Domestic Psychological Thrillers Bundle

A breathtaking collection of two domestic thrillers filled with twists and turns. The Pretend Wife The Rich Housewife

Panic Button

This book is hard to put down. Martin's PANIC BUTTON tells a story with a style that allows you to see the action clearly inside your mind's eye. Jason and Paul Grimsby are two brothers whose damaged childhood has ruined their adult counterparts. Their past unfolds as Jason is now threatened by a killer that Jason was unfortunate to disturb at a murder scene. The police believe that Jason may be the actual murderer. Everything that Jason cares about or believes in is cruelly and sadistically stripped away from him as a childhood ailment leaves him hopelessly unable to defend himself. Eventually, he runs to his protective brother, as in the past, as a vicious killer closes in. The two brothers are back together again but it may cost Jason his brothers' life this time. The killer seems to always be one step ahead of Jason and time has run out. This is a story of one man's refusal to accept his past or his present circumstances and if he doesn't overcome this, it will cost him his future. Every man has a clear and defining breaking point. This is a story of human triumph through tragedy.

Saving Grace: A Psychological Thriller

"A psychological thriller with more than enough twists, turns, and misdirection to keep even the most jaded reader turning pages all night long." –Lori Robbins, author of the Silver Falchion Award-winning novel, Lesson Plan for Murder Grace Pierrepont Rendell, the only child of an ailing billionaire, has been treated for paranoia since childhood. When she secretly quits her meds, she begins to suspect that once her father passes, her husband will murder her for her inheritance. Realizing that no one will believe the ravings of a supposed psychotic, she devises a creative way to save herself—she will write herself out of danger, authoring a novel with the heroine in exactly the same circumstances, thus subtly exposing her husband's scheme to the world. She hires acclaimed author Lynn Andrews to help

edit her literary insurance policy, but when Lynn is murdered, Grace is discovered standing over the bloody remains. The clock is ticking: can she write and publish her manuscript before she is strapped into a straitjacket, accused of homicide, or lowered six feet under? With a cast of secondary characters whose challenges mirror Grace's own, *Saving Grace* is, at its core, an allegory for the struggle of the marginalized to be heard and live life on their own terms.

Panic Button

Description: Movie Press Kits.

All I See Is You

This psychological thriller takes you inside the mind of a fascinating character who lives a quiet life—with disturbing secrets hidden in memory lapses. M works in publishing and enjoys watching people. M also suffers from panic attacks and odd memory lapses. Lately, M has developed an intense relationship with Caleb, who lives across the street. The only trouble is Caleb doesn't know M exists . . . When M starts to practice memory recall exercises, some of the things that bubble to the surface are surprising—even disturbing. As M begins to fill in the blind spots of the past, the truth sheds new light on this fascination with Caleb. Is M dangerous or just disturbed? One way or another, Caleb is about to find out . . .

The Keeper's Closet (A Psychological Thriller with a Jaw-Dropping Twist)

"... a gripping mystery that concludes with a shocking ending." - Goodreads Review Lavinia Greer is at the end of her rope. She's lost her job, her friends, her home. Desperate to pick up the broken pieces of her life, she finds herself on the doorstep of a successful author who has hired her to care for his ailing wife. Tristan Carrington is perfect. His house is immaculate, his career booming, his body ageless. Looks, however, can be deceiving. Just ask the housekeeper, the ex-wife, or the shadow lurking outside the window. "jaw-dropping." - Early Reader Review

