Think Love

Warum läuft aktuell die sogenannte Coolness der Traurigkeit den Rang ab? Warum wird Traurigkeit zunehmend medikalisiert? Warum ist Traurigkeit das menschlichste aller Gefühle? Und: Können Tiere traurig sein? Zwölf Gespräche mit Philosophen, Psychiatern, Kulturwissenschaftlern und Psychoanalytikerinnen rücken aus unterschiedlichen Perspektiven die Traurigkeit ins Zentrum. Auch um ein gutes Wort für sie einzulegen.

Des Menschen Traurigkeit

Etwa 150 Kinderwunschzentren in Deutschland begleiten jährlich unzählige Paare auf dem Weg zum eigenen Kind. Doch wenn Behandlungen erfolglos bleiben, fühlen sich viele Paare mit ihrer Enttäuschung und ihrem Schmerz allein gelassen. Die Limburger Heilpraktikerin Ilka Sterebogen weiß aus ihrer langjährigen Betreuung von Frauen in genau dieser Lebensphase, wie schwer es sein kann,

neue Hoffnung zu schöpfen. Anhand von Erfahrungsberichten mehrerer Frauen aus unterschiedlichen Lebenssituationen zeigt sie einfühlsam und informativ, wie der Prozess des Abschieds vom Kinderwunsch dennoch gelingen kann. Phasen der Trauer werden einfühlsam durchlaufen und Impulse sowie zahlreiche Tipps aus Gesprächen mit Psychologen und Gynäkologen runden die Kapitel ab. So gelingt es Ilka Sterebogen, realistische Wege aus der Trauer zu einem neuen, erfüllten Leben aufzuzeigen.

Herzensmütter

Ehrlich, witzig, selbstbewusst – der inspirierende Weg einer Frau, die nach einem Schicksalsschlag ihr Leben umkrempelt. Zehn Jahre lang versuchte Brenda Strohmaier, ihren Freund vom Heiraten zu überzeugen. Kaum hatte er endlich »Ja« gesagt, war sie plötzlich: Witwe. Mit 44. Fort war ihr kluger, schöner Mann, zurück blieb sie mit Trauerschmerz plus Bürokratieirrsinn. Und Fragen. Wie soll das gehen, so ein Leben und Lieben danach? Kann man mit Mitte 40 noch mal von vorne anfangen? Sie beschließt, der erzwungenen Rückkehr ins Single-Dasein ein paar neue Erkenntnisse abzutrotzen. Reist ein paar Monate durch die Welt, konsultiert Nachlassexperten, Meditationslehrer, Friseure, küsst eine Frau. Fazit ihrer irrwitzigen Odyssee: Bedingt lustig, dieses „verwitwet“. Aber verdammt lehrreich.

Nur über seine Leiche

Für erfüllten Sex in der Partnerschaft: Stress bei der Arbeit, Hausaufgaben mit dem Kind, zwischen- durch Haushalt – und abends platt: Im üblichen Alltagstrubel bleibt das Liebesleben vieler Paare auf der Strecke. Dieser Ratgeber bringt auf den Punkt, wie Sie „Der Monat ist wieder rum“-Sex hinter sich lassen und endlich wieder eine lustvolle und wertschätzende Partnerschaft leben. Der Autor erklärt verständlich, warum bestimmte Verhaltensmuster entstehen – und wie Sie ihnen mit einfachen, alltagstauglichen Anregungen und Übungen entfliehen. Der perfekte Ratgeber gegen Frust im Bett!

