Sale of Goods

Clear, lucid, and extremely accessible, Problems and Materials on the Sale and Lease of Goods, Eighth Edition by Douglas J. Whaley and Stephen M. McJohn helps students understand black letter law and the statutory language of Articles 2, 2A, 5, and 7 in the Uniform Commercial Code and related federal statutes. A sensible, flexible organization follows the order of the UCC, and is adaptable to many teaching styles. Drawing on experience in both teaching and writing, the authors provide thorough and practical coverage using a popular problems approach. The text's effective format, manageable length, and inclusion of the most important cases make Problems and Materials on the Sale and Lease of Goods concise and efficient. New to the Eighth Edition: New cases in most chapters examining hot topics Expanded discussion of boilerplate clauses Review Questions added as a summary to each chapter Updates discussion of Restatement 3d changes to strict product liability standards Professors and students will benefit from: Concise, effective format—makes black letter law accessible and helps students understand statutory language in the Uniform Commercial Code Thorough and up-to-date coverage Sensible, flexible organization—follows the order of UCC Articles 2, 2A, 5, and 7 Adaptability to many teaching styles Popular problems approach—straightforward and practical problems, with interesting fact patterns, illustrate the relevant issues and their resolution and help to put the commercial sales statutes and regulations into context Distinguished authorship—draws on experience in both teaching and writing Manageable length and clear writing style Case selection—the most important cases are selected to illustrate the reactions of the courts to pressing issues

Commercial Law Casebook

Contract Law Concentrate is written and designed to help you succeed. Accurate and reliable, Concentrate guides help focus your revision and maximise your exam performance. Each guide includes

revision tips, advice on how to achieve extra marks, and a thorough and focused breakdown of the key topics and cases.

American Book Publishing Record

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Current Publications in Legal and Related Fields

Emphasizing the institutions and the mechanisms that participants use in the marketplace to conduct transactions, Daniel Keating's "Systems Approach" provides a functional perspective of Articles 2 and 2A of the Uniform Commercial Code in practice. Comprehensive, problem-based coverage encompasses the domestic sale of goods, real estate sales, leases, and international sales. Thoughtful problems for students incorporate insights from this distinguished author's interviews with leading figures in commerce as well as from actual sales forms and documents. News stories further illustrate, in real-world examples, how the system works in practice. Organized by Assignments, this engaging casebook lends flexibility in teaching and course design. New to the 7th Edition: The most significant revision ever. This edition has 15 new primary cases as well as 80 new problems at the end of the 28 assignments. The addition of 40 new formative assessment questions and explanations bring the total assessment questions for the book to more than 100. Updates to the Teacher's Manual, with nearly 350 helpful pages including syllabus suggestions, in-depth answers to each problem, and four complete essay exams and model answers. Three important and recently decided federal appellate cases have been added: *VLM Food Trading Int'l, Inc. v. Illinois Trading Co.* (7th Cir. 2016) (analyzing battle of the forms case under the CISG); *Lincoln Composites, Inc. v. Firetrace USA, LLC* (8th Cir. 2016) (defining when an exclusive remedy "fails of its essential purpose" under UCC §2-719, and also discussing how to measure breach of warranty damages for accepted goods under UCC §2-714); and *Zaretsky v. William Goldberg Diamond Corp.* (clarifying which merchants "deal in goods of the kind" for purposes of UCC §2-403(2)) Professors and students will benefit from: A problem method that forces students to engage in the most productive level of learning during classroom time: applying the law to new facts. In-depth Teacher's Manual enables instructors to be well-equipped to guide students through the problems. An author who is always happy to interact directly and on short notice with casebook adopters by phone or email regarding any questions on any material in the book. Concise text that explains the law clearly so that students can successfully answer the problems for class. Extensive interviews with various players in the sales system giving the material a real-world relevance that students particularly appreciate. More than 100 multiple-choice assessment questions with detailed explanations to help students measure and clarify their understanding of the material as they go along, consistent with the requirements of new ABA Standard 314 on the need for formative assessment tools in the law school curriculum.

Basic Uniform Commercial Code Teaching Materials

The 13th edition of this established and popular text provides a clear and commercially-focused exposition of contract law. Case-driven content and succinct explanations are combined with summaries, questions, and examples to allow students to gain a sound understanding of the theory and application of contract law principles.

Problems and Materials on the Sale and Lease of Goods

Robots may one day rule the world, but what is a robot-ruled Earth like? Many think that the first truly smart robots will be brain emulations or "ems." Robin Hanson draws on decades of expertise in economics, physics, and computer science to paint a detailed picture of this next great era in human (and machine) evolution - the age of em.

The Law Librarian

This casebook relies on Tennessee-specific statutes and cases to illustrate how abstract concepts of criminal law play out on the ground. The role of prosecutors in defining the law through their charging and plea bargaining decisions is emphasized throughout. The mental elements of crimes are analyzed in context, illustrating how the same mental element will be proven differently depending on whether the defendant knew, for instance, that he had stolen goods or illegal drugs. By mooring the discussion to the Tennessee Code, rather than the Model Penal Code, this book is a very practical text for law students in Tennessee without sacrificing any of the philosophical discussions that are central to criminal law.

Subject Guide to Books in Print

It is essential for students on law and commercial degree programmes to have a clear understanding of contract law, yet the subject can be difficult to grasp for the newcomer. This book clarifies the essential concepts behind the law, making it easier for students to understand and apply the legal rules. Each chapter includes discussion of problems with the current law, helping the student to develop a critical and analytical approach. The book also considers the forces affecting contract law today, such as the increase of e-commerce and the growing impact of Europe, and how the law may need to reform to meet modern needs.

