The Jungle Book

Originally published as part of Kipling's famous The Jungle Book, the story of Rikki Tikki Tavi, the little mongoose rescued by a family when he was half-drowned in a storm, has been an enduring favourite with young and old for more than half a century. Rikki, of course, grows to become a family pet and repays the kindness of his rescuers by defending them from the evil cobras that lurk in their garden. Like Kipling's other magical tales from India, Rikki Tikki Tavi has inspired Robert Ingpen to achieve some of his most amazing depictions of wildlife. Rikki and the other creatures are brought to life as never before although, as Robert says 'I have tried to tread as lightly as I can with my images and hope I have left enough space for the reader to continue to make the adventure that Kipling created during his time in India.' This new edition of Kipling's classic story includes many new illustrations by Robert Ingpen created especially for this book.

The Jungle Book: Rikki-Tikki-Tavi

Parents left a little boy on the hunt, escaping from the tiger Shere Khan, and he gets into the family of wolves. His teacher is the bear Baloo, and his friends and protectors is black panther Bagheera and Kaa. Kipling colorfully describes the amazing adventures of grown up Mowgli - his captivity of monkeys, the battle with red dogs and many others. Famous stories of The Jungle Book Rudyard Kipling: Mowgli's Brothers, Kaa's Hunting, Tiger! Tiger!, The White Seal, Rikki-Tikki-Tavi, Toomai of the Elephants, Her Majesty's Servants.

The books also include the beloved tale of the mongoose "Rikki-tikki-tavi," "The White Seal," and many more. These stories helped confirm Rudyard Kipling as one of the greatest children's authors of any era, as well as one of the greatest writers and poets in the English language.

The Jungle Books (Illustrated)

A beautiful collection of stories set in India by Rudyard Kipling Nobel Laureate Rudyard Kipling drew on his experiences growing up in British India to write this collection of fables. First published as a book in 1894, the stories of Mowgli, who was raised by wolves in the jungle, and Rikki Tikki Tavi, a wild mongoose that devoted himself to a human family, have been adapted several times to film, television, and other media. This edition features beautiful color illustrations throughout the book. It is a welcome addition to any home library and is sure to become a treasured title.

The Jungle Book

The Jungle Book (1894) is a collection of stories by English author Rudyard Kipling. The stories were first published in magazines in 1893-94. The original publications contain illustrations, some by Rudyard's father, John Lockwood Kipling. Kipling was born in India and spent the first six years of his childhood there. After about ten years in England, he went back to India and worked there for about six-and-a-half years. These stories were written when Kipling lived in Vermont. There is evidence that it was written for his daughter Josephine, who died in 1899 aged six, after a rare first edition of the book with a poignant handwritten note by the author to his young daughter was discovered at the National

Trust's Wimpole Hall in Cambridgeshire in 2010. The tales in the book (and also those in *The Second Jungle Book* which followed in 1895, and which includes five further stories about Mowgli) are fables, using animals in an anthropomorphic manner to give moral lessons. The verses of *The Law of the Jungle*, for example, lay down rules for the safety of individuals, families and communities. Kipling put in them nearly everything he knew or "heard or dreamed about the Indian jungle." Other readers have interpreted the work as allegories of the politics and society of the time. The best-known of them are the three stories revolving around the adventures of an abandoned "man cub" Mowgli who is raised by wolves in the Indian jungle. The most famous of the other stories are probably "Rikki-Tikki-Tavi"

The Jungle Book by Rudyard Kipling

First published serially between 1893 and 1894, "The Jungle Book" is Rudyard Kipling's classic collection of jungle tales in which we first meet Mowgli, a child lost in the jungles of India and raised by a pack of wolves. To survive in the jungle Mowgli must learn from the animals to abide by the laws of the jungle. A cast of interesting creatures surround Mowgli, including Baloo the bear and Bagheera the black panther, who help the young man to survive, and the tiger Shere Khan, who is envious of Mowgli and wishes his demise. Also contained in this collection are the stories of Kotick, a white seal in search of a new home for his tribe where they will not be hunted, and Rikki-Tikki-Tavi, a mongoose who defends an Indian family against a pair of cobras. Several other tales of the jungle grace this collection which is interspersed with beautiful poetry relating to the stories. One of the most popular collections of short stories for children ever written, "The Jungle Book" was inspired by Kipling's own experiences as a youth in India, where he would spend many of his formative years. This edition includes illustrations by John L. Kipling, William H. Drake, and Paul Frenzeny.

The Jungle Book (Illustrated by John L. Kipling, William H. Drake, and Paul Frenzeny).

A warm and fun retelling of Rudyard Kipling's much-loved 'Jungle Book'; from Mowgli's first arrival in the jungle and his acceptance into the wolf pack, to his defeat of the terrible tiger Shere Khan. Illustrations: Full colour throughout

The Jungle Book

The Jungle Book by Rudyard Kipling is an adventure story about a man-cub named Mowgli. Mowgli is hunted by an evil tiger named Shere Khan. Mowgli tries to live a peaceful life with other humans, but is too wild for them and too human for the wolves. Eventually Mowgli finds a home in the jungle with a pack of his own.

