We provide the document Goddesses Mirror Divine Visions you have been searching for.

It is available to download easily and free of charge.

This document is one of the most sought-after resources in digital libraries across the internet.

You are fortunate to have found it here.

We provide you with the full version of Goddesses Mirror Divine Visions completely free of charge.

The Goddesses' Mirror

Discusses the cultural background and meaning of ten goddesses, including Aphrodite, Isis, Athena, Durga, Laksmi, and Sita

Jackals, Golden Wolves, and Honey Badgers

This book explores the fascinating and complex lives of the honey badger, the African jackals (black-backed and side-striped), African golden wolves, and Eurasian golden jackals. In recent years, interest in these creatures has grown exponentially, through wildlife documentaries and media clips showing the aggressive, fearless, and tenacious behaviour of the honey badger, with jackals often presented in a supporting role. Written by renowned journalist and educator Keith Somerville, this accessible volume includes historical narratives, folklore, and contemporary accounts of human-wildlife relationships and conflicts. It traces the evolution of the species; their foraging and diet; the development of their relationships with humans; and their commensal, kleptocratic, and symbiotic relationships with other carnivores, raptors and birds. It also charts the recent expansion in European jackal numbers and ranges, now including as far west as the Netherlands and as far north as Finland. Blending historical observations by non-scientists, colonial officials, administrators, and early conservationists with contemporary scientific accounts, it presents a new multidisciplinary approach that will interest researchers, scientists, and students in wildlife conservation, human-wildlife relations, zoology, biology, and environmental science.

Hindu Goddesses

Hindu Goddesses is a valuable sourcebook and reference work for students and scholars of Hindu goddesses and of Hinduism in general. Each goddess is dealt with as an independent deity with a coherent mythology, theology and, in some cases, cult of her own. Within the complex, diverse, and rich goddess traditions of Hinduism, one can find suggestions of nearly every important theme in the Hindu religion. In many ways, this book is as much a study of the Hindu tradition itself as it is a study of one aspect of that tradition. No other living religious tradition has displayed such an ancient, continuous, and diverse history of goddess worship.

Mauritian Hinduism and Globalisation

This book presents an original and comprehensive overview of the transformation of Mauritian Hinduism against the backdrop of globalisation. It discusses themes such as the cult of Baharia Puja; the cult of "Camp De Masque"; changes in popular cults; temples and associative strategies of social integration; emergence of Hanuman; ritual innovations in politics and, religious and political transformation due to globalisation to highlight the link between the reinvention of Hinduism and Mauritian capitalism. The first of its kind, this book with its rich ethnographic accounts, will be an essential read for scholars and researchers of religion, Hinduism, social anthropology, sociology, cultural studies, diaspora studies, sociology of religion and African studies.

From Girl to Goddess

Many are familiar with Joseph Campbell's theory of the hero's journey, the idea that every man from Moses to Hercules grows to adulthood while battling his alter-ego. This book explores the universal heroine's journey as she quests through world myth. Numerous stories from cultures as varied as Chile and Vietnam reveal heroines who battle for safety and identity, thereby upsetting popular notions of the passive, gentle heroine. Only after she has defeated her dark side and reintegrated can the heroine become the bestower of wisdom, the protecting queen and arch-crone. Instructors considering this book for use in a course may request an examination copy [here](#).

Dev+

The monotheistic religions of Judaism, Christianity, and Islam have severely limited the portrayal of the divine as feminine. But in Hinduism "God" very often means "Goddess." This extraordinary collection explores twelve different Hindu goddesses, all of whom are in some way related to Devi, the Great Goddess. They range from the liquid goddess-energy of the River Ganges to the possessing, entrancing heat of Bhagavati and Seranvali. They are local, like Vindhyavasini, and global, like Kali; ancient, like Saranyu, and modern, like "Mother India." The collection combines analysis of texts with intensive fieldwork, allowing the reader to see how goddesses are worshiped in everyday life. In these compelling essays, the divine feminine in Hinduism is revealed as never before--fascinating, contradictory, powerful.

