch one of the longer 'pick me up' projects. Each project includes step-by-step instructions,

beautiful photos and inspirational ideas for how to make each project your own. So take time to be creative with this colorful, feel-good craft book!

The AI Marketing Canvas

Percy Keese Fitzhugh's "Pee-Wee Harris" introduces readers to the adventures of the young and spirited protagonist, Pee-Wee Harris. The narrative follows Pee-Wee's escapades, misadventures, and his remarkable ability to find excitement and fun in everyday life. Set against the backdrop of Pee-Wee's world, the story unfolds with themes of friendship, curiosity, and the boundless energy of youth. Through Pee-Wee's interactions with his friends, his creative ideas, and his ability to turn ordinary situations into extraordinary adventures, readers are immersed in a lighthearted and engaging tale. The novella delves into themes of imagination, camaraderie, and the joy of embracing life's moments. As Pee-Wee and his friends embark on various escapades, they embody the qualities of enthusiasm and a willingness to embrace the unexpected. "Pee-Wee Harris" captures the essence of childhood curiosity and the magic of seeing the world through young eyes. Percy Keese Fitzhugh's storytelling invites readers to join Pee-Wee on his delightful and sometimes comical journey, celebrating the exuberance of youth and the simple pleasures of friendship and adventure.

Felt Wee Folk: New Adventures

Block Print Magic is an essential guide to the techniques of linoleum block printing, with step-by-step images and a gallery of finished works for inspiration and visual demonstration. Block Print Magic is the perfect reference for a wide range of printmaking enthusiasts. The easy-to-follow illustrated instruction takes printmakers through every step of the process, beginning with choosing and caring for tools and setting up a studio, through design essentials, carving techniques, and printing techniques. Those techniques include multi-block printing, reduction cuts, puzzle blocks, and rainbow-roll printing. Advanced carving techniques for creating textures, crosshatching, and three-dimensional shading will give more experienced printers the opportunity to expand and strengthen their expertise. Along with author Emily Howard's own work, the book's gallery includes interviews with and examples of work by five other contemporary artists as a means of clarifying how each technique can be used in different ways. Block Print Magic is a must-have addition to any printmaker's bookshelf.

Colourful Fun Embroidery

This book is a delight to the enthusiastic fiber crowd that is growing by leaps and bounds. It captures all the excitement of experimental, handspun yarns, and includes recipes for handspun yarns, project ideas for knitters and crocheters, tips on how to use one-of-a-kind handspun yarns (whether you spin them or buy them at yarn boutiques), and a gallery of handmade creations. The book also features profiles, anecdotes, essays, and thoughts on fiber arts and the creative process. Contributors range from Alpaca farmers and cutting-edge spinners to well-known knitwear designers.

Pee-Wee Harris

Some companies think that adopting devops means bringing in specialists or a host of new tools. With this practical guide, you'll learn why devops is a professional and cultural movement that calls for change from inside your organization. Authors Ryn Daniels and Jennifer Davis provide several approaches for improving collaboration within teams, creating affinity among teams, promoting efficient tool usage in your company, and scaling up what works throughout your organization's inflection points. Devops stresses iterative efforts to break down information silos, monitor relationships, and repair misunderstandings that arise between and within teams in your organization. By applying the actionable strategies in this book, you can make sustainable changes in your environment regardless of your level within your organization. Explore the foundations of devops and learn the four pillars of effective devops Encourage collaboration to help individuals work together and build durable and long-lasting relationships Create affinity among teams while balancing differing goals or metrics Accelerate cultural direction by selecting tools and workflows that complement your organization Troubleshoot common problems and misunderstandings that can arise throughout the organizational lifecycle Learn from case studies from organizations and individuals to help inform your own devops journey

Block Print Magic

Each addictive project will have you reluctant to put down the crochet hook, and the impressive variety of patterns means you won't have to.

Nonni's Moon

The Predictive Retailer is a retail company that utilizes the latest technological developments to deliver an exceptional personalized experience to each and every customer. Today, technology such as AI, Machine Learning, Augmented Reality, IoT, Real-time stream processing, social media, and wearables are altering the Customer Experience (CX) landscape and retailers need to jump aboard this fast moving technology or run the risk of being left out in the cold. The Predictive Retailer reveals how these and other technologies can help shape the customer journey. The book details how the five types of analytics--descriptive, diagnostic, predictive, prescriptive, and edge analytics--affect not only the customer journey, but also just about every operating function of the retailer. An IoT connected retailer can make its operations smart. Connected devices can help with inventory optimization, supply chain management, labor management, waste management, as well as keep the retailer's data centers green and its energy use smart. Social media is no longer a vanity platform, but rather it is a place to both connect with current customers as well as court new ones. It is also a powerful branding channel that can be utilized to both understand a retailer's position in the market, as well as a place to benchmark its position against its competitors. Today, technology moves at break-neck speed and it can offer the potential of anticipatory capabilities, but it also comes with a confusing variety of technological terms--Big Data, Cognitive Computing, CX, Data Lakes, Hadoop, Kafka, Personalization, Spark, etc., etc. The Predictive Retailer will help make sense of it all, so that a retail executive can cut through the confusing technological jargon and understand why a Spark-based real-time stream processing data stream might be preferable to a TIBCO Streambase one, or an IBM Streaming Analytics one. This book will help retail executives break through the technological clutter so that they can deliver an unrivaled customer experience to each and every patron that comes through their doors.

The Harvard Business Review Entrepreneur's Handbook

Jane Austen's Emma is her masterpiece, mixing the sparkle of her early books with a deep sensibility. Observer Emma is young, rich and independent. She has decided not to get married and instead spends her time organising her acquaintances' love affairs. Her plans for the matrimonial success of her new friend Harriet, however, lead her into complications that ultimately test her own detachment from the world of romance. WITH AN INTRODUCTION BY ANDREW MOTION VINTAGE CLASSICS AUSTEN SERIES - all six of Jane Austen's major novels, beautifully designed and introduced by our finest contemporary writers.

Emma (Vintage Classics Austen Series)

This Element looks at contemporary authorship via three key authorial roles: indie publisher, hybrid author, and fanfiction writer. The twenty-first century's digital and networked media allows writers to disintermediate the established structures of royalty publishing, and to distribute their work directly to - and often in collaboration with - their readers. This demotic author, one who is 'of the people', often works in genres considered 'popular' or 'derivative'. The demotic author eschews the top-down communication flow of author > text > reader, in favor of publishing platforms that generate attention capital, such as blogs, fanfiction communities, and social media.

The Mushroom Book

If a country wants to remain economically vibrant, it needs to manufacture things. In recent years, however, many nations have become obsessed with making money out of selling services, leaving the real business of manufacturing to others. Makers is about how all that is being reversed. Over the past ten years, the internet has democratised publishing, broadcasting and communications, leading to a massive increase in the range of participation in everything digital - the world of bits. Now the same is happening to manufacturing - the world of things. Chris Anderson, bestselling author of *The Long Tail*, explains how this is happening: how such technologies as 3D printing and electronics assembly are becoming available to everybody, and how people are building successful businesses as a result. Whereas once every aspiring entrepreneur needed the support of a major manufacturer, now anybody with a smart idea and a little expertise can make their ideas a reality. Just as Google, Facebook and others have created highly successful companies in the virtual world, so these new inventors and manufacturers are assuming positions of ever greater importance in the real world. The next industrial revolution is on its way.

Color
