Fragile Narratives

Fragile Narrative

Introduction to the Structural Analysis of Narratives

Story Structure

Structuralist Narratology

Description and Narrative

Causal Connections

The Shemin

What Constitutes a Narrative

Rejecting Narrative

So this Definition Kind Of Alludes the Question of What a Story Is by It Just Saying if Something about a Narrative Is but Saying if Something Conveys the Story Then It's a Narrative so It's like Purely Focused on the Effect and You Can Do this with Most Most Kind of Things You Can Define Art in that Way Can Be like or You Can Define Art in Terms of When You Define Out in Terms of Expression Then You'Re Focusing on a Genesis When You Define It in a Formalist Way with Structural Criteria Then You'Re Focusing on the Artifact and When You Define It in Terms of Emotional Response for Instance You Would Be Defining It in Terms of Its Effects

When You Define It in a Formalist Way with Structural Criteria Then You'Re Focusing on the Artifact and When You Define It in Terms of Emotional Response for Instance You Would Be Defining It in Terms of Its Effects these Are Kind Of All Just Choices like Theoretical Choices You Can Make In in Order To To Define Things or You Can Of Course Have a Mixed Mixed Definition Saying an Artwork Is Something That Conveys the Emotions of the Creator to the Audience Which Would Have Been Somewhat an Abstract Form of a 19th Century Idea of What Art Does or some 19th Century Ideas There You'Re Using but of Course It's Question of Negotiation You Can Always Negotiate these Theoretical Concepts but At Least When Something Corresponds to these Five Criteria the Event Representation Event Timeline Causality Problem Resolution or Extraordinariness of Events and Human-Like Agents Then You Have a Good Chance that What You'Re Actually Seeing Is Telling a Story Um You Now the Question Is Where Does It Have To Correspond to that Well Not Necessarily in the Artifact That's Just At Least that Would Be the Past Classical Point of View if these Things Is What's Being Evoked and It Might Be Evoked by a State by Traces by a Series of Traces the Series of Traces Might Imply a Human Agent Who Was There It Might Imply that this Human Agent Did Something Extraordinary It Might Imply that People Thought so There Might Be a Problem Resolution Causal Relationships All this Might Be Implied by Just some Traces on the Floor