The Jungle Book

'Rundell's interpretation is glorious.' Kiran Millwood Hargrave *Into the Jungle* is a modern classic in the making, as Katherine Rundell creates charming and compelling origin stories for all Kipling's best-loved characters, from Baloo and Shere Khan to Kaa and Bagheera. As Mowgli travels through the Indian jungle, this brilliantly visual tale, which weaves each short story together into a wider whole, will make readers both laugh and cry. Rudyard Kipling's *The Jungle Book*, first published by Macmillan in 1894, is one of the most enduring books of children's literature, delighting generations of children. Katherine Rundell has taken this as the basis of her new and enchanting tale, sharing the early years of favourite characters and informing the creatures they become in Kipling's classic, with stories about family and friendship, loyalty and jungle law, and a final battle which will decide the future of the forest. A gorgeously produced paperback with a foiled cover and colour illustrations throughout by creative genius Kristjana S Williams, this is truly a book for all the family to treasure and share.

Into the Jungle

A nice edition with 60 illustrations from various artists. *The Jungle Book* (1894) is a collection of stories by the English author Rudyard Kipling. Most of the characters are animals such as Shere Khan the tiger and Baloo the bear, though a principal character is the boy or "man-cub" Mowgli, who is raised in the jungle by wolves. The stories are set in a forest in India; one place mentioned repeatedly is "Seonee" in the central state of Madhya Pradesh. A major theme in the book is abandonment followed by fostering, as in the life of Mowgli, echoing Kipling's own childhood.

The Jungle Books

The Jungle Book (1894) is a compilation of short stories by Rudyard Kipling, an English writer. The movie focuses on animals like Shere Khan the tiger and Baloo the bear, although Mowgli, the boy who's surrounded by wolves, is the main character. Here is the complete text of the novel with the followings annotations:
*Biographical Information: Kipling's works of fiction are the Jungle Book duology (The Jungle Book, 1894; The next Jungle Book, 1895), Kim (1901), the Just so Stories (1902) and lots of short stories, including "The Man Who'd Be King" (1888). They teach respect for authority, obedience, and knowing one's place in society with "the law of the jungle," but the stories also illustrate the freedom to move between different worlds, such as when Mowgli moves between the jungle and the village. Critics have also noted the essential wildness and lawless energies in the stories, reflecting the irresponsible side of human nature.

Once Upon a Story: The Jungle Book

Out of the morning mist a vast ocean of leaves appears. What lies beneath--the varied and teeming life of animals and plants--is vividly portrayed through the cycle of day and night in the jungle world. Considered Helen Borten's masterpiece, The Jungle was inspired by a trip to Guatemala in 1967, when few others were going there--let alone a woman--to seek out images and stories to share with children back in the US.

The Jungle

The wild adventures of Mowgli in Rudyard Kipling's The Jungle Book are well-loved, timeless tales of growing up and finding a place in the world. First Stories: The Jungle Book is a perfect introduction for young children to this classic story and its host of animal characters. Push, pull and slide mechanisms to bring the story to life and see favourite scenes in action. Mowgli, Baloo, Bagheera and of course the fearsome tiger Shere Khan are all beautifully imagined by Miriam Bos in her bold, appealing illustrations. Little ones can collect more books in the First Stories series, including Jack and the Beanstalk, Hansel and Gretel, and Puss in Boots.

The Jungle Book

The animal friends of the boy raised by wolves escort him out of the jungle to keep him safe from the tiger who seeks to kill him.

Walt Disney's the Jungle Book

The Second Jungle Book is a sequel to The Jungle Book by Rudyard Kipling. First published in 1895, it features five stories about Mowgli and three unrelated stories, all but one set in India, most of which Kipling wrote while living in Vermont. All of the stories were previously published in magazines in 1894-5, often under different titles. The original book is now worth \$3.4 million. The 1994 film The Jungle Book used this book as a source. Each story is followed by a related poem.

The Second Jungle Book

Rudyard Kipling's "The Jungle Book" is a childhood classic that has seen many adaptations since it was first published. This is the original 1894 edition that started it all. It includes the original illustrations which introduced the imagination of Kipling to a generation of readers. While many know Mowgli and Baloo and other beloved favorites from the movies, many parents will enjoy presenting the original tale to their children almost exactly the way young people enjoyed it from the beginning. In fact, this original edition also includes illustrations that were drawn by Rudyard Kipling's own father. This 1894 reprint edition will be a family heirloom for generations to come.

When it was published in serial form in 1905, it was a full third longer than the censored, commercial edition published in book form the following year. That expurgated commercial edition edited out much of the ethnic flavor of the original, as well as some of the goriest descriptions of the meat-packing industry and much of Sinclair's most pointed social and political commentary.