Work-Love Balance

In this groundbreaking book, Dr. David Schnarch, one of the foremost experts on sexuality and relationships, explains why normal healthy couples in long-term relationships have sexual desire problems, regardless of how much they love each other or how well they communicate. In-depth examples of couples he has counselled reveal his unique understanding of common-but-difficult sexual desire problems that affect couples of all ages. Combining compassion and clinical wisdom, Dr. Schnarch explains how to use his revolutionary Four Points of Balance approach to resolve low desire, mismatched desire, sexual boredom, and the emotional gridlock that accompanies these problems. Intimacy and Desire provides a roadmap for how couples can transform common sexual desire problems into self-exploration and personal development that leads to psychological and spiritual growth, stronger relationships, and more powerful and meaningful desire for each other. It provides time-proven comprehensive solutions that help couples reconnect with each other sexually, and take their intimacy and passion to new, previously unexplored heights.

Intimacy and Desire

A revolutionary practice for couples to enhance sexuality and reach higher states of consciousness • How to make sex a conscious decision, not an accidental encounter • Discusses how slowness increases sensitivity and awakens the body's innate mechanism for ecstasy • Reveals how sexuality can be sustainable and enjoyable well into old age While fast, hot, orgasm-driven sex can bring momentary satisfaction, in the long run it can become boring and mechanical, causing many couples to lose interest and stop making time for physical intimacy. The first step to revive a waning sex life or make a healthy one more fulfilling, says author Diana Richardson, is to make sex a conscious decision rather than an accidental encounter. Focusing on eye contact, subtle sensations, and deep breathing, Diana's practice of slow sex awakens the body's innate mechanism for ecstasy, unlocking the door to extraordinary realms of sensitivity, sensuality, and higher consciousness. Exploring the healing, spiritual power of slow sex, this book offers a step-by-step guide for committed couples to transform sex into a meditative, loving union of complementary energies. It explains how slow sex increases sensitivity and sexual vitality and how, because it creates and restores love, slow sex is loving sex. With a focus on coolness rather than heat, this practice provides couples a way to reach a shared meditative state and use it as a vehicle to achieve higher consciousness. Illustrating different positions for eye contact, deep sustained penetration, and soft penetration, this book reveals that sex truly can be sustainable and enjoyable well into old age.

Slow Sex

This book provides the first English language account of the interview method known as the PCI. Offering a way of collecting knowledge by means of involving people actively in the research process, the interviewer takes the role of a well-informed traveller. With careful preparation and planning, the interviewer sets out with priorities and expectations, but the story the interviewer tells about his journey depends on the people encountered along the road. Novice and experienced interview researchers across the social, educational and health sciences will find this an invaluable guide to conducting interviews. Andreas Witzel is senior researcher (retired) at the University of Bremen and former director of the Bremen Archive for Life Course Research. Herwig Reiter is senior researcher in the Department of Social Monitoring and Methodology of the German Youth Institute in Munich.

The Problem-Centred Interview

Following the remarkable success of the 50th year anniversary edition, we're pleased to present Playboy: Centerfolds, 60th Anniversary Edition. The content remains the same—every Centerfold from every issue. That's over 600 beauties with additional Centerfolds through the present to make this Playboy's most complete photographic volume to date. Hefner introduces the book and literary luminaries including Paul Theroux, Jay McInerney, and Daphne Merkin comment on the social mores and cultural climate of each decade. This chronological collection provides an unparalleled view of our evolving appreciation of the female form: from the fifties fantasy of voluptuous blondes to the tawny beach girls of the seventies to the groomed and toned women of today. Playboy: Centerfolds, 60th Anniversary Edition is a breathtaking tour de force.

Playboy: The Complete Centerfolds

Winner of the Cannes Lions Bronze Award for Design 2013! In today's caffeine-charged, jet-fuelled, celebrity-a-minute world, who actually has the time to learn a thing or two? C'mon, let's face it, life's too bloody short. What you need is instant knowledge. Told in ingenious, award-winning pictograms that are witty, provocative and to the point, Life in Five Seconds takes over 200 important events, inventions, great lives, wonders of the natural world and cultural icons that you really need to know about, and then - hey presto! - cuts away all the useless details. The result is a hilarious visual snapshot that puts all of life into context. You'll laugh out loud as you identify everything from Satan to Santa Claus; Beethoven to Banksy; the Great Wall of China to the Berlin Wall; Elvis, Ikea, videogames and everything in-between. This is the perfect book for anyone with a sense of humour... and a short attention span.

