Any Event if You Document an Event Then You Can Sell that to the the Person Who Won that Swimming Race Their Mommy Will Buy It and Maybe It's Interesting for the Newspaper and the Same with It You Know Shooting a Regatta It Doesn't Have a Lot of Value beyond that Event but a Shot the Way He's Done It and both Is Capturing the Essence of the Event So this Instead of Being a Documentation of that Event It's Appealing to Anyone Who Likes Boats or Yachts or Regattas or the Ocean or any Other so It Sort Of Broadens the Appeal because It's Not a Documentary Image It's an Image about Mood

And as Photographers Guys You Should Start Paying Maybe More Attention to To Color I Mean and and to How Would a Particular Color Work in in a Particular Interior and and When You Are Going to When You're Going To Look at Your Own Work Try To See How Will a Picture Work On on a Wall or in an Interior Space Imagine a Picture or in an Interior Space and Up on the Wall Do Not Just Take Pictures because You Want those Pictures To Fall Your Hard Drive if You Want To Do Something with It You Want To Eventually Print this because You Want To Put It in Your Portfolio's Next Shot to Me Is It's a Wonderful Abstract Composition