The Many Colors of Hinduism

This is an introductory text providing a balanced view of the rich religious tradition of Hinduism, acknowledging the full range of its many competing and even contradictory aspects.

Tantric Visions of the Divine Feminine

The Hindu pantheon is rich in images of the divine feminine—deities representing a wide range of symbolic, social, and meditative meanings. David Kinsley's new book documents a highly unusual group of ten Hindu tantric goddesses, the Mahavidyas, many of whom are strongly associated with sexuality and violence. What is one to make of a goddess who cuts her own head off, or one who prefers sex with a corpse? The Mahavidyas embody habits, attributes, or identities usually considered repulsive or socially subversive and can be viewed as "antimodels" for women. Yet it is within the context of tantric worship that devotees seek to identify themselves with these forbidding goddesses. The Mahavidyas seem to function as "awakeners"—symbols which help to project one's consciousness beyond the socially acceptable or predictable. Drawing on a broad range of Sanskrit and vernacular texts as well as extensive research in India, including written and oral interpretations of contemporary Hindu practitioners, Kinsley describes the unusual qualities of each of the Mahavidyas and traces the parallels between their underlying themes. Especially valuable are the many rare and fascinating images he presents—each important to grasping the significance of the goddesses. Written in an accessible, engaging style, Kinsley's book provides a comprehensive understanding of the Mahavidyas and is also an overview of Hindu tantric practice.

Literary Location and Dislocation of Myth in the Post/Colonial Anglophone World

The essays collected in *Literary Location and Dislocation of Myth in the Colonial and Post/Colonial Anglophone World* examine how narratives have conveyed the diverse experiences of territorial belonging and alienation in postcolonial communities by rewriting traditional myths or creating new ones.

Women in the Hindu Tradition

This book accounts for the origin and evolution of the nature and roles of women within the Hindu belief system. It explains how the idea of the goddess has been derived from Hindu philosophical ideas and texts of codes of conduct and how particular models of conduct for mortal women have been created. Hindu religious culture correlates philosophical speculation and social imperatives to situate femininity on a continuum from divine to mortal existence. This creates in the Hindu consciousness multiple - often contradictory - images of women, both as wielders and subjects of authority. The conception and evolution of the major Hindu goddesses, placed against the judgments passed by texts of Hindu sacred law on women's nature and duties, illuminate the Hindu discourse on gender, the complexity of which is compounded by the distinctive spirituality of female ascetic poets. Drawing on a wide range of Sanskrit texts, the author explains how the idea of the goddess has been derived from Hindu philosophical ideas and also from the social roles of women as reflected in, and prescribed by, texts of codes of conduct. She examines the idea of female divinity which gave rise to models of conduct for mortal women. Instead of a one-way order of ideological derivation, the author argues that there is constant traffic between both ways the notional and the actual feminine. This book brings together for the first time a wide range of material and offers fresh stimulating interpretations of women in the Hindu Tradition.

Four Faces of the Universe

Explores key perspectives by which we gain insight into the cosmos.

The Goddess Pages

"This book will serve to inspire millions...and balance masculine and feminine for a more healthy and rewarding existence on earth!"--Shelley Ackerman, astrologer and founder of Karmic Relief Every woman could use some Goddess wisdom in her life. From scoring your dream job to going after that hard-earned raise to finding the right guy and keeping the romance alive, the Divine Feminine is there to help you achieve the love, success, and happiness that you deserve. Get ready to feel empowered: you are about to meet thirty-six of the most revered spiritual heroines from faiths and traditions around the world. Use this book of goddesses to call upon each one for support, guidance, and inspiration in all areas of your life. Evoke their unique energies and strengths through rituals, meditations, gatherings, prayers, blessings, and many more fun and creative activities. Celebrate your true beauty with Hathor Unleash your dark and wild side with Lilith Free yourself from unhealthy relationships with Persephone Take aim at your career goals with Artemis Own and explore your sensuality with Oshun The Goddess Pages, a unique and empowering book of goddesses, helps you connect with the strength and beauty of the Goddess--and experience the divine within you.

