Memories Of My Life And Times

These Memoirs Can Be Seen As A Reflection Of The Contemporary Social History Beginning With The Period Immediately After The First War Of Independence Of 1857. They Reflect The Impressions Of A Young, Perceptive Mind During A Transitional Period Of Modern Indian Evolution From The Societal Concerns Of The Early Nationalists To The Political Ones As Articulated And Consolidated By The Efforts Of Surendranath Banerjee, Ananda Mohan Bose And Their Associates. The Tone Reflects A Sense Of Moderation Very Similar To The Early Liberal Outlook Of The 19Th Century India. This, However, Received A Severe Jolt With The Proposal To Partition Bengal In 1903 And The Author Reincarnated As An Extremist. The Memoirs Unfortunately End Before The Manifestation Of This Shift But Definitely Remind Us As To How Major Upheavals Transforms And Fundamentally Change Political Theorizing And Perceptions.

Depending on the text one is reading, an account of history may or may not depict the truth. History is dictated or narrated by the victors of wars or the rulers of any particular land—or else by their sycophantic followers—and it does not necessarily reflect actual events. In India Marching, author Dr. Sat D. Sharma provides a perspective of India's social, political, and medical development history. This study discusses how ruling politicians have denied generations of Indians born after independence a true account of the history of the freedom struggle. It gives insight into the different players who fought for freedom on Indian soil and outside by discussing the freedom struggle; partition; independence; the post-independence era; Sharma shares an account of the struggles that Indian citizens face, and he seeks to provide a true account of what the country and its people have endured throughout the years.

India Marching

As the forerunners of Indian modernization, the community of Bengali intellectuals known as the Brahmo Samaj played a crucial role in the genesis and development of every major religious, social, and political movement in India from 1820 to 1930. David Kopf launches a comprehensive generation-to-generation study of this group in order to understand the ideological foundations of the modern Indian mind. His book constitutes not only a biographical and a sociological study of the Brahmo Samaj, but also an intellectual history of modern India that ranges from the Unitarian social gospel of Rammohun Roy to Rabindranath Tagore's universal humanism and Jessie Bose's scientism. From a variety of biographical sources, many of them in Bengali and never before used in research, the author makes available much valuable information. In his analysis of the interplay between the ideas, the consciousness, and the lives of these early rebels against the Hindu tradition, Professor Kopf reveals the subtle and intricate problems and issues that gradually shaped contemporary Indian consciousness. What emerges from this group portrait is a legacy of innovation and reform that introduced a rationalist tradition of thought, liberal political consciousness, and Indian nationalism, in addition to changing theology and ritual, marriage laws and customs, and the status of women. Originally published in 1979. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
