This Is Your Destiny fuses the wisdom of the stars, real-life stories and Aliza's knowledge to prove that reality is a reflection of consciousness, and by shifting your awareness you can transform your universe to create the life you've ALWAYS wanted. Unlike most astrology books, this isn't about flipping to your sun sign page to find your generic, gimmicky take on what each sign 'does' - it's much more complicated than that. Everyone has a completely different birth chart, and a unique way of moving through the world. You can't apply a one-size fits all formula to spirituality, so Aliza's book uses the most important principles of astrology to arm you with the knowledge you need to make better informed decisions. In This Is Your Destiny Aliza acknowledges that astrology isn't a quick fix. It's not about solving a problem and moving on. Everything - literally everything - is connected: Improving your romantic relationships is about renegotiating your self-worth. Achieving professional success is about cultivating an abundance-based mentality. Coping with life's most difficult circumstances is about building a rich spiritual inner-world. Chapters include Money Is Emotional, Hustle with Intention and Astrology and Manifestation.