Animals and World Religions

Despite increasing public attention to animal suffering, human beings continue to exploit billions of animals in factory farms medical laboratories, and elsewhere. This wide-ranging study shows how spiritual teachings in seven major religious traditions can help people consider their ethical obligations towards other creatures.

In Search of Consistency: Ethics and Animals

This volume builds on the emerging dialogue between animal rights, environmental ethics, and religious studies. The author sheds new light on 'the sanctity of life', questions what it means to be human and challenges our assumed place in the universe.

A Garland of Forgotten Goddesses

Imagining the divine as female is rare—even controversial—in most religions. Hinduism, by contrast, preserves a rich and continuous tradition of goddess worship. *A Garland of Forgotten Goddesses*

conveys the diversity of this tradition by bringing together a fresh array of captivating and largely overlooked Hindu goddess tales from different regions. As the first such anthology of goddess narratives in translation, this collection highlights a range of sources from ancient myths to modern lore. The goddesses featured here battle demons, perform miracles, and grant rare Tantric visions to their devotees. Each translation is paired with a short essay that explains the goddess's historical and social context, elucidating the ways religion adapts to changing times.

Daughters of the Goddess

This book takes us along on a search for the feminine face of God. We travel with Linda Johnsen for a fascinating investigation of the great women saints of India who manifest the divine in their lives. Together with her we comb the scriptures, meet the holy ones, and are led, step by step, to sit in awe at the feet of six remarkable, contemporary women.

The Encyclopedia of Christianity

"The Encyclopedia of Christianity is the first of a five-volume English translation of the third revised edition of Evangelisches Kirchenlexikon. Its German articles have been tailored to suit an English readership, and articles of special interest to English readers have been added. The encyclopedia describes Christianity through its 2000-year history within a global context, taking into account other religions and philosophies. A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries. Social and cultural coverage is given to such issues as racism, genocide, and armaments, while historical content shows the development of biblical and apostolic traditions."--"Outstanding reference sources 2000\

The Goddess and the Sun in Indian Myth

In analyzing the parallels between myths glorifying the Indian Great Goddess, Durg , and those glorifying the Sun, Skrya, found in the M rkaG eya Pur Ga, this book argues for an ideological ecosystem at work in the M rkaG eya Pur Ga privileging worldly values, of which Indian kings, the Goddess (Dev+), the Sun (Skrya), Manu and M rkaG eya himself are paragons. This book features a salient discovery in Sanskrit narrative text: just as the M rkaG eya Pur Ga houses the Dev+ M h tmya glorifying the supremacy of the Indian Great Goddess, Durg , it also houses a Skrya M h tmya, glorifying the supremacy of the Sun, Skrya, in much the same manner. This book argues that these m h tmyas were meaningfully and purposefully positioned in the M rkaG eya Pur Ga, while previous scholarship has considered this haphazard interpolation for sectarian aims. The book demonstrates that deliberate compositional strategies make up the Saura–Z kta symbiosis found in these mirrored m h tmyas. Moreover, the author explores what he calls the "dharmic double helix" of Brahmanism, most explicitly articulated by the structural opposition between prav[tti (worldly) and niv[tti (other-worldly) dharmas. As the first narrative study of the Skrya M h tmya, along with the first study of the M rkaG eya Pur Ga (or any Pur Ga), as a narrative whole, this bo will be of interest to academics in the field of Religion, Hindu Studies, South Asian Studies, Goddess Studies, Narrative Theory and Comparative Mythology.

Hindu Goddesses

Goddess worship has long been a significant aspect of Hinduism. In this book David Kinsley, author of "The Sword and the Flute--Kali & Krsna: Dark Visions of the Terrible and the Sublime in Hindu Mythology," sorts out the rich yet often chaotic history of Hindu goddess worship.

