

Tumor Ablation Effects On Systemic And Local Anti Tumor Immunity And On Other Tumor Microenvironment

[#tumor ablation](#) [#anti-tumor immunity](#) [#tumor microenvironment](#) [#systemic immunity](#) [#local anti-tumor effects](#)

Explore the profound effects of tumor ablation on the body's defenses. This process significantly influences both systemic and local anti-tumor immunity, potentially enhancing the body's ability to fight cancer. Furthermore, tumor ablation critically modulates the entire tumor microenvironment, impacting various cellular and molecular components that contribute to tumor growth and suppression. Understanding these complex interactions is key to optimizing cancer therapies.

Subscribers and visitors alike can access journal materials free of charge.

Welcome, and thank you for your visit.

We provide the document Tumor Ablation Immunity you have been searching for. It is available to download easily and free of charge.

This document is widely searched in online digital libraries.

You are privileged to discover it on our website.

We deliver the complete version Tumor Ablation Immunity to you for free.

Tumor Ablation Effects On Systemic And Local Anti Tumor Immunity And On Other Tumor Microenvironment

Tumour immunology and immunotherapy - Tumour immunology and immunotherapy by nature video 1,869,157 views 8 years ago 5 minutes, 3 seconds - This animation created by Nature Reviews

Cancer, and Nature Reviews **Immunology**, illustrates how **tumour**, cells are sensed and ...

Tumor Microenvironment Metabolism: effects on anti-tumor and pro-tumor immunity - Tumor Microenvironment Metabolism: effects on anti-tumor and pro-tumor immunity by Yale Cancer Center 6,629 views 4 years ago 51 minutes - Greg M. Delgoffe, PhD, Assistant Professor, **Immunology**, University of Pittsburgh Yale Center for Immuno-Oncology Dean's ...

Intro

Disclosures

How does the tumor microenvironment's metabolic landscape affect T cell fate and function?

Oxidative cancer cells generate more intratumoral hypoxia

Can tumor metabolic heterogeneity be reverse translated?

Tumor hypoxia is associated with resistance to PD-1 blockade

What's so bad about hypoxia?

Tumor infiltrating T cells have severe metabolic deficiencies

An exhausted-like state can be induced by hypoxia, and continuous activation

Continuous activation drives Blimp-1 mediated repression of PGC1a

What does PGC1a do? It collaborates.

A model of metabolic exhaustion

Metabolic modulatory strategies to improve various cancer immunotherapies

Glucose uptake is correlated with a poorer T cell signature, and provides insight into alternative fuels

Lactic acid metabolism

Lowering metabolic barriers to antitumor immunity