Life in Five Seconds

From irresistible macaroons to tasty cheesecakes, discover new ways of using, cooking and enjoying Nutella with 30 mouthwatering recipes. 30 delicious recipes in a Nutella-shaped book for all the fans of the famous spread: - little individual sweets: from a revisited version of bread with Nutella to Nutella and banana tartlettes - generous Nutella cakes to share: cake roll, Twelfth Night cake or even a Nutella charlotte. - creamy, 'must have' recipes: mousse and little cream - surprising recipes to impress both young and old: macaroons, caramelized hazelnut stuffed truffles, little mango egg rolls

Nutella

Billy Collins is one of America's best loved poets. From a poem about the relentless barking of next door's dog - "Another Reason Why I don't Keep a Gun in the House" - to an elegy to "The Best Cigarette".

Taking Off Emily Dickinson's Clothes

A powerful and thought-provoking Civil Rights era memoir from one of America's most celebrated poets. Looking back on her childhood in the 1950s, Newbery Honor winner and National Book Award finalist Marilyn Nelson tells the story of her development as an artist and young woman through fifty eye-opening poems. Readers are given an intimate portrait of her growing self-awareness and artistic inspiration along with a larger view of the world around her: racial tensions, the Cold War era, and the first stirrings of the feminist movement. A first-person account of African-American history, this is a book to study, discuss, and treasure.

How I Discovered Poetry

Aimless Love is Billy Collins' first compilation of poems in twelve years, and a wonderful successor to his first, the bestselling Taking Off Emily Dickinson's Clothes. Aimless Love presents more than fifty new poems together with generous selections from his four previous books. No poet writing today communicates so directly and effectively, and no living poet has managed to both enrich the tapestry of contemporary poetry and expand it so dramatically: his poems appeal to readers and live audiences across the globe, and have been translated into more than a dozen languages. By turns playful, ironic and serious, Collins's poetry unearths the wonder in the everyday: in his own words, his poems 'begin in Kansas and end in Oz'. Weaving the themes of love, loss, joy and poetry itself, these poems showcase the best work of this 'poet of plenitude, irony, and Augustan grace'.

Chemoarchitecture of the Brain

Whip up delicious three-course meals in no time at all with the bestselling Jamie's 30-Minute Meals Jamie Oliver will teach you how to make good food super-fast in his game-changing guide to coordinating an entire meal without any fuss. _____ With 50 exciting, seasonal meal ideas, Jamie's 30 Minute Meals provides the essential collection of dishes for putting on the ultimate three-course meal without taking up your time. Aimless Love

A wide range of ancient Eastern and modern Western philosophies are connected in this exciting new therapy. Free your bodily tensions and release long-held emotions, enhancing your mental and physical health. Rosenberg's Integrative Body Psychotherapy helps develop both personal and internal growth, focusing on the whole person — the body, mind, emotions and spirit. An integration of various disciplines, this approach is ideal for professionals looking to develop a holistic and integrated philosophy of health. This book helps both professionals and lay readers learn: -The basic tools of Integrative Body Psychotherapy -Segments of the body, and how they work together -The stages in development of the self -The physical/energetic level of sexuality -The intra-psychic level of sexuality -The interpersonal level of sexuality -The transpersonal experience What readers are saying about this book: The authors' broad perspective is a welcome relief from the narrowness of most self-development systems. Body, Self, and Soul is thoughtful, practical, and very well informed. — Michael Murphy, founder of Esalen Institute

Jamie's 30-Minute Meals

Why do we want—and why do we do—so many things that are bad for us? And how can we stop? In Mean Genes economist Terry Burnham and biologist Jay Phelan offer advice on how to conquer our own worst enemy—our survival-minded genes. Having evolved in a time of scarcity, when our ancestors struggled to survive in the wild, our genes are poorly adapted to the convenience of modern society. They compel us to overeat, spend our whole paycheck, and cheat on our spouses. But knowing how they work, Burnham and Phelan show that we can trick these "mean genes" into submission and cultivate behaviors that will help us lead better lives. A lively, humorous guide to our evolutionary heritage, Mean Genes illuminates how we can use an understanding of our biology to beat our instincts—before they beat us.