Contract Law Concentrate

The authors focus on English law but cover significant developments in Commonwealth countries, and, where appropriate, European systems of tort law. They offer an understanding of the purpose of tort law and also detail the rules and principles that make up tort law and explain how the law has developed.

Basic Contract Law

Examples & Explanations: Contracts, Fourth Edition, is an accessible, comprehensive treatment of first-year contracts topics. This popular and well-written study aid speaks clearly and directly to students and is designed to provide them with information, examples, and analysis in appropriate complexity and detail. Bowker's Law Books and Serials in Print

"Once more, we were delighted to take on the task of updating this text for its 14th edition, having taken over editorial responsibilities from the late John Adams from the 13th edition. In our preface to the previous edition, we recorded the sudden passing of Professor Adams. Sadly, in this preface, we must note another passing: on 30 March 2018, Patrick Atiyah, who wrote the 1st-8th editions of this book and continues to give the book its name, passed away at the age of 87. Patrick was one of those giants of academic contract law whose contributions continue to be read and to inspire scholars everywhere. We are both mindful of our task to maintain the scholarly rigour which he gave to this book as we take it into the future. This edition is also the first time since the 9th edition without a Scottish editor. Professor Hector MacQueen had been responsible for adding Scottish content since the 10th edition (2001), but decided that he would discontinue this role after the 13th edition was published in 2016. We are very grateful for Hector's contributions to the work. On the advice of the book's publishers, this edition has been put together without the benefit of a Scottish editor, although we have, of course, continued to take decisions from the Scottish courts into account in updating the various chapters. Since the last edition was published, there have been few major developments in the law on the sale of goods, aside from the difficult ruling by the Supreme Court in *PST Energy 7 Shipping LLC v OW Bunker Malta Ltd* [2016] UKSC 23 (which arrived too late for proper consideration in the previous edition). We have updated the text in light of recent cases and academic writings where appropriate. Furthermore, we

have continued our task of streamlining the running order of the chapters, and we have sought to make gentle updates to the language of the book, preserving its rigour but ensuring it remains accessible to a contemporary audience. In some instances, we have curtailed or removed altogether the detailed discussion of the pre-1994 case-law which had become redundant as a result of the changes made to the Sale of Goods Act at that time. The rise of digital technology and new business models in the digital economy will invariably have an impact on the law concerning the sale of goods, but at this point, the real impact is not yet known. In some places, we have alluded to the possible significance of digital technology, and this could well become a more significant theme in future editions"--

Model Rules of Professional Conduct

'Casebook on Contract Law' provides students with a comprehensive selection of the cases most likely to be encountered on contract law courses and is specifically designed to meet their needs.

Journal of Legal Education Volume 45.March 1995 .Number 1

"A thorough review of first-year Civil Procedure, organized around the theme of multiple-choice questions"--Unedited summary from book cover.

Ethical Standards Casebook

As a part of our CasebookPlus offering, you'll receive a new print book along with lifetime digital access to the downloadable eBook. In addition, you'll receive 12-month online access to the Learning Library which includes quizzes tied specifically to your book, an outline starter and three leading study aids in that subject and the Gilbert & Law Dictionary. The included study aids are Secured Transactions in a Nutshell, Black Letter Outline on Secured Transactions and Gilbert Law Summaries on Secured Transactions. The redemption code will be shipped to you with the book. This book teaches readers about secured transactions and the law governing those transactions (UCC Article 9 as amended in 2010), while simultaneously training readers in the use and interpretation of statutes. The book contains few cases and instead provides textual explanation followed by carefully sequenced problems testing reader understanding and providing a basis for classroom discussion.

Sales

In January 2009, the then Master of the Rolls, Sir Anthony Clarke, appointed Lord Justice Jackson to lead a fundamental review of the rules and principles governing the costs of civil litigation. This report intends to establish how the costs rules operate and how they impact on the behavior of both parties and lawyers.

Textbook on Contract Law

This edition provides an authoritative and detailed account of contract law. It is essential reading for any student of contract law, and a valuable source of reference for practitioners and academics.

The Solicitors' Journal

"... there is a lack of a clear and simple exposition of the CISG for students and practitioners. That is the role of the current book, which it fills admirably. All of the issues that have been raised in the cases and the literature are considered, but without excessive detail. This is a book that will do much to make the CISG an easily understandable text for all users, student and practitioner alike." Preface by Professor Eric E. Bergsten

The Age of Em

A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional

content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Tennessee Criminal Law

In this groundbreaking book, Scalia and Garner systematically explain all the most important principles of constitutional, statutory, and contractual interpretation in an engaging and informative style with hundreds of illustrations from actual cases. Is a burrito a sandwich? Is a corporation entitled to personal privacy? If you trade a gun for drugs, are you using a gun in a drug transaction? The authors grapple with these and dozens of equally curious questions while explaining the most principled, lucid, and reliable techniques for deriving meaning from authoritative texts. Meanwhile, the book takes up some of the most controversial issues in modern jurisprudence. What, exactly, is textualism? Why is strict construction a bad thing? What is the true doctrine of originalism? And which is more important: the spirit of the law, or the letter? The authors write with a well-argued point of view that is definitive yet nuanced, straightforward yet sophisticated.