Unabridged (100% Original content) Font adjustments & biography included Illustrated About The Jungle Book - Complete Edition By Rudyard Kipling The Jungle Book - Complete Edition is a collection of stories by English author

Rudyard Kipling. The stories were first published in magazines in 1893-94. The original publications contain illustrations, some by Rudyard's father, John Lockwood Kipling. Kipling was born in India and spent the first six years of his childhood there. After about ten years in England, he went back to India and worked there for about six-and-a-half years. These stories were written when Kipling lived in Vermont. There is evidence that it was written for his daughter Josephine, who died in 1899 aged six, after a rare first edition of the book with a poignant handwritten note by the author to his young daughter was discovered at the National Trust's Wimpole Hall in Cambridgeshire in 2010.

The Jungle Book (Complete Edition)

A TRULY WILD ADVENTURE! Twelve-year-old Evie has a talent. She can HEAR what animals are thinking and she can TALK to them with her mind. When Evie goes on a trip to the Amazon rainforest, her powers are put to the test. She makes friends with pink river dolphins, must save an injured sloth, and discovers the secret life of a jaguar. Soon she sees that the jungle is in serious and deadly danger, and comes up with a rather risky plan to help save it . . . A brilliant new story from bestselling author Matt Haig, featuring Evie from *Evie and the Animals* and with illustrations by the award-winning Emily Gravett.

Evie in the Jungle

YOUNG MOWGLI LOVES growing up in the jungle with his animal friends. But what happens when he is told that he must go live in the Man-village? Find out in this Little Golden Book retelling of the classic Disney movie *The Jungle Book*.

The Jungle Book (Disney The Jungle Book)

A compelling graphic novel adaptation of Upton Sinclair's seminal protest novel that brings to life the harsh conditions and exploited existences of immigrants in Chicago's meatpacking industry in the early twentieth century. Long acclaimed around the world, Upton Sinclair's 1906 muckraking novel *The Jungle* remains a powerful book even today. Not many works of literature can boast that their publication brought about actual social and labor change, but that's just what *The Jungle* did, as it led to the passage of the Pure Food and Drug Act of 1906. In today's society, where labor and safety of the food we eat remain key concerns for all, Sinclair's shocking story still resonates. Bringing new life and energy to this classic work, adapter and illustrator Kristina Gehrman takes Sinclair's prose and transforms it through pen and ink, allowing you to discover (or rediscover) this book and see it from a whole new perspective.

Synopsis coming soon.....

The Jungle Book

The *Art of The Jungle Book* provides an in-depth look at Disney's latest film. Dazzling concept art, behind-the-scenes photography, CG designs, and more come together to highlight the visual spectacle of the film. Delving into the film's interpretation of iconic *Jungle Book* elements, from beloved characters such as Baloo to the jungle itself, the book lavishly illustrates the magic behind the art of the film.

Art of the Jungle Book

Rudyard Kipling's classic story of Mowgli, a boy brought up by the jungle animals, retold and highly illustrated to captivate younger readers.

The Jungle Book

Since its inception in 1894, *The Jungle Book* has enchanted readers-both young and old-with its invaluable moral lessons. By bestowing the animals in the stories with human traits, famed writer Rudyard Kipling gives readers timeless parables that teach family values and the importance of community. The most popular of these tales center on Mowgli, a young boy who lives in the jungle amongst a community of animals. All before reaching his teenage years, he is brought up by wolves, trained by a bear, kidnapped by monkeys, and much more. This collection also features other classic stories, most notably "Rikki Tikki Tavi," a story of a young mongoose named "Rikki" who serves as a

protector from dangerous cobras for a British family residing in India. In this masterful tale, the young mongoose is forced into a ferocious battle with Nagaina, a large venomous cobra threatening Rikki's family and seeking revenge for the death of her counterpart, Nag. These stories, with their vibrant characters and important moral lessons, have stood the test of time, having been reprinted in hundreds of different versions and languages around the world. Featuring stunning illustrations, this version of Kipling's masterpiece is a beautiful edition sure to continue to educate and inspire readers for decades to come.

The Jungle Book (Illustrated Edition)

1894 (the first) edition With 15 color and 39 black and white illustrations "The Jungle Book" (1894) is a collection of stories by English author Rudyard Kipling. A principal character is the boy or "man-cub" Mowgli, who is raised in the jungle by wolves. Other characters include Shere Khan the tiger and Baloo the bear. The stories are fables, using animals in an anthropomorphic manner to give moral lessons. The verses of "The Law of the Jungle" lay down rules for the safety of individuals, families, and communities. Kipling put in them nearly everything he knew or "heard or dreamed about the Indian jungle". The book has been adapted many times for film and other media.

The Jungle Book

The main character in the book, Jurgis Rudkus, a Lithuanian immigrant, tries to make ends meet in Chicago. The book begins with his wife Ona and his wedding feast. He and his family live near the stockyards and meatpacking district where many immigrants, who do not know much English, work. He takes a job at Brown's slaughterhouse. Jurgis had thought the US would offer more freedom, but he finds working-conditions harsh. He and his young wife struggle to survive as they fall deeply into debt and become prey to con men. Hoping to buy a house, they exhaust their savings on the down payment for a substandard slum house, which they cannot afford. The family is eventually evicted after their money is taken.

The Jungle Book

Mowgli has lots of jungle friends--furry ones, scaly ones, and feathered ones. In this new title, young readers meet all the characters from the swinging Disney classic, "The Jungle Book."