Body Self & Soul

On the occasion of the 50th anniversary this photography book presents an extraordinary dialogue between man and car.

Mean Genes

In this update of his classic book, Scaer presents a new theory of the neurophysiology of traumatic stress and dissociation and discusses new concepts that have been developed since the previous edition.

911 Love

Christian Saint is a professional advertising, celebrity & fine art photographer. With over 20 years' experience in the commercial world, and tired of the industry's narrow view of beauty, Christian set his sights on the tattoo community, using his knowledge from commercial fashion and beauty to help bring 'alternative' to the mainstream. This high quality compendium documents all of his work from 2007 - 2015, his seminal years as a tattoo photographer.

The Body Bears the Burden

"Everyone needs to understand how climate change will directly affect their lives and the lives of their family in the years to come. This is the first general audience book aimed at giving you and your family the knowledge you need to know to navigate your future"--

Tattoo Super Models - (English Edition)

The relationship between economy, finance and society has become opaque. Quantum leaps in complexity and scale have turned this deeply interdependent web of relations into an area of incomprehensible abstraction. And while the economization of life has come under widespread critique, inquiry into the political potential of representational praxis is more crucial than ever. This volume explores ethical, aesthetic and ideological dimensions of economic representation, redressing essential questions: What are the roles of mass and new media? How do the arts contribute to critical discourse on the global techno-economic complex? Collectively, the contributions bring theoretical debate and artistic intervention into a rich exchange that includes but also exceeds the conventions of academic scholarship.

Climate Change

In Cognitive Linguistics, polysemy is regarded as a categorizing phenomenon; i.e., related meanings of words form categories centering around a prototype and bearing family resemblance relations to one another. Under this polysemy = categorization view, the scope of investigation has been gradually broadened from categories in the lexical and lexico-grammatical domain to morphological, syntactic, and phonological categories. The papers in this volume illustrate the importance of polysemy in describing these various categories. A first set of papers analyzes the polysemy of such lexical categories as prepositions and scalar particles, and looks at the import of polysemy in frame-based dictionary definitions. A second set shows that noun classes, case, and locative prefixes constitute meaningful and polysemous categories. Three papers, then, pay attention to polysemy from a psychological perspective, looking for psychological evidence of polysemy in lexical categories.

Screening Economies

The publishing industry in France in the years before the Revolution was a lively and sometimes rough-and-tumble affair, as publishers and printers scrambled to deal with (and if possible evade) shifting censorship laws and tax regulations, in order to cater to a reading public's appetite for books of all kinds, from the famous Encyclopédie, repository of reason and knowledge, to scandal-mongering libel and pornography. Historian and librarian Robert Darnton uses his exclusive access to a trove of documents-letters and documents from authors, publishers, printers, paper millers, type foundries, ink manufacturers, smugglers, wagon drivers, warehousemen, and accountants-involving a publishing house in the Swiss town of Neuchâtel to bring this world to life. Like other places on the periphery of France, Switzerland was a hotbed of piracy, carefully monitoring the demand for certain kinds of books and finding ways of fulfilling it. Focusing in particular on the diary of Jean-François Favarger, a traveling sales rep for a Swiss firm whose 1778 voyage, on horseback and on foot, around France to visit bookstores and renew accounts forms the spine of this story, Darnton reveals not only how the industry worked and which titles were in greatest demand, but the human scale of its operations. A Literary Tour de France is literally that. Darnton captures the hustle, picaresque comedy, and occasional risk of Favarger's travels in the service of books, and in the process offers an engaging, immersive, and unforgettable narrative of book culture at a critical moment in France's history.