Tantric Visions of the Divine Feminine

The Hindu pantheon is rich in images of the divine feminine—deities representing a wide range of symbolic, social, and meditative meanings. David Kinsley's new book documents a highly unusual group of ten Hindu tantric goddesses, the Mahavidyas, many of whom are strongly associated with sexuality and violence. What is one to make of a goddess who cuts her own head off, or one who prefers sex with a corpse? The Mahavidyas embody habits, attributes, or identities usually considered repulsive or socially subversive and can be viewed as "antimodels" for women. Yet it is within the context of tantric worship that devotees seek to identify themselves with these forbidding goddesses. The Mahavidyas seem to function as "awakeners"—symbols which help to project one's consciousness beyond the socially acceptable or predictable. Drawing on a broad range of Sanskrit and vernacular texts as well as extensive research in India, including written and oral interpretations of contemporary

Hindu practitioners, Kinsley describes the unusual qualities of each of the Mahavidyas and traces the parallels between their underlying themes. Especially valuable are the many rare and fascinating images he presents—each important to grasping the significance of the goddesses. Written in an accessible, engaging style, Kinsley's book provides a comprehensive understanding of the Mahavidyas and is also an overview of Hindu tantric practice.

Indian History

This Collection Was Compiled To Offer The Reachers An Insight Into The Present State Of Indian History Studies In Russia. The Book Shows That The Russian School Of Indian History Studies Continuing To Exist Despite Many Odds And Dramatic Changes That Befell Russia In The End Of Twentieth Century. Shows Russian Public`S Continued Interest In Indian History And Culture.

Meeting God

Huyler provides an introduction to the scope of Hindu beliefs and practices, accompanied by his arresting photographs documenting the spirituality of common men and women in India. 200 color illustrations.

Goddesses in World Culture [3 volumes]

This collection of accessible essays relates the stories of individual goddesses from around the world, exploring their roles in the cultures from which they came, their histories and status today, and the controversies surrounding them. Goddesses in World Culture brings readers the fascinating stories of close to 100 of the world's goddesses, ranging from the immediately recognizable to the obscure. These figures, many of whom derive from ancient cultures and civilizations, serve as points of departure for examining questions that go well beyond the role of women in religion and spirituality to include social organization, environmental awareness, historical developments, and psychological archetypes. Each volume of this groundbreaking set is composed of 20–25 previously unpublished articles written by expert contributors from diverse disciplines. Volume one covers Asia and Africa, volume two covers the Eastern Mediterranean and Europe, and volume three covers Australia and the Americas. Goddesses from cultures often overlooked in texts on religion, such as those of the Australian Aborigines, Korea, Nepal, and the Caribbean, are included here. In addition, the work offers new translations of ancient texts, introduces little-known folklore, and suggests new approaches to contemporary religious practices.

Goddesses in Religions and Modern Debate

India is one place where the feminine aspect of divinity has always been appreciated, and this book brings it to light for Western readers. The approach is at once deep and broad. The first part of the book presents a many-sided analysis of a single divinity, Radha, Krishna's lover and consort. The essays in the second half of the book provide general perspectives on the feminine dimension in Indian religion, and a rich selection of illustrations has been drawn from the collections of the Fogg Art Museum at Harvard and the Museum of Fine Arts, Boston.

The Divine Consort

Goddess imagery from the Ice Age to the present.

The Heart of the Goddess

This book is devoted to the study of the bilingual "parallel poems" of Ludwig Strauss (Aachen 1892 × Jerusalem 1953) created between 1934 and 1952 in Palestine/Israel and which exist in two variants, a Hebrew and a German version, one of which is the original and the other a self-translation. The aim of this study is to compare the versions and their interpretation based on Strauss's theoretical essays on poetry and translation, his political writings and works of literary criticism. Special attention is paid to Strauss's concept (linked with the idea of messianic redemption) of poetry as a "fore-image" of a future true community of men and as "the earthly expression of the Absolute" directed at interpreting divine revelation and its "translation" into human language. In examining Strauss's experiments with self-translation, by which he aimed at establishing a dialogue between languages, and between people and nations, this study considers the two processes of translation: from divine speech into human language and from one human language into another.

Anthills, Split Mothers, and Sacrifice

The Present Work Addresses And Analyses The Question Of Feminism In The Present Time And Suggetions Are Provided By Eminent Scholars From Diverse Fields.