Close My Eyes

'Fantastic... got a hold of me from beginning to the end. I was desperate to know how it ended and at the same time, I did not want to finish reading... I will be thinking of this book for a long time.' Goodreads reviewer P How did I forget the worst thing that's ever happened to me? And how do I try and put it right? The first time I remembered, I thought I was dying. I couldn't breathe – something was crushing my chest – all I could see was darkness. A terrible fear, pulling me under. And all because of a glimpse of a face I hadn't seen in years. Since then I've realised: this is a memory of an attack. Something vicious happened to me years ago – a night that changed my life, without me even knowing. My family and friends don't believe me – they say I'm imagining things, but I know I'm right. What I don't know is who was responsible. And I won't stop until I find out. Wherever the truth leads me. Whatever betrayals are uncovered. Whatever the risk. When the unimaginable happens, and armed men burst into a classroom to take the students and their idealistic young history teacher hostage, no one can predict how it will end. The reason for the attack is unclear—but as time ticks by, it becomes clear that many of the hostages have secrets that could have led the gunmen to the school. And when one of the students is injured, both teachers struggle to maintain focus and manage the emergency as the lives of their son and daughter remain at risk . . . From the author of the bestselling psychological thrillers *Forgotten* and *Fracture*, as well as *The DI Fletcher* mystery series, *Don't Breathe* is a completely gripping and twisty tale.

Don't Breathe

Every myth is a tale half-told... When the darkest of vice meets red-stained ice, we hear it all unfold! It is 2035 CE (covid era). Este, a disgraced and broken ex-intelligence officer, finds herself in the middle of a small isolated island community, frozen and barren— on the edge of the world, with the 'virus' at the core of its existing divisions. She has come here searching for a second chance, a chance to redeem herself from the demons of an unforgiving yet forgotten past. In doing that, as she tries hard to blend into this near-about dystopian world, she realises that subtle is scarce; ominous rituals, 'handsome' dead bodies, the flaring 'mythical' and a sinister Belief surround her, shadowing the darkness that is growing within her. Sleuthing skills, a favouring instinct and an overbearing empathy act as her only shield, as she navigates between the intrigues of this remote coastline and that of her mind, much desperate to untangle the meaning of her long-quested salvation. She is also confident. Perhaps a little too much. She thinks she has all the reins— of both probe and patriarchy. But nothing is as it seems. Not even her. She is much more than who she is... much more than she will ever know! Hence, when the land dangles a mirror in front of her, it is she who must choose. The End. Of her and of this story.

Fast-paced, chilling, and bursting with tension, *We Don't Leave* is a psychological thriller in the vein of Jennifer Hillier, Riley Sager, and Kiersten Modglin. Remey Owens is desperate to move on with her life after the brutal murder of her next-door neighbour, Marlena. When the opportunity to house-sit for her best friend's parents arises, it feels almost too good to be true. While staying in the beautiful Craftsman-style home, she hopes she won't hear the banging through the walls or Marlena crying, even if it is now only in her mind. But things don't go as planned. While she finds some solace knowing that Marlena's killer is dead, the calls from Remey's obsessive ex and the strange noises in the house make it hard to relax. And there's a prickling down her spine when she returns late one evening after a date—something's amiss. Soon, it becomes apparent that she's not as alone as she believed. The quiet isolation of the home that had once seemed peaceful, now feels far more threatening. Here, there are no neighbours close enough to save her. To survive the night, Remey must let go of everything she thought she knew about Marlena's death. Because the terrifying truth is more disturbing than she could have imagined, and it's coming for her too. "I am obsessed... A fast-paced, jaw-dropping, completely twisted story of friendship, heartache, and obsession... demands to be read in one sitting." -Kiersten Modglin, bestselling author of *The Arrangement Trilogy*

Jessie Hunt Psychological Suspense Bundle: The Perfect Disguise (#10) and The Perfect Secret (#11)

My whole body is shaking, my breath catches in my throat. I'm stuck here. Trapped. With the one person who will do anything to destroy me... When I step into the elevator that sweltering morning, I barely notice the woman standing next to me. She seems out of place, with her floaty linen clothes

in a building full of suits. But that's none of my business. A minute later, there's a sudden jerk. The elevator stops. The lights go out. The other woman's face is deathly pale. She's breathing noisily, clearly panicking. As we sit slumped against the mirrored walls, we start talking to try and keep calm. I tell her I moved halfway round the world to start again where no one knew what I was hiding. I tell her my darkest secrets, because she seems to understand, and we're never going to see each other again, right? But I'm wrong. We're not strangers. None of this is an accident. And when the truth comes out, there'll be nowhere to hide... A brilliantly twisty ride from start to finish, that will have you gasping out loud at the twists.
