World Bank Technical Paper No. 367, Africa Region Series. This report is the second in a series of technical papers published by the World Bank on the Early Childhood Development (ECD) Initiative launched by the Bank's Africa Region. The review complements a previous paper, The Condition of Young Children in Sub-Saharan Africa, which outlined the shape and scale of children's survival needs and documented how in Africa children face greater challenges to healthy development than in any other region in the world. The present review explores ways of meeting these developmental challenges. It focuses on efforts that address the intersecting health, nutrition, and early education needs of children up to six years old in their institutional and socio-cultural environments. The paper also reviews current programs and policies across a set of 11 country experiences, including case studies from Angola, Kenya, Mauritius, and South Africa, revealing the policy and institutional conditions necessary for sustained impact of ECD efforts.

The Write Start

How do you raise children who love to write? Jennifer Hallissy believes that if you give children a solid foundation of writing basics, they will develop a love of writing that lasts a lifetime. In this book, she shares the secrets for supporting young writers, from the smallest of scribblers to middle-schoolers mastering script. You play an important role in nurturing your child's writing development. You are your child's first writing teacher, and their most important writing role model. From teaching your child how to hold a pencil and form the letters of the alphabet, to creating writing spaces and meaningful

writing rituals at home, this book gives you all of the information and inspiration you need to raise a confident writer. Fifty-two playful activities are presented as ways to invite your child to write. Each activity offers specific suggestions to meet the needs of Scribblers (pre-writers), Spellers (emerging writers), Storytellers (beginner writers), and Scholars (more experienced young writers)—providing the just-right combination of fun and functional skill development. The Write Start is a treasure trove of irresistible ideas that will help you introduce your child to the wonderful world of writing, now, and for years to come.