Ludwig Strauss: An Approach to His Bilingual "Parallel Poems"

Das vorliegende Buch gibt Einblicke in die Vielfalt und Komplexität religiöser Anschauungen und Praktiken hinduistischer Frauen in Indien. Anhand eindrucksvoller Beispiele werden die gelebten Traditionen von Frauen in den Vordergrund gerückt und die Wechselwirkungen von Identität und religiösen Normen und Werten hervorgehoben - beispielsweise anhand des populären Hindi-Films, mit Veränderungen weiblicher Fastenpraktiken oder der Hinwendung von Frauen zu fundamentalistischen Bewegungen. Der Autorin gelingt es, mit einer Fülle empirischen Materials die Reaktionen von Frauen auf gegenwärtige Modernisierungs- und Globalisierungsprozesse darzustellen und die gesellschaftlichen Wandlungsprozesse im städtischen Milieu auf ihre religiöse Lebenswelt zu beziehen.

Feminism, Tradition, and Modernity

Mit dieser ersten Übersetzung des dritten Bandes aus der Serie „History Enlightened (Erleuchtete Geschichte)“ legt John Noyce einen qualifizierten Überblick auf mehr als 2.000 Jahre umfassende Einzelüberlieferungen spiritueller Tradition der Weisheit in Europa vor. Er beschränkt sich nicht nur auf traditionell als religiös charakterisierte Arbeiten, sondern bezieht sich auch auf Werke von Dante Alighieri, William Blake, Nicholas Roerich oder Johann Wolfgang von Goethe – um nur die bekanntesten zu nennen. Die Bezeichnung „Göttin“ auf die Qualität der Weisheit an sich anzuwenden, stützt für John Noyce nicht nur die für europäische Denkweisen eher ungewöhnliche Vorstellung von „einer Göttin, viele Manifestationen“. Besonders im Westen kann man die Weisheit auch als den vernachlässigten weiblichen Aspekt des männlich geprägten Gottesverständnisses verstehen, der unter unterschiedlichen Namen wie Sophia, Philosophia, Sapientia, Natura oder das Ewig-Weibliche mit Rat und Tat zur Seite steht. Die Ergebnisse des Autors lassen es nicht vermessen erscheinen, dieses Göttlich-Weibliche mit dem Heiligen Geist als mütterlichen Aspekt der christlichen Dreifaltigkeitsvorstellung gleichzusetzen. Die angeführten Beispiele belegen nicht nur, wie das Göttlich-Weibliche im Großraum Europa wahrgenommen und verehrt wurde, sondern verweisen auch auf ein bevorstehendes, neues Zeitalter im Zeichen des Advents dieses Prinzips. Das Buch offenbart einen in der europäischen Geschichte verborgen liegenden, gemeinsamen Schatz, den es lohnt, zu Tage zu fördern. Es ist ein Muss für jeden informierten und an Selbst-Erkenntnis interessierten Leser. Weitere Informationen zur leicht überarbeiteten, zweiten Auflage dieses Bandes und anderen Ausgaben aus der Reihe "History Enlightened (Erleuchtete Geschichte)" finden Sie auf www.erleuchtete-geschichte.jimdo.com und www.lulu.com.

Hindu-Frauen zwischen Tradition und Moderne

"A far-ranging and impressively comprehensive book with exemplary iconographic analyses. Kinsley has drawn together a group of rare, stunning, and fascinating images."--Miranda Shaw, author of "Passionate Enlightenment"

International Books in Print

Guilty Males and Proud Females is the first complete study on the Bengali gajan festival dedicated to Dharmaraj, a village god in the Rarh region of Bengal. The gajan is the dramatic representation of an hierogamy--the marriage of a god and goddess--and a recreation of the life-cycle of earth. As Fabrizio M. Ferrari explains one of the most fascinating aspects of the gajan is its approach to gender. The central deity of the gajan is a goddess identified with the earth. To please such a goddess, male devotees must acknowledge the pain they inflict towards the female world and become "ritual women." Conversely, as part of the festival, women display their generative power and provoke the jealousy of men by ritually mocking conception and delivery. The outcome of the ritual is that their suffering is acknowledged and transformed into power. Much more than an ethnography of Bengali popular religion, Guilty Males and Proud Females contributes to new studies on gender transformation in the Bengal region and will be of interest to scholars of South Asian religions, folklore, and gender studies.