Polysemy in Cognitive Linguistics

Europe where the sun dares scarce appear For freezing meteors and congealed cold.' - Christopher Marlowe In this innovative and compelling work of environmental history, Philipp Blom chronicles the great climate crisis of the 1600s, a crisis that would transform the entire social and political fabric of Europe. While hints of a crisis appeared as early as the 1570s, by the end of the sixteenth century the temperature plummeted so drastically that Mediterranean harbours were covered with ice, birds literally dropped out of the sky, and 'frost fairs' were erected on a frozen Thames – with kiosks, taverns, and even brothels that become a semi-permanent part of the city. Recounting the deep legacy and sweeping consequences of this 'Little Ice Age', acclaimed historian Philipp Blom reveals how the European landscape had ineradicably changed by the mid-seventeenth century. While apocalyptic weather patterns destroyed entire harvests and incited mass migrations, Blom brilliantly shows how they also gave rise to the growth of European cities, the appearance of early capitalism, and the vigorous stirrings of the Enlightenment. A sweeping examination of how a society responds to profound and unexpected change, *Nature's Mutiny* will transform the way we think about climate change in the twenty-first century and beyond.

A Brain for All Seasons

In order to appreciate properly what we are doing in this book it is necessary to realize that our approach to linguistic theorizing differs from the prevailing views. Our approach can be described by indicating what distinguishes it from the methodological ideas current in theoretical linguistics, which I consider seriously misguided. Linguists typically construe their task in these days as that of making exceptionless generalizations from particular examples. This explanatory strategy is wrong in several different ways. It presupposes that we can have "intuitions" about particular examples, usually examples invented by the linguist himself or herself, reliable and sharp enough to serve as a basis of sharp generalizations. It also presupposes that we cannot have equally reliable direct access to general linguistic regularities. Both assumptions appear to me extremely dubious, and the first of them has in effect been challenged by linguists like Dwight Bolinger. There is also some evidence that the degree of unanimity among linguists is fairly low when it comes to less clear cases, even in connection with such relatively simple questions as grammaticality (acceptability). For this reason we have tried to rely more on quotations from contemporary fiction, newspapers and magazines than on linguists' and philosophers' ad hoc examples. I also find it strange that some of the same linguists who believe that we all possess innate ideas about general characteristics of humanly possible grammars assume that we can have access to them only via their particular consequences.

The Right to Life in the Palestinian Society

Welcome to *The Little Book of Pussy*, a petite little kitten that puts those up-close-and-personal pictures in proper perspective. Through 100 years of photos, we trace the exhibitionistic pleasure with which models present their feminine pulchritude.

A Literary Tour de France

In this sweeping narrative, Michael Satlow tells the fascinating story of how an ancient collection of obscure Israelite writings became the founding texts of both Judaism and Christianity, considered holy by followers of each faith. Drawing on cutting-edge historical and archeological research, he traces the story of how, when, and why Jews and Christians gradually granted authority to texts that had long lay dormant in a dusty temple archive. The Bible, Satlow maintains, was not the consecrated book it is now until quite late in its history. He describes how elite scribes in the eighth and seventh centuries B.C.E. began the process that led to the creation of several of our biblical texts. It was not until these were translated into Greek in Egypt in the second century B.C.E., however, that some Jews began to see them as culturally authoritative, comparable to Homer's works in contemporary Greek society. Then, in the first century B.C.E. in Israel, political machinations resulted in the Sadducees assigning legal power to the writings. We see how the world Jesus was born into was largely biblically illiterate and how he knew very little about the texts upon which his apostles would base his spiritual leadership. Synthesizing an enormous body of scholarly work, Satlow's groundbreaking study offers provocative new assertions about commonly accepted interpretations of biblical history as well as a unique window into how two of the world's great faiths came into being.