Die Tradition der Weisheit

This book comes directly out of women's grassroots efforts to understand and transform their spiritual traditions. It is a comprehensive account of the discussions, arguments, perspectives and approaches of contemporary women in Canada toward spirituality and the monotheistic religions. The author presents a concise history of each religion, discusses normative practices and focuses on the roles, rituals and rights of contemporary women as they accommodate to and deal with their respective religions. It deals with women's encounters with spirituality within the framework of Judaism, Christianity and Islam and outside of this framework within the new religions of contemporary Goddess worship.

Tantric Visions of the Divine Feminine

The sharp contrast between cultures with a monotheistic paternal deity and those with pluralistic maternal deities is a theme of abiding interest in religious studies. Attempts to understand the implications of these two vast organizing principles for religious life lead to an overwhelmingly diverse set of facts and their meanings. In Freud's India, the companion volume to Freud's Mahs-- Sigmund Freud and Girindrasekhar Bose. Hildebeitel examines the attempts of these two men to communicate with and understand each other and these issues in the heated context of emotionally divisive allegiances. The book is elegant in its nuanced attention to these two thinkers and its tightly controlled exploration of what their interactions reveal about their contributions and limitations as representatives of the psychology and religion of their respective cultures. Anxieties about mothers, says Hildebeitel, separate Eastern from Western imaginations. They separate Freud from Bose, and they separate Hindu foundational texts from the foundational texts of Judaism.

Guilty Males and Proud Females

The face of the divine feminine can be found everywhere in Mexico. One of the most striking features of Mexican religious life is the prevalence of images of the Virgin Mother of God. This is partly because the divine feminine played such a prominent role in pre-Hispanic Mexican religion. Goddess images were central to the devotional life of the Aztecs, especially peasants and those living in villages outside the central city of Tenochtitlan (present day Mexico City). In these rural communities fertility and fecundity, more than war rituals and sacrificial tribute, were the main focus of cultic activity. Both Aztec goddesses and the Christian Madonnas who replaced them were associated, and sometimes identified, with nature and the environment: the earth, water, trees and other sources of creativity and vitality. This book uncovers the myths and images of 22 Aztec Goddesses and 28 Christian Madonnas of Mexico. Their rich and symbolic meaning is revealed by placing them in the context of the religious worldviews in which they appear and by situating them within the devotional life of the faithful for whom they function as powerful mediators of divine grace and terror.

Women's Spirituality

In this original work, the author aims to develop a synthetic perspective for enhancing the understanding of the roles that death and life-giving waters have in the constitution of society and cosmos in karmic traditions.

Freud's India

This two-volume set provides a comprehensive guide to the vast array of feminine divine figures found throughout the world. Drawn from a variety of sources ranging from classical literature to early

ethnographies to contemporary interpretations, the Encyclopedia of Goddesses and Heroines provides a comprehensive introduction to the ways goddess figures have been viewed through the ages. This unique encyclopedia of over thousands of figures of feminine divinity describes the myths and attributes of goddesses and female spiritual powers from around the world. The two-volume set is organized by culture and religion, exploring the role of women in each culture's religious life and introducing readers to the background of each pantheon, as well as the individual figures who peopled it. Alternative names for important divinities are offered, as are lists of minor goddesses and their attributes. Interest in women's spirituality has grown significantly over the last 30 years, both among those who remain in traditional religions and those who explore spirituality outside those confines. This work speaks to them all.

Aztec Goddesses and Christian Madonnas

For courses in Religions of the World, History of Religions, Comparative Religion, and Introduction to Religious Studies in departments of Religion, Religious Studies, Theology, and Philosophy. Unique in approach, this text combines an historical-descriptive presentation of individual religions with a comparative-thematic approach. It begins with a discussion of the basic human questions and concerns relating to religion e.g., origin and identity, ultimate reality, human nature, and the good life and then uses these essential concepts to help describe the beliefs, practices, and historical development of each religion. As the work of a single scholar much of it based on original research this book offers a consistency and depth missing in many of the texts in this field.