Nature's Mutiny

The "Introduction to Altaic Linguistics" is designed as a manual for university students. The first part gives a survey of the Altaic languages, i.e., Mongolian, Manchu-Tungus, Chuvash-Turkic and Korean, and a classification of the Altaic languages and classifications of languages within each family. The second part presents a brief outline of the history of studying Altaic linguistics. It also contains a number of bibliographical data and bibliographies of famous scholars. The third part gives a brief history of the Altaic theory. The subsequent portions of the book deal with problems of mutual influences of the Altaic languages (e.g., the Turkic influence of Mongolian), Altaic influences in non-Altaic languages (e.g., the Turkic influence on Sayan-Samoyed, or Mari), non-Altaic influences in Altaic languages (e.g. Sogdian elements in Turkic), and structural features common to all Altaic languages.

Anaphora and Definite Descriptions

A Guide to Infinite Sexual Possibilities Beyond the often unrealistic ideal of lifetime monogamy lies an uncharted jungle of delightful options - everything from committed multi-partner relationships to friendly sex, casual sex, group sex, and more. In this groundbreaking volume, 'Bottoming Book' and 'Topping Book' authors provide a road map for exploring this sometimes difficult, often rewarding territory. Warm, informative details about how to get your needs met, manage your jealousy, make agreements that...

The Little Book of Pussy

The "Little Book of Big Penises" features more than 150 massively endowed models from the 1940s through the 90s, in a compact version of the original, overstuffed edition.

How the Bible Became Holy

Introduces a range of psychological and physical techniques designed to enhance sexual pleasure in any relationship

Introduction to Altaic Linguistics

A respectful, erotic, uplifting, and spiritual guide to sexual and emotional fulfillment.

The Ethical Slut

Shortlisted for The Green Carnation Prize 2014 'This is not a fairytale. This is a story about how sex and money and power police our dreams.' Clear-eyed, witty and irreverent, Laurie Penny is as ruthless in her dissection of modern feminism and class politics as she is in discussing her own experiences in journalism, activism and underground culture. This is a book about poverty and prejudice, online dating and eating disorders, riots in the streets and lies on the television. The backlash is on against sexual freedom for men and women and social justice – and feminism needs to get braver. Penny speaks for a new feminism that takes no prisoners, a feminism that is about justice and equality, but also about freedom for all. It's about the freedom to be who we are, to love who we choose, to invent new gender roles, and to speak out fiercely against those who would deny us those rights. It is a book that gives the silenced a voice – a voice that speaks of unspeakable things.

The Little Book of Big Penis

The perfect gift to slip under your loved one's pillow! This educational guide features advice on everything from procreation and puberty to courtship and commitment. Dr. Ruth also provides her own prescription for true romance-and encourages lovers to be spontaneous, playful, and loving. More For Dummies Miniature Editions™

General Psychopathology

Grouped under four headings -- American English, Languages before English, Languages after English and Language in use -- these essays lay to rest some myths about the monolingual nature of language in America and set forth the problems that must be confronted as a consequence of language and cultural pluralism. The essays of the first group range from U.S. language heritage to black American language. The second group deals with American Indian languages and New World Spanish. The last two groups deal with ethnic language varieties and various other topics.

10 Signs Your Partner Doesn't Love You (Even If You Think They Do)

They Are Only In It For The Physical Relationship

Intimacy is important in a relationship, but that doesn't mean that physical connection is the only thing you need to make your relationship work.

They Rarely Compliment You

to trick people into thinking

They Make You Feel Completely Dependent On Them

They Initiate Contact Only When They Need Something

They Want To Break Up But Are Afraid Of Being Alone

66 If your partner really loved you, they would be willing to fight for the relationship. They would be willing to do whatever it takes to make things work.

They Blame You For Everything

They Don't Respect The Relationship

They Don't Make An Effort

10. They Don't Care If You're Happy Or Sad

It's a powerful psychology guide that will teach you exactly how to make a man fall in love with you using reverse male psychology.
